

GREAT LOSS LEFT IN WAKE OF THE SLEET STORM THAT TIED UP THE MIDDLE WEST

Suffering and Destruction Are Caused by the Severe Storm.

Below Zero in Nebraska and Unusually Cold in Texas.

Cold Wave in Prospect for Several Days in Northwest.

Chicago, Feb. 15.—Following the example of January's blizzard, the sleet storm, which has tied up the Middle West, is moving eastward, leaving suffering and destruction in its wake. In Nebraska the temperature has fallen below zero, and in Texas it is unusually cold, and it is feared there will be heavy loss among cattle. Thousands of telegraph poles are down in Missouri, Iowa and neighboring states. While passenger traffic has been hampered by a heavy snowfall in Minnesota, in Michigan, Illinois, Indiana and Ohio, similar conditions prevail.

Unlike its predecessor, however, the present storm has not taken toll of human life, although the cities visited report the usual amount of suffering. The middle states east of the Mississippi, and the Gulf states, will next feel the full force of the storm, which is scheduled to hit the Atlantic region tomorrow. A cold wave is in prospect for some days in the Northwest.

One of the serious results due to the blizzard is the demoralization of street railway service in the cities, and the tie-up of interurban traffic throughout the country. Indications are, however, that the blockade will be speedily lifted.

Out of Commission Again.

Omaha, Feb. 15.—Although the high wind which prevailed last night has subsided, the weather is extremely cold. The weather bureau at 8 o'clock reported 6 below zero. Telegraph and telephone wires were again out of commission in many directions. There was a clear sky, however, and a promise of rising temperature. A special from Norfolk, Neb., reports the temperature this morning 19 below zero the coldest since February, 1907.

LIMITATIONS NO INJURY

Government Officials Testify on Curtailing Secret Service.

House Committee Thinks Claim Criminal Classes Were Aided, Refuted.

Washington, Feb. 15.—Responsible officials connected with the department of justice, in four different branches of the government, have testified that limitation of the use of the secret service operators of the treasury department has not been injurious to their respective services. They are Chairman Knapp of the interstate commerce commission; William L. Soley, disbursing clerk of the department of commerce and labor; G. W. Brownbridge, chief of the bureau of agents, and Assistant Secretary James B. Reynolds of the treasury department, in charge of the customs service.

Their testimony, taken during hearings on the sundry civil appropriation bill, was made public today by the house committee on appropriations. With the testimony of Secretary Garfield of the interior department, and of Attorney Bonaparte, it is relied upon by the committee to refute the claim that the limitation placed last

FORMER JAPANESE LAWMAKER BELITTLES THE YELLOW PERIL

New York, Feb. 15.—Tetrugo Eto, a former member of the Japanese diet, addressed an assemblage of Japanese students here last night, who met to discuss means of promoting harmony between the Orient and the Occident, particularly as related to the United States. This was the second meeting of its kind held here recently. Mr. Eto spoke in Japanese, which was translated into English as follows:

"In my judgment, the Japanese believe erroneously in the impossibility of harmonizing the two civilizations. They seem to have thought that the Caucasian was the supreme race and that all other races, but the tint as well as tint of color, while the Chinese-Japanese war made the Western races regard us something different from what they had first thought, it also had a defect, for it made the Westerners nervous and they began crying about the 'yellow peril.' Yet the Westerners who thought that Japan was able to beat China because of the latter's weakness, never thought that Russia could be whipped. This dream

S. HENDRICKSON, Leader in North Dakota Legislature of Minot's Campaign for a Normal School.

MINOT WILL GET NORMAL

Both North Dakota House and Senate Pass Minot Bills.

Experimental Stations Wanted By Harvey, Ashley and Mandan.

Bismarck, N. D., Feb. 15.—(Special to The Herald.) Both the house and the senate have passed bills locating a new normal school in Minot, the senate bill providing for such an amendment to the constitution, being passed Saturday.

Saturday being the last day on which appropriation bills could be introduced, there was a big flood of them. Three new experimental stations to be operated in connection with the North Dakota Agricultural college, are proposed. Harvey, Ashley and Mandan are the cities that want such stations, the first city wanting an appropriation of \$10,000, while Ashley and Mandan would be satisfied with \$5,000 each.

The full train crew bill has been made a special order for Tuesday afternoon by the senate. This measure provides for the addition of a third brakeman on trains more than thirty-five cars in length.

Representative Christianson of Walsh, introduced a bill Saturday, providing the marriage of insane, epileptic or feeble-minded persons, making any person who marries her heart, or any official who shall perform any service with reference to such marriage, knowing the person to be insane, epileptic or feeble-minded, guilty of a misdemeanor.

Representative Ibert Anderson wants to give to the women of the state the right to vote on questions pertaining solely to the prohibition or regulation

NEEDLE NEARING HER HEART SHE AWAITS DEATH

Guadalupe, Mex., Feb. 15.—Seven months ago, Miss Martha Mijon of this city, sat upon a needle, and physicians were unable to extricate it. Today doctors say she is rapidly nearing death, which will come as soon as the needle reaches her heart. It is now within a fraction of an inch of her heart, as viewed by the X-ray. An operation is impossible.

SHAKEN UP IN BERTHS

Pennsylvania Flyer, Chicago to New York, is Wrecked.

Passengers Thrown About But No One Badly Hurt.

Philadelphia, Feb. 15.—The Pennsylvania special, the 15-hour flyer from Chicago to New York, struck a rock at Newton Hamilton, eighty-three miles west of Harrisburg, shortly after 6 a. m. today, wrecking the train. Official reports to the company in this city say that no one was injured beyond a severe shaking up.

A heavy fog obscured the tracks, and the engineer had no time to slacken speed before striking the rock, which had fallen from the hillside. The Pullman, the combination smoker, baggage car and three sleepers were derailed, the engine and first two cars turning over on their sides. The last car remained on the track.

All the passengers were still in their berths, and were thrown about and badly shaken up. The number of passengers were small. They are being brought east on the train which left Altoona, Pa., at 7:15 a. m.

Engine Turns Turtle.

Toledo, Ohio, Feb. 15.—Supt. Frazer of the Detroit & Toledo Short Line, today received a message from railroad officials at Napoleon that Engine 38 had turned turtle at Packard station, and also that Engine 11 and two cars had been derailed and thrown in the ditch at that point. The trains mentioned above are freights. The officials said no one was seriously injured, but the traffic would be tied up for six hours.

IOWANS HONOR JAMES B. WEAVER

William J. Bryan Chief Speaker Before the Legislature.

Des Moines, Iowa, Feb. 15.—With William J. Bryan as the principal orator and the Iowa legislature as an audience, a unique event took place in the state house today in the unveiling of a portrait of Gen. James B. Weaver of Colfax.

The gift to the state historical society and the occasion is the anniversary of the attack of the Second regiment upon Fort Donelson, of which Gen. Weaver was a member. The unveiling took place in the house chamber at 2 with Governor B. F. Carroll presiding.

Mr. Bryan spoke for an hour upon the patriotism of Weaver, with whom he was associated for twenty years. The portrait is of Charles T. Cummings, Gen. Weaver was present as the guest of honor of the legislature. This evening a banquet will take place.

STRONG PLEA IS MADE BY PRESIDENT IN INTEREST OF DEPENDENT CHILDREN

Urges the Establishment of a Federal Children's Bureau.

Also Wants Federal Legislation on the Subject Harmonized.

States Should be Able to Look to Nation for Leadership.

Washington, Feb. 15.—Legislation, which, it is believed, if enacted into law, will make an important epoch in the future well-being of the dependent children of the nation, is recommended in a special message by President Roosevelt, sent to congress today, in which he makes a strong plea in the interest of children coming within this class.

Of particular importance is the president's recommendation for the establishment of a federal children's bureau; the enactment of such legislation as will bring laws and practices in regard to the care of dependent children in all federal territory into harmony and certain legislation in relation to dependent children in the District of Columbia. The president believes that such legislation is important not only for the welfare of the children immediately concerned, but important as setting an example of a high standard of child protection by the national government to the several states of the Union, which should be able to look to the nation for leadership in such matters.

The text of the message is as follows: To the Senate and House of Representatives: On Jan. 25 and 26, 1909, (Special to The Herald.)—On my invitation, a conference on the care of dependent children, to which every state in the Union men and women actively engaged in the care of dependent children, and they represented all the leading religious bodies.

The subject considered is one of

GIRL WHO STOLE BUTTER AND HID IT IN STOCKING, FINED

Menominee, Mich., Feb. 15.—(Special to The Herald.)—Miss Rose Piquette, who was recently arrested and found to have two pounds of creamery butter in her stocking, pleaded guilty before Judge Bird this morning, and paid a small fine. She made a full confession, indicating other clerks, which accounted for her light sentence. She admitted stealing hundreds of dollars' worth of merchandise during the past six years.

PRINCIPAL CHARLES A. SMITH OF CENTRAL HIGH SCHOOL PASSES AWAY

PRINCIPAL CHARLES ALDEN SMITH.

Death Summons Comes After Illness of Three Weeks.

Pupils at High School Keenly Feel Loss of Preceptor.

Was Held in Highest Esteem by Students and Graduates.

TO OUR PRINCIPAL.

For you, who feel most interest in our work,
The inspiration of our greatest thought,
Indignant though the love of this chief task,
Nor sympathizing with us, each for aught,
This little book of ours was gifted by woe.

—Dedication of 1901 Zenith.

Principal Charles Alden Smith of the Duluth Central high school, died at 4:30 o'clock this morning at St. Luke's hospital, following an illness of about three weeks. Death was due to a complication of disease, chief of which was liver trouble.

Few men were held in greater respect and esteem than Principal Smith. "The perfect, Christian gentleman," probably better describes the estimation of him by his pupils, and his fellow citizens than any other term. A head of the high school he daily came into contact with hundreds of girls and boys of all races and classes of society, and no higher tribute can be paid to him than to say that probably there never was a student who graduated from the high school who carried away with him anything but a feeling of respect for the principal. There may have been a chafing under discipline, for under a tactful exterior Principal

WILL BUILD TO DULUTH

Grand Trunk Railway Coming to Head of the Lakes.

Canadian Northern To Build Bridge Across Niagara River.

New York, Feb. 15.—(Special to The Herald.)—It is stated here in quarters that are usually well informed on proposed railroad extensions that the Grand Trunk railway has decided to go to Duluth. This is the result of the acquisition of the Rainy Lake road by the Canadian Northern, giving that system a direct line to Minneapolis and Duluth, and the securing of the control of the Wisconsin Central by the Canadian Pacific interests and the proposed building of a short cut by its Soo line to Duluth from Thief River Falls. Nothing is yet known as to how the Grand Trunk intends to reach Duluth, but it is believed that it will build a short line from the Grand Trunk Pacific and connect it with the Canadian Northern at the head of the lakes. The Canadian Northern has decided to build a bridge across Niagara river near the falls, and plans have been filed by McKenzie & Mann at Ottawa. This will give the Canadian Northern an advantageous connection with the New York Central and it is thought by railroad men to be a good way to break up the monopoly between the International Bridge company and the Grand Trunk.

KILLS SELF, AS SON

Carl Eggert of Oshkosh Ends His Life in Tacoma.

Offspring Had Previously Committed Suicide in San Francisco.

Tacoma, Wash., Feb. 15.—Carl Eggert, a German shoemaker, 55 years of age, recently arrived here from Oshkosh, Wis., committed suicide in a Pacific avenue hotel. Eggert had remained in his room all day and refused to allow the door to be opened. A policeman stood on the stepladder outside looking through the transom and three others stood near the door. When the door was opened, the body of the man was found. In a conversation with the policeman, Carl Eggert said his son a short time ago committed suicide in San Francisco. He is believed to be worth about \$25,000 in Oshkosh property.

H. CLAY PIERCE PAYS OIL FINE OF \$50,000, AS MISSOURI ORDERS

Jefferson City, Mo., Feb. 15.—Henry S. Priest of St. Louis and H. Clay Pierce, chairman of the board of Waters-Pierce Oil company, today filed in the supreme court of Missouri an acceptance of the terms imposed upon the company by the recent order of the court. The fine of \$50,000 was paid.

The order decree provides that the company must show to the court that it had severed all connection with the Standard Oil company and a statement to this effect may yet be required by the court.

Mr. Priest said he believed today's action covered the case so far as the Missouri corporation was concerned and did not know of anything more that could be done.

Payment of the fine was made by the tender of a certified check for \$50,000 to the clerk of the court. The supreme court will hear the case today.

It is said that the Waters-Pierce company will answer the petition filed in the supreme court to have the majority stock in the Waters-Pierce company, together with other Standard Oil property in this state, placed in the hands of trustees representing the company and the state. This plan is not acceptable to the Waters-Pierce interests, which assert that it would not free them from the domination of the Standard Oil company, as required by the original decree in ouster.

000 to the clerk of the court. The supreme court will hear the case today.

HUNTING FOR LOOPHOLES IN NEW LIQUOR ORDINANCE

The City May Not Make Its New Law Hold.

Technicalities Thrown In Way of Convicting Saloon Men.

Arguments relative to the validity of the new city liquor ordinance, which bars a trial by jury, will be heard in municipal court tomorrow or Wednesday. Attorney McMahon, who represented practically all the saloon and hotelkeepers charged with a violation of the ordinance in January, contends that the ordinance is not valid, and that the municipal court has no jurisdiction in the cases in question. Assistant City Attorney Kenny is appearing on behalf of the municipality. Pending the outcome of these arguments, Judge Cutting has under advisement two cases in which the Sunday sale of liquor over Boyle's is charged, and a case in which Patrick Carpenter is charged with the sale of liquor to minors in the Carpenter Bros. saloon, corner of Oneida street and Thirty-eighth avenue west. Evidence in these three cases was taken this morning. The court also has put off imposing fine or sentence in the cases of James L. Travers and C. R. Carlson, two saloonkeepers found guilty in municipal court of violating the liquor ordinance.

Six youths, all but one under 21 years of age, testified in the Carpenter case this morning. Four of them said they were drunk while in the saloon, and that they were served intoxicants while in that condition. The boys gave their names as Selmer Olson, Leonard Larson, Robert Markeson, Elmer St. Marie, Joseph Friesette and Pacific St. Marie. The specific charge against Carpenter was that he had sold intoxicants to Selmer Olson, 16 years of age, who testified on the stand that he had purchased several rounds of drinks for his crowd of five or six young fellows, and that he had taken beer himself each time, paying Patrick Carpenter for it, and for the drinks taken by the other boys at his invitation. Olson is a bright, alert-looking young fellow. The sale is said to have been made on Feb. 5. No witnesses were called for the defense, except City Clerk Chendie, who submitted the liquor ordinance, the validity of which is questioned. The same

ordinance is offered as part of the evidence in each of the liquor cases where the defendant was found guilty since the adoption of the ordinance. There are only two of these cases, the three cases today being taken under advisement. Two complaints were sworn out against John Williams, a negro waiter at Boyle's, charging him with selling beer without a license. Miles Gilbert, a police officer, testified that he had purchased six bottles of beer from Williams on Sunday, at 35 cents a bottle, the upstairs over Boyle's. Charles Ek, also a police officer, testified that he had purchased five bottles of beer from Williams at the same time and place. As in the Carpenter case, no witnesses appear for the defense, aside from Mr. Chendie.

In each of the three cases, Attorney McMahon objected to evidence being submitted on the ground that the complaint was not made out under the state law or a valid city ordinance; that the matter was out of the jurisdiction of the municipal court, and that a jury trial was not allowed at the request of the defense. Judge Cutting took all three objections under consideration, and the time for the arguments will be set this afternoon.

WOODMEN WANT A NEW TRIAL

Still Seeking to Avoid Payment of Death Claim.

John H. Norton, attorney for the Modern Woodmen of America in the action brought by Bessie Elizabeth O'Connor to recover on the death certificate held by her husband in the society, has filed notice of a motion to be made Feb. 27 for judgment notwithstanding the verdict of the jury, or a new trial.

The motion is based on the claim that the evidence did not show liability of the defendant. It is claimed that the evidence established that O'Connor came to his death by his own hand and not by accident; that O'Connor, in making application for a certificate made false statements as to his use of intoxicating liquors; and on that account his certificate was void. It is also claimed the court erred in twenty respects in rulings on objections and requests to charge.

Mrs. O'Connor sued for \$2,000, and a jury at the November term awarded her that amount and interest. The case was fought by the society on the ground that O'Connor committed suicide within a short space of time after

he had been admitted to membership, and thus his certificate was invalidated under the by-laws, and also that he used intoxicating liquors to excess before and after he made application for the certificate.

MANY CHILDREN WITHOUT SCHOOLS

Legislature To Be Asked To Make An Appropriation.

(From a Staff Correspondent.)
St. Paul, Minn., Feb. 15.—(Special to The Herald.)—Annie E. Schelland of International Falls, superintendent of schools of Koochiching county, appeared before State Supp. Schulz today to appeal for legislative aid for the children of settlers in that county, who are bereft of school facilities. Complaints had already reached the department that in one section children of the settlers were unable to secure school facilities.

Miss Schelland explained that there are about sixty children scattered through unorganized townships in Koochiching county, that cannot go to school, because there are not sufficient funds available. The county board levied a tax to care for such children, but it did not furnish enough money and the schools had to be abandoned. Miss Schelland suggested, and the state superintendent approved the idea, that the legislature ought to be asked to appropriate about \$25,000 to provide education for the children of the settlers, who must stay upon their homesteads in order to get title from the government, but who are so isolated that the ordinary school arrangements will not reach them.

BISHOP HOSS UNDERGOES TWO-HOUR OPERATION.

Baltimore, Md., Feb. 15.—Bishop E. H. Hoss of the Methodist Episcopal church, south, underwent a surgical operation this morning at John Hopkins' hospital for intestinal troubles. At noon he was reported to be reviving from the effects of the ether in a satisfactory manner. Bishop Hoss was on the table for nearly two hours, an hour longer than anticipated, as the surgeons found his condition much worse than had been expected.

Linen Shower.

Mrs. W. W. O'Connell of 416 East First street gave a linen shower Friday afternoon for Mrs. Adelia Appel, who will be an April bride.

The rooms were prettily decorated, American flags and daffodils being used.

The man who allows himself to be sidetracked is lost. Read Herald "Want Ads."

LIKE GIANT PENDULUM

Immigration Movement Is Now Swung to the Southwest.

Railroad Man Says It Will Swing Back to Northwest.

T. W. Teasdale, Northwestern passenger agent for the Omaha railroad, who is at the head of the Lakes on business today, expresses the opinion that the heavy movement of farmers and homeseekers, who are at the present time moving to the great Southwest in search of cheap new lands, will in the not very distant future swing around to the Northwest, and that Minnesota will receive thousands of farmers and seekers after new homes.

It is a restless movement, according to Mr. Teasdale. These people cannot be turned from their migration to the Southwest until they have sought out the rich far land was to the Northwest, to the new lands in Canada. When the great part of the rush to the Southwest is over, you will find, I believe, that home seekers will come to Minnesota and the two Dakotas for their farms.

"What will come up here to find new land. There will be only Minnesota and the two Dakotas. There is plenty of farm land in this state for homeseekers, and it is only a question of time until the movement will return to the Northwest, giving this state the farmers that it is need of today."

"The land for settlement is decidedly limited. The cheap land of the country is going very fast. It may be taken up before the timber supply is gone. It can be flattered out long before it will be before the land of this country is taken up. It will not be very long before people who are seeking homes must turn toward Minnesota, and when that time comes the rapid."

MUST PAY HIS WIFE ALIMONY

George MacComber Must Contribute \$3 Weekly for Her Support.

An order by Judge Dibel, issued some time ago, requiring George MacComber to pay his wife, Olive Briggs MacComber, \$50 attorney's fees and \$3 a week temporary alimony, pending the outcome of a suit for divorce against him, was filed with the clerk of the district court this morning.

The reply to MacComber's answer to the suit was also filed. Mrs. MacComber admits that she left her husband, but she claims that it was because of his neglect and ill treatment, and she provided with sufficient food and clothing only through her efforts and the alimony that she may have suffered was not caused by her.

DRAYMAN HURT AT LESTER PARK

George Davis Sustains Injuries in Street Car Accident.

As a result of injuries sustained Saturday evening, from a street car accident, which happened on the bridge crossing Lester river at Lakeside, George Davis, a drayman, lies at his home in that suburb in a badly battered condition. The injuries, while painful, are not so serious as to endanger his life, however.

Mr. Davis was crossing the bridge about 8 o'clock, on his way home, when he was caught between two of the big double truck cars on the Lester Park bridge.

He was trying to get out of the way of the car going west, when the car going east hit the rig, breaking it to pieces and hitting Mr. Davis squarely, throwing him a number of feet. The horse managed to break away from the wagon, thus escaping unhurt.

Mr. Davis says that the power at this point is very light when two cars are at the end of the line, and in trying to avoid one car he did not see the other, on account of the fact that the lights carried by the cars were very dim.

LEFT PROPERTY HERE.

Manchester Man's Estate Must Pay Inheritance Tax to State.

The estate of Lyman Nichols must pay \$172.50 inheritance tax to the state of Minnesota, according to the judgment of the probate court, filed this morning. Mr. Nichols died at Manchester, Mass., Jan. 23, 1907, leaving about \$500,000 worth of property, of

J. A. Gidding & Co.

"Correct Dress for Women"

Fashion Tidings For Spring

NOW is the season when women begin to ask "What of the New Styles?" The question seems to be directed to the Gidding Store, as the source of Fashion authority—and thousands of women eagerly await the answer. We have accepted the leadership of Fashion's Parade for this locality and stand equal to the task. Our buyers are even now translating the dictations of whimsical Paris into correct American garments.

We will, of course, accept some garments exactly as Paris, the City of Ideas, presents them to us. But a corner on the total product of Paris Fashions with their daring combinations, extremes and odd relationship of cloth and trimming, would hardly warrant correct dress for Duluth women, except when subjected to such modifications of discretion and good judgment as those to which our buyers are now subjecting their fashion studies.

Express packages are coming faster every day. Saturday's cases revealed Suits, Coats, Waists, Neckwear and Jewelry, and such styles! They are rich fruits, indeed, of our buyers' labors. For Gidding garments, you well understand, are not a mere "picking up" of things offered. For our representatives prolong their stay in the market, mingling with the Creators of styles, and producing garments distinctly "Gidding" in detail. We pride ourselves on the distinction, taste, adaptability and grace of our "styles."

In short sentences, the suit styles are thus: Great emphasis is laid on Long Lines, and coats are hipless. Colorings are soft, dull, indistinct and exquisite! One, two or three buttons are considered quite a plenty to fasten some of the new coats, while others have an extended row. Serge weaves are most popular. The little diversities of Cut and Finish are many, and show wonderful ingenuity on the part of Designers.

Waists and Coats of all-over Princess and Duchesse Laces are among the new arrivals. They are dainty, beautiful and modish. Tailored Linen Waists are here with all the assurance of former seasons, but with new ideas added for spice. Messaline, Net and Lingerie Waists and Dresses, in white and colors, will play important roles this season.

Jeweled Novelties and Dainty Neckwear are the Dress Garnishings that "make" or "mar" the costume. Clever ideas are expressed in our new trinkets of this class.

Junior Suits in White and Colored Serges, pretty Worsteds and Springlike Checks are here in fetching and youthful styles.

Cloth Wearables are Mostly 1/2 Price Some Less

TWO YOUNG GIRLS TO BE EXAMINED FOR INSANITY

Two young girls, both said to be sadly demented, will be examined for insanity in probate court this afternoon. Gertrude Hanson, a domestic in a Duluth home, is at St. Mary's hospital in a serious condition. She raves and mutters constantly, repeating names over and over again, and showing no indications of rational mental condition. The girl is only about 20 years of age and nothing is known of her by

the probate court, the information filed by the physician giving only meager details. It is said at the hospital that the girl has relatives at New Duluth.

Mary Kangelst was brought to the county jail from Hibbing last evening and she will also be given an examination this afternoon. She is an Austrian girl, 23 years old, and has been in this country but a short time. She has no relatives in the United States and little is known of her. She is said to be afflicted with religious insanity, praying constantly.

which an estimated amount of \$11,500 was in St. Louis county. Inheritance tax must be paid on \$31,500 of that amount. Mr. Nichols willed his property to his sister and two brothers and their children.

DISCLAIMS ANY NEGLIGENCE

Company Says It Was Not to Blame for Girl's Death.

The Great Northern Railway company this morning filed in district court its answer to a suit brought by Lizzie Jettu, administratrix of the estate of Susie Perri.

The complaint in the case has not yet been filed, but from the answer, it appears that the suit is brought to recover damages for the death of the girl, who was injured by being struck by a car on the tracks of the company at Chisholm July 8, 1907, the injuries resulting in death.

In answer, the company denies that it was negligent. It is claimed that the girl was trespassing on the right-of-way when the accident occurred and was herself negligent. It is also claimed that the parents were negligent in allowing her to go upon the tracks and that the car, which accidentally struck the girl, was properly operated.

TALKS ON THE NEW NORWAY

Capt. H. Angell Talks to Audience of His Countrymen.

Capt. H. Angell of Norway appeared at Platen's hall yesterday afternoon before an audience of his countrymen and presented a most interesting lecture in the Norwegian language. Capt. Angell is of the army of his native country and is traveling through America as the representative of the Norwegian-American organization interested in keeping alive the spirit of national life among the Norwegians even in the new country of their homes. "The New Norway" was the subject of his lecture and his large audience listened with keen interest during the afternoon.

Capt. Angell is a ski enthusiast and has taught ski running in military tactics to foreign nations. He was most favorably impressed with Duluth and its possibilities. In the evening Mr. and Mrs. H. H. Borgen entertained Capt. Angell at dinner and he left today for the western part of the state.

Not what you pay, but what you get for what you pay. That is economy. Use Herald "Want Ads."

Hamburg is the only one of the three leading seaports on the northern coast of Europe which shows an increase in business during the first eight months of this year as compared with 1907.

Many workmen are planning to leave the island of Samos, in the Mediterranean, forty-three miles southwest from Smyrna, because of the introduction of cigarette machines, which permit a daily output of 100,000 cigarettes.

EXTENDING ZONE.

Washington Star: "Teacher says," exclaimed the precocious child, "that we live in the temperate zone."

"Yes," answered Col. Stillwell, "and if these Prohibitionists keep going, it'll be worse than that."

MONGREL RACE ARISING FROM ADULTERATION OF WHITES, IS DENOUNCED

Sacramento, Cal., Feb. 15.—Assemblyman A. M. Drew, of Fresno, who recently introduced an anti-alien land bill, in a "sermon" in this city, last night spoke as follows:

The history of the world teaches that a commingling of the white and yellow, or the white and black races always brings the white race down and never brings the yellow or the black race up. It results in a shiftless, worthless mongrel race that the world does not want.

"The South American countries were settled with the people of the Spanish

and negro blood and that is the thing that places the South American lands where they are.

"The Monroe doctrine was one of the most pernicious of the world has known. The country teems with natural wealth, but the people who inhabit it are the most worthless in the world. And now the Monroe doctrine has crossed the continent to California. I submit to you the white race never has and never can stand where the yellow or the black race meets it. If conditions go on as they now are, it will not be fifty years until the white race becomes the type-writer and the servants of the yellow. To compete with the yellow race, the white man would starve to death."

FIFTY-TWO BODIES ARE RECOVERED FROM WRECK OF STEAMER PENGUIN

Wellington, N. Z., Feb. 15.—Fifty-two bodies have been recovered from the wrecked steamer Penguin of the Union Steamship company of Wellington, which went on the rocks Friday night off Cape Terawhiti. Six of those aboard the Penguin are unaccounted for. In all, the passengers and crew numbered about 190.

The ship struck about 10 o'clock at night, but the captain remained on the bridge, and after his vessel slid into deep water, was able to steer her closer to shore. The seas were running high, and the small boats and rafts which were hastily launched, could not

withstand the waves. Both boats and rafts were overturned, but the boats practically sank, the rafts righted themselves a number of times. Many of the survivors were performing many of the stronger helping the weaker ones to regain the frail craft.

After several hours of buffeting, the majority of the survivors on the rafts reached the shore, demonstrating that rafts are more serviceable than boats in a heavy sea close to a rocky shore. One of the rafts with ten men, three capsized when but a short distance from the land, but all scrambled back and were ultimately cast upon the cliff and were saved. Four boats came ashore some hours later, all of them badly crushed.

HEROES WHO PERISHED ON THE MAINE ARE LAUDED IN WASHINGTON

Washington, Feb. 15.—Memories of the men who were plunged to sudden death, when the battleship Maine went down in the waters of Havana harbor, eleven years ago today, were honored in song and story here today, in observance of the anniversary by military, religious and patriotic bodies.

Beautiful and impressive were the ceremonies at St. Patrick's Catholic

church, where a military mass was celebrated for the dead heroes by Rev. Thomas E. McGuigan. Rev. Dr. William T. Russell, pastor of St. Patrick's, delivered the eulogy. A pilgrimage was made to Arlington cemetery, where at the granite shaft which towers above 165 of the Maine victims services unusual in their solemnity were conducted in the presence of a throng of people.

Rear Admiral Sigbee, retired, com-

IOWA HOUSE GETS MOST DRASTIC ANTI-TRUST LAW THAT IS YET RECORDED

Des Moines, Iowa, Feb. 15.—The most drastic anti-trust law ever drafted in Iowa was introduced in the house today by Representative Miller. It will stamp out the grocers' trust, the coal dealers' and the ice trust, and even the doctors' trust. The bill has the support of Attorney General Byers. Quo warranto proceedings to dissolve any trust or monopoly are to be begun by the attorney general on his own motion. Foreign corporations violating the laws are to be prohibited from doing business by injunction proceedings. Every person, firm, or corporation violating the law must pay a \$50 fine for each day the violation continues. This fine may be recognized in any county where the offense is committed. Imprisonment in the pen for not less than one year, and not more than ten years, is also provided for persons convicted of violating the laws.

mander of the ill-fated battleship, was the chief speaker, and in stirring words he depicted the story of the catastrophe, which led the nation to war.

"On that dark, overcast and ominously quiet night eleven years ago," he said, "taps took on a new meaning to the survivors of the Maine. They were sounded that night with exceptional solemnity. In the pauses the echoes roared back from the hills with such distinctness that all must have listened and heard. Taps, the nightly signal for silence and sleep, was therefore the last distinctive sound heard by these men in life, for in one-half hour they were dead.—for the greater part, dead in their sleep. And the bugler, himself, was dead. He had sounded a requiem for himself and his shipmates."

"We are assembled here today, some as individuals and others as members of patriotic organizations, to honor our dead. The manner of their dying calls for our deepest sympathy and most profound sorrow. The honorable chance of war that others had later, these men did not have, yet just as truly they served their country well. Beyond all doubt our whole people feel deeply the loss of the Maine's men, and with no passing grief.

The present gathering and the gatherings and ceremonies elsewhere today show that these dead are not forgotten. To me, as to no other man, has come a knowledge of the sorrows and distresses spread broadcast by the catastrophe of the Maine."

IS HUSBAND OF MOTHER AND GIRL

The Three Have Lived Together for Several Years.

St. Joseph, Mo., Feb. 15.—In the shooting, probably fatally, of William Smith, a carpenter, here, there came to light one of the strangest entanglements in the history of the state. A girl, 22 years of age, who shot Smith, avers to the police that she married him, knowing that her mother was already his legal wife. The three have lived together for years, the man as the husband of the girl, the girl as the wife of the man, and the mother as the mother of the girl.

The shooting occurred over the sending of a comic valentine. The girl, who styles herself Mrs. Cora Smith, while her mother is known by the

that which has been furnished by philanthropic individuals.

"I believe that the government of the United States will carry out the recommendation made to congress by ex-Secretary Root and by President Roosevelt in the direction of lending practical assistance through the sending of these commissioners to Liberia."

Cheapest accident insurance—Dr. Thomas' Electric Oil. Stops the pain, heals the wound. All druggists sell it.

PARK POINTERS HAVE PETITION

Ask for Change in Management of the Aerial Bridge.

Park Point residents are circulating a petition which, if a sufficient number of signatures is obtained, will be presented to the city council. It asks that the custody of the aerial bridge be taken from the board of public works and placed with the city engineer.

The petition expresses strong dissatisfaction over the several interruptions to the service of the bridge that have occurred during the last few weeks, and asks that something be done to prevent more trouble of the same kind. The matter may not be ready for the council before next Monday evening.

Park Pointers ask that whoever has charge of the bridge be made to employ a competent engineer at all times, to have charge of it. Mismanagement in the past is charged. It is asked that responsibility for mistakes of the past be properly placed. The Park Point Civic club is behind the petition. A similar petition was drawn up by the club several months ago, but was never presented to the council.

SULTAN LOSES IN LATEST RUB

Gets Another Setback at Hands of Young Turks.

Constantinople, Feb. 15.—The new constitutional regime has passed through a severe crisis in which has resulted in the downfall of the grand vizier, Kiamil Pasha, and the complete triumph of the Young Turks party or committee of union and progress, which has virtually imposed upon the sultan a ministry of its own nominees, headed by Hilmi Pasha.

The committee has publicly repudiated any intention to overthrow the sultan or to install a military dictatorship, but the crisis and its outcome are regarded as not boding well for the stability of the throne or the success of the parliamentary government, and it remains to be seen how the moderate element of the empire will regard this assumption of absolute power by an irresponsible committee, especially in the face of delicate problems still to be solved in the Balkans.

BOOKER T. WASHINGTON SEEKS AID FOR LIBERIA.

New York, Feb. 15.—Indorsing the view of ex-Secretary of State Root that Liberia is an American colony, Booker T. Washington declares that the United States is in duty bound to render practical assistance to Liberia, which was established in 1819 by the United States. Mr. Washington says: "The present condition of Liberia is serious. There are about 40,000 civilized negroes who have emigrated from the United States or are descendants of people who emigrated years ago. Back of these is a vast number of uncivilized natives, who are about 1,000,000 uncivilized people."

"The present condition of Liberia, however, need not surprise any one. In fact, the surprise is that Liberia has maintained itself as an independent nation for so long a period, with almost no outside help except

ARE AHEAD A MILLION

Most Dangerous Band of Confidence Men in the Country.

Duluthian Said to Have Been Fleeced Out of \$8,000.

Chicago, Feb. 15.—A Council Bluffs, Iowa, dispatch to the Tribune says: If you don't look out you will be bunked by the "big store" gang of confidence men and swindlers, the greatest bunch of top notch "sure thing men" this country ever saw, who make their headquarters in Council Bluffs and operate in a dozen different cities of the country. There are more than forty men in the gang, and they are prepared to work any scheme, from selling a skyscraper which they do not own, to running a fake horse race, putting up a prize fight, a phony foot race, a bank robbery, or committing murder. So expert are the men of the "big store" that they have in the last two years bunked victims out of not less than \$1,000,000. And these victims are not the old country farmers, with wheat straw in their whiskers, either. They are bank presidents, real estate dealers, and men of affairs in general.

Recently a prominent hotel and cafe man from Duluth, Minn., was decoyed to Council Bluffs. He brought with him \$5,000 in cash, with which he expected to purchase a saloon here. In the place he met, casually, of course, the president of the American bank of Omaha, the vice president of the Union Pacific railroad, and a big railroad contractor. At least these men said they occupied those positions and were believed. The Duluth man finally got into a hibernian when he went back to Duluth the bank president kept his \$5,000 as a bet on the race, which was postponed for a week. When the Duluth man returned here, he found the \$5,000 gone. He was a penitentiary officer in Iowa to keep the deal unsound until all the property had been bought up. With a bunch of Omaha and Council Bluffs real estate men (at least they claimed to be such), the Seattle man got into a horse race as stakeholder, and at one time actually had \$60,000 of the gang's cash in his possession. He was induced to this, and because he was excited, he then bet his own roll of \$30,000.

His horse lost, there was a fight, and one of the big real estate men fell with a "dangerous wound" from a bullet fired by another member of the gang. The Seattle man was hurriedly gotten into an automobile, and with two other members of the gang, rushed across the country to a railroad station, where he was shipped out of the state. For two weeks the banker hid, until finally convinced that he had been bunked. Then he returned home, but made no complaint. And the "bunked" real estate man recovered just as soon as the banker was out of sight.

Soldier Banks Death Plot. It seemed to J. A. Stone, a Civil war veteran of Rome, that a plot existed between a desperate lung trouble and the grave to end his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 175 pounds. For severe colds, asthma, and to prevent pneumonia, it's unrivaled. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists."

SENATOR DEPEW'S NEPHEW

Divorced and Reported Betrothed to Affinity He Met Abroad.

Colorado Springs, Feb. 15.—Report has it that while Mrs. Grace Goodyear Depew obtained her divorce in Colorado Springs a few weeks ago from Gaston Depew, nephew of Senator Chauncey M. Depew, to marry Capt. Ashton Potter, Mr. Depew accepted the action, with great gladness, and Mrs. Mary Louise Depew Potter got a divorce in California the week after without so much as a whimper, because Mr. Depew is

Baby Laugh

It belongs to health for a baby to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first. The way to be fat is the way to be healthy.

Scott's Emulsion

is the proper food, but only a little at first.

tends to wed Mrs. Potter in a very short time.

Mrs. Potter charged in her divorce complaint that her husband deserted her in Moritz, Switzerland. The Depews and Potters were both in Switzerland, and it is said that queer matrimonial entanglements started there.

Mrs. Potter is a very pretty, vivacious little woman, and at the time Capt. Potter was in the United States army and stationed at Fort Clark, Tex., was the belle of the fort.

PRESERVATION OF BIG GAME

Delegate From Ontario to Confer With Minnesota Officials.

Toronto, Ont., Feb. 15.—(Special to The Herald).—In view of the many expressions of gratification in Minnesota at the proposed co-operation between the state of Minnesota and the province of Ontario, for the better preservation of fish and game in the Minnesota-Ontario country, the following letter from Dr. J. O. Reaume, minister of public works for Ontario, to Arthur Hawkes, who reaches St. Paul today, to confer with the board of fish and game commissioners of Minnesota may be of interest:

"My dear Mr. Hawkes: Having been informed that you are shortly to visit Minnesota as a delegate of the North American Fish and Game Protective association, I take this opportunity of congratulating you on the interest you are taking in the preservation of our big game.

"The Ontario fish and game department is at all times ready to extend any assistance to our American neighbors, and while we have received considerable assistance in the past, I would like to see this co-operation extended as far as possible. You may, therefore, inform any of the officials that we are in thorough sympathy in any effort to suppress the illicit destruction of big game, and will work with them in every way possible. With best wishes, sincerely yours, J. O. REAUME."

GIRL WHO POSED AS MAN MANY YEARS DISCARDS DISGUISE

St. Louis, Mo., Feb. 15.—William Winter, held by the police, today discarded trousers and put on skirts. "He" also took the name of Lillian Winters, the name her parents gave her.

For the last nine years, she has been wearing men's clothes. She left her home in Stevenson, Ill., as a bill poster, a teamster, river bender and a clerk in a hardware store. Until arrested none of her associates suspected her sex. She has learned to smoke, chew and drink.

BADLY NEEDED.

Mayor Haven Is Again Advocating an Associated Charities.

Mayor Haven is again advocating an associated charities. Poor people are visiting his office every day and asking for assistance. He says many of these cases could be handled by an associated charities.

"With an associated charities money for help the poor could be more wisely spent," said the mayor. "Under present conditions, one family may be receiving aid from two or three charitable organizations, each being unaware that the other is helping. Disinterested people are liable to take advantage of this."

HOUSE FIGHTS OVER LETTING KNOX INTO CABINET; HOT FIGHT

**Party Lines Broken When Roll Call Vote
Taken on Bill to Repeal
Salary Increase.****Cannon Announces Measure Carried on
Viva Voce Vote, But Opposition Orders
Names Called, With Success.**Washington, Feb. 15.—The house
representatives today rejected then
also bill removing the constitutional
bar to Senator Knox, serving as sec-
retary of state.Debate on the bill was opened by
Mr. Clayton of Alabama, Democrat, who
favored the measure.Mr. Clark of Missouri, opposed the
bill which, he said, was simply an
effort to override the Constitution by
a statute.Representative Mann, Republican of
Illinois, opposed the passage of the
bill on the ground that it was an
appointment to the cabinet would be
unconstitutional, whether the bill was
passed or not. He said he did not in-
tend to be a party to such a conspiracy
to violate the Constitution."We have had," said Mr. Mann, "some
criticism of the present president be-
cause he is not a lawyer or a judge,
and does not fully appreciate the pro-
visions of the constitution, and we had
hoped that the next president, who
would be a lawyer and a judge, would
consecrate himself to the study of the
constitution and enforce it."Further opposition came from Mr.
Clegg of Texas, who charged that
the bill was an attempt to amend the
Constitution by legislative enactment.He said he would, however, feel humil-
iated if congress passed an act to over-
ride the Constitution. As the result
of the vote on the bill, Speaker
Cannon declared that it had been car-
ried, but Mr. Rucker, rallied the oppo-
sition of the measure and forced a roll
call.By a vote of 179 to 128, in which all
party lines were broken, the bill was
rejected, the necessary two-thirds ma-
jority not being forthcoming.After this result was an-
nounced, the committee on rules held
a session, with a view to bringing in
a measure to suspend the rules not being
forthcoming.The previous question on the resolu-
tion was ordered, 142 to 123, and there-
upon the roll was again called on its
adoption.

The resolution was adopted 141 to 123.

PHILANDER C. KNOX.

session a few moments, the committee
reported a rule to take up the bill this
afternoon and dispose of it.At 2:30 p. m. the yeas and nays were
ordered on a rule making it an order
to again take up the bill.The previous question on the resolu-
tion was ordered, 142 to 123, and there-
upon the roll was again called on its
adoption.

The resolution was adopted 141 to 123.

ALL WELL WITH ZION THIRTY DIE IN OCEAN

**City Established by Dowle
Is Once More Pros-
pering.****Former Follower of Dowle
Says Business Methods
Are Established.**J. W. Friend, a resident of Zion City,
Ill., the city established by the late
John Alexander Dowle, Elijah III,
which is ruled over by Wilbur Glen
Voliva, who wrested the leadership of
the Zion church from the tottering con-
trol of Dowle in a fight that was the
sensation of not only this country, but
of every country where the church of
Zion flourish, says that the city is
almost wrecked by the extrava-
gance of Dowle, is slowly being re-es-
tablished upon a firm business foun-
dation.At the time of Dowle's death, the
property of the people of Zion City, a
city of about 5,000 people, was esti-
mated at \$21,000,000, according to Mr.
Friend. Dowle was the trustee for the
people. What became of this vast es-
tate has never been clearly established,
even to this day, though the affairs of
the late ruler of the church have gone
through receivers' hands and have
been subject to the closest scrutiny
by anxious creditors.Mr. Friend says that at the present
time the value of the estate is esti-
mated at about \$700,000. The late fac-
tories and other property have been
paid off, and creditors have been
satisfied. The great estate built up
by the work of the people of Zion, has
divided to a mere fraction of the for-
mer wealth, yet today, Mr. Friend
says, the business of the city has been
established upon a firm basis.The people of Zion City and the
Christian Catholic church regard Dowle
as a man who has mentally affected
the value of the city. Dowle was de-
stroyed from control, and Voliva put in
his place. There came further sensa-
tions, more investigations for the courts, un-
til much of the property that had been
lost in trust for the people, was put
into the hands of receivers. While
Zion City is not as prosperous today as
it was, it is thriving and today will
retrieve much of its lost fortune.Mr. Friend says the followers of the
Zion church are the followers of the
Zion church, and are responsible for much
of this belief regarding the worshippers
of Zion, says Mr. Friend.Mr. Friend is a member of the Church
of Zion, a business man of the city, and
says that under the business-like con-
trol and management of Voliva, a sim-
ple and earnest man, the city and
church will prosper.

NORTH BUTTE DEFEATED

**One Dollar Per Share for
the Quarter Is De-
clared.****Wires Down and No Quo-
tations From Boston
Received.**There was a copper stock market at
Boston today—the first since last
Thursday, the exchange there and in
New York having been closed for Lin-
coln's birthday and Saturday—but Du-
luth was able to find out very little of
what the shares did during the ses-
sion.Heavy storms in the East played
havoc with the telegraph wires and the
business day passed without the local
brokerage offices receiving a single
quotation on North Butte, Greene-
Cananea, Butte Coalition, Giron, Calu-
met & Arizona, or any of the other
leading issues.The brokers' blackboards were bare
all day long, even by the close, no
quotations trickled over the wires.
Wires were down and out, thou-
sands of telegraph poles between Chi-
cago and the East were said to be
down and one Chicago broker wires
that he was sending his orders for ex-
ecution in tomorrow's New York mar-
kets on the 20-hour train to Gotham.If Duluth received no copper stocks
news from Boston, perhaps Boston did
not learn that a quarterly dividend of
\$1 a share was declared on North Butte
by the directors who met in the com-
pany's office here this morning. This
dividend is the same as the previous
quarter and is payable March 27.Things were very quiet in the local
copper market. Butte-Montana was fir-
mly traded in around 47c and closed at
45c bid and 48c asked. Globe sold at
\$6.25 bid and \$6.37 1/2 asked. New-
\$6.50 asked.Arizona was \$3.50 bid and \$3.75
asked. Butte & Superior \$1 bid and
\$1.12 1/2 asked. Calumet & Sonora, \$1.57
bid and \$1.63 1/2 asked. Red Warrior
\$2.50 bid and \$2.75 asked. Moravia
\$1.42 bid and \$1.57 asked. Chama
\$1.75 bid and \$2 asked. Savanna \$2.62
bid and \$2.87 1/2 asked. National 62 cents
bid and 63 cents asked. Copper-
kiva \$17 bid and \$17.50 asked. Copper
Queen of Idaho \$14 1/2 bid and \$15 1/2
asked. Cactus \$13 bid and \$13 1/2
asked. Superior & Boston \$18 bid
and \$19 asked.Black Mountain was \$2.62 bid and
\$2.87 1/2 asked.Amalgamated showed a range in trades in
that stock from \$7.50 off to \$7.50, and
up to \$7.50 from Anaconda from
\$16.25 to \$15.50.Walker's Copper Letter in Saturday's
Boston Commercial said:The tone of the copper market ap-
pears to be growing slightly firmer,
but prices are unchanged. A slight
advance in the price of copper is being
made by the producers, but it is not
yet a quarter of a cent more than these
prices, their prices are unchanged.The report of the Copper Producers'
association shows that the produc-
tion of copper in the United States for
the first nine months of 1908 was 3,000
tons, or 30,000,000 pounds, as against
2,800 tons, or 28,000,000 pounds, for the
same period of 1907. This is an in-
crease of 200 tons, or 2,000,000 pounds,
or 7 per cent. The report also shows
that the production of copper in the
United States for the first nine months
of 1908 was 3,000 tons, or 30,000,000
pounds, as against 2,800 tons, or 28,000,000
pounds, for the same period of 1907. This
is an increase of 200 tons, or 2,000,000
pounds, or 7 per cent.The report also shows that the produc-
tion of copper in the United States for
the first nine months of 1908 was 3,000
tons, or 30,000,000 pounds, as against 2,800
tons, or 28,000,000 pounds, for the same
period of 1907. This is an increase of 200
tons, or 2,000,000 pounds, or 7 per cent.The report also shows that the produc-
tion of copper in the United States for
the first nine months of 1908 was 3,000
tons, or 30,000,000 pounds, as against 2,800
tons, or 28,000,000 pounds, for the same
period of 1907. This is an increase of 200
tons, or 2,000,000 pounds, or 7 per cent.The report also shows that the produc-
tion of copper in the United States for
the first nine months of 1908 was 3,000
tons, or 30,000,000 pounds, as against 2,800
tons, or 28,000,000 pounds, for the same
period of 1907. This is an increase of 200
tons, or 2,000,000 pounds, or 7 per cent.The report also shows that the produc-
tion of copper in the United States for
the first nine months of 1908 was 3,000
tons, or 30,000,000 pounds, as against 2,800
tons, or 28,000,000 pounds, for the same
period of 1907. This is an increase of 200
tons, or 2,000,000 pounds, or 7 per cent.The report also shows that the produc-
tion of copper in the United States for
the first nine months of 1908 was 3,000
tons, or 30,000,000 pounds, as against 2,800
tons, or 28,000,000 pounds, for the same
period of 1907. This is an increase of 200
tons, or 2,000,000 pounds, or 7 per cent.The report also shows that the produc-
tion of copper in the United States for
the first nine months of 1908 was 3,000
tons, or 30,000,000 pounds, as against 2,800
tons, or 28,000,000 pounds, for the same
period of 1907. This is an increase of 200
tons, or 2,000,000 pounds, or 7 per cent.The report also shows that the produc-

tons, or 28,000,000 pounds, for the same
period of 1907. This is an increase of 200
tons, or 2,000,000 pounds, or 7 per cent.clation of County Fair Associations,
which was formed at St. Paul last
week. The board of directors of the
association consists of one representa-
tive from each congressional district,
and the state body has been organized
to secure greater co-operation be-
tween the counties and the state in the
matter of county fairs and the state
fair.**For Farmers' Benefit.**
The St. Louis County Farmers' Mu-
tual Fire Insurance company, the first
company organized in this county un-
der the special statute providing for
the insurance of farm property and
rural public property under a mutual
system of assessments, has filed ar-
ticles of incorporation with the regis-
ter of deeds. The first board of direc-
tors consists of Thomas McArthur, P.
G. Paulson, B. C. Paulson, C. P. Craig,
A. K. Kuehnow, C. D. Rutherford, C.
D. Richards, J. H. Edwards and Emery
boy, and there are twenty-five incor-
porators. The company will have its
head office in Duluth.**Small Fire.**
The planing mill of the Heimbach
Lumber company, 22 Railroad street,
was damaged by the burning of \$200
Saturday evening, by a fire which
started in the second story of the
structure.**St. Croix Avenue Sewer.**
At its regular meeting this morning,
the board of public works voted in
favor of sanitary sewer in St. Croix
avenue, from the Northern Pacific
railroad tracks to Suptin street.
The estimated cost is \$25,000.**Fire Commission Meeting.**
A meeting of the Chisholm fire gov-
ernor Johnson, will be held this week.
Martin Hughes, whose absence the last
few weeks has made a postponement of
the meeting necessary, called upon
Mayor Haven Saturday and said he
would be able to be on hand some day
this week. The date will be set tomor-
row or Wednesday.**Suit Over Burglar Alarm.**
The American Bankers' Protective
company has begun suit in the federal
court against the Commercial State
bank of Duluth for infringement on a
patent burglar alarm. The amount
asked in each case is \$2,000.**Writes From California.**
J. G. Reinhardt has written to The
Herald from his home at San Jacinto,
Calif., of the delights of life in Cali-
fornia. He speaks in terms of warmest
appreciation of the country that
duces violets in February, and a grove
of oranges, lemons and grapefruit.**Had Mortgage on Horse.**
Charged with removing a horse, on
which the Board of Trade Livery com-
pany held a mortgage, to Wisconsin,
Frank Kristofferson was arraigned be-
fore Judge Engstrom in district court
this morning on an indictment
turned by the January grand jury. The
horse was valued at \$150. Kristofferson
pleaded not guilty to the charge.**Civil Service Exam.**
There will be an examination at the
local postoffice building, March 17, for
a position as superintendent of the
structure of the United States peni-
tentiary at Atlanta, Ga. The position
is a permanent one, and the salary is
\$2,500 a year. Application should be
made to Anthony Grabarkiewicz of the
local department at once.**PERSONAL**

REPORT SAYS IS ARROW FIFTY DEAD LINE SOLD?

**Electric Car Wrecked on Reports That Minneapolis
Outskirts of Vermil-
lion, Ohio.****Believed, However, That Has Direct Line From
the Report Is Exag-
gerated.**Detroit, Mich., Feb. 15.—A Detroit
journal special from Toledo says: Re-
ports received here are to the effect
that a Lake Shore Electric car car-
rying 100 or more passengers, was
wrecked on the outskirts of Vermilion,
Ohio, late last night. The report says
more than fifty passengers killed, but
it is believed to be exaggerated.The Lake Shore Electric officials
neither deny or confirm the report
other than to say that there is some
trouble on the line in that vicinity.
The Lake Shore Electric line runs
between Chicago and Toledo, and has
two divisions, one to Cleveland
and one to Toledo.One division is by way of
Vermilion and the other by way of
Sandusky. It is on the former the
wreck is supposed to have occurred.
The wrecked car is believed to be
the limited, which left here at 11
o'clock last night. The report says
the car was struck by a train, and
to have left the track.The Lake Shore is running no cars
over the line today.**THIEF GRABS
\$3,800, FLEES****Effects Daring Robbery
From National Bank
in Milwaukee.**Milwaukee, Wis., Feb. 15.—Grabbing
a hand satchel containing \$3,800, then
daring today made his way out
of the First National bank, East Water
and Wisconsin streets, with the loot
and escaped detection. The robbery was
committed while the attention of a
messenger boy from the department
store was detracted for a single
minute.Discovery of the loss caused a gen-
eral alarm to be sounded in the bank
and a hasty search was instituted. A
hurried search was made of the bank
corridors, while others rushed to the
street to get sight of the thief, but
he had escaped.Daniel Sullivan, aged 29, a messen-
ger boy was sent to the First National
bank about noon with two checks, one
for \$3,800, the week's payroll and the
other for \$200. He went to window
No. 4 and had the check for \$3,800
cashed by the teller. The bundle of
bills and piles of silver were slipped
into the small hand satchel. Then
Sullivan turned to window No. 3 to
have the check for \$200 cashed. He
allowed the grip with the cash to es-
cape his attention for a minute. Dur-
ing that time, a stranger picked up the
grip and left the bank quietly and un-
noticed."The payroll is stolen," cried Sulli-
van, as he turned from window No. 3
to No. 4 to place the added \$200 in the
grip. He sounded an alarm, informing
the teller of the robbery. The bank of-
ficials were notified immediately and a
search of the corridors of the bank
started.Patrons in the bank were informed
of the robbery by the cry of Sullivan
search. Several ran to the street, call-
ing robbery and looking for the sight
of a man with a small grip about six-
teen inches long. The search of the
bank failed to reveal the thief, and the
hunt on the street was continued.

There is no clue to the robber.

Whiskey for Colds
To one-half pint good whiskey, add
one ounce syrup sassa-parilla and one
ounce Toris compound, which can be
procured of any druggist. Take in
teaspoonful doses before each meal
and before retiring. Immediate re-
sults always follow this treatment.**\$25.00**

ACTRESS MARGARET ILLINGTON WILL DIVORCE DANIEL FROHMAN AND MARRY E. J. BOWES, SAN FRANCISCO CLUBMAN

HERALD BRINGS QUICKS

New York Feb. 15.—Daniel Frohman, the theatrical manager, announced today that Mrs. Frohman, who was Miss Margaret Illington, the actress, and himself, have decided upon a separation with the view to divorce.

Mrs. Frohman is in California, where she is recovering her health, following a breakdown from her arduous work on the stage. Mr. and Mrs. Frohman were married in November, 1903. His statement follows:

"Mrs. Frohman and I agreed to take up her residence in California, where the climate agrees with her, even when acting. She has retired permanently from the profession and will remove with her parents to the Pacific coast, where their relatives reside. There is no scandal involved in this agreement; in fact the arrangement is far more amicable than hostile on either part. The decision was arrived at recently. Mrs. Frohman, after a few weeks' quiet, will be engaged to marry E. J. Bowes, a clubman, who came to New York from California a few weeks ago, apparently entirely recovered from his breakdown in 'The Thief,' but the Eastern climate did not agree with her."

Prospective Husband Talks. San Francisco, Cal., Feb. 15.—Mrs. MARGARET ILLINGTON.

PERSONAL—CORNERS EXTRACTED, 25 cents. Inverted nails and buttons treated. Scott, chiropractor, 17 East Superior street.

PERSONAL—MRS. SOLBERG, PRAC-TICAL nurse, 2917 West Third street.

PERSONAL—OLD MIRRORS RESIL-vered. German Bros., 121 First avenue west.

MINERAL LANDS—2,000 ACRES AT wholesale in the mineral districts of Cass and Crow Wing counties, Minnesota; one-third mineral reserve. Write for prices. Scribner-Kelly Land Company, 214 Bank of Commerce, Minneapolis, Minn.

THE OREGON SYSTEM OF ELECTING THE SENATORS WANTED FOR MINNESOTA

Senator McColl Has Bill
With That Object
In View.

Several New Plans for
Election of County
Superintendents.

Senator Stephens Would
Have County Insane
Asylums Established.

DONALD ROBERTSON
Of Argyle, Who Would Impose Edu-
cational Requirements Upon Coun-
ty Superintendents.

(From a Staff Correspondent.)
St. Paul, Minn., Feb. 16.—(Special to
The Herald.)—The popular nomination
and election of United States senators
without waiting for the amendment to
the Federal Constitution, which the
people have been demanding for many
years, is provided for in a bill intro-
duced in the senate yesterday after-
noon by Senator Henry McColl, Demo-
crat, of St. Paul.

The bill is modeled after the Oregon
system, which has been in operation in
that state for several years, and which
has recently resulted in the election of
a Democrat to the United States sen-
ate by a legislature strongly Re-
publican in both its branches.

The plan involves the nomination of
the party candidates for United States
senator by a vote of the people in the
primary election. Each party nomi-
nates its candidates in this manner, and
in the general election the people vote
on the nomination candidates. The one
receiving the largest number of votes
at the general election is to be de-
clared the choice of the people.

Under the Federal Constitution, how-

BECOMES A COUNTESS

Elizabeth Cochran of
Philadelphia Weds
Nobleman.

Will Live in Chateau of
the Count de Fer-
mon.

Philadelphia, Feb. 16.—One of the in-
teresting marriages of the social sea-
son was solemnized today, when Miss
Elizabeth Cochran of this city, who
was married to Count George Gino-
de Fernon of France.

The ceremony took place in the
home of the bride's father, George
Cochran, a wealthy retired broker, and
was performed by Mr. William Kier-
ran of St. Patrick's Roman Catholic
church of this city. The count and
countess will sail in a few days for
France, where they will make their
home in the count's chateau in the dis-
trict of Loiret near Orleans.

BANQUET ENDS DAY
OF WEAVER TRIBUTE

WARREN GARST.

Des Moines, Iowa, Feb. 16.—With a
gala banquet at the Savoy hotel here
last night at which were present
notables from all political parties, in-
cluding William J. Bryan, Governor
Carroll, ex-Governor Warren Garst,
Maj. D. F. Lacey of Oskaloosa, Con-
gressman-elect W. D. Jamieson and
others, there came to a close the
unique day of tribute to Gen. B.
Weaver of Colfax, Iowa, twice presi-
dential candidate. While Gen. Weav-
er was the recipient of honors strict-
ly on a non-partisan basis, in William
J. Bryan centered the interest of the
assembly. He addressed the ban-
quet on "Retrospect and Prospect,"
but avoided reference to politics.

JUDGESHIP BILL IS IN

Provisions of Measure
for Relief of the
Iron Ranges.

Bill Creating St. Louis
County Courthouse Com-
mission Introduced.

(From a Staff Correspondent.)
St. Paul, Minn., Feb. 16.—(Special to
The Herald.)—The bill for a new dis-
trict judge in the Eleventh judicial
district, including the counties of St.
Louis, Carlton, Lake and Cook, was
introduced in the house this morning
by the St. Louis county delegation and
referred to the judiciary committee. It
provides for the appointment of a new
judge at once, and for the election of
his successor for six years at the next
general election. There are to be four
general terms of district court at Vir-
ginia, on the fourth, Tuesday in Janu-
ary, April, July and October, and the
court may hold adjourned terms at
Hibbing when that village provides
suitable court and jail facilities. Ac-
tions relating to estate titles, and
actions relating to registration of titles,
are to be tried at Duluth. Civil and crim-
inal actions are to be tried in the range
courts if the defendants are nearer
there than Duluth.

The house in committee of the whole
advanced to the calendar the bill by
the St. Louis county delegation al-
lowing the St. Louis county commis-
sioners \$250 a year for expenses.

The St. Louis county delegation in-
troduced in the house the bill creat-
ing a courthouse commission composed
of the auditor and treasurer, to handle the
new courthouse.

Senator McGowan offered in the
senate a compulsory old age and dis-
ability pension bill.

RARE BIRD OF PREY IS SAVED

Federal Authorities Pre-
vent Killing of a Wan-
dering Falcon.

Washington, Feb. 16.—Owing to the
interference of federal authorities, the
life of a large bird of prey, which
lives in the winter home in the tall
gray tower of the postoffice depart-
ment building, and which has made
victim of many pigeons and other
small birds during the last few months,
has been saved.

William M. Mooney, disbursing clerk
in the department, had gone to the
postoffice armed with a permit from
the chief of police and a shotgun to
shoot the bird, when he got word that
the permit had been revoked on ap-
plication of Dr. C. S. Palmer of the
biological survey. The latter told the
chief the bird supposed to be an ordi-
nary hawk was a specimen of the rare
and valuable peregrine, or wandering
falcon.

KING WISHES TO GO "AIRSHIPPING"

Spanish Court Opposes
Alfonso's Desire to Ac-
company Wright.

Madrid, Feb. 16.—Premier Maura de-
clared today that King Alfonso's recent
visit to King Manuel of Portugal was
of a private character, and that it had
no bearing on the matrimonial projects
of the Portuguese monarch. A mem-
ber of King Alfonso's immediate en-
tourage says the king has expressed
himself several times recently as de-
termined to make an aeroplane flight
with Wilbur Wright, the American
aeronaut. The whole court is op-
posed to the idea, on the ground that
it would be a breach of etiquette.

FILM FIRE KILLS 400

Fearful Loss of Life Due
to the Moving
Pictures.

Victims Roasted Alive—
No Americans Among
Them.

Washington, Feb. 16.—No Americans
lost their lives in the fire which de-
stroyed the Flores theater at Acapulco,
Mex., according to a dispatch received
at the state department today from
American Consul Maxwell K. Moore-
head.

Acapulco, State of Guerrero, Mexico,
Feb. 16.—Latest estimates of the
deaths resulting from fire, which de-
stroyed the Flores theater in the city
of Acapulco, place the number at 400.
The theater was a wooden structure
and over 1,000 persons had crowded
into it to see a performance given in
honor of Governor Domina Flores.
One of the numbers on the program
consisted of a series of moving pic-
tures. While the operator was ex-
hibiting them, a film caught fire and
a blaze was quickly communicated to
some bunting used for decorative pur-
poses.

In an incredibly short time, the
(Continued on page 6, fourth column.)

WAR! WAR! SAYS A CALIFORNIAN

Coast Statesman "Sees
Things" in Interview
at Frisco.

San Francisco, Cal., Feb. 16.—That
this country was on the verge of war
with a naval power of the Orient re-
cently was the assertion of State Sen-
ator Richard J. Welch, who is here
with a legislative committee which is
investigating the Isals Creek project.
Welch says:
"If you had seen the correspondence
that passed between President Roose-
velt, Governor Gillett and Speaker
Stanford that I have seen, you would
know that there was only a short time
ago the danger of a conflict between
two great naval powers of the Pacific."

MURDERER DIES IN THE ELECTRIC CHAIR.

Danvers, N. Y., Feb. 16.—Lewell
Coombs was put to death by electric
chair in the state prison here today for
the murder of Harry Hosmer in St.
Lawrence county, Sept. 26, 1908.

Kobbery was the motive of the crime.
Coombs was 19 years old, and less
than a week before the murder he had
been released from Clinton prison
where he served a term of one year
and six months for burglary. He was
placed under sentence of death when
Coombs embraced the Roman Catholic
faith.

THE STAGE MERELY REFLECTS THE WRINKLED BROW THAT UPHOLDS IT.

So long as the play-going public demands and supports immoral shows, just so long will these pieces be
presented.

(Continued on page 10, sixth column.)

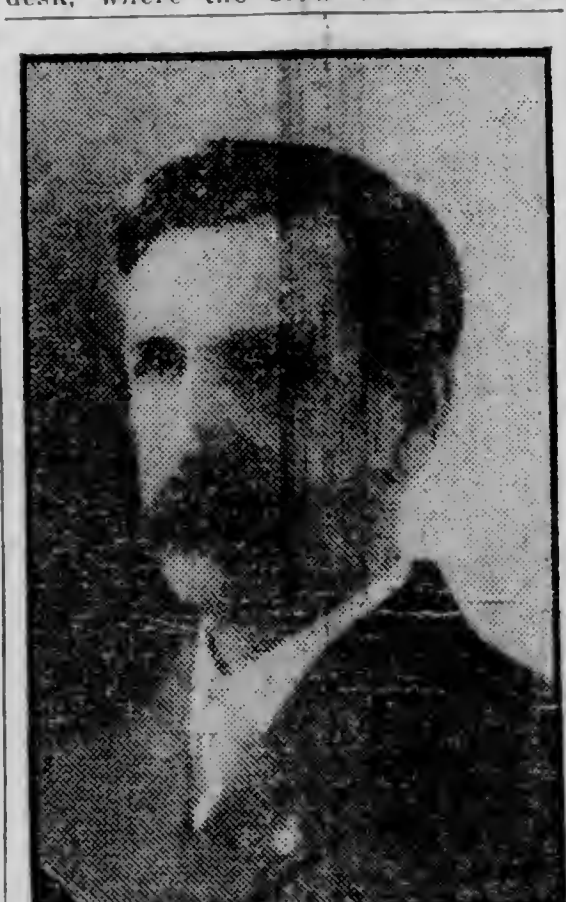

THE STATE FAIR FIGHT

In North Dakota Decided
by the House Against
Fargo.

Price of Cass County
Strikes Skulason of
Grand Forks.

Bismarck, N. D., Feb. 16.—(Special to
The Herald.)—A sensational climax of
the state fair fight was reached late
Monday afternoon, on the floor of the
house chamber, when Representative
Price of Cass, struck Representative
Skulason of Grand Forks, a heavy blow
on the face, just after adjournment.

The debate between Skulason and
Price during the session had been
heated, and certain remarks made by
Skulason so angered Price that the
latter demanded an apology of Skulason,
which was not forthcoming. Price
made threats in a short talk, and just
after adjournment, went to Skulason's
desk, where the blow was delivered.

GEORGE A. WHITE,
Author of Majority and Minority Con-
vention Nomination System Before
North Dakota Legislature.

Today the Cass county member apolo-
gized for the hasty action.

The fair fight resulted in a victory
for Grand Forks. The committee of
the whole recommending that the bill
establishing the fair in Fargo be in-
definitely postponed, by a vote of 49
to 35. The struggle was one of the
fiercest ever waged in a Dakota as-
sembly.

The osteopathy examining board bill
passed the senate yesterday afternoon,
while the house adopted a report doing
away with the publication of insurance
statements.

The White primary bill, which pro-
poses majority and minority nomi-
nations by conventions and the placing
of these nominations on the primary
ballots, has created much discussion.
The opponents of the bill held a meet-
ing on Sunday and outlined a cam-
paign against it.

With less than three weeks remain-
(Continued on page 10, sixth column.)

THIRTY DIE; EARTHQUAKE

Asiatic Turkey Is Shaken
and Government
Buildings Fall.

Five Different Districts
Are Jarred by the
Convulsions.

Constantinople, Feb. 16.—A number
of houses and government buildings
same name in Asiatic Turkey, collapsed
today as the result of an earthquake.

The loss of life has not been ascer-
tained, but reports say thirty persons
have been killed and others injured.
Many of the inhabitants are without
shelter. Sivass, sometimes spelled Se-
vas, has a population of about 6,000
families.

Shock Lasts Ten Seconds.

Budapest, Feb. 16.—An earthquake
shock lasting for ten seconds was felt
today in the district of Keesheva.
The inhabitants fled to the country.
The walls of a number of houses were
cracked, but otherwise there was no
damage.

VAN CLEAVE TO HANDLE GAVEL

Is Made Chairman of the
Tariff Commission
Convention.

Indianapolis, Ind., Feb. 16.—The first
national tariff commission convention,
whose delegates hope to point the way
for the establishment of a permanent
tariff commission, assembled here to-
day and chose as permanent chairman,
J. W. Van Cleave of St. Louis, presi-
dent of the National Association of
Manufacturers. He has been one of the
leaders in the movement for this con-
vention and his activity has called
forth protests from the ranks of the
Manufacturers' organization. Indorse-
ment of his work by the executive com-
mittee of his organization yesterday
made him a double victor.

After greetings from Governor Marshall
and Mayor Bookwiler, reports of com-
mittees were taken up. The program
of the first session included speeches
by Chairman Van Cleave, Henry S.
Towne, president of the Merchants' as-
sociation of New York; Senator Brown
of Nebraska, and former Governor
Gould of Massachusetts. The last
named headed a delegation represent-
ing the Boston chamber of commerce
and scores of other delegates repre-
sented large commercial or political or-
ganizations.

PLOW FREES THE TRAIN

Passenger Cars Are Stuck
in Drifts for
Hours.

Northern Michigan and
Toledo at Mercy of
Blockade.

Detroit, Feb. 16.—A Pere Marquette
passenger train on the Port Huron di-
vision that was delayed late last night
near McGregor, requiring a snowplow
to cut through the heavy snow drifts,
arrived at Port Austin early today, five
hours and twenty minutes behind
schedule time.

The Michigan Central, Pere Mar-
quette, Wabash and Grand Trunk rail-
roads report all trains moving today,
and conditions either improving or at
least getting no worse as the storm
travels eastward. Each Michigan Cen-
tral passenger train today has two
locomotives. On the Pere Marquette
all passenger trains started today, and
merchandise freight trains were sent
over the various divisions as usual
during the night.

Colder, Says Chicago.

Chicago, Feb. 16.—Colder weather in
this vicinity, with storm moving slowly
eastward, is the present weather
outlook. Telegrams from the rail-
road companies report encouraging conditions
west of the Mississippi.

The country is recovering somewhat from
the effects of the blizzard.

The snow blockade still prevails in
Northern Michigan, and the lake region
around Toledo is suffering from the
lack of communication and inter-
rupted traffic.

Lower temperatures are the prospect
for the Middle and South Atlantic and
Eastern Gulf states. Central Illinois,
Indiana and Ohio are feeling the worst
effects of the storm in its progress
toward the Eastern coast.

WATER AND GAS PLANTS OF THE CITY OF DULUTH EARNED \$104,644 IN 1908

ACTOR ASKS TO BE
DECLARED BANKRUPT

RAYMOND HITCHCOCK.

New York, Feb. 16.—Raymond Hitch-
cock, the actor, has filed a petition in
bankruptcy in the United States dis-
trict court. He gives his liabilities as
\$28,294, unsecured and his assets as \$16.

Surplus Was Devoted to
Making Extensions and
Improvements.

Excellent Record Made
by Duluth's Muni-
cipal Enterprise.

Report of Water and
Light Board for
Year Issued.

The water and light department of
the city of Duluth earned \$104,644.35
over the cost of operations and main-
tenance during the year 1908, accord-
ing to the tenth annual report of the
water and light commission submitted
to the council last night.

The record is an exceptional one. In
1907 the surplus earnings were but
\$56,700.19; in 1906, \$47,572.97; in 1905,
\$26,577.04. In the year just past the
water plant earned \$28,287.77, or al-
most as much as the entire department
during the year 1907. The gas plant
earned \$121,254.58. The total earnings
of the department were \$15,785.27 and
the cost of operation and maintenance
\$311,140.92, leaving an aggregate sur-
plus of \$18,644.35.

Although the water and gas plants
earned \$104,644.35 during the year, the
actual expenditures of the department
exceeded the receipts of the board from
all sources by \$14,389.99. The aggregate
receipts of the department from

FISH TRUST HEAD IS NEAR COLLAPSE

W. VERNON BOOTH.

Chicago, Feb. 16.—W. Vernon Booth,
head of the so-called fish trust, social
leader and polo expert, has all but
collapsed physically under the flood of
sensational disclosures in connection
with the failure of the firm of which
he was the head—A. Booth & Company.

Mr. Booth's condition was described
today by his attorney, Henry S. Rob-
bins, as verging closely on nervous
breakdown, complicated by a severe at-
tack of grip. Against the protests of his
lawyers and doctors alike, how-
ever, Mr. Booth remained in communi-
cation with the office.

"Mr. Booth is a very sick man," said
Mr. Robbins. "He is fighting his ail-
ments nobly, but worry is developing
an improvement in his condition."
Meanwhile it is expected action will
be taken by the Cook county grand
jury in connection with the falsified
statements said to have been presented
to the banks by the Booth company.
A decision of the creditors, whether to
wind up the affairs of the company or
the bankruptcy court, or to continue
the receivership, is expected soon.

DAN GUGGENHEIM IS NEAR DEATH

The High Altitude Affects
Heart of Millionaire—
Train Speeds.

Mexico City, Feb. 16.—According to a
dispatch from Calientes, Daniel Gug-
genheim of New York, head of the
American Smelting & Refining com-
pany, is being rushed East on a spe-
cial train in order that his life may be
saved. Guggenheim visited Mexico
City a few days ago and the altitude
so affected his heart that he became
dangerously ill. He proceeded to
Agua Calientes, where one of the
large smelters of the company is lo-
cated, and there an acute dilation of
the heart occurred.

RIPPER OUTRAGES NOW NUMBER TWENTY-TWO.

Berlin, Feb. 16.—The vicious attacks
on women in the streets of Berlin con-
tinue, and the criminal has not yet
been arrested. Two new cases occurred
this morning and both women were
slightly wounded. This brings the ag-
gregate since the beginning of these
"ripper" outrages up to twenty-two.

SCANDINAVIAN BOAT HAS BEEN REFLOATED

Christiansand, Feb. 16.—The Scandi-
navian-American line steamer C. J.
Tietgen, Capt. Thomsen, from New
York, Feb. 5, that went ashore at the
harbor entrance here Sunday night, has
been refloated and has proceeded for
Christiansand.

WEATHER—Partly cloudy and warmer to-day and Wednesday; moderate winds, mostly westerly.

Our Entire Stock of FANCY VESTS

At Two Prices

DISTRICT COURT MOVES SLOWLY

Obstacles Prevent Speedy Action in Disposing of the Calendar.

The wheels of justice are grinding slowly in district court. Two cases, the trial of which were begun last week, are dragging along before Judge Ensign and Judge Dibble, while Judge Cunt is still otherwise engaged.

The contest between Karl Laitinen and the Minnesota Land & Construction company will probably go to the jury tomorrow. Musolf is suing for \$5,000 damages for injuries he received by an iron frame falling on his foot, in the company's plant on First street, in August, 1907.

The personal injury damage suit of George Musolf against the Briggeman & Russell company will probably go to the jury tomorrow. Musolf is suing for \$5,000 damages for injuries he received by an iron frame falling on his foot, in the company's plant on First street, in August, 1907.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow packages. Sold by all druggists.

JONES OWNS THE TWENTY ACRES

Has Purchased Entire Tract North of Willard's Addition.

Stephen H. Jones, who recently purchased from Joseph Sellwood an undivided four-fifths interest in the S. 1/2 of the N.E. 1/4 of section 14, T. 69, N. R. 14 W., is now the sole owner of the tract. A deed transferring the remaining undivided one-fifth interest from Charles S. Green to Mr. Jones was filed in the register of deeds office yesterday.

The consideration given in the deed filed yesterday is given nominally at \$1, but it is probably on the same basis as that given for the four-fifths interest, which was \$16,000. On that basis, the twenty-acre tract brought about \$20,000, or \$1,000 an acre.

What disposition is to be made of the tract is not yet known. It is well situated, just north of Willard's addition, with the Woodland car line running through it. It is believed that the tract will be platted and placed on the market as the platted additions in the vicinity are being built up.

Steamship Movements.

New York Arrived: The Steamer American, Hamburg.

Sail to New York: S. S. Feb. 16, Steamer Teutonic, Southampton for New York, reported, when 600 miles east of Sandy Hook, at 3 a. m. Dock about 9 a. m. Thursday.

REPORT IS BELIEVED

Story That Grand Trunk Seeks Duluth Connections, Accepted.

Road Finds It Necessary to Compete With Powerful Rivals.

It is readily believed by Duluth railroad men that the Grand Trunk railroad will be forced by competition to seek an outlet in Duluth. The report published yesterday in The Herald, stating that the Canadian road would seek an outlet in Duluth, did not come as a surprise to many railroad men of this city who have been carefully watching the trend of railroad development in the Northwest. Duluth railroad men say, that if the Grand Trunk does not secure some outlet here for its great eastern traffic, it will lose business, for the simple reason that it will be unable to handle this business with dispatch. They point to the Canadian Pacific, the great transcontinental rival of the Grand Trunk, both of these great systems cross Canada, from the East in parallel lines. But the great advantage the Canadian Pacific has over the Grand Trunk, is pointed out by railroad men. The Canadian Pacific has the Soo, the South Shore and the Wisconsin Central, all of which lines they can divert traffic to. The only outlet that the Grand Trunk has, then, is through the Head of the Lakes, is by the Canadian Northern railroad, which is rapidly becoming a great and worthy rival of the Grand Trunk.

With two great competitors, both of which have outlets at the Head of the Lakes, Duluth railroad men ask what would be more natural, more logical or more inevitable than that the Grand Trunk will be forced to seek an outlet here.

Some two weeks ago, before the story, telling of the plans of the Grand Trunk to come to Duluth, was published, Albert Harrington of Minneapolis expressed to The Herald the belief that the Grand Trunk would be forced to seek an outlet at Duluth, as this city would be the outlet of the rapidly growing Canadian trade, and that, furthermore, competition with two great roads would force the Grand Trunk, for the protection of its business, to come here. The Grand Trunk has already lines of its own in this country. It has a line to Chicago, from Montreal, and it also has a road to Portland, Me. It needs a line from Winnipeg to Chicago through Duluth, for its Eastern connections. It has terminals at Prince Rupert, which give it a Pacific coast outlet.

Duluth railroad men, who expressed their opinion upon the dispatch stating that the Grand Trunk would seek an outlet here, say that traffic may have long considered it the only logical course for the Grand Trunk to pursue.

DOESN'T WANT MORE SOLDIERS

Uncle Sam Has All He Needs at Present Time.

The United States army is full. That statement doesn't apply to the individual members of the army; rather it applies to the ranks of the army, which have been swelled so rapidly with recruits that there isn't room for any additional soldiers.

Today, Lieut. Arthur Watts received a telegram from the war department at Washington, instructing him not to accept any more applications until further notice from the war department. The only exceptions to this order, were in the case of ex-soldiers and recruits for the coast artillery service. Only ex-soldiers and those recruits who want to serve in the coast artillery can, until the present orders are changed, join the army.

Many of the recruiting offices throughout the country have been closed. Until more soldiers are needed it will be very difficult to join the army.

Support Is Asked.

A communication from the National Business League has been received by the Duluth Commercial club, asking the support of the club for the bill before congress appropriating more money for the support of the United States consuls and diplomats.

The letter points out that the way American consuls and diplomats are paid is expeditious to the country. It points out that it lowers the dignity of the country.

After the paper had gone to press and the first sheets had been brought up to the composing room for an O. K., Mr. Warner looked wistfully at the editor and observed:

"Would you object to lifting the form? I see a sentence in the last paragraph that might be somewhat changed. She was too good, you know, to have a slovenly tribute paid to her."

Even the printers refused to get angry over the delay and forthwith the form was sent up and changes went on for an hour. At last, though publication was delayed fully two hours, the editor, but not Mr. Warner, had the supreme satisfaction of knowing that the work was as nearly perfect as human art could make it, and the edition was sent out.

"While we were walking up the street toward the Youmans country home, writes the editor, 'we quietly talked about books and bookmen.'"

"Yes," said Mr. Warner, modestly, "I never could do anything in the line of writing. I am a typewriter. I at once become self-conscious and mechanical. For some reason I thought—what few ideas I may possess—seem to flow more easily from the pen."

MRS. FREDERICK L. SMALL, Whose Affections, Her Husband Alleges, Have Been Alienated by Arthur H. Soden, the Boston Baseball Manager, and Who Is Being Sued by Small for \$500,000 Damages.

of the United States in the eyes of the nations of the world, and asks that the Commercial club lend its influence, through the members and senators of Minnesota, to secure the passage of the bill.

DEBATE IS POSTPONED

High School Pupils Will Not Meet Pine City, Friday.

All the social activities at the high school have been interrupted as a result of the death of Principal Smith. The debate with the Pine City team, which was to have been held Friday evening, has been indefinitely postponed, but will be held later in the season.

The senior play has also been postponed until March 19.

WINS FROM ANDERSON.

Duluth Man Takes First Game in Caledonian Event.

Winnipeg, Man., Feb. 16.—(Special to The Herald.)—In the Caledonian event this morning, Walter G. Hall of Duluth defeated Anderson of Kenton by a score of 15 to 4.

It was Hall's game from the first rock, for at no time during the contest did the Canadian show proper form.

This win for Hall partially, at least, makes up for his 24 to 6 defeat yesterday, at the hands of Bolton.

Pneumonia Follows La Grippe.

Pneumonia often follows la grippe but never follows the use of Foley's Honey and Tar for la grippe coughs and deep seated colds. Refuse any but the genuine in the yellow package, sold by all druggists.

Honored by G. A. R.

Members of Culver post G. A. R., at their last meeting, Saturday evening, honored the late Charles Warner, commander, Capt. W. H. Smallwood, with a past commander's jewel, in appreciation of his work for the G. A. R.

The jewel is a very handsome one, and is highly prized by Capt. Smallwood.

REAL LITERARY LABOR.

The extraordinary pains and patience with which the late Charles Warner did his literary work are shown in an account given for a letter in the New Amsel magazine of the strenuous way in which Mr. Warner produced an obituary notice some years ago.

Prof. Edward L. Youmans was a close personal friend of Mr. Warner and on that account when Mr. Youmans died at that time, Mr. Warner was asked to write a sort of personal appreciation of her. This he consented to do.

He was left alone from 10 a. m. until 12:30, when he went to lunch. Returning at 2 o'clock he worked without interruption until 4 o'clock, when he turned over to the editor what he had written.

Yet the work was not complete. Mr. Warner read the first proof and in succession three revised sheets.

Each time made change after change in phrasing, seeking one or two right words, while even in the letter to the editor he seemed to make clearer what he desired to express.

Nor did the close revision end with the marking of the copy. After the paper had gone to press and the first sheets had been brought up to the composing room for an O. K., Mr. Warner looked wistfully at the editor and observed:

"Would you object to lifting the form? I see a sentence in the last paragraph that might be somewhat changed. She was too good, you know, to have a slovenly tribute paid to her."

Even the printers refused to get angry over the delay and forthwith the form was sent up and changes went on for an hour. At last, though publication was delayed fully two hours, the editor, but not Mr. Warner, had the supreme satisfaction of knowing that the work was as nearly perfect as human art could make it, and the edition was sent out.

"While we were walking up the street toward the Youmans country home, writes the editor, 'we quietly talked about books and bookmen.'"

"Yes," said Mr. Warner, modestly, "I never could do anything in the line of writing. I am a typewriter. I at once become self-conscious and mechanical. For some reason I thought—what few ideas I may possess—seem to flow more easily from the pen."

There's much to gain and nothing to lose by giving "Salada" Tea a trial. An absolutely pure tea of the highest possible quality. Your grocer sells it.

HE CANNOT KEEP TRACK

Senator Stephenson Testifies Regarding Money Spent in Campaign.

Effort May be Made to Thwart Primary Investigation.

Madison, Wis., Feb. 16.—The joint legislative committee, consisting of three members of the senate and five members of the assembly, began its hearings bearing upon an investigation of the United States senatorial primary election of Sept. 1 last, at 9 o'clock this forenoon. The investigation is the outcome of charges of bribery, incident to the primary, made by State Senator John Hahn of Wisconsin, against United States Senator Isaac Stephenson, who received the highest vote on the Republican ticket over three opponents.

While Stephenson will be the main object of the inquiry, every senatorial candidate of all parties has been invited to appear before the committee. The committee is composed of the Social Democratic, Democratic and Republican primary candidates in the order named, disposing of all but Stephenson early in the investigation.

A report is current, that Senator Lehr of Appleton, as soon as the legislative assembly convenes, will call for the expenses of the investigation, will seek a temporary order from a justice of the supreme court restraining the state treasurer from paying out such moneys on the ground that the investigation is purely a party matter. Should this order be granted, an early date will likely be set for a hearing by the supreme court. In the meantime, it is said, the investigation will be continued.

United States Senator Isaac Stephenson of Madison, W. H. Haxton of London, S. C. of Neenah and F. E. McGovern of Milwaukee, Republican candidates at the primary, and Jacob Rummel, Social Democratic candidate of Milwaukee, are expected to appear before the committee.

Attorney E. M. Hyer, representing Mr. Stephenson, asked that the senator be examined immediately as he was anxious to return to his home.

Senator Stephenson admitted he was a candidate at the primary and State primary, but he was not a candidate in the campaign, but that in some cases, he himself employed some of the workers. He visited seven counties out of seventy-one and said with a smile, that if he had visited the rest, he would have been 50,000 in instead of what he did have. Mr. Stephenson testified to the employment of various persons in a small way, such as getting names for his number, and the total coming to seven checks from \$5,000 to \$10,000.

Asked as to checks made out to J. Van Cleave, cashier of Mr. Stephenson's campaign, the senator read off checks by date and amount, the total coming to seven checks from \$5,000 to \$10,000.

These checks were made out to Mr. Van Cleave, when Mr. Stephenson was away from Milwaukee. Stephenson testified to the employment of various persons in a small way, such as getting names for his number, and the total coming to seven checks from \$5,000 to \$10,000.

Asked as to checks made out to J. Van Cleave, cashier of Mr. Stephenson's campaign, the senator read off checks by date and amount, the total coming to seven checks from \$5,000 to \$10,000.

GIRL NURSE IS DEMENTED

Long illness of her mother too great a strain.

Fear of surgical operation makes Mrs. Wright insane.

Disappointed in love, worried, and worn out by a long period of nursing her mother, Gertrude Hanson, 22 years old, daughter of Mrs. Emma Hanson, of 2835 1/2 West Third street, has become demented, and yesterday she was committed to the state insane asylum at Fergus Falls by Judge Middlecott of the probate court.

The girl is in a pitiable condition. She is young, rather pretty, but naturally of a nervous disposition, and care and trouble have worn her down. She was born in Sweden and came to this country with her parents in 1890. She has lived in Duluth since that time.

In 1902 her mind gave away, but the insanity yielded to treatment and in about two months she was restored to health. She worked as a waitress, but some time ago she was forced to remain at home and nurse her mother, who was ill. The fatigue wore her down again, and about nine days ago signs of insanity appeared. A week ago she was taken to St. Mary's hospital, hopelessly insane. She is nervous and sleepless, talks constantly and incoherently, imagines somebody is trying to injure her and threatens to injure others. It has been necessary to employ restraint to prevent her from injuring herself, as one night she tried to climb out of a window.

Fear of a surgical operation, which she believed to be necessary, has again undermined the reason of Sarah E. Wright, wife of E. Wright of Duluth. She was committed to the asylum at Fergus Falls in 1904, and remained there two years, being discharged as cured. She has been ill at times and her condition is attributed to disease. Mrs. Wright is 29 years old and has four children. She is at St. Mary's hospital and will be examined this afternoon.

NINE FOOT SHEETS INSISTED ON IN BILL.

Jefferson City, Mo., Feb. 16.—The educational committee of the Missouri senate today reported without recommendation a bill requiring the reading of extracts from the Bible each day in the public schools of the state. A favorable report came from the committee which has been considering the commercial travelers' bill, requiring innkeepers to furnish sheets, nine feet long, to their guests. The bill also provides for fire escapes from rooms.

Dear Admiral Green Dies.
Washington, Feb. 16.—Rear Admiral James G. Green, U. S. N., retired, died at Elkhart, N. C., today. He was born in 1841, went into the naval service in 1861, and was transferred to the retired list in 1901.

Diamond Engagement Rings

CONCERNING WOMAN.

Children who are raised in a children's home always have enough to eat and to wear, but it does seem that enough to eat and sufficient clothes for warmth are the least important part of life, especially when you've got them. The little folks who call on an institution home miss almost entirely all of the endearing little touches of home. For instance, they can't fly at each other and play an offending brother hard on his left cheek, and enjoy a real happy rough house to which a gentle and entirely shocked mother comes flying to bring peace. So many of the joys of intimate family life are denied one, when one lives at an institution.

Miss Hulbert, matron of the Duluth Children's home, realizes fully the necessity of having clothes and well-kept and well-cared-for little bodies, but she also feels keenly the necessity for a more individual life for her little charges, and even with the best of intentions, being an intimate, personal mother to some seventy-five little folks takes time. A mere day of twenty-four hours is as nothing in mothering seventy-five. She acknowledges her charges often, "You must be nice," she says. "That's the only way you can make people respect you," and she does her best to instill in the home children a pride in themselves and what they may stand for in life. In her efforts to bring to them a more individual life than that which is often possible at such a home, she has received much encouragement from the members of the board, and several Duluthians have offered their services to the matron in aid of her charges.

Each Wednesday evening an informal talk has been arranged, at which several of the prominent men of the city have consented to be present, to talk informally with the children about what is going on in the world, and current topics of interest that should command their attention. Men will be the speakers at these meetings, and it is especially so desired because the children are apt to forget that they play an important part in the world, so hedged in are they by feminine influence. The matron is a woman; the members of the board, who see to their material welfare, are men who pay kindly visits, often to the home, are women; the teacher they meet at school are women, and a feminine world is very likely to close round about them. Last Wednesday evening Rev. Alexander Milne met with the children, those from 7 to 12 years, and an hour of interesting talk was enjoyed. Tomorrow evening Rev. J. O. Stockland will visit with the children at the home.

During the last two years, Rev. Richard Read has visited at the home each Monday evening, and brought something of interest to little lives, which are so much more shut in than those of ordinary children. In the spring and summer he has taken a little band for cross-country walks, and in the winter some bright and interesting feature is brought to them. A kindergarten for the little ones, not yet of school age, has been opened at the home by Mrs. T. H. Chapman, each Tuesday and Friday afternoon, and in the last year, and the children who have had the benefit of her lessons have shown a keener interest and a more alert mental life. Miss Elizabeth Irvine has also gone to the home once each week to give the children music lessons. Little songs are taught to the children during a happy hour, and there is an encouraging amount of musical appreciation, which makes the hour a very happy one. The children have voices of the beautiful sweet quality of childhood, and they enjoy the music of the home.

Mrs. C. H. Lutos is arranging for singing lessons on Wednesday afternoon for the older girls, and others are planning special features to bring to the children a more individual life. Unfortunately, some of the pleasures of normal childhood.

ANNUAL AFFAIR.

Y. W. C. A. Members Hostesses at Banquet.

The annual February banquet of the Young Women's Christian association is the most important social affair of the year in Y. W. C. A. circles. The banquet will take place in the grand ballroom of the Hotel DuSable, and will be held in honor of the famous men and women whose birth occurred in 1890. The banquet will be presided over by the president of the association, Mrs. W. C. Powell, who will talk on the famous men and women of the world. The speakers will be: Mrs. W. C. Powell, who will talk on the famous men and women of the world; Mrs. W. C. Powell, who will talk on the famous men and women of the world; Mrs. W. C. Powell, who will talk on the famous men and women of the world.

The hostesses at the affair will be: Mesdames W. C. Agnew, Watson, S. Tibbitt, Catherine N. C. Connelley, Alice Florada, H. W. Coffin, H. E. Denfeld, M. P. Bates, Robert Smith, A. E. Shores, W. J. Hubbard, Z. D. Scott, C. T. Fairbairn, W. C. Sherwood and Frank L. Ham.

The members of the association who will assist in the serving will be: Mesdames W. C. Agnew, Watson, S. Tibbitt, Catherine N. C. Connelley, Alice Florada, H. W. Coffin, H. E. Denfeld, M. P. Bates, Robert Smith, A. E. Shores, W. J. Hubbard, Z. D. Scott, C. T. Fairbairn, W. C. Sherwood and Frank L. Ham.

ON "MENTAL SCIENCE"
Mrs. MacHarg to Speak Before Women's Alliance.

The Women's Alliance of the Unitarian church will meet tomorrow afternoon with Mrs. Robert Spiegel of 1015 East Fourth street. Mrs. H. MacHarg will continue her talk on "Mental Science," by special request.

Sewing Session.
An all day sewing session of the Ladies' Aid Society of the First Baptist church will be held tomorrow afternoon at the church at the corner of Ninth avenue east and First street. Luncheon will be served at noon.

Bishop's Club.
The regular meeting of the Bishop's Club will be held this evening at the club rooms on West Fourth street. The leader for the evening will be Mrs. G. Harkness.

Church Meetings.
The meeting of Star Circle of Pilgrim Congregational church, which was to have been held tomorrow afternoon at the home of Mrs. Sandra Van Wagner of 108 Piedmont avenue, has been postponed until Thursday afternoon at the home of Charles Allen Smith, who was a member of the church.

The thirteenth of the Ladies' Aid Society of the First Methodist church will be entertained tomorrow afternoon at the home of Mrs. Jeanne Moore at her home, 124 Twenty-third avenue east.

Mrs. W. P. Bailey and Mrs. W. H. Wright will entertain the members of the Merritt Memorial church and their

TRY THIS FOR YOUR COUGH

Mix two ounces of Glycerine with a half-ounce of Virgin Oil of Pine compound pure and a half pint of straight Whisky. Shake well and take in doses of a teaspoonful every four hours. This mixture possesses the healing, healthful properties of the Pine, and will break a cold in twenty-four hours and cure any cough that is curable. In having this formula put up, be sure that your druggist uses the genuine Virgin Oil of Pine compound pure, prepared and guaranteed only by the Leach Chemical Co., Cincinnati, O.

When you yourself are such a friend. It is a law of the spiritual world that only the great shall ever really know the great; only the gentle shall know the gentle; only the friend shall find a friend.

If you would know companionship, first of all be worthy of it. If you yourself are the ideal friend, you will surely find another somewhere in this big, kindly world, and when you do, you will have found the friend of your life. You have entered Nirvana, you have found the kingdom of love.

Crocheted Sleeves.
With the fashion of transparent sleeves, any one who has a good knowledge of crocheting can make a pair of these for those who are tired of tulle and net.

HARRY MITCHELL

Beautiful Spring Styles for 1909 are now ready for your inspection. It will pay you to inspect my stock before ordering from any other tailor. Don't buy any hand-me-downs until after you see my Spring Goods.

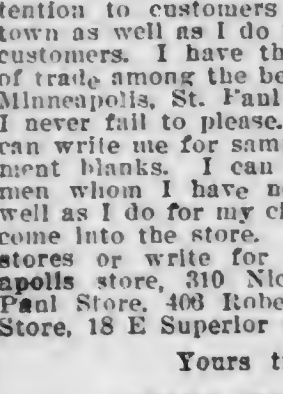

Heavy weight materials in price. Don't allow anybody to soak you. You don't have to. Not as long as yours truly is in town.

HARRY MITCHELL,
Duluth Store, 18 E. Sup. St.

Suits or overcoats made to order for \$35.00 and \$35.00 equal to any other tailor's at \$30.00, \$40.00 and \$50.00. I guarantee perfect fit, latest style, best goods, linings and trimmings. I own and manage three stores, Minneapolis, St. Paul and Duluth. I employ the very best cutters, alterations and tailors, and my motto is "Satisfaction or No Pay." I give special attention to customers who live out of town as well as I do to any of my city customers. I have the very best class of materials, and I never fail to please. Out-of-town men can write me for samples and measurements. I can make clothes for men whom I have never seen just as well as I do for my city customers who come into the store. Please call in my store or write for samples. Minneapolis store, 310 Nicollet avenue; St. Paul store, 408 Robert street; Duluth store, 18 E. Superior street.

Yours truly,
HARRY MITCHELL.

ON THE IRON RANGES

HE THREATENED LIFE OF BAILEY

Homesteader Alleged to Have Tried Dietz Game on Lumberman.

Virginia, Minn., Feb. 16.—(Special to The Herald.)—John Wicks, a homesteader, living about four miles from Duluth, was arrested yesterday by Chief of Police Ellis Walsh and brought to this city. Wicks is charged with threatening the life of W. T. Bailey, head of the W. T. Bailey Lumber company of this city.

A hearing before Judge James P. Carey of the municipal court was held on the charge of \$250, which Wicks has not furnished.

The Bailey company had been hauling logs over the property owned by Wicks, and it is alleged that the latter had felled some trees across the road and stood guard with a gun against further infringement by the company.

Wicks happened upon the scene and was held up by Wicks at the point of a gun. Bailey came to the city and swore out a warrant for Wicks' arrest, with the above result.

TO NOMINATE TICKET.

Mass Meeting to be Held in Two Harbors March 2.

Two Harbors, Minn., Feb. 16.—(Special to The Herald.)—A mass meeting will be held in the opera house, Tuesday evening, March 2, to nominate candidates for mayor, city treasurer, and council members at large, and two justices of the peace, the city council last night having called such meeting.

The council also directed that meetings be held at precinct headquarters in the four wards of the city Wednesday, March 3, at 8 p. m., to place in nomination a candidate for alderman in each ward. The ward meetings will be held at the city hall in the First ward, at the North Shore hotel in the Second ward, at Patterson's paint shop in the Third ward, and at the Cortlandt hotel in the Fourth ward. Election booths will be placed in the voting places named.

The judges of election in the various precincts will be as follows: First ward, John Swanson; Second ward, J. C. O'Connell; Third ward, J. H. Spierbeck; Fourth ward, J. C. O'Connell. The judges of election in the various precincts will be as follows: First ward, John Swanson; Second ward, J. C. O'Connell; Third ward, J. H. Spierbeck; Fourth ward, J. C. O'Connell.

DR. CLEMANS TO PREACH.

Will Appear in Chisholm M. E. Church Feb. 28.—Chisholm Briefs.

Chisholm, Minn., Feb. 16.—(Special to The Herald.)—Rev. Dr. E. C. Clemans, district superintendent, will preach in Chisholm Sunday evening, Feb. 28, at the M. E. church. At the close of the service, the second quarterly conference will be held.

Mr. and Mrs. William Mitchell of Escanaba, Mich., visited at the home of Mrs. J. H. Spierbeck, Sunday night, Feb. 15, and left for Duluth on the morning of Feb. 16.

Mr. and Mrs. E. F. French have gone to St. Paul and Ortonville for a visit with relatives and friends.

EXTRA CREWS ARE BUSY THESE DAYS

Iron Range Road Shipping Much Timber--Two Harbors Notes.

Two Harbors, Minn., Feb. 16.—(Special to The Herald.)—Business in logs and pulpwood along the Duluth and Iron Range railroad appears on the increase, and many extra crews are being run out daily to keep traffic moving. Owing to the increase, it is now necessary to run an additional freight between here and Duluth daily.

The Duluth and Iron Range railroad is also furnishing from six to seven train loads of logs per day to the Algier-Smith, Scott-Graft and Red Cliff mills.

The thermometer registered 15 degrees below zero here yesterday morning and at points up the line from 35 to 40 below.

The Lake County Lumber company are getting out a large supply of cedar in the vicinity of York, for their summer cut at their mill at Stewart.

They expect to commence sawing shingles soon.

For the first time of the season, logs to any extent has now formed on the lake of this port, and a few inches in thickness and reaches several miles out.

D. A. Burke transacted business at Duluth Monday.

Emil Hunter has accepted a position with the Lake County Lumber company at Stewart.

The Duluth and Iron Range railroad will soon commence loading logs at Horby for the Algier-Smith company of Duluth.

The D. & I. R. has a work train running this week driving piles for the Cioquet river bridge at Brimson.

LUMBERJACK IS CUT TO PIECES

Falls Under Missaba Train at Virginia—Has Brother in Duluth.

Virginia, Minn., Feb. 16.—(Special to The Herald.)—Fred King, or as he is known here, Fred Roy, a lumberjack, who had worked for different lumber concerns, was instantly killed here last night about 7:30 o'clock when he tried to cross the Missaba train.

King was about 25 years old, unmarried, and is believed to have been a brother living in Duluth or that vicinity, and an effort is being made to locate him.

THREE COUPLES MARRIED.

High Old Jinks Among the Austrian Colony of Eveleth.

Eveleth, Minn., Feb. 16.—(Special to The Herald.)—The local Austrians had a grand time a day yesterday, when they celebrated the marriage of six of the prominent lights in the colony. The three marriages were performed by Rev. J. H. Spierbeck, at the Holy Family church.

Those who were married were John and Mary, Joseph and Anna, and Joe and Kate. The marriages were celebrated with the usual pomp and circumstance, and the ceremonies were very interesting.

The church was filled with friends of the participating parties and after the ceremonies, feasts and dancing were held, and the evening was very enjoyable.

MACHINE SHOPS BURNED.

Fire Does Extensive Damage at the Stevenson Mine.

Hibbing, Minn., Feb. 16.—(Special to The Herald.)—A fire destroyed the machine shops at the Stevenson mine of the Corrigan, McKinley company about six miles west of here, Sunday night, doing an estimated damage of \$15,000, fully covered by insurance.

The fire broke out in a small engine in the shops, some of which were removed and saved, but nothing was left of the building, but a mass of ruins. It is thought that the fire originated from a hot box in one of the engines.

DR. CLEMANS TO PREACH.

Will Appear in Chisholm M. E. Church Feb. 28.—Chisholm Briefs.

Chisholm, Minn., Feb. 16.—(Special to The Herald.)—Rev. Dr. E. C. Clemans, district superintendent, will preach in Chisholm Sunday evening, Feb. 28, at the M. E. church. At the close of the service, the second quarterly conference will be held.

Mr. and Mrs. William Mitchell of Escanaba, Mich., visited at the home of Mrs. J. H. Spierbeck, Sunday night, Feb. 15, and left for Duluth on the morning of Feb. 16.

Mr. and Mrs. E. F. French have gone to St. Paul and Ortonville for a visit with relatives and friends.

JURORS, SYMPATHIZING WITH ROGUE'S GALLERY WOMAN AWARD HER \$7,000 FOR SEVEN HOURS

San Francisco, Cal., Feb. 16.—A thousand dollars an hour for seven hours spent in jail is the compensation awarded Mrs. Angelle Hartzell, a local milliner, by the jury which has heard the evidence in the \$25,000 damage suit brought by Mrs. Hartzell against John D. Murphy, representative of a Chicago wholesale establishment.

Mrs. Hartzell was arrested in 1906 on a complaint by Murphy charging her with securing a bill of goods from him, under false representation. She spent seven hours in jail.

The complaint was dismissed, and Mrs. Hartzell filed suit for damages resulting from false imprisonment, asking \$25,000.

The jury awarded her \$7,000. The fact that Mrs. Hartzell's picture appeared in local papers with a number written across it, showing that it came from the rogue's gallery impressed the jury and inclined it in the woman's favor.

John Brezich Has Made Settlement With Late Employers.

Chisholm, Minn., Feb. 16.—(Special to The Herald.)—There will be no prosecution in the case of John Brezich, who was charged with the murder of his employers here and fled to San Francisco, as he has returned voluntarily and made good the shortage, and the incident has been closed.

Mr. Brezich did not come back on a warrant as erroneously stated in The Herald dispatch, but came on his own accord, and his employers, who accompanied him here, the amount of the money Brezich is alleged to have taken was \$700, of which he has brought about \$400 back with him.

As the money alleged to have been taken was paid back, and the charges, which he had left town, but he has many friends here who say that his difficulty was his first and was probably the result of associations not the best, and that in another field, he will not be doubted.

TO NOMINATE TICKET.

Mass Meeting to be Held in Two Harbors March 2.

Two Harbors, Minn., Feb. 16.—(Special to The Herald.)—A mass meeting will be held in the opera house, Tuesday evening, March 2, to nominate candidates for mayor, city treasurer, and council members at large, and two justices of the peace, the city council last night having called such meeting.

The council also directed that meetings be held at precinct headquarters in the four wards of the city Wednesday, March 3, at 8 p. m., to place in nomination a candidate for alderman in each ward. The ward meetings will be held at the city hall in the First ward, at the North Shore hotel in the Second ward, at Patterson's paint shop in the Third ward, and at the Cortlandt hotel in the Fourth ward. Election booths will be placed in the voting places named.

The judges of election in the various precincts will be as follows: First ward, John Swanson; Second ward, J. C. O'Connell; Third ward, J. H. Spierbeck; Fourth ward, J. C. O'Connell.

The rug is on the right, showing a fan-like pattern of hair segments. The text 'horse hair' is visible at the top left of the advertisement.

I Cured Rupture

I Will Show You How To Cure Yours FREE!

I was practically helpless and bed-ridden for many years from a double rupture. I wore innumerable different kinds of trusses and appliances. Some of these were torturous, some positively dangerous, and none would hold the rupture in its proper place. The doctor told me I could not expect to have it entirely healed unless I would consent to a surgical operation. I fooled them all, however, and cured myself completely and permanently by a simple method which I discovered. Anyone can use it, and I will gladly send the cure free by mail to anyone who writes for it. Fill out the coupon below and mail it to me today. I will send the cure by return mail, postpaid.

Free Rupture-Cure Coupon

CAPT. W. A. COLLINGS, Box 500, Watertown, N. Y.

Dear Sir: I wish you would send me your New Discovery for the Cure of Rupture.

HOLD DELAYED INQUEST.

Examination Into Deaths From Calumet Fire Tuesday Evening.

Calumet, Mich., Feb. 16.—(Special to The Herald.)—The inquest into the deaths of the four victims of the fire which partially destroyed the three-story brick Blum block on Pine street, Red Jacket, Jan. 6, will be held in the office of Coroner William T. Fisher this evening. The witnesses requested for the inquest have before been unable to appear. Mrs. Fred Curtis has been suffering from an injured ankle, hurt during the fire.

It will be remembered that the wife and adopted daughter of Douglas Bolton of Calumet and the two children of Mr. and Mrs. Fred Curtis were killed during the fire, the Bolton women leaping from a second story window and dying, and one child being burned and smothered to death.

Mrs. Curtis and brother of Bolton's also leaped, but were not fatally injured. The inquest is to be a thorough one.

C. R. Kluger, the Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so badly troubled that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Sold by druggists.

CRACK IN THE LIBERTY BELL IS GROWING LARGER.

Philadelphia, Feb. 16.—The discovery that the crack in the Liberty bell has extended seven inches beyond its original length, caused the starting of another movement to prevent the proposed trip of the old relic to the Pacific coast. The second crack extends almost to the top of the bell, and any sudden jolt may cause the bell to split in half.

WEAK PEOPLE NEED A TONIC

Strength for the Day's Work Depends Upon Good Red Blood to Nourish the Body.

There are thousands of people, who are without ambition or strength to do their day's work and who are always tired out, have but little appetite and a poor digestion, cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness because their blood is impure.

Dr. Williams' Pink Pills give quick relief and permanently cure such men and women because of their direct action on the blood, which they purify and build up to its normal strength. As the blood becomes pure and red it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting the food and repairs the waste caused by growth and work. In a word it gives perfect health.

The usefulness in every family of a safe and effective tonic is shown by the following statement of Mrs. A. B. Gates, of No. 807 East Second street, Duluth, Minn.

"I suffered for over a year," she says, "from general debility, which was brought on by overwork. I had no ambition to do any work and the least exertion used me up. My appetite was poor and I was very nervous at times. I could not get a good night's rest. I was often confined to bed for a day or so and certainly felt miserable."

"I doctored with local physicians for a time but did not get any help from their medicine. I heard of Dr. Williams' Pink Pills through a friend and gave them a trial. They soon gave me strength and I was able to do my work. I have since kept the pills in the house and recommend them highly."

Dr. Williams' Pink Pills are not like ordinary medicines. They do not act on the bowels but they may be said to actually make new blood. In this way they reach many diseases caused by depraved or vitiated blood and they have cured severe cases of rheumatism, sciatica, nervousness, St. Vitus' dance and have accomplished marvelous results in partial paralysis and locomotor ataxia.

All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

OPPOSED TO SUBSTITUTE

Aldermen Want the Original Public Utilities Bill Passed.

Effort Made to Prevent Overloading of Horses on Avenues.

WHAT THE COUNCIL DID.

Adopted resolution asking St. Louis county legislators to work for public utilities bill offered by Duluth, and to work against substitute.

Upon motion of Alderman Moore, directed City Attorney Wilson to see if a practicable ordinance designed to prevent overloading of teams on Duluth hills can be drawn up.

Passed an ordinance providing for the placing underground of wires on Superior street from Second avenue east to Twenty-fifth avenue west.

Vacated certain streets in vicinity of Twenty-fourth avenue east and Greysolon road so the ground might be improved by private interests.

Adopted resolution putting council on record as being opposed to proposed repeal of act entitling for tuberculin test of cattle in Minnesota.

The council last night adopted a resolution, the sense of which was that the city should exert every effort to secure the passage of a public utilities bill of the nature of one drawn up by City Attorney Wilson, and urging the defeat in the legislature of a substitute bill which, according to the report of the special legislative committee, would injure rather than benefit Duluth.

Aldermen McKnight and Shartel, members of the legislative committee, who recently went to St. Paul and appealed to St. Louis county legislators to secure a passage of the desired bill, charged these men with inconsistency, and said that where they claimed to be in favor of it before election, they now appeared to be opposed to it.

The general object of the public utilities bill is to allow Duluth the right to acquire and operate her own electric light plant. According to the report of the committee, City Attorney Wilson, since the trip to St. Paul, received the commendation of the secretary of the St. Louis county delegation asking a repeal of the bill so that it would apply only to electric light plants in Duluth. Mr. Wilson regarded the bill in connection with the first request but on constitutional grounds he said that he could not support the intent of the measure as to the second farther than to confine the operations of the bill to Duluth and its vicinity.

Another substitute bill was offered without the knowledge or consent of Duluth which the legislative committee report says:

"There is a bill which some members of the delegation have expressed their intention of supporting. This bill should be opposed by the council because it gives the city no additional power for acquiring public utilities and places the present water and light plant under the control of the railroad and places the same in the hands of a commission and in effect repeals some of the most valuable and salutary provisions of the charter."

The resolution adopted by the council asks the St. Louis county legislators to support City Attorney Wilson's second bill and to do all they can to defeat the harmful substitute. Alderman McKnight advised the city to watch the legislation closely.

Alderman Moore made a motion that City Attorney Wilson be instructed to see if anything can be done in the way of an ordinance to govern the size of loads for wagons and sleighs on Duluth hills. He said the proposition was a hard nut to crack, but he believed some measure could be adopted setting a maximum weight on loads for teams. He spoke of how the horses are overloaded every day on Duluth hills and said something should be done about it. His motion carried.

The committee on viaducts and bridges recommended that the board of public works be directed to revise the schedule of the aerial bridge so that not more than one round trip shall be made every twenty minutes, and that the board also be directed to have a gasoline engine installed upon the bridge for supplementary motive power, also that two life boats be attached to the car for use in an emergency.

The report states that while the committee resists the expense of operating the bridge, it recognizes the necessity of it and regular service, and asks that the board of public works be directed to pay in future attention to the safe operation of the bridge, even at the risk of delay to the passengers. The report will not be acted upon until next Monday evening.

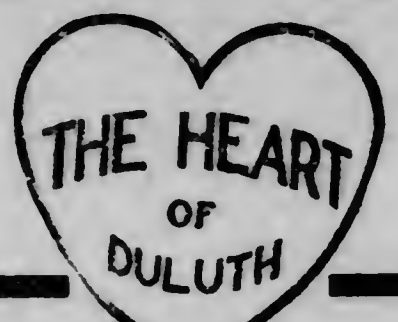

The council by request adopted a resolution placing the aldermen upon record as being opposed to the proposed repeal of the act providing for a tuberculin test of cattle in Minnesota, and as being in accord with the act now in existence, providing for such a test.

The council voted to order vacated Branch street between Twenty-third and Twenty-fourth avenues east, and Twenty-fourth avenue east between Superior street and Greysolon road. The committee on streets, alleys and sidewalks reported that a meeting was held after its adjournment had been adjourned to allow a hearing on the proposition. No one appeared to protest against the vacation of the streets, and there was no opposition last night. The city is properly protected in regard to sewerage, water and gas pipe rights, etc. The vacation of the streets, it is understood, is to allow the carriage out of a plan for a palatial private residence, to be built by one of Duluth's leading financiers.

Sixth and vista streets from Waldo street to Woodland avenues were ordered paved, in accordance with a recommendation of the board of public works, and condemnation proceedings were ordered started on the Sunday which will have as its purpose the establishment of an easy grade for teams out of Duluth to the country over the hills.

The committee on finance reported relative to the tendency of certain departments to exceed their appropriations and to draw provisions of the charter apply for such a situation, and that the responsibility rests with the conference committee and the city comptroller. The city comptroller was directed to submit to each department a statement when it oversteps its monthly allowance.

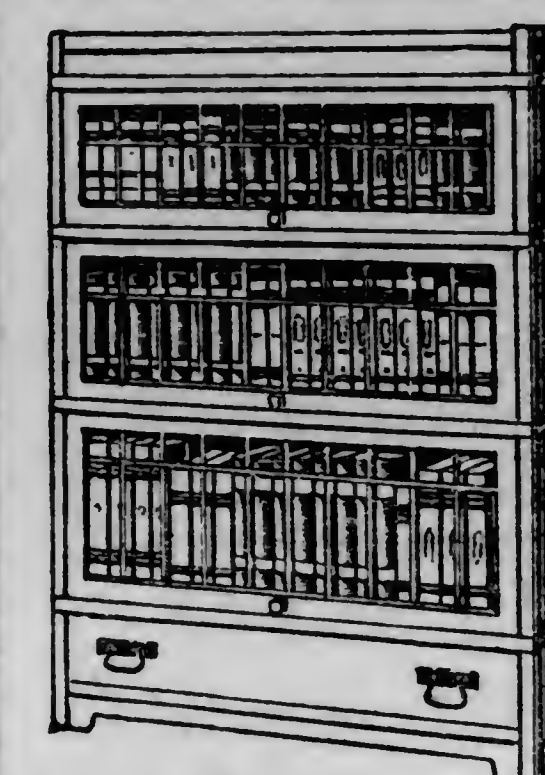

All wires on Superior street, between Second avenue east and Twenty-fifth avenue east, and in Second alley, from

F.S. KELLY FURNITURE CO.

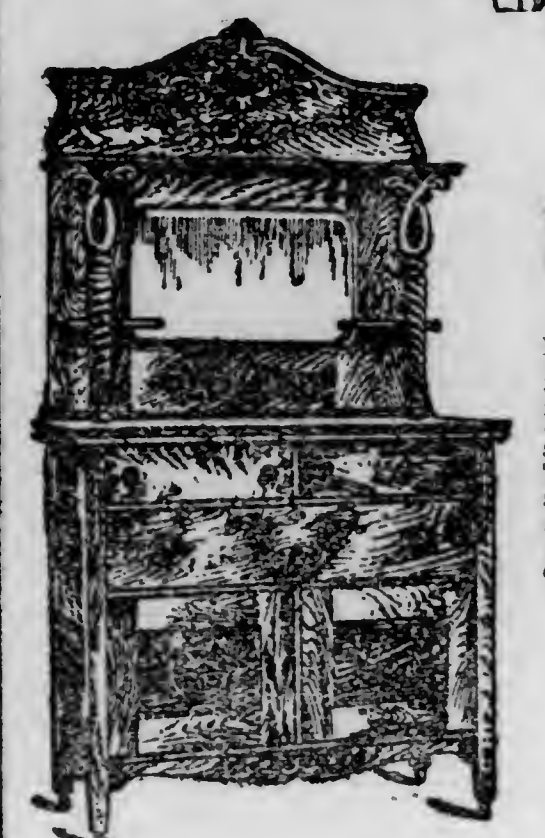

226-228 WEST SUPERIOR ST.

We Furnish Your Home Complete on Easy Payments

Globe Wernicke Bookcase

The one-unit-at-a-time idea. All you need to start your library is one glass door unit, a top and base. You can add others as your books increase. The Globe-Wernicke bookcases are not confined to one style or finish. We have them in all the newest and standard finishes and you are sure of always getting another unit when you want it. We sell them at factory prices.

You may find some carts that are cheaper than the various styles of ALLWINs, but remember, please, that you always get just what you pay for. If you want a cheaply constructed cart, you can get them; but if you want the best there is, get the ALLWIN.

See Our Special ALLWIN Complete with Hood at \$6.50

Cut Shows Cart Folded.

Terms \$1.00 Per Week.

Stewart Ranges

There are more Stewart Stoves and Ranges in use in Duluth and vicinity than any other make. The Stewart steel range is undoubtedly the best steel range on the market today. It has all the good features of other makes without any of their faults. It will more than repay you to come in and see our display. Remember, we'll take your old stove or range and allow you all it is worth as part payment on a Stewart.

EXTENT OF DEPOSITS

Trillions of Tons of Low Grade Ores in Sight.

Would Keep 300,000 Miners Steadily Employed for Years.

The Ishpeming Iron Ore publishes the following statement by a competent authority who presents new and surprising figures upon the extent of our iron ore deposits:

George J. Maas of Negaunee, Mich., is one of the best informed men on the iron ore deposits of the Lake Superior region we know. He has devoted many years of his life to a study of our iron ore bearing formations, has estimated them with diamond drills, he being one of the extensive operators in this line of exploration. He discovered the famous Maas mine of Negaunee basin now being operated by the Cleveland-Cliffs Iron company, located ores in the Menominee district, and is now engaged in putting deep holes into the rocks to the westward of

Ishpeming. He has an eye for "like-like" places, and his success demonstrates the truth of the statement. He has found merchantable ore in quantity in his recent work, and has demonstrated the value of paying deposits where many have believed they did not or did not exist. J. B. Maas, father of George J., was for many years operator of the mines at Humboldt, this county, and the boys of the family were well schooled in the mining business, gaining a varied and practical experience, which they have since combined with splendid technical training, so their equipment is of the very best.

Mr. Maas has evidently been reading some of the talks on the conserving of the iron ores of the United States, and hastens to take issue, as do many others, with the statements of those who insisted that a comparatively short time would see the end of the mines of this country. These pessimistic statements have undoubtedly had some effect upon the members of the ways and means committee, who have been seeking information on the iron ore subject with much persistence.

Under date of Feb. 6, Mr. Maas writes us as follows:

"George A. Newett, Ishpeming, Mich.—Friend Newett: I have been doing a little figuring on low grade iron ores running 30 per cent and above in the Ishpeming and Negaunee basins, including the Cascade range. On a very conservative estimate I find 30,000,000,000 tons (thirty billions). Computing a miner at 1,000 tons per year, this would mean steady work for 30,000 miners for 1,000 years.

"Figuring that all the Minnesota, Wisconsin and Michigan ranges contain 100 times as much as this small part of the Marquette range, we would have 3,000,000,000,000 tons of low grade ores or enough to keep 300,000 miners steadily employed for 10,000 years.

"I believe my figures for all the

ranges combined will stand doubling several times over.

"The quicker the high grade ores are used up the better for the workman, as it means more labor all around."

"Every ton of iron ore imported into our country robs our fuel supply and conserves the fuel supply of the foreigner. Your truly."

"GEORGE J. MAAS."

The figures above presented by an authority so good as the writer, will be a great revelation to many people who have been thinking our ores are very nearly exhausted. That 300,000 miners could be steadily employed for 10,000 years to mine out these low grade deposits is a statement that is entitled to consideration on the part of those who have led themselves into thinking that we are on the verge of a great iron ore famine, and if there is any doubt concerning the tonnage as given by our neighbor we respectfully ask that they place themselves in communication with Mr. Maas.

BACK FROM CINCINNATI.

C. C. Cokefire Interested in Gas and Electric Company in Ohio.

C. C. Cokefire, president and general manager of the Great Northern Development company, returned yesterday from a business trip to Cincinnati. Mr. Cokefire is interested in the Columbia Gas & Electric company of Ohio. Charles P. Tait, brother of the president-elect, and other leading business men of Cincinnati, are interested in the company. It is a \$15,000,000 corporation controlling the principal heat and light companies of Cleveland, Cincinnati, Newport and Covington. It owns about 200,000 acres of natural gas lands, and at the present time a \$2,000,000 pipe line from the natural gas fields of West Virginia is under course of construction, which will result in the lighting of Cincinnati with natural gas.

And many other painful and distressing ailments from which most mothers suffer, can be avoided by using Mother's Friend. This remedy is a God-send to expectant mothers, carrying them through the critical ordeal with safety. No woman who uses Mother's Friend need fear the suffering incident to birth; for it robs the ordeal of its dread and insures safety to life of mother and child, leaving her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book containing full information will be sent free by writing to BRADFIELD REGULATOR CO., Atlanta, Ga.

Sole Sellers of Knapp-Felt Hats and of Hatan Shoes.

A BROKEN SKI CUTS BOY'S HEAD

Melvin Stephen Hurt While Engaged in Favorite Sport.

Melvin Stephen, son of Mr. and Mrs. William Stephen, of 81 East Third street, received a long, deep laceration on his forehead while skiing yesterday afternoon. The wound bled freely, but there was no serious result. The boy was sliding down a hill in the backyard at his home, when the ski caught him in the back of the head and cut the skin for several inches.

Ski Tournament at Ishpeming Feb. 22

The South Shore will apply round trip rate of \$2.50 for the event. Tickets on sale Feb. 19th, 20th and 21st. Return limit Feb. 24th.

SURVIVES TWO WARS ONLY TO BE KILLED AT LAST BY TRAIN.
Ventura, Cal., Feb. 16.—Capt. Andrew Jackson Comstock, a well-known figure in the history of the Mexican and Civil wars, was killed last night by a southbound overland train, while walking on the railroad bridge near Moor Park, Capt. Comstock was 80 years old. He came to California in 1864, engaged in mining and later returned to Iowa. He had been spending the winter in California. He leaves a wife, two children and a large number of grandchildren in this country and a widow and three children in Iowa.

DOWNWARD COURSE

Fast Being Realized by Duluth People

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders quickly follow. Diabetes and finally Bright's disease. This is the downward course of kidney ills.

Don't take this course. Follow the advice of a Duluth citizen.

Thomas G. Thompson, 624 W. Second street, Duluth, Minn., says: "I was in poor health for several months and I suffered a great deal from pains in the small of my back. I had often heard Doan's Kidney Pills recommended as a cure for such trouble and believing that my kidneys were disordered, I decided to try this remedy. After using one box my health was improved in every way and since that time I have no further need of a kidney remedy. As I have found that Doan's Kidney Pills live up to the claims made for them, I do not hesitate to give this endorsement."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., Retailers for the United States.

Remember the name—Doan's—and take no other.

PLANT SEEN BY CUMMINS

New Senator Denounces Provision for Buying of Powder.

Declares It Really Plays Into the Trust's Hands.

Washington, Feb. 16.—Senator Cummins of Iowa has been heard from again.

The house provision in the naval bill that no part of the appropriation for powder be paid to any trust or monopoly, "except in the event of an emergency," was the subject of considerable criticism in the senate. That was the subject of considerable criticism in the senate. That was the subject of considerable criticism in the senate.

Senator Stone suggested that the Du Pont powder company was the only source from which powder could be obtained.

Senator Cummins said that the powder trust is the sole source of the powder used by the government.

Senator Cummins said that the powder trust is the sole source of the powder used by the government.

COUGHED ALL NIGHT

Till This Recipe Was Tried. Cure Followed in 5 Hours.

A prominent medical man, who suffered with a severe cough and cold on the lungs, often being kept awake all night, and weakened by loss of sleep, finally discovered a sure formula which will cure any cough in five hours by the clock. It is a laxative tonic cough syrup which can be made at home by anyone and the formula is here given for the benefit of those who have sleepless nights in painful paroxysms. Those who have tried it say it is magical, and beats any high priced, slow acting cough medicine ever sold. Mix in a bottle, one-half ounce fluid white cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Take twenty drops every half hour for four hours. Then take one-half to one teaspoonful three or four times a day. Give children less according to age. This will once up and rid the system of deep-seated coughs every time.

BURYING ECZEMA QUICKLY SPREAD

Started Like Ringworm on Hand—Hand Swelled and Then Humor Spread to Arms, Legs and Face—It Was Something Terrible.

Prescriptions failed: CUTICURA CURED HIM

"I have used the Cuticura Remedies for a very bad case of eczema with complete success. About fifteen or eighteen years ago the disease developed in the shape of a large pinhead on top of my hand. It burned and itched so much that I was compelled to show it to a doctor. He pronounced it a ringworm and made very light of it. He gave me a wash and told me to apply it before going to bed and to wash it off in the morning. But the next morning my hand was all swollen up and I poulticed it. When the doctor came to see me he showed him the hand and to my surprise he told me that he had never experienced such a case in his practice and that it was not a ringworm. After trying his different remedies the disease increased and went up my arms and finally to my thighs and legs generally and finally on my face. The burning was something terrible. After I had tried this doctor, as I thought, long enough, I went to another doctor who had the reputation of being the best in town. He told me it was a case of eczema and that it would take quite a while to cure it. His medicine checked the advance of the disease but no further."

WOULD MEET WHITEHEAD

George Gunther Willing
to Give Weight Away
for Match.

Learned the Game in
Australia and Says He
Can Fight.

Walter Whitehead, the big black man who has been cleaning up all the fighters and near-fighters heretofore in the last few months, need not lapse into inconspicuous desuetude for want of opponents on whom to exercise his pugilistic abilities. From present indications, Walter will be very busy during the next few months defending his title from persistent aspirants. He says that's just what he's looking for. Whitehead just does on swinging those long arms in the direction of some other bunch of fighting anatomy. The latest claimant for honors in the ring with Whitehead is another of his own race, one George Gunther. George blew in from the East yesterday, and two went out on a search for Whitehead's scalp. Gunther says he hails from Australia, and he learned the lift and bang game in the antipodes. He disclaims all guilt of any of the sourness that made Bill Smith's weight in at 155 pounds, but he is open to meet any man in the Northwest at any weight he likes. Whitehead, who weighs in at 165 or 170, is not barred—what more, he has preferred 350. Gunther and Ulrich, who has undertaken his management, are ready to post for a fight with Whitehead, or anybody else to go as a sidekick on a meeting.

Curly Ulrich is looking fit after his battle with Andy McFadden, at Bover, Saturday night. He says McFadden wore him down some in the early rounds, but he was never in danger. Now he is ready for another fight with anybody, and while looking around for prey for Gunther's wiles, he is not averse to speaking a word for himself. The whisper that Gunther is not the only one with whom Whitehead will be called upon to deal, if he would retain the fame and station he has attained through his successes of the last few months. The Hibbing sports, who brought Ulrich to Duluth, and the stockyard district to take the measure of the Gungah, would like to have him fight to avoid a knockout, have now dropped on to another "fun" known as Whitehead. Down in the Copper country of Michigan, they have a man named Ulrich, who would like to fight with the speedy Duluthian, and that match will probably be arranged in the meantime. Whitehead is keeping his muscles loose and his frame hard, and when the occasion is right he will be hand to deliver the goods he is known to keep in store.

NEW HORSES FOR DULUTH TRACK

Frank Frerker Adds Two
Colorado Horses to
His String.

Two new racing horses have been added to Duluth's already long string. Bob Cherry, who drives for Frank Frerker, returned to the city yesterday from Denver, Colo., with William McKinley, a trotter, and Goldberg, a pacer. The horses are both young and, as yet, it is unknown what catches they will be able to make. They were purchased from Mr. Frerker's brother, who owns a racing stable in Colorado city. Cherry took Little Jim to Denver when he went some two weeks ago, and returned with the little horse's future home.

McKinley is not as fast as Little Jim, but it is said that he will develop speed later in his career. Mr. Frerker will probably soon acquire some of the other local horses.

HORSEMEN WILL INVADE MEXICO

Racing Game to be In-
troduced Across the
Border.

New York, Feb. 16.—With horse racing in California probably on its last legs, Thomas H. Williams, owner of the Oakland track and other coast promoters are going in for racing in Mexico on a large scale, and from present indications the sport will be inaugurated there next winter. Matt J. Winn, J. G. Young and Alberto Terrazas are now in the City of Mexico representing the American syndicate which Williams and his friends are identified. Terrazas is one of the most prominent men in the Mexican republic and will try to settle the dispute between the race track men and the government officials relating to a twenty-year commission. It is said that there is a slight hitch in the negotiations because Vice President Corral thinks that the concession is granted to a shorter concession would justify the Mexican government in not \$500,000 in building a course. To those unfamiliar with conditions in Mexico it appears that it will require a few years to educate the people to high-class racing and will entail the spending of a tremendous amount of money. Col. Winn says that if the concession is granted the syndicate will have the new Condessa track, which is within the limits of Mexico City, completed by the first of

September. The races will be run on the turf. The state of Chihuahua, in which is located the city of Juarez, across the Rio Grande from El Paso, has already granted a twenty-year concession for racing and work on the track there will be begun immediately. Should the circuit be formed with Mexico City as the chief center, there will be tracks built at Monterrey, Guadaluajara, Guanajuato and one or two other points.

That ski riding has all other winter sports near by, was proven Saturday, when \$1,500 was taken in at the Duluth ski club.

Secretary Borgen of the club says that this amount was taken in, and that it will more than pay the club's total expenses for one year. The club has been on account of the fact that last year's scaffolding blew down, and it was necessary to build another. Not only was a new slide erected, but the officers improved the grandstands, and a great future for the sport is predicted. The club will pull off a number of local tournaments before the end of the season and they promise to give Duluth people what they desire in the ski riding line.

THE BOWLERS ARE VERY BUSY

Indulging in Regular
Practice for the St.
Paul Tournament.

The First National Bank bowling team took two out of three from the Pitfalls last night on the Central alley. Schulz of the Nationals got the high score by rolling 232, and the high average also went to him, with a score of 204.

The Columbus took three straight games from the Big Duluth team on Saturday night. The Nationals got the high score by rolling 222, and the high average also went to him, with a score of 206.

Detailed scores of all the games follow:

First National Bank	Big Duluth	Columbus
Vorke 161	149	177
Dumny 189	142	207
Shultz 189	142	207
McFadden 125	138	188
McFadden 125	138	188
Pettit 119	138	188
Handicap 77	138	188
Totals 870	838	986
Average 174	168	197
High 232	192	204
McFadden 125	138	188
G. Olson 113	152	160
Burke 139	142	161
McFadden 125	138	188
S. Olson 206	211	158
Handicap 14	14	18
Totals 850	943	874
Average 170	189	175
High 206	211	158
Otterson 174	201	187
McFadden 125	138	188
Lindfors 149	142	161
McFadden 125	138	188
McFadden 125	138	188
McFadden 125	138	188
McFadden 125	138	188
Totals 864	879	810
Average 173	176	162
High 206	211	158

CLOSE BASKET BALL GAME.

Carpenter Alumni of Superior De-
feat St. Clements' Team of Duluth.

By a score of 18 to 15, the St. Clements' basketball team was defeated last night by the Carpenter Alumni team of Superior.

The game was fast. The teams alternated in the lead, and it was not until the final buzzer sounded that the winner could be determined.

Schultz of the St. Clements' team played the star game for his team and Murray of the Superior aggregation also starred.

The teams will meet soon again.

ATTELL WILL MEET DRISCOLL

Featherweights Finally
Agree to Fight It Out
Friday Evening.

New York, Feb. 16.—Agreement was finally reached yesterday for a ten-round bout between Abe Attell, champion featherweight of the world, and Jim Driscoll, featherweight champion of England. Friday night at the National Athletic club. A match had previously been arranged but the fighters balked on the morning of the fight. After an argument yesterday it was agreed to weigh in at 125 pounds at 6 o'clock Friday and each fighter posted a forfeit of \$500 in case he fails to make the weight.

St. Paul Men in Lead.

St. Paul, Minn., Feb. 16.—Two new leaders cropped up in the international league tournament here last night when Yost and Miller of St. Paul went into first place in the doubles, with a score of 1,125, and W. Pattle of Minneapolis took first place among the individuals, with a score of 555.

The man who does not advertise because it costs money should quit paying rent for the same reason.

THREE NOW IN THE RACE

Contest for Amateur
Hockey Championship
Growing Warm.

Northerns Defeat Bryants
in a Fast, Clean
Game.

Club—How They Stand.
Lester Park 1 1 750
Bryants 2 1 667
Northerns 3 1 667
Fairmounts 1 2 333
Northerns, 2; Bryants, 0.

In one of the fastest hockey games ever witnessed on the ice of the Central rink the Northerns last night defeated the Bryants by the above score. By winning this game they tied the Northerns and Bryants for second place. The Lester Parks are still in the lead.

The Northerns and Bryants have still to meet the tailenders and as neither one has had any difficulty so far in getting away with these contests, it is likely that all three teams will be there for first place.

The contest last night was the cleanest as well as the fastest game played in the history of the Central rink. The Northerns played good hockey and kept right after their opponents all the time, but it was a superior article of the Canadian game that the Northerns were slipping out last night and they won on merit.

The largest crowd of the season was out to watch the contest and both teams had in the crowd many admirers. The line ups were as follows:

Northern Juniors—Bryants—S. McFadden, left wing, Hammerberg, right wing, center, Blaise, McFadden, right wing, Johnson, center, Johnson, left wing, Holgate, point, Childs, Fechtman, goal.

BILLITER IS EASY FOR HATLEY

Local Billiard Expert De-
feats Minneapolis Man
300 to 208.

W. F. Hatley, the local billiard player, won his first game of 300 points in the 1,800-point 14-2 balk line billiard match with Frank Billiter of Minneapolis at the St. Louis hotel billiard rooms, before a large and enthusiastic audience last night.

Hatley scored his 300 points while Billiter was getting 208. Hatley's high runs were 84 and 36. Billiter's high runs were 48 and 36. Hatley's average was 10 and Billiter's was 7.

The match played last night was the first one Mr. Hatley has entered for a number of years, and to those of us who were who were afraid he had grown a bit rusty, his play last night was a revelation.

The men are playing a game this afternoon and they will play another tonight.

CANADIANS WIN INTERNATIONAL

Hall of Duluth Badly
Beaten by Bolton of
Minnedosa.

Winnipeg, Feb. 15.—Yesterday afternoon play started in the Tuckett, Hall and Smith of Duluth being pitted against Sparline and Bolton of Minnedosa. The game was a close one, but in the end the Minnedosa rink, which was due entirely to the fact that Sparline was out of the game, won by a score of 10 to 2.

The Chicago and New York Nationals, will make a report early in the session. President John A. Brush is the chairman of the committee, but he will not be able to attend the meeting of the nationals, which was yesterday afternoon and they will meet here today.

Barry Wins on Points.

New Orleans, La., Feb. 15.—Dave Barry of Chicago won on points in a ten-round bout with Sammy Phillips of New Orleans at the Southern Athletic club here last night.

'Varsity Captain Resigns.

New Bedford, Mass., Feb. 15.—William Rottch Cheverance, captain of the Harvard 'varsity boat crew, has resigned the position of captain of the crew. He has been suffering from a rheumatic affection of the heart. Dr. Carr Cutter, 99, was yesterday elected to succeed Cheverance. Cutter

BASEBALL MEETING ON

Those Who Control the
National Game Throng
Chicago.

Inside Men Expect Some
Exciting Discussions to
Take Place.

Chicago, Feb. 16.—The annual spring sessions of the American and National leagues opened here today with an avowed conviction on the part of owners, managers and players from all parts of the United States that some exciting discussions are to take place before the sessions close, which probably will be on Thursday.

After the schedules have been adopted, the clubs will start on their annual training trips, preparatory to the opening of the regular season. Outside of business pertaining to schedules, there is much interest in the report of the committee appointed last fall by the National league to investigate the reported attempt to bribe umpires Klem and Johnston, at the time of the famous tie game between the Chicago and the New York teams.

Some animated discussion is also expected to arise over alleged differences between President Harry Pulliam of the National league and President Murphy of the Chicago National club. Just before the two leagues got into session the National baseball commission met.

Owners, managers, and players thronged the lobby of the Auditorium Annex during the day and every aspect of the situation was discussed. Those most prominent in councils of the National commission who arrived during the day were: President George Dwyer of Boston National team; manager Frank Bowser of the same aggregation; Manager William Murphy of the Philadelphia National league club; George Stallings, the new manager of the New York American league club; Secretary Banard of the Cleveland American league club; Thomas Noyes, president of the Washington American league club; Stanley Robinson, president of the St. Louis National league club; Breshnahan, the new manager of the club; Thomas Chivington, business manager of the Louisville team; Secretary Robert Quinn of the Columbus club; Thomas Noyes, president of the Washington American league club; Hugh Duffy, manager of the Providence club of the Eastern league; F. T. Powers, president of the Providence club and former president of the National association of minor leagues; George Leland, owner of the Philadelphia Nationals and president of the three league; John Hendricks, manager of the Fort Wayne team of the Eastern league; John McCarthy, manager of the Springfield team of the Three I league, and Charles White of the Chicago Nationals, who has been a constant attendant at the National and American league meetings within the memory of baseball enthusiasts.

The opening session will be held this afternoon and the adopting of schedules will be the most important business under consideration at that time. The committee appointed last fall to investigate the reported attempt to bribe umpires Klem and Johnston at the time of the famous tie game between the Chicago and New York Nationals, will make a report early in the session. President John A. Brush is the chairman of the committee, but he will not be able to attend the meeting of the nationals, which was yesterday afternoon and they will meet here today.

Barry Wins on Points.

New Orleans, La., Feb. 15.—Dave Barry of Chicago won on points in a ten-round bout with Sammy Phillips of New Orleans at the Southern Athletic club here last night.

'Varsity Captain Resigns.

New Bedford, Mass., Feb. 15.—William Rottch Cheverance, captain of the Harvard 'varsity boat crew, has resigned the position of captain of the crew. He has been suffering from a rheumatic affection of the heart. Dr. Carr Cutter, 99, was yesterday elected to succeed Cheverance. Cutter

Pietri Beats Three.

Louisville, Feb. 15.—Dorando Pietri of the American thirty-three mile local runners in this city last night. His Marathon in this city last night. He was defeated by three runners, former end on Carlisle, Lawrence and Bean relayed each other. Bean hung on to the end. The others quit.

Ball Player Fined.

Cincinnati, Ohio, Feb. 15.—A fine of \$200, which \$150 was suspended, was assessed against Player Mike Kahoe of the Cincinnati American league team, by the National baseball commission, yesterday for playing against a Chicago outcast team. On payment of \$50, Kahoe will be reinstated.

Advertise continually—the longer you keep your name before the public the more returns you will get for every dollar expended.

CONSERVATION CONFERENCE

Canadian and Mexican
Delegates Meet at Wash-
ington Thursday.

Washington, Feb. 16.—The program of the North American Conservation conference which opens in Washington on Feb. 18, has been completed and the main features of it have just been made public. This president will receive the Canadian and Mexican commissioners at 10 o'clock on Thursday morning in the East room of the White House. The members of the cabinet and of the national conservation commission are to be present. The president will be presented to the president by Secretary of State Bacon. This session will be held in the morning and will be taken up with formal addresses of welcome from the Canadian and Mexican commissioners. The afternoon session will take up the work in earnest. It is expected that the sessions will continue the remainder of the week.

The evening of the foreign delegates will be very fully occupied with various social functions that have been arranged by their counterparts and government officers in Washington. The personnel of the delegations from Canada and Mexico guaranteed the accomplishment of real results from the conference, for all the members are experts in the natural resources of their countries.

The foreign representatives of the Hon. Sidney Fisher, minister of the interior of the Dominion of the Hon. Clifford Sifton, ex-minister of the interior, under whose administration many of the regulations concerning the use of Canada's resources were adopted, and Dr. Henri St. Jean, a member of the Canadian parliament, who is a well known authority on these subjects. The Canadian delegation will also be accompanied by Robert E. Young, land expert in the Canadian department of the interior, who will act as its secretary.

To represent Mexico, President Diaz has sent Romulo Escobar, Manuel A. De Quevedo, and Carlos Serret. Escobar, who leads the delegation, is one of the foremost authorities in Mexico on the agriculture of the country. He has been at different times minister of the department of agriculture and he has been a member of the cabinet. With his brother, he edits the farm paper El Agricultor Mexicano, and he presented a paper "Agriculture in Mexico" at the time of the St. Louis exposition. Senor de Quevedo is the present minister of forestry.

Chamberlain's Cough Remedy the Most Popular Because It Is the Best.

"I have sold Chamberlain's Cough Remedy for the past eight years and find it to be one of the best selling medicines on the market. For babies and young children there is nothing better in the line of cough syrups," says Paul Allen, Plain Dealer, La.

This remedy not only cures the coughs, colds and croup so common among young children, but is pleasant and safe for them to take. For sale by all druggists.

Digesto

MALT EXTRACT
For the Nursing Mother

The mother's health and strength are of vital importance during the nursing period. Digesto Malt Extract is a highly concentrated, pre-digested liquid food, which has not only the power to digest other foods, but also to create new rich blood, and fatty matter necessary to the formation of a strong-giving milk.

MINING STOCK NEWS

The second issue of which will be on sale at all news stands, and at the office of the paper,

218 WEST SUPERIOR STREET.

Saturday morning next, February 20th, will have some news that cannot be found in any other publication in the country.

It will have a story of one company, in which a large number of investors in this vicinity are interested, that is certain to be a big producer before we celebrate the nation's birthday again.

Don't miss it. Send in your order now with 5 cents in stamps, or better yet, send \$2 for a year's subscription—a year's subscription means an investment of less than 2 cents per week, and it is more than likely to be the means of making a saving of hundreds of dollars for you.

We have been fortunate enough to secure the services of the news editor of the Butte Miner as correspondent of Mining Stock News. He will telegraph us the latest developments in the Butte camp just before we go to press. Here is Mr. Keith's acceptance received by us last night:

This assures us of the best and most accurate information from Butte. It's worth hundreds of dollars to you.

THE WESTERN UNION TELEGRAPH COMPANY.

NO SOCIALIST

The Socialists claim justly that every man is entitled to the full product of his own labor. But Nature does not insist on her rights. A man may enjoy the product of his own labor, and then Nature is willing to throw in her own time and effort free. Seems though anybody ought to be smart enough to take advantage of such a willing servant. She earns at least a profit from the use of her own labor, and she is not to be trifled with. The land costs only \$10 an acre.

THIRTY-TWO ARE SAVED

Rescuers Dig for Victims of English Mine Explosion.

Flames Nearly 1,000 Feet Underground, Shot Above Surface.

New Castle, Eng., Feb. 17.—After rescue work had progressed all night in the shaft of the colliery at West Stanley, where a disastrous explosion occurred yesterday afternoon, entombing nearly 200 men, the mine was cleared as far as the second level, where thirty-two men were found alive this morning.

Most of them, however, were severely injured. The force of the explosion was so terrific that, although the upper level where it occurred was 840 feet deep, flames leaped fifty feet above the pit mouth on the surface.

NAVY SURGEON PUT ON TRIAL

Solution Used on Midshipman's Eyes Held Too Strong.

Washington, Feb. 17.—Surgeon Francis S. Nash, recently detached from duty at the United States naval academy, appeared before a general court-martial at the Washington navy yard today for trial on charges growing out of the alleged improper treatment of Midshipman H. V. Stephenson.

Stephenson had a severe attack of granular eye last December and was treated professionally by Surgeon Nash. It is alleged that the surgeon used a strong solution of nitrate of silver on the affected parts and injured the eye ball to such extent that the vision was jeopardized.

KILLED GOING TO A DANCE ON A HANDCAR.

Marshalltown, Iowa, Feb. 17.—C. M. Hobbs of Ringsted, Iowa, was killed and five others were seriously injured while riding on a handcar to Benton last night, to attend a dance. The hand car was struck by a freight engine on the Chicago and Northwestern railroad.

Receipt That Cures Weak Men—Free

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and have been brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man, who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the strongest-acting combination for the cure of deficient manhood and vigor-failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence, so that any man, anywhere who is weak and discouraged with repeated failures may stop dragging himself with harmful patent medicines, secure what, I believe, is the quickest-acting, restorative, unobtrusive, SWEET-TONIC remedy ever devised, and so, cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4611 Luck Bldg., Detroit, Mich., and I will send you a copy of this splendid receipt, in a plain, ordinary sealed envelope, free of charge.

NO FLAG ON CATHEDRAL

Mexican President Orders It Lowered—Wife a Catholic.

Church-State Separation Laws Are Cited in Explanation.

El Paso, Tex., Feb. 17.—According to advices from Mexico City, a sensation was created among the Catholics of the capital city when the Mexican flag, which had been hoisted over the cathedral in honor of Archbishop Jose Mora del Rio, was hauled down by federal soldiers on orders of the government officials.

The Catholics had thought to "honor their country" by flying the flag from the cathedral in honor of the highest ecclesiastical authority in the country. The flag was lowered by order of President Diaz himself, although Mrs. Diaz is a Catholic, the reason given being that the laws of Mexico separating church and state forbid such governmental recognition of the church.

The incident has caused some feeling and further developments are looked for.

As a simple, yet effective, remedy for Coughs, Colds and Bronchial Affections, the most tried and tested in public favor and confidence. They are everywhere known as an old and reliable article. Sold only in boxes.

ELEVATOR BURNED; FIREBUG BLAMED

Six Thousand Bushels of Grain Lost at Mallory, Minn.

Crookston, Minn., Feb. 17.—(Special to The Herald.)—The St. Anthony & Dakota elevator at Mallory was burned early this morning with 4,000 bu of wheat and 2,000 bu of flax. The loss was \$25,000.

The fire is believed to be the work of an incendiary. There was no fire proof section.

COURT UPHOLDS THE VERDICT

Electric Company Denied New Trial in Musolf Case.

An order by Judge Englin, denying the motion of the Duluth Edison Electric company for judgment, notwithstanding the verdict or a new trial, in the action brought by Lydia A. Musolf, was filed with the clerk of the district court this morning.

The case was tried at the September term of court and Mrs. Musolf was given a verdict for \$3,000, the full amount for which she brought suit. Stanley R. Musolf, the woman's husband, was killed May 22 of last year, by coming into contact with a live wire, while working on a pole at the corner of Fifteenth avenue east and Superior street. He was a lineman in the employ of the Zenith Telephone company.

The motion for a new trial was based on the contention that the evidence did not justify the verdict and the company was not liable.

Soothes itching skin. Heals cuts or burns without a scar. Cures piles, etc. Eczema, salt rheum, any itching. Doan's Ointment. Your druggist sells it.

SPEAK OUTDOORS, RAIN OR SHINE

Taft Will Have Canvas Cover on March 4, If Needed.

Washington, Feb. 17.—Every preparation is being made for the delivery of Taft's inaugural address on the 4th of March. The canvas cover for the stand now being erected before the east portion of the capital regardless of the kind of weather that may prevail March 4.

The section of the stand from which Mr. Taft will deliver his address will be provided with a canvas cover to be put in place if necessary. Not since 1823, when Andrew Jackson was inaugurated, the second time within the house of representatives, has the ceremony been held indoors.

SHERIFFS INTERESTED.

North Dakota Officers Watch Outcome of Test Case.

Fargo, N. D., Feb. 17.—(Special to The Herald.)—Former Sheriff Hunt is suing the county commissioners for \$4,480 on a claim for attempted collection of personal taxes. His claim is similar to those allowed or years by the commissioners, but the new board took a different view of the situation. The case is attracting the attention of sheriffs all over the state, and a decision will be a precedent for all the county boards.

Fargo Militia Appointments.

Fargo, N. D., Feb. 17.—(Special to The Herald.)—Captain Grant has promoted Sergeant Ducker to first sergeant of Company B, and Corporal Sill, Cammie and Peterson to be sergeants, while Privates Munson, Marquette and Walker were made corporals.

The local militia organization is reported by the inspector to be in the best form for years and it is up to the full enlistment.

SEE SALOME AND INTERFERE NOT

Mexican Aldermen Decide on Non-Action by One Majority.

Oaxaca, Mex., Feb. 17.—The Salome dance has reached Mexico. The dance is being presented at a local theater by an American actress and the performance aroused protests. Some persons complained so bitterly that the city council held a special session and later adjourned in a body to the theater to witness the performance, as censors. After viewing the act the city fathers once more met, and by a majority of one vote, it was decided to allow the performance to continue.

Miss Fitzpatrick Goes East

Miss Fitzpatrick, the well known East Fourth street milliner, left last evening for New York to attend the millinery show and to purchase stocks for her greatly enlarged store, 502 and 504 East Fourth street. Miss Fitzpatrick now has the largest store in Duluth devoted exclusively to millinery.

ON THE IRON RANGES

ALLEGED HOLD-UP
IS NOT CREDITEDSeegal's Claim He Was
Robbed of Big Sum,
Called Fishy.

Virginia, Minn., Feb. 17.—(Special to The Herald.)—John Seegal, driver on the Mountain Iron-Virginia stage, operated by Frank Lasky of the former place, claimed to have been held up last night as he was approaching Mountain Iron and robbed of \$600 in cash, which he had received on a check his employer had given him to cash at a Virginia bank.

Chief of Police Walsh and other officials who are working on the case are not disposed to readily accept Seegal's version, in the light of the present evidence at hand, and it is expected that unless he can bring more convincing proof of the truth of his story, he may have to face a charge of embezzling the money himself.

According to the Seegal's story, Mr. Lasky gave him a check for \$600 on the American Exchange bank of this city to cash. He secured the money, and yesterday afternoon started to drive back to Mountain Iron. He says that about 7 p. m., when he was about two miles from his destination, he was stopped by a man who jumped before him and with a revolver, deliberately held him up, taking all the money. As soon as the news of the holdup was telegraphed here, Chief of Police Walsh got busy. The officer learned that a man by the name of Harold Godard, claimed to have seen Seegal on his way to Mountain Iron, just about the time the alleged holdup is said to have occurred, and there were no evidences of anything of the kind taking place. Suspicion has been further aroused, because no marks or other evidences of rough treatment have been found on Seegal. The matter is being thoroughly probed, and it is expected unless Seegal can furnish more convincing proof he was held up, he will have to answer for the disappearance of the money.

ONLY ONE PAPER
TENDERED A BIDSurprises Eveleth's Mayor
With Two Papers in
Town.

Eveleth, Minn., Feb. 17.—(Special to The Herald.)—A bill for \$626.73 for boarding Eveleth prisoners, was received from Sheriff W. J. Bates by the council last night, and after some discussion was referred to the city attorney.

Only one bid was received for the official printing, that of the Eveleth News, at the maximum rate allowed by the city charter. As some of the members of the council think the rate too high, the bid was referred to the committee on printing. Mayor Smith expressed surprise that with two newspapers in town only one bid should be sent in.

The appointment of Edward Dishnell as policeman was approved as were the appointments of Joe LaFontaine as assistant fire chief and John Meenan as policeman. Chief Neilson was appointed fire warden at a salary of \$10 a month in addition to his regular salary. In place of C. Johnson, who resigned with the other volunteer firemen, on recommendation to test the alarm system and a pressure gauge to know the exact pressure of the city hydrants, was ordered purchased. The practice of many men coming sliding on the sidewalks evoked a long discussion.

As the paving for Grant avenue will be done as soon as possible this year the mayor was instructed to call a mass meeting for tomorrow night when the business men will talk over the question and will decide what to do.

City Clerk McIntire was granted leave of absence for a few days next week, and the city attorney will act as city clerk during his absence.

NOMINATE ANOTHER DOCTOR.

Two Harbors Voters Have Two Physicians to Choose From.

Two Harbors, Minn., Feb. 17.—(Special to The Herald.)—The medical fraternity will cut some ice in the approaching municipal election, as two physicians have already been named for mayor.

Last week the Citizens' movement, at a mass meeting, nominated J. D. Budd of the Budd hospital for mayor. Last night the Law and Order league held a meeting and nominated Dr. M. K. Knapp of another hospital at the head of the ticket, and say they will nominate him.

Pleases
Everybody's
Fancy
Post
Toasties

seem to fit the taste of every one. Grown-ups relish it, and children go raving around for a bowl of Post Toasties and cream like a pony after sugar.

The golden-brown flakes are substantial, yet so delicately crisp that they melt in the mouth. But it's no use trying to describe the fascinating, toasty flavor—only must "taste the toast" in them to know why.

FOLEY BOATHOUSE
CLAIMED BY FIREIncendiarists Believed to
Have Destroyed Structure
Near Coleraine.

Coleraine, Minn., Feb. 17.—(Special to The Herald.)—The Foley boathouse on the north shore of Trout lake, near Cotton park, was entirely destroyed by fire Monday.

The owner, Peter Foley, is of the opinion that some one maliciously set the building on fire. The building was somewhat isolated and there has not been any fire in it all winter, yet the fire started on the inside. The entire stock of row boats and canoes was destroyed. The loss is about \$2,000, with \$1,000 insurance.

The Coleraine fire department responded to the alarm, but could not reach the boathouse, owing to the distance of the building from the nearest hydrant. There has not been a building destroyed by fire within the plat limits of Coleraine, the Missabe railroad station and the boathouse, which were burned, both lying some distance beyond the border of the village.

SNOWSHOE TRIP
ENDS SERIOUSLYFargo Man Badly Frozen
While Companion Is in
Ely Hospital.

Fargo, N. D., Feb. 17.—(Special to The Herald.)—H. L. Landblom, a traveling salesman for a local house, returned from the Minnesota timber country in a badly frozen condition. With Tom Olson, a timber cruiser, he started from Duluth on snowshoes, which they were forced to abandon. Olson suffered worse than Landblom, and is now in a hospital in Ely, Minn., and will lose a part of his feet. Landblom can't walk and is unable to leave his home here.

FAMILY ROW AIRE.

Judge Brady of Hibbing Fines Two Members.

Hibbing, Minn., Feb. 17.—(Special to The Herald.)—Judge Brady, after hearing the sides of a family row in which Mattilda Zlatopolsky accused her mother, Mary Selarnoff, and her cousin, Thomas Zlatopolsky, during a quarrel over some money alleged to have been left by the deceased, a switchboard operator, who died, fined both defendants \$5.

MEAT CUTTER DIES.

Hibbing, Minn., Feb. 17.—(Special to The Herald.)—Phil Kier, employed as meatcutter in a local shop, expired Monday, after a long illness, of heart trouble, leaving a wife and several children. He belonged to the Maccabees.

GILBERT CAMPAIGN
IS GETTING LIVELY.

Eveleth, Minn., Feb. 17.—(Special to The Herald.)—The Gilbert campaign meeting Monday night the following were appointed judges: J. D. Budd, Verne Sutton and Judge Welch. Considerable political talk is going on in the little town, and the lights are expected for all the official judges in Ashland, Wis., and a well-known character in all the range towns, has announced his candidacy for the judgeship.

SOLOMON SAX RETURNS
FROM ST. PAUL MISSION.

Eveleth, Minn., Feb. 17.—(Special to The Herald.)—Solomon Sax has returned from St. Paul about the Eveleth valuation, and he will make a report at the next meeting of the Commercial club.

George A. Whitman of the First National bank, and his wife, who are away on an extended Eastern trip, are now enjoining for a few weeks at St. Augustine, Fla.

BREWERY SALOON CAN
NOW SECURE LICENSE.

Virginia, Minn., Feb. 17.—(Special to The Herald.)—The obstacle that stood in the way of the Virginia brewing company, having its saloon license renewed was removed last night at the next meeting of the Commercial club, after an animated discussion, extended the patrol limits to include the brewery.

The temperance people of the city led in the fight against the proposition, but friends of the brewery proved too strong. Other routine matters were considered.

Woodmen Dance a Success.

Eveleth, Minn., Feb. 17.—(Special to The Herald.)—The Woodmen's dance at Vall hall last night, attracted a large number. The hall was appropriately decorated with flags and Woodmen insignia. The lights were from the bandstand. The orchestra furnished the music. A number of out-of-town people from the surrounding towns were present.

Chisholm Cuts Won.

Chisholm, Minn., Feb. 17.—(Special to The Herald.)—An indoor baseball game took place at Karl's hall Monday night between Freeman's all-stars and Chisholm Colts. The latter won by the score of 15 to 5. Both teams were evenly matched and it was anybody's game till the last ball was pitched.

Chisholm Against Hibbing. Chisholm, Minn., Feb. 17.—(Special to The Herald.)—The Chisholm high school basketball team and the Hibbing team will play a game Saturday afternoon at the high school gymnasium. The local

YOUNG SON DIES.

Calumet Man Called to Negaunee on
Sad Mission.

Negaunee, Mich., Feb. 17.—(Special to The Herald.)—Max Croft of Calumet, the new town on the Western Mesabi mining range of Minnesota, has been called here on a sad mission, the death of his 3-year old son who passed away Monday at the home of James A. Goodman, where Mrs. Croft and other members of the family have been stopping during Mr. Croft's absence. The child had been in poor health for a month but its death was not expected.

ENDS HIS SUFFERING.

Hibbing Miner, Who Was Hurt, Cuts
His Throat.

Hibbing, Minn., Feb. 17.—(Special to The Herald.)—While deranged as the result of an injury he sustained recently, John Yelich, aged 35, a miner, cut his throat at the Perschoot location, using a large butcher knife, and causing instant death. He leaves a wife. Yelich was hit by a train recently, sustaining a fractured skull and since then has never been in his right mind.

VERDICT FOR
LAITINENAged Settler Given Verdicts in Two Cases
for Trespass.

The sealed verdicts in the two cases of Karl Laitinen against the Minnesota Land & Construction company and the Duluth, Rainy Lake & Winnipeg road for alleged trespass in the case of the railroad company, and the cutting of some timber in the case of the construction company, were opened in district court this morning. Out of the two suits Mr. Laitinen gets \$350.

The cases were tried together, but the jury was instructed to bring in separate verdicts. In the case against the railroad company and the construction company, Laitinen was awarded \$350 for trespass. In the case against the railroad company, Laitinen was awarded \$350 for trespass. In the case against the construction company, Laitinen was awarded \$350 for trespass.

May Recover \$350 From

The sealed verdicts in the two cases of Karl Laitinen against the Minnesota Land & Construction company and the Duluth, Rainy Lake & Winnipeg road for alleged trespass in the case of the railroad company, and the cutting of some timber in the case of the construction company, were opened in district court this morning. Out of the two suits Mr. Laitinen gets \$350.

The cases were tried together, but the jury was instructed to bring in separate verdicts. In the case against the railroad company and the construction company, Laitinen was awarded \$350 for trespass. In the case against the railroad company, Laitinen was awarded \$350 for trespass. WEST END
BANQUET AT
SPALDINGAnnual Dinner to Employees of West End
Department Store.

That the United States Should Annex Cuba, if Cuba is Willing.

West End Shortfalls.

Members of the Keshishnaka club enjoyed a sleigh-ride to New Duluth last evening. Upon the return of the party, Miss Milla Olson entertained the members at supper at her home at Nineteenth avenue west.

The Emerson School Alumni association has started rehearsals for the minstrel show it is to give.

The Haver Marching club, an organization for boys, organized by the Twentieth street club, will meet Thursday evening in the club's rooms in the basement of St. Luke's Episcopal church. In addition to the regular drill, the boys will go through some athletic exercises under the direction of Ray Fenton.

Members of the West end Outing club are planning to erect a clubhouse and fishing camp on the Cloquet river. Arthur Shalin and Earl Larson are in charge of the arrangements.

Miss Grace Holston of Cloquet is visiting friends in the West end.

Charles O'Brien was up from St. Paul yesterday.

Miss Margaret of the United States block is entertaining the Ladies Aid society of the Central Baptist church.

The French Naturalization club has appointed a committee to raise money for the Greyson Duluth monument fund.

Mrs. Worthington of Twenty-sixth avenue west will entertain the Young Ladies' society of Zion Lutheran church, Tuesday evening.

The Queen Esther Circle of Grace M. E. church gave a spread in the church parlors last evening, in honor of the new members.

Rev. Carl G. Olson, pastor of the Bethany Swedish Lutheran church, is expected home today.

Finishing interior touches are being put upon the Central Butler & Egg company's new plant at

Twenty-sixth and Michigan street and the firm will move into it shortly.

Everything drinkable at Telephone Sterling Wine company.

Soldier Buksa Death Plot.

It seemed to J. A. Stoney, a Civil war veteran of Kemp, Tex., that a plot existed between a desperate fellow trouper and the grave to cause his death.

"I contracted a stubborn cold," he writes, "that in spite of all remedies, for years, my weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 180 pounds. For severe colds, obstinate coughs, hemorrhages, asthma, and all lung troubles, it is a sure remedy to prevent pneumonia and its complications. Trial bottle free. Guaranteed by all druggists."

STATE YEOMEN MEETING.

Annual Gathering of Minnesota Jurisdiction in St. Paul, April 16.

St. Paul, Minn., Feb. 17.—(Special to The Herald.)—The Brotherhood of American Yeomen, a fraternal insurance order, will hold its state convention in this city Tuesday, April 16, the old state capital. It is figured that there will be about 1,500 delegates present, and at the evening meeting it is planned to initiate a class of 500 new members. O. W. Thomas, district manager in St. Paul, is in charge of the arrangements for the meeting.

Later, June 8, there will be a national convention of the Yeomen in Minneapolis.

ST. PAUL IS VICTORIOUS

(Continued from page 1.)

has prevailed through the session, under which bills affecting the whole state have been abrogated to itself by the tri-county delegation. He said the farmers' delegation was an absurd take-off on the presumptuous tri-county delegation that had not acted on the bill, anyway, because of a rule which had been adopted forbidding the reporting out of any bill against the protest of a majority of the delegation from Ramsey, Hennepin or St. Louis counties.

The house tax commission had a

The real test
is in the baking.

Other Baking Powders may make broad claims,
but when it comes to the production of real
delicious biscuits, cakes and pastry

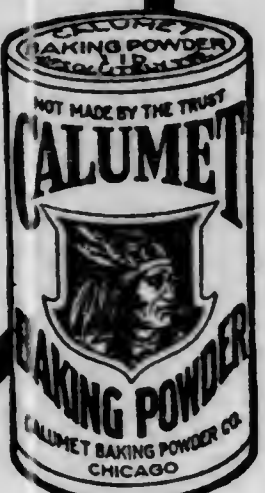

CALUMET

BAKING POWDER

proves its real worth. This is because of
its much greater leavening power and the
strict purity of its ingredients.

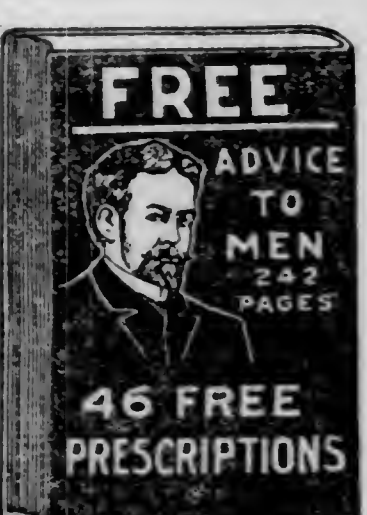

It costs only a trifle more than the cheap
and big can brands and much less than the
Trust Baking Powders.

WITNESSED TRAGIC EVENT.

St. Cloud Man Saw Wilkes Booth
Fire Fatal Shot.

St. Cloud, Minn., Feb. 17.—(Special
to The Herald.)—St. Cloud has an
honored citizen who was in Ford's
theater the night Abraham Lincoln
was shot.

That man is Hon. D. B. Searle, who
served in the army, and at the time
was detailed for duty at the war de-
partment in Washington. Judge Searle
has at different times delivered a most
interesting lecture on that tragic
event. The recent Lincoln celebration
in all sections of the country had
therefore a peculiar interest for the
judge, who had a personal acquaint-
ance with the great president.

HE BELONGS IN UTAH.

Madison Man Accused by Two Women
of Being Their Husband.

Madison, Wis., Feb. 17.—Edward H.
Boher, proprietor of a restaurant here,
was in municipal court confronted by
two women, each of whom claimed
him as her husband. Wife No. 1 came
from Janesville and caused his arrest
on Sunday.

Neither wife No. 1, who was Miss
Carrie Schmidt, nor wife No. 2, who
was Miss Myrtle Eaton, was able to
display a marriage certificate. Wife
No. 1 had been living in Janesville for
a year. The accused pleaded not guilty
and the court adjourned until Friday.

PERMANENT G. A. R. CAMP.

Minnesota Sons of Veterans Have
Made a Worthy Gift.

Minneapolis, Minn., Feb. 17.—(Spe-
cial to The Herald.)—Forty acres at
Lake Minnetonka for a permanent
camp grounds is a gift that the Sons
of Veterans of Minnesota have made
to the members of the Grand Army
of the Republic.

The tract selected is situated along
the Great Northern right of way, be-
tween Harrison and Cook bays, and
not far from Mound. It is easily ac-
cessible, and the Great Northern has
consented to make the necessary im-
provements to insure their convenience.
This tract cost \$1,000 an acre, and it
is considered as beautiful a spot as can

Committee From Legis-
lature Well Entertained
During Crookston Visit.

Proposed School of Agri-
culture in Each Dis-
trict Popular.

Crookston, Minn., Feb. 17.—(Special
to The Herald.)—The school of
agriculture idea received marked im-
petus in Minnesota as a result of the
visit of the delegation of fifteen state
senators and representatives to the
school of agriculture here yesterday
where they remained from 11 a. m. till
6 p. m.

They enjoyed a sumptuous dinner at
12 o'clock and a light lunch at 4 p.
m. and made a thorough inspection of
the buildings, the methods pursued and
the results obtained by the 12 students.
The visitors were enthusiastic over the
work being done, and last evening ex-
pressed their lively satisfaction without
exception. All apparently favor the
creation of one school in each con-
gressional district in the state.

Addresses were made by Senators
Stephens, Steward, Moonan, Withers-
tone and representatives McGowan and
Hollon, at chapel before the students
and a delegation of thirty prominent
business and professional men of
Crookston, who accompanied them.

Last evening the visitors were ten-
dered a public reception at the Crook-
ston club rooms, and more speech-
making was enjoyed, and the visitors
were bubbling over with enthusiasm
regarding the great benefits to be de-
rived from such institutions scattered
across the state as the most effective
weapon for the eradication of the
farming, with resulting increased pro-
ductivity in farming districts and the
welfare of the state.

After the normal school com-
mittee, returned to St. Paul last evening.

WIDOW WINS INSURANCE.

Fraternal Order Must Pay Even
Though Husband Killed Himself.

St. Paul, Minn., Feb. 17.—(Special
to The Herald.)—The jury in the case of
Mrs. Albert Potwell against the United
Order of Foresters brought in a verdict
yesterday for \$10,000 in favor of the
plaintiff, full value of a policy held by
her husband.

Payment on the policy was resisted
on the ground that the insured be-
lieved in suicide by throwing himself in front
of an approaching street car.

The case was tried before a jury in
Judge G. M. Orr's court.

TOO HANDY WITH KNIFE.

Ranier Man Gets One Year in Peni-
tentiary for His Act.

Brainerd, Minn., Feb. 17.—(Special
to The Herald.)—Sheriff Hugh Mc-
Gowan yesterday sentenced a man to
one year in the state penitentiary for
a knife in a woman's room in Ranier.

ALL DIED SUDDENLY.

Three Members of One Family
Claimed by Heart Disease.

Red Wing, Minn., Feb. 17.—Elmer
H. Hill was found dead in his room
by Spencer Huron, driver for the
United States Express company Mon-
day morning.

The deceased was about 48 years
old and was stricken with heart dis-
ease, dying suddenly at Kearney, Neb.,
last summer. His brother, Frank, met
a similar death about two years ago.

Mr. Hill has made Red Wing his
home since the death of his father.
He is employed in the employ of the
United States Express company.

He is survived by an uncle,
H. E. Hill, of Red Wing, Ill., who
has been telegraphed for.

NEW ST. CLOUD DEPOT.

Northern Pacific Will Put Up Struc-
ture This Year.

St. Cloud, Minn., Feb. 17.—(Special
to The Herald.)—J. E. Cooling, the lo-
cal agent for the Northern Pacific,
has returned from Detroit, Mich.,
where he went to look over the new
depot plans for the city.

The company intends to duplicate
the structure in this city during the
coming summer, and the new depot
will be located on the corner of
Main and Washington streets.

The present city hall affords no room
for any offices and therefore is far
too small for the needs of the city.
The Washington school is better lo-
cated than the present hall, being just
across the street with a large yard,
and could be readily adapted to the
city's needs.

The taxes for the past year have
been large, on account of the new
water and sewerage systems, and in
all probability any expenditure such
as would be required to purchase new
quarters for a city hall will meet with
opposition from a large number, but
the opportunity to so easily solve the
city hall question and at the same time
make it possible for the erection of a
new school building, may appear too
good to lose. The only question is
whether the people are willing to bear
an increased burden in the form of
taxes.

MONTANA MAN SETTLED.

Paid for Glass Door Broken in
Hurry to Buy Crackers.

Dickinson, N. D., Feb. 17.—It cost
Fred Smith, of Hamilton, Mont., \$20
to jump off No. 3 passenger train
here a few days ago, and secure five
cents worth of crackers at the Dick-
inson Meat & Grocery company.

Smith made a dash for the store
as soon as the train stopped. Making
his way to the door he started to
open it, but the door was so tight that
he was unable to do so. He then
looked for a hammer and found it in
the back of the store. He used it to
break the glass, and then ran out
with his crackers.

In his hurry the man had hit the
door with such force that he kept
right on going. He was uninjured
and, re-entering the store asked him-
self the glass cost. He was told
\$25 but as he only had \$20, the prop-
rietors accepted this as payment in
full.

Smith accompanied the butchers to
Green's drug store to satisfy himself
that the glass was really worth \$25.
He found that it was.

MONTRAIL ORGANIZED.

New North Dakota County Has a
Full Set of Officers.

Minot, N. D., Feb. 17.—Montrail
county now has a complete organiza-
tion. Its county officials have been
named and all seems happy in the
new county.

The commissioners, Messrs. Schul-
enberg, Gauke and Berg met at Stan-
ley and through temporary adjourn-
ments were necessary before the long
list of applicants could be weeded
out, the board finally made all their
selections and reports received.
Every one is satisfied. The board has
certainly acquitted itself with credit
in their first move, for their task was
a difficult one.

The new officers are: Register of
deeds—J. W. Arnold, Bellevue; clerk
of court—M. E. Epworth, auditor

A WELL-KNOWN GREAT NORTHERN ENGINEER DEAD.

St. Cloud, Minn., Feb. 17.—(Special
to The Herald.)—Isaac Dunn, aged
33 years, who made his home at Mel-
rose, died Monday at St. Raphael's
hospital after a long illness of typhoid
fever.

Mr. Dunn was a well known Great
Northern engineer and was taken ill
with typhoid fever early in December
and was brought to the hospital here
on Dec. 12. Since that time he has
been growing weaker and passed away
as stated above.

He leaves a wife and two young
children.

AGED MEMORIAL MAN DEAD.

Menominee, Mich., Feb. 17.—(Special
to The Herald.)—James P. Murphy, 81
years old and a resident of that city
for nearly sixty years died Mon-
day after a long illness. General de-
bility was the cause.

PENINSULA BRIEFS

Marquette—James Somerville, of
Newberry, an experienced well drilled,
is now engaged in sinking test wells
in the sandy beach north of lighthouse
point, under authority from the city
water board, for the purpose of ascer-
taining the practicality of obtaining
pure water from the lake by filtration.

Negaunee—Four new members have
been added to the Negaunee City band
during the past week, and they are
bringing the membership up to twenty-
five. The band is holding practice
meetings twice a week, and they are
well attended.

Shipshewer—Capt. Thomas Willis of
the Salvation Army will give an en-
tertaining next Monday evening at
the Methodist Episcopal church. It
will consist of a lecture on Liver-
pool and Lands End, illustrated by
moving pictures.

Marquette—Gilbert Cooper, of Mar-
quette, who has been at the employ
of Uncle Sam on the Panama canal, has
given up his government position to
accept another in Ecuador, with a New
York firm. Mr. Cooper will have charge
of a party of men engaged in getting
out the South American woods.

Houghton—The ladies of the Hough-
ton Presbyterian church will serve a
turkey supper in the basement of the
church this evening at 7 o'clock. The
proceeds will be applied to a \$110 fund
that the ladies have pledged to raise.

Hubbard—The members of the Hub-
bell band have selected officers for the
ensuing year. The board has a total
of election means, and it is ex-
pected, will secure a number of en-
gagements to continue throughout the week
ending Saturday evening at 7 o'clock.

Red Jacket—Evangelistic meetings
to continue throughout the week
ending Saturday evening at 7 o'clock.
The meetings will be held at the
Congregational church, with Rev. J. O.
Fisher, the pastor, in charge.

Meeting will be featured by an ad-
dress by a visiting minister.

Calumet—Supt. J. E. Cooling, of the
Calumet public schools, states that Lin-
coln and Washington programs will
be given in the schools.

Most of the programs will
commemorate the 100th anniversary of
Lincoln's birth.

The South Fork of the Red River
league has quit the organization, not
because of the lack of players, but,
the members assert, because of its in-
ability to get a meeting of the league
officials to render a decision on a pro-
posed game.

Hancock—Alexander M. Sturton, of
this city was nominated at the state
convention of the Socialist party held
last Friday at Grand Rapids of mem-
bers in the state board of education.

A series of revival meet-
ings will open at the First Baptist
church in Laurium, commencing the
evening of Feb. 23. They will be in
charge of Rev. S. J. Baker.

Hancock—Edward Ruppe, son of
George Ruppe, very ill at the family
home and there is little hope of his
recovery. He came home from Ann
Arbor shortly before Christmas and
has since been very sick.

MINNESOTA BRIEFS

Winona—A telegram has been re-
ceived announcing the death of Nelson
Frazier, formerly of Winona, at
Rathern, Idaho, on Saturday.

He was about 70 years old. The
remains will be brought to Winona this
week.

International Falls—The wife of P.
B. Clark, a blacksmith at Northome,
was brought before Judge Tilton
recently and adjudged insane. She
was taken to the asylum at Grand
Falls by her husband and Mac Lor-

St. Cloud—The stock of the Gross-
Wheeler company at Torch was sold at
public auction Tuesday to raise money
to pay the indebtedness of the com-
pany. Buyers from all over the
state, including many from this city,
were present.

Winona—The first district group of
bankers of Minnesota and the Seventh
district group of bankers of La Crosse,
will hold their annual meeting here
early in the summer. This was de-
cided at a meeting of the executive
council of the First District association,
just held here.

Stankato—The board of public works
will open bids Feb. 26, at 2 p. m., for
two sewer pumps, one of two electric
motors. One pump is to be of six-horse
power and will throw an 8-inch
horse-power and will throw an 8-inch
stream.

Stillwater—John Lyons, for many
years a resident of Stillwater, is ill at
the Soldiers' home at Minneapolis. His
recovery being doubtful. His
daughter, Mrs. James Elliott, of Ells-
worth, is with him.

Brainerd—The Little Falls Business
College basketball team came here Sat-
urday and defeated the team of the
local business college, by the score of
23 to 11, at the Casino roller rink,
Saturday evening.

Crookston—Henry Ellis has returned
from Duluth, where he has been for
the past few days purchasing a supply
of heating and plumbing goods, which
will arrive in a few days and will be
at once installed in the basement of
the Stearnson & Wickstrom block on
South Main street, which he is having
fitted up.

St. Cloud—The matter of organizing
a baseball nine for the coming season
will be taken hold of at a meeting to
be held the first Monday in March, at
the Moose hall. The matter is being
taken in hand by Cy Olson, owner of
the security Bank Book company, but
for three years manager of the J. C.
Donohue team.

East Grand Forks—F. J. Zeldick re-
turned Monday morning from Hot
Springs, where he has spent the past
few weeks. He looks much improved
in health, and reports that all the
Minnesota and North Dakota delegations
at the Springs are doing fine and
having the time of their lives.

Little Falls—Mrs. F. X. Richard was
the victim of an odd accident Satur-
day. While working about the kitchen
she fell and struck a large iron kettle.
Mrs. Richard stated she had not been
hurt, and continued her work. Later in
the day a doctor was called and found
that one rib had been cracked by striking
the kettle.

Albert Lea—The thirty-fifth anniver-

by the Northern Pacific railroad.

Grand Forks, N. D.—The North Da-
kota lawyers' association will meet in
Grand Forks in annual convention on
March 1, 2 and 3.

DAKOTA BRIEFS

Rugby, N. D.—Rugby is awakening
to the fact that a large live commercial
club is an asset which helps in more
than one way to boost a town and im-
prove commerce in the community, and
the plans have been formulated for the
organization of a Commercial club in
Grand Forks.

Allen, 910 Cherry street died Sunday
night following a long illness. He was
aged 65 years and was a native of
Ireland. He was married and had three
children. The funeral will be held
at the residence, Rev. Moore officiat-
ing.

Jamestown, N. D.—State's Attorney
George W. Thorp has issued a warrant
of arrest for Conrad Blier, a young
man who lives on a farm near Me-
lan, who is charged with having com-
mitted a statutory crime upon his
daughter, a young Russian girl, of
that locality who is said to be 14 years
of age.

Grand Forks, N. D.—A. F. Turner
has secured the contract for the erec-
tion of steel and wooden bridges in
Grand Forks county. There were many
bidders, but the Turner bid was the
lowest and the county commissioners
awarded him the contract.

Grafton, N. D.—John I. Cashel, Jr.,
of Grafton, who is attending Yale uni-
versity, has been elected captain of the
team for the coming year. He is a
fine athlete and has been very suc-
cessful in his studies.

Bellevue—William Hall, aged 91 years,
of Bellevue, father-in-law of William H.
Bradley of Milwaukee and grandfather
of Mrs. Spencer Hisey, also of Mil-
waukee, died suddenly.

Grand Forks, N. D.—An order was
issued Monday morning by Judge Ten-
nison, instructing jury men, to make
a call thirty-six petit jury men, to
appear for the March term of dis-
trict court which will convene in
Grand Forks, March 15.

Pierre, S. D.—Farmers near Okoboko,
have formed an association and have
purchased the telephone line of the
company of Okoboko.

Sully county.
Grand Forks, N. D.—Grant Stafford of
Bottineau has filed a petition in bank-
ruptcy with Clerk of the Federal Court,
Montgomery, placing his assets at \$254.
The liabilities are listed at \$2,258.22.

Dickinson, N. D.—Monday was a big
day in County Treasurer John Riebsch-
ke's office. During the day nearly
\$4,000 was collected in taxes for Stark

WISCONSIN BRIEFS

Madison—N. B. Van Slyke, aged 77
years, a veteran Madison banker, died
Sunday night of pneumonia, after an
illness of three days. Mr. Van Slyke
came to Madison at an early period.
He was well known in Wisconsin.

Grand Forks, N. D.—Carl Schulz, aged 51,
a prosperous farmer in the town of Saratoga,
commenced a fight with a woman
at the residence of his wife and
oldest daughter, a girl of 15 years.
Eau Claire—Mrs. W. Miller died
at the Sacred Heart hospital on Sun-
day at 7:30 p. m. She was born at
West Bend, near Milwaukee, in 1856,
and has resided in Eau Claire since
1880. The funeral took place today
from the Sacred Heart church.

Chippewa Falls—Papers were served
upon officers of the Chippewa Falls
Cannery company in proceedings for
appointment for receiver. The presi-
dent of the company is W. D. Casten-
holz of Chicago, from where the fac-
tory was moved three years ago.

Madison—Owing to the inability of
interested parties to be present,
the hearings on the rates and valuations
of the Kenosha Gas Electric company
and Racine Gas Light company, which
were scheduled for Tuesday before the
state railroad commission, have been
continued until the April sitting of
the commission.

Belmont—William Hall, aged 91 years,
of Belmont, father-in-law of William H.
Bradley of Milwaukee and grandfather
of Mrs. Spencer Hisey, also of Mil-
waukee, died suddenly.

Chippewa Falls—Survivors are being
looked for in the Upper Chippewa
river, in the vicinity of Cornell,
with a view of recovering the avail-
able insurance. Fred Underwood,
president of the Erie road, and several
Minneapolis capitalists are believed to
be behind the project.

Oshkosh—The local options campaign
to do away with all saloons in Osh-
kosh, has been started by the Osh-
kosh Ministerial association, and ef-
forts are being made to have the ques-
tion submitted to the voters at the
municipal election next April.

Oconomowoc—Judge D. W. Agnew of
Oconomowoc is a candidate for the
office of county judge of Waushara
county. He is now judge of the West-
ern municipal district and was for-
merly district attorney of Waushara
county.

QUEEN ALEXANDRA'S HOBBY.

Rarely Without a Camera and Has Taken 10,000 Photographs.

It is said that Queen Alexandra's hobby is photography. Indeed her hobby is without question one of the most enthusiastic amateur photographers it is possible to meet. It is said now to possess albums containing over 10,000 photographs, all taken by her own hands, representing royal and important personages, places and festivals in all parts of Europe.

For a period of sixteen years now the queen has been a devotee of the camera. She possesses five cameras. It was, of course, as princess of Wales that her majesty made her first snapshot.

Although today the queen really does very little developing, she has so thoroughly mastered its technicalities that she is fully competent to develop the dark room which was spent in the new royal yacht, the *Albatross*, at her instigation.

It is a cruise in the *Albatross* that she has taken the most of her photographs. It is evident when during one of her cruises she secured a photograph of a picture and the date when taken. They include a great variety of subjects, from the king's staid horses taken in the old days to the annual sale at Wolferton to portraits of her grandchildren on the lawn at Sandringham and the ruins of the Parthenon. The photographs of her grandchildren fill three albums alone and now amount to several hundred. They depict them at their various romps with each other, and one that made the king roar with laughter when he saw it has caught two of the younger sons of the younger sons of the prince of Wales, each endeavoring to exert his right to a certain toy by the use of his fists.

One is not surprised to hear that her majesty has frequently fallen a victim to the ever alert camera of the queen. What she regards as one of her best photographs of the king, that which depicts him talking to Lord Salford in the grounds of Marlborough house. The queen has photographs of his majesty running and in all sorts of unconventional positions. These very much amused the Kaiser when he was last in this country, and he is said to have begged the queen for one of these humorous sets as she terms them.

Then the queen has put her hobby to a novel use. She has had certain photographs reproduced on cards. This service is kept at Windsor and only used by the queen when entertaining her most intimate friends. Each card contains a photographic reproduction, and they are all of the

humorous type. One shows his majesty running across the lawn to greet a friend. They say at Windsor that when this service is being used he never gets this card, because he might accidentally drop it.

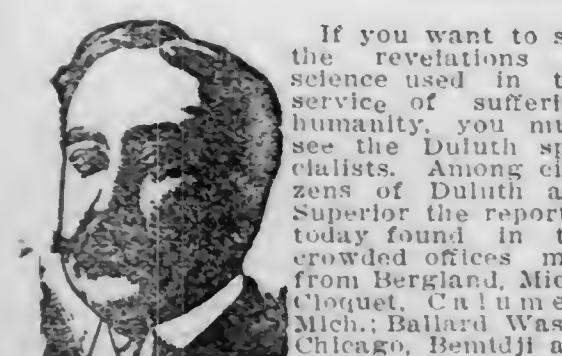

OUT HIS.
It is told of the late I. A. D. Sankey that one day in Geneva he entered a music box shop and asked to see some music boxes. The salesman graciously showed him a number, but none was what he wanted. "Have you none that play sacred music?" he asked. "Why," answered the salesman, "I have some that play a kind of half sacred music." "What?" inquired Mr. Sankey. "Oh, these Moody and Sankey hymns. I can't imagine what the people see in them. We have enormous orders for these boxes," the salesman continued, "from every part of Europe, and then, he added, apologetically, "it's a matter of business, you know, with us."

LASTING CURES OF MEN

Wrought Scientifically by Progressive Medical Experts, Most Complicated Diseases Give Way to Their Method.

If you want to see the results of science used in the treatment of suffering humanity, you must visit the Duluth Dispensary. Among the cures effected here are: Rheumatism, Gout, Gravel, Catarrh of the Bladder, Neuritis, Sciatica, Bursitis, etc. These are the results of the treatment of the most complicated diseases of the male sex. The treatment is scientific and progressive, and gives lasting cures. The dispensary is located at 1000 Superior Street, Duluth, Minn.

Testicles are diseased and they cannot perform the work of digestion. You are getting pale and losing flesh and your feeling tells you that you are a sick man. You have started the process of self-poisoning, your blood is diseased and your blood vessels hardened. Only slowly but surely prepares your grave and your suffering is a long one. Rectal piles cause cancer and many other diseases. The anal and stagnant blood is forming piles, and these in turn result in a train of other diseases, as cancer, constipation, rheumatism, sciatica, pain in the back, kidneys and all skin diseases. If you have any ailment and you want to know all about it, you are invited to consult the Progressive Doctors. Consultation is free. These doctors can cure your disease, they have studied in the best universities here and in the old country. They are well versed in the science of healing chronic diseases of men. Offices are corner Superior street and Lake Avenue, Duluth. Hours: 8 a. m. to 8 p. m.; Sunday, 10 a. m. to 1 p. m.

FAIR BILLS ARE KILLED

North Dakota House Ends Devils Lake and Jamestown Bills.

Bank Deposit Guarantee Bill Also Rejected by the House.

Bismarck, N. D., Feb. 18.—(Special to The Herald.)—The state fair legislation was closed up in the house this morning when the two bills establishing the fair at Devils Lake and Jamestown were killed. On the Jamestown bill the vote was 19 against and 29 in favor, while on the Devils Lake bill it was 42 to 34.

The bill giving the governor power to remove county, town and village officers for neglect of duty in discharging the duties of their offices, was killed. In the debate the bill was classed as vicious, non-American and

C. W. PLAIN, MILTON, N. D.
North Dakota Legislator, Who Is Author of an Initiative and Referendum Bill.

as being wholly out of accord with a republican form of government. At Wednesday afternoon's session the bank guarantee bill was killed by the house as was the bill limiting banking corporations to 30 per cent investments in bank building and fixtures.

Representative Thoreson has introduced a bill adding the governor and Representative Skulason of Grand Forks providing for an annual appropriation of \$2,000 for the maintenance of the state public health laboratory, with \$2,000 for sewage investigations. It is understood the committee will recommend an appropriation of about \$150,000 for the university, which will allow \$100,000 for the construction of a teachers' college building and \$50,000 for a commons.

The educational committee of the house reported the bill on the location of a school at Glen Ullin, for indefinite postponement, which report was adopted by the house Wednesday afternoon.

An experimental station, to be located at some point in the western portion of the state, and to be maintained under the direction of the school of mines of the university, is now established. The appropriations committee have agreed to recommend its establishment, appropriating the sum of \$100,000, which is to be expended in the manufacture of gas and in the manufacture of bricks.

Senator Kennedy's bill regulating places where foodstuffs are sold, such as bakeries, creameries, restaurants, etc., was passed by the senate by an almost unanimous vote. This bill was prepared by the pure food department of the North Dakota agricultural college.

The house is on the verge of a scrap over a bill introduced by Senator Tallcott of Cass county, which gives to the agricultural college and the state industrial school the power of issuing normal certificates to certain students, the bill is now in the hands of the committee on the state, the existing normal schools leading in the fight against it.

Senators Welo, Macdonald and Baker and Representative Kneeland, of Cass and Garden, have been named as members of a conference committee for the purpose of considering a bill prohibiting the throwing of glassware on public highways and which the house amended to include other materials, the senate refusing to accept the amendments.

MORSE NOW FREE DURING THE DAY

But He Must Return to Tombs at Night.

New York, Feb. 18.—Charles W. Morse, who has been confined in the Tombs pending an appeal against a fifteen-year sentence for violation of the national banking laws, has been allowed to go free under a formal order of the United States circuit court. The order, which was served on United States Marshal Henkel, contains the following clause: "That Charles W. Morse be allowed to go in the custody of the United States marshal from the city prison, where he is now confined, to such places in the city of New York as the reasonable transaction of his business may require, provided he be taken to the city prison for safe keeping during the night."

The man who does not advertise because it costs money should quit paying rent for the same reason.

TWO SETTLERS WIN HOMES AFTER FIGHTING RAILROADS A QUARTER OF A CENTURY

That Northern Minnesota settlers are persevering there is no doubt. Many cases proving this come to the notice of the land officials in Duluth, but perhaps the most striking cases were the two in which final certificates were issued by Receiver Morrison today.

Isaac Staples, who lives on a farm near Morris, Minn., got his certificate today after living on his land twenty-eight years. In 1881 Mr. Staples went on the land he now owns, but was never allowed to make entry owing to litigation between him and the railroad, regarding the ownership of the land. For twenty-eight years he has fought continuously with the railroad corporations for his land, and he has at last won out.

He now has one of the best farms in the North Country and is proud of the fact that he "stuck." He has 160 acres and every foot of it is under cultivation. He has buildings, cattle and everything that makes a farm complete.

Receiver Morrison also issued a certificate to John M. Karelson, who now owns 160 acres near Chokio, Minn. This man went on his land in 1886 and has lived on it continually ever since, fighting the railroad companies. He has lived on the land twenty-three years and never knew what minute he would be put off. He too, has 160 acres, and it is all under cultivation. He has a family of seven children, and most of the Northern Minnesota farms, a farm which he says is as complete as most of the Northern Minnesota farms.

Receiver Morrison of the land office says that the people who take up claims as a general rule in Minnesota, mean business. They are strong, not afraid to work and have a determination that is hard to beat.

RETURNS MONEY AND JEWELS Porter on Missabe Train Makes a Valuable Find.

Mrs. E. G. Rogers, wife of a lumberman of Winnipeg, who is with her husband at the St. Louis today, has had her faith in the honesty of humanity strengthened by an incident that occurred this morning.

Mr. and Mrs. Rogers came down on the Canadian train this morning. They ate breakfast at the hotel and it was shortly after breakfast that Mrs. Rogers missed her traveling bag. The bag contained most of her jewelry, including a diamond ring and brooch and a pearl necklace. Besides the jewelry there was a sum of bills in the bag.

When Mrs. Rogers missed the bag she telephoned to the Missabe office. That was shortly after 5 o'clock this morning. The employees of the Missabe office reported that no discovery had been reported to the office. Mrs. Rogers expressed her husband into service, and was about to go to a search of the sleeping car, when she was called on the telephone at the hotel and informed that the bag had been brought to the Missabe office.

George Johnson, the porter, is the man who found and returned the bag. His address has been secured and he will find that sometimes honesty yields more than its own reward, when the money sends him some material evidence of her appreciation.

FIVE INCHES OF SNOW FALLS Duluth Assured of Good Sleighing for Next Few Days.

There should be good sleighing now for at least a few days.

At 3 o'clock this afternoon between four and five inches of snow had fallen, and the weather man promises at least two inches more before morning. There will be no material change in the temperature during the night, but in the morning the wind will spring up from the northwest and will likely be quite brisk, bringing with it a fall in temperature.

The storm center is reported to be over Nebraska. Reports from the upper peninsula of Michigan state that there is a heavy fall of snow there.

SNOW PUTS AN END TO SKATING Long Stretch of Ice on Lake Covered With Snow.

Duluth's ice skating enthusiasts are very much disappointed at the storm that served out today, for it has put an end to the skating on the lake.

Yesterday the ice on Lake Superior stretched away without a break as far as the eye could reach, like one great mirror. Very few were able to enjoy it then, as the wind from the northeast was so strong and cold. However, there were several parties of hardy young-

ELECTRICAL SPECIALTIES FOR THE HOUSEHOLD

**THE Confidence of the
Buying Public is a Merchant's most valuable
asset, and he so fortunate as to
possess it would not willingly
jeopardize it.**

The above quotation, taken from a popular trade journal, plainly expresses your advantage in trading at the Gidding store.

Ours is a Success and Confidence built on the broad principles of liberal dealing, high-class merchandise and a guaranty of satisfaction, which does not expire with the completion of your purchase.

No doubt you have bought "cheap garments" thinking you were saving money, only to learn by expensive experience that economy is purely a matter of values, not prices. Recall these extravagant economies, then give us the opportunity to demonstrate to you how our superior buying connections, expert fitting service, and liberal dealing can enable you to avoid such disappointments. Withal, the prices of Gidding Garments are very commonplace, as compared with the values!

J. M. Gidding & Co.
"Correct Dress for Women."

**OPEN POLICY
IS THE BEST**
Mayor Crumpton Talks About Superior's Experiences With Lid.

Mayor Crumpton of Superior was a caller at the city hall this morning. Naturally, in view of Duluth's experience in connection with putting on the lid, the superior man was questioned about conditions across the bay.

In the Wisconsin city, during Linley's administration, the red light district was closed, but before the expiration of his term of office, the council ordered it opened up again, claiming that closing it had resulted in loss of jobs to the city.

Mayor Crumpton says the present policy of allowing the red light district to operate, under strict police regulations, is generally believed in Superior to be the best policy, favored by the big majority. He says some of the changes were better as they are, after they had been shown records of the police department, and had listened to an explanation of conditions under the lid and anti-lid systems.

THREE NATIONS JOIN IN MOVE Natural Resources Conference Called by Roosevelt, Begins Work.

Washington, Feb. 18.—With a view to conserving the natural resources of the United States, Canada and Mexico, representatives of these governments, in addition to many of the leaders in the conservation movement in this country, gathered here today, in attendance upon the North American Conservation conference. The delegates who were called to order by President Roosevelt, assembled in the east room of the White House, where they were received by Mr. Roosevelt, preliminary to holding a two days' session at the state department.

PUSHED WIFE AGAINST STOVE Mrs. Mary Johnson Asks for Divorce on Grounds of Cruelty.

Mary Johnson, aged 42, in bringing suit for divorce against her husband, Louis Johnson, 50 years old, charges him with general cruelty, stating as a specific instance, that he once pushed her against a red hot stove.

They were married in Duluth in May, 1887, and are the parents of two sons, Edward, 20 years old, and Harry, 13. The plaintiff asks for absolute separation and temporary alimony. The suit was filed in the district court today.

SALOON BUSINESS MUST BE DULL Two Thirst Quenchers From Virginia Go Bankrupt.

August Isaacson and Gabriel Norbeck, who have been partners in the saloon business in Virginia, today filed with Clerk T. T. Pressnell of the federal court, a voluntary petition in bankruptcy. The firm owns \$1,755, and they have but \$674.43, part of which is exempt.

Ben Olson and John Flink, who were in the same business at the same place, also filed a voluntary petition in bankruptcy. They owe \$1,315.59, and have but \$38.88, part of which is exempt.

JAPAN SENDS DIPLOMAT TO RESIDE IN CHILE

Santiago, Chile, Feb. 18.—Eiki Hioki, the newly appointed Japanese minister to Chile, arrived here today. Japan has never before been represented diplomatically at Santiago, and the sending of M. Hioki is an evidence of the interest Japan is taking in the Pacific coast of South America.

WOMAN SUFFRAGISTS AGAIN SENT TO JAIL.

London, Feb. 18.—Late today the suffragettes, who were arrested this morning, were arraigned in police court and varying fines were imposed. All the women refused to pay, and they were given sentences in jail. The terms range from two weeks to a month.

SENTENCED TO HANG, IS DENIED REHEARING

Lincoln, Neb., Feb. 18.—R. Meade Shumway, sentenced to be hanged to-

morrow, was today denied a rehearing by the Nebraska supreme court. Attorneys for Shumway will appeal to Governor Shallenberger for clemency, and will also try to secure a hearing in district court to test the sanity of the condemned man.

HARRY MITCHELL

Beautiful Spring Styles for 1909 are now ready for your inspection. It will pay you to inspect my stock before ordering from any other tailor. Don't buy any hand-me-downs until after you see my Spring Goods.

Heavy weight materials are reduced in price. Don't allow anybody to soak you. You don't have to. Not as long as yours truly is in town.

NEW YORK WORLD NOT QUELLED BY INDICTMENT

(Continued from page 1.)

An American newspaper proprietor who would not be liable to criminal indictment in Washington, if his newspaper printed nothing more than the president even though the proprietor might have been thousands of miles from the time of publication and knew nothing whatever about it. There is a reporter who would not be similarly liable to indictment at this time, all of them would like to be able to print anything they please without being liable to criminal indictment.

"We say this reluctantly; but we say it without qualification because it is true. Mr. Roosevelt is an episode. The World is an institution."

In regard to the question whether the defendants could be extradited on the basis of the indictment, the assistant United States district attorney in New York city, speaking tonight, said he could not give a positive opinion one way or the other. He said the decision given by the United States circuit court in the case of Charles A. Dana and William H. Ladd, who were indicted under similar circumstances for libel, the court then held that the defendants could not be extradited on a charge of libel.

"They could be removed for any other charge, and perhaps now the original decision may be reversed. If the defendants fight the removal, it will be carried before the United States commissioner and then before the circuit judge."

"The stories," he added, "were concocted more than two and a half years ago by unscrupulous parties in New York, some of whom were in the canal zone, in an attempt to blackmail me of their falsity."

"The stories," he added, "were concocted more than two and a half years ago by unscrupulous parties in New York, some of whom were in the canal zone, in an attempt to blackmail me of their falsity."

"The stories," he added, "were concocted more than two and a half years ago by unscrupulous parties in New York, some of whom were in the canal zone, in an attempt to blackmail me of their falsity."

ONLY KISS IN RETURN
Woman Sues Man Who Got All Her Money.

Nord, the Champion Love-Letter Man, on Trial.

Kansas City, Kan., Feb. 18.—Charles E. Nord, who attained notoriety recently because of numerous love letters found in his trunk by the police, from women from all over the United States, was arraigned at the instance of one of his alleged victims, charged with obtaining money on false pretenses.

Nord entered a plea of not guilty and was bound over to the criminal court for trial. Five dollars and a kiss are all the return the prosecuting witness, Mrs. Carrie A. Hamilton, of this city, testified that she received for \$600 which she gave Nord in one lump, and about \$90 in cash given at other times.

"I had only 35 cents in the world when he left me," said Mrs. Hamilton. "I had only 35 cents in the world when he left me," said Mrs. Hamilton.

"I had only 35 cents in the world when he left me," said Mrs. Hamilton. "I had only 35 cents in the world when he left me," said Mrs. Hamilton.

PAID DAMAGES WITHIN AN HOUR

Mining Company Lost No Time in Settling Judgment.

The Shenango Furnace company yesterday established a record when it paid, an hour after the mandate had been received in federal court, the \$5,000 damages awarded to Mary C. Trebil for the death of her husband, who was killed some three years ago while working in one of the furnace company's mines on the range.

The above stated amount of the award, the company, shortly after the decision, paid to the plaintiff, who was represented by the law firm of St. Paul and Duluth.

Send your name and address today and the treatment will be sent you by return mail. Try it! It will positively cure so that you will be well enough to get on with your life. Friends, C. E. GAUSS, Marshall, Mich. Fill out coupon below.

FREE

This coupon is good for one trial package of Gauss' Catarrh Cure. Send, mailed free in plain package. Supply full in your name and address on dotted lines below and mail to: C. E. GAUSS, 3598 Main Street, Marshall, Mich.

SAYS BRIDGE IS RELIABLE

T. W. Hugo Tells Park Pointers It Needs Only Good Care.

In an interesting talk on "Reminiscences of the Early History of Duluth" last evening at the meeting of the Park Point Improvement club, former Mayor T. W. Hugo, in the course of his remarks, referred to the aerial bridge, stating that if it were properly operated and inspected it would give perfect satisfaction.

Mr. Hugo is an engineer, and was one of the signers of the contract for building the structure, so he is very familiar with the subject, and his words carried much weight with the audience.

He said that it was his opinion that all the trouble that has been occurring could be avoided if the bridge was properly cared for and looked after, and that he believed it today to be absolutely safe and reliable.

FOR Pains in the Back USE Omega Oil

If you have a weak, aching back, or sharp, piercing pains, rub yourself at night with Omega Oil, and often the pain will be gone in the morning. The oil penetrates through the pores of the skin and goes direct to the seat of the trouble.

LESS PREVAILING

Reports of Price Cutting Depress the Iron Market.

Some Very Good Railroad Business Has Developed, However.

Cleveland, Ohio, Feb. 18.—The Iron Trade Review today says: Recent reports of price cutting, some of which have been exaggerated and announcements of agreements to cut prices, which are without foundation, have had a depressing effect on the market.

No action looking toward a general reduction in prices has been taken and the situation, as reported last week, is unchanged. Some very good railroad business has developed and specifications on nearly all lines are fair. The first steel was made at the great Gary plant this week, three open-hearth furnaces having been started Monday.

Duluth still prevails in pig iron. When a slight increase in sales is noted as in Chicago, the past week, prices are somewhat lower. Although Southern furnaces are still holding to price \$12 Birmingham for No. 2, iron can be purchased from middlemen without difficulty at \$12.50, lower prices as reported in Southern Ohio.

Specifications on merchant pipe are coming in very satisfactory, and the outlook for tubular goods is excellent. Kansas City has contracted for 2,000 tons of cast iron pipe from the leading interests.

The Patriot Realty company of St. Louis has contracted for 900 tons of Bethlehem shapes for a building in that city.

Equal Apportionment. The \$9,000-ton New York Central railroad rail order has been apportioned about equally between the independent and the steel companies. Other rail sales include 10,000 tons for Pittsburgh & Lake Erie, taken by the Carnegie Steel company, 2,000 tons for the El Paso & Southern railroad, taken by the Colorado Fuel & Iron company, 1,000 tons for the New Orleans & Northwestern, by the Illinois Steel company, 1,000 tons for the Toledo, Peoria & Western, and 1,250 tons for the Chicago & North Western.

The scrap market is dull and prices are lower in Cleveland and Chicago. The coke is weak, and efforts to reduce production have had little effect.

Introduce Electric Furnaces. New York, Feb. 18.—The Iron Age today says: The United States Steel corporation has decided to introduce the electric furnace and steel process. Its engineers have made a study of the general subject, extending over two years, and have made a number of trips to Europe to study the latest electric furnaces and methods are in operation.

The outcome of these investigations is that it has been decided to put up one fifteen-ton Heroult furnace at the South Chicago works of the Illinois Steel company and one fifteen-ton open-hearth furnace at the Westmoreland plant of the American Steel & Wire Co. Probably a furnace at Homestead will follow.

The United States Steel Corporation will therefore be the pioneer in introducing electric furnaces, both in the manufacture of tonnage products like rails and structural steels for wire industry. The quality of rails has been a burning subject in recent years and the plan of producing that will be equivalent to tool steel quality, is one which raises high hopes for the future. Plans for two plants are now being drawn and construction will be pushed vigorously so that the installations will be in operation before the early summer.

MEET IN MID-SEA

(Continued from page 1.)

ceeded in line of squadrons on a course north 75 degs. west on a moderate southwest breeze, choppy sea and fair weather. All hands on board Rear Admiral Sperry's squadron closely observed the newcomers and were glad once more to see the Maine, which left the fleet at San Francisco. The new squadron made good much interest. The Salem brought mail for the fleet, but it has not yet been distributed, although the men are hungry for news.

For the Immigration. Washington, Feb. 18.—By wireless Admiral Sperry, commanding the battleship fleet, has announced that a patrol of the navy department, the naval brigade at the inauguration of President Taft. The dispatch came by way of the Boston navy yard. Rear Admiral W. P. Potter is to command a brigade which is to be made up of two divisions, commanded respectively by Captains E. F. Fletcher of the Vermont and F. E. Beatty of the Wisconsin. Eighty-four officers and 1,974 men are to comprise the brigade, which will be brought to Washington from Hampton Roads on the transports Dixie and Prairie and the Hartford.

TO RAISE THE MAINE

(Continued from page 1.)

chief executive. He said congress simply exercised its natural control, certainly equal to the control of the president or the navy department. Mr. Cummins replied that he had only called attention to invasion by congress upon the prerogative, power and privileges of the commander-in-chief of the army and navy. "The people of the country I come from," he said, "are free from the atmosphere of the department caused by an unbusinesslike development of the navy yards and stations."

Treaty Goes Over. The persistent opposition of Senator William D. Smith of Michigan to ratification of the Canadian boundary waterways treaty will carry the convention over until the next session of congress. From the day the treaty was reported to the senate, Mr. Smith

PLES Quickly Cured

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

We want every man and woman suffering from the excruciating torture of piles to just send their name and address to us and get by return mail a free trial package of the most effective and positive cure ever known for this disease. Pyramid Pile Cure.

has fought it with great determination on the ground that it takes from the state and gives to the private certain waters of the St. Mary's river which are being used by a Michigan corporation for power purposes.

Smith interested a large number of senators in his content, and a treaty was not therefore brought to a vote and will not be at the present session of congress. Senators Nelson and Clapp of Minnesota and Heyburn of Idaho, also have been opposed to the bill, but have been outvoted.

The most important amendment incorporated in the bill is that to regulate the interest of the state in the navigation of the river. The bill is under consideration in the committee on the river and navigation.

Adams School Alumni Arrange for Contests With Associations. The Adams School Alumni association will arrange a number of debates with teams representing the alumni of other grade schools and contests between former students of the Adams, Emerson and Franklin building are already assured.

In the first contest, Oscar Helam and Neil Beaton will head the Adams debaters. Frank Rich, Albert Bowden and a quartet composed of Clarence Rankin, Oscar Helam, Guy Williams and Frank Bowden will represent the Adams alumni debating team.

The Adams alumni decided to hold sessions once a month hereafter, and a number of members of the association were present at the meeting in the school house last evening.

West End Shortfalls. The Young People's Guild of St. Paul's Episcopal church, 200 E. Second, met last evening in the church. Miss Mary Knoff has gone to Milwaukee for a visit and will be absent several weeks with friends.

WRONG BREAKFAST. Change Gave Rugged Health. Many persons think that for strength, they must begin the day with a hearty breakfast of meat and other heavy foods. This is a mistake as anyone can easily discover for himself.

A W. Va. carpenter's experience may benefit others. He writes: "I used to be a very heavy breakfast eater but finally indigestion caused me such distress, I became afraid to eat anything."

"My wife suggested a trial of Grape-Nuts and I concluded to take her advice. She fixed me up a dish and I remarked at the time that the quality was all right, but the quantity was too small—I wanted a saucerful."

"But she said a small amount of Grape-Nuts went a long way and that I must eat it according to directions. So I started in with Grape-Nuts and some crisp toast for breakfast and the result was that I was able to eat a lot of other stuff I had been used to eating all my life. I was gratified to see that I was getting better right along. I concluded I had struck the right thing and stuck to it. I had not only lost my indigestion but I was eating better food than I had before."

WEST END ARM NEARLY BURIED OFF

West End Girl May Lose Limb as Result of Accident.

Reading Lamp Is Overturned and Her Clothing Is Ignited.

As the result of burns received by the overturning of a lamp, Miss Nellie Gorbey, prominent in West end musical and social circles, may lose an arm.

Miss Gorbey upset a lamp in her home at Twenty-eighth avenue west and Third street, igniting her clothing and before the blaze could be extinguished, her arm had been badly burned.

Medical aid was summoned at once and the ambulance took her to the hospital. It is feared that the condition of the injured member is such that amputation will be necessary.

MAGELSEN, MINNESOTA. TO BE CONSUL AT LARGE. Washington, Feb. 18.—The president has nominated the late consul at St. Louis, Minn., to be consul at large.

Chamberlain's Cough Remedy. The "Most Popular Because It" has sold Chamberlain's Cough Remedy for the past eight years and has become one of the best selling medicines on the market. For babies and young children the best of cough syrups, says Paul Allen, Plain Dealer, La. This remedy cures all kinds of coughs, colds and croup so common among young children, but is pleasant and safe for them to take. For sale by all druggists.

PLAN TO HAVE DEBATE LEAGUE

Adams School Alumni Arrange for Contests With Associations.

The Adams School Alumni association will arrange a number of debates with teams representing the alumni of other grade schools and contests between former students of the Adams, Emerson and Franklin building are already assured.

In the first contest, Oscar Helam and Neil Beaton will head the Adams debaters. Frank Rich, Albert Bowden and a quartet composed of Clarence Rankin, Oscar Helam, Guy Williams and Frank Bowden will represent the Adams alumni debating team.

The Adams alumni decided to hold sessions once a month hereafter, and a number of members of the association were present at the meeting in the school house last evening.

Will Leave March 1. Rev. A. Edlund, whose resignation as pastor of the First Swedish Baptist church in the West end, was announced some time ago, will leave for Chicago for a visit on Feb. 23. He will leave the first of March for Worthington, Minn., where he has an attack of rheumatism, is now able to go.

West End Shortfalls. The Young People's Guild of St. Paul's Episcopal church, 200 E. Second, met last evening in the church. Miss Mary Knoff has gone to Milwaukee for a visit and will be absent several weeks with friends.

WRONG BREAKFAST. Change Gave Rugged Health. Many persons think that for strength, they must begin the day with a hearty breakfast of meat and other heavy foods. This is a mistake as anyone can easily discover for himself.

A W. Va. carpenter's experience may benefit others. He writes: "I used to be a very heavy breakfast eater but finally indigestion caused me such distress, I became afraid to eat anything."

"My wife suggested a trial of Grape-Nuts and I concluded to take her advice. She fixed me up a dish and I remarked at the time that the quality was all right, but the quantity was too small—I wanted a saucerful."

"But she said a small amount of Grape-Nuts went a long way and that I must eat it according to directions. So I started in with Grape-Nuts and some crisp toast for breakfast and the result was that I was able to eat a lot of other stuff I had been used to eating all my life. I was gratified to see that I was getting better right along. I concluded I had struck the right thing and stuck to it. I had not only lost my indigestion but I was eating better food than I had before."

BLACKMAILER SAYS HE IS ROBERT B. BLEDSOE. Kansas City, Mo., Feb. 18.—C. M. Garnett, who attempted to blackmail

SUNBEAM THEATER

TONIGHT Is Ladies' TONIGHT

Continuous performance 12 m. to 11 p. m.

KANSAS LEGISLATURE KILLS AN INTER-MARRIAGE BILL.

Topeka, Kan., Feb. 18.—On the ground that it might restrain the return of the United States and Japan, the Kansas legislature killed a bill providing for the intermarriage of whites with Japanese. The bill also contained a clause prohibiting the marriage of whites and negroes.

INVOLUNTARY MANSLAUGHTER VERDICT IN WRECK CASE. Billings, Mont., Feb. 18.—Willard Smith and James T. Hickey are found guilty of involuntary manslaughter as a result of the collision at the Point. In which twenty-two lives were lost Sept. 25, Smith and Hickey were engineer and conductor on a freight train which collided with a passenger train on the Northern Pacific.

TO BE CONSUL AT LARGE. Washington, Feb. 18.—The president has nominated the late consul at St. Louis, Minn., to be consul at large.

Chamberlain's Cough Remedy. The "Most Popular Because It" has sold Chamberlain's Cough Remedy for the past eight years and has become one of the best selling medicines on the market. For babies and young children the best of cough syrups, says Paul Allen, Plain Dealer, La. This remedy cures all kinds of coughs, colds and croup so common among young children, but is pleasant and safe for them to take. For sale by all druggists.

ERSKINE CREAMERY MEET.

Books Are Audited and Officers for Year Elected. Erskine, Minn., Feb. 18.—(Special to The Herald.) The Erskine Creamery has just held their annual meeting here. C. C. Nass was elected president; Olaf Cronquist, vice president; A. F. Cronquist, treasurer; H. T. Gilbertson, secretary; John Mahlen, Emil Johnson and H. A. Bakken, directors, and a quartet composed of H. Dale and E. O. Melness, auditors.

A committee of five was appointed to revise the constitution and bylaws and to formulate some plan for the distribution of shares. The committee consisted of C. C. Nass, O. H. Dale, A. F. Cronquist, H. T. Gilbertson and Emil Johnson. The report of the business transacted during the past year was adopted.

STREET RAILWAY LOSSES.

Verdict for Personal Injuries Against Fargo-Moorhead Line. Fargo, N. D., Feb. 18.—(Special to The Herald.) That the Fargo-Moorhead Street Railway company was guilty of negligence in running down William Acton last summer, as he was driving a rig on Broadway, was the conclusion reached by a jury in the district court after about five hours. A verdict was returned, awarding Acton a judgment of \$2,450. Court immediately granted stay of fifteen days to stop all proceedings except an entry of the judgment.

COUPLE BURIED TOGETHER. Husband and Wife Asleep in the Same Grave. Fairmont, Minn., Feb. 18.—The funeral of Mr. and Mrs. Fred Wohlfahrt was held Tuesday in this city. The former was 77 years of age and the latter 71.

The death of Mr. Wohlfahrt occurred early in the week. Before the date was set for his funeral, his aged helpmate had succumbed, her death hastened by grief at the separation from her husband, and it was decided to bury both with one funeral service.

Universalist Ministers Change. Rochester, Minn., Feb. 18.—Rev. George Patterson, pastor of the Universalist church here, has resigned to accept the pastorate of Tuttle Memorial church at Minneapolis. The call to Minneapolis comes as a result of Rev. Mr. Hughes, former pastor of Tuttle church, having accepted the pastorate in Owatonna.

Detroit City Election. Detroit, Minn., Feb. 18.—At the biennial city election the following officers were chosen: Mayor, J. C. Weeks; city clerk, C. G. Sturtevant; treasurer, A. E. Bowling; judge of the common pleas, J. W. Kinschick; second ward, W. B. Carman; F. H. Mensing, P. O. Stephens; Third ward, G. C. Kirby, Peter Randolph, F. Harris.

Against Students Dancing. Mankato, Minn., Feb. 18.—The Mankato Ministerial association has a committee to investigate the extent to which dancing is carried on by students of the high school. This action was taken after a spirited discussion in which much opposition to student dances was manifested.

STEWART STOVES AND RANGES

The Only Ash Sifter Made For Furnaces. The Shovel-Sifter works right in the ash without dust or litter. So simple, it is a wonder that the man who invented the furnace didn't make one to go with it. Fill it with ashes and shake it, just like a corn-popper, right in the ash-pit, bank your fire with the coal saved and put the ashes into a handy receptacle. Made of one solid piece of steel, durable as any shovel, three-eighth inch perforations, saves every particle of coal as big as a kernel of corn. Price \$2.00. At your dealer or send us your name and ask for free book. R. Brownson & Co., 867 Conway St., Saint Paul, Minn.

Shakes Like a Corn-popper

ANOTHER FRISCO GRAFTER FOUND GUILTY; PEN YAWNS

San Francisco, Cal., Feb. 18.—After deliberating thirty minutes, the jury in the case of ex-supervisor Michael W. Coffey, indicted on a charge of receiving a bribe of \$4,000 to vote for a trolley franchise for the United Railroads, returned a verdict of guilty. Judge Dwyer fixed Feb. 27 as the date for pronouncing sentence, which may be from one to four years in the state penitentiary.

Coffey, who was on the Schmitz board of supervisors, all of whom except two who were involved, confessed to having accepted bribes through the agency of Abraham Ruef, is the first member of that board who has been prosecuted.

With others, he made an immunity contract with the district attorney, on agreeing to testify fully in regard to bribery transactions. Later, when called upon to testify against Ruef and others, he refused to repeat his evidence given before the grand jury. This caused the withdrawal of the promise of immunity by the district attorney, the result being Coffey's trial and conviction.

BRYAN DENOUNCES CARNEGIE PROFESSOR PENSION SYSTEM

Lincoln, Neb., Feb. 18.—Before a joint session of the legislature, W. J. Bryan delivered an extended address, discussing most of the state issues. He disclaimed any intention of posing as a dictator and asserted that he was speaking merely as a private citizen.

He endorsed the bank guaranty plan and asked for the redemption of all platform pledges. He urged the establishment of a school of citizenship, and condemned the Carnegie pension fund for professors, declaring it is the most insidious poison ever injected in the body politic.

MARRIED WOMEN

Every woman covets a shapely figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of Mother's Friend before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy. Sold by druggists. Book mailed free to all who request one. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

LATEST SPORTING NEWS OF THE DAY

JOB HAS ITS DRAWBACKS

President Harry Pulliam Says He Is Ready to Quit.

Weary of Friction With Hermann and President Murphy.

Chicago, Feb. 18.—President Harry Pulliam of the National League, made it plain yesterday between sessions of the magnates represented in the organization of which he is the official head, that he was willing to forego the glory and salary attached to his position in order to save himself worry. Mr. Pulliam had intended making a statement at the dinner given to the newspaper writers on the previous evening, but the spirit of good cheer and forgetfulness decided to "forget" it. It is known in baseball circles that the best of feeling does not exist between Mr. Pulliam, Mr. Hermann, chairman of the national commission,

PRESIDENT HARRY PULLIAM.

and President Murphy of the Chicago National league club, but it was not until yesterday that the warfare assumed a serious aspect. Mr. Pulliam had ordered Barney Dreyfuss and Charles Ebbetts, owners respectively of the Pittsburgh and Brooklyn teams, to leave his office in New York, and while the demand was complied with, it is said that both Dreyfuss and Ebbetts vowed vengeance on the head of the National league. When Mr. Pulliam learned that the incident referred to had been divulged, he issued a statement which he said voiced his sentiments. In substance the National league president declared that he was tired of warfare and after leaving for California next Monday he would not be surprised to hear that he had been denounced by those in the league whom he claims to be his enemies. Mr. Pulliam issued his statement after the meeting of the National league magnates had been held and he supplemented it by saying that his experience with the contending factions of the league had caused him to fall in health and lose the cheerful disposition that he had at one time.

"I expect," said President Pulliam, "that there are enough of the opposition to depose me as president, and as a matter of fact, I would not regret the action on their part. The job is a thankless one for the most part and the friction that one has to deal with is not worth the trouble."

As a matter of fact, I did order Dreyfuss and Ebbetts out of my office in New York and I would do the same thing again if the circumstances were similar.

But, notwithstanding the difficulties

existing between some of the magnates and officials of the National league, the session, which was held late in the afternoon, was harmonious for the most part. Contrary to expectation, the reported attempt at bringing Charles Klem and Johnstone during the Chicago National and New York National series at the Polo grounds, was not referred to, and in all probability the matter will not be brought up for consideration at this session.

The proposed amendment to the National agreement in regard to the class AA leagues was discussed to considerable length, and while no definite action was taken, the sentiment of the league managers appeared to be in favor of the change. A similar spirit was manifested at the session of the American league directors during their brief association. With this display of willingness on the part of major league magnates, it is probable that the American association, Eastern league and Pacific Coast league will be placed in a class by themselves according to their desire. In the National league session it was decided to amend rule 64 so that the umpires will not have the power to fine players or men on the coaching line. In future, violations of the rules of the National game may be punished only by the ordering of the defendant to the clubhouse, but he may be put up a position either in the grandstand or bleachers. Another innovation was the adoption of a rule to the effect that managers of home grounds will not be permitted to voice any sentiment regarding ground rules in case the visiting team enters a protest against existing conditions. The umpire is to be the sole judge in such an emergency. In the major league clubs, the decision by the rules committee that a limit of twenty-five players shall be in the lineup during the playing season on and after May, and thirty-five in future, was also discussed. It precedes the warmer contests of clubs striving for pennant honors.

Starting Pitchers.

After considerable discussion the committee decided to stop the practice of certain managers in shifting pitchers during the course of games in order to give their teams an advantage when the pitchers on the opposing team were showing great strength at the plate. When one pitcher is taken out, his successor must remain in the box until he has retired at least one man. The scoring rules were amended and at the suggestion of a committee of sporting writers and it was decided that in the minor leagues where the fines were imposed, the umpire is to be the sole judge in such an emergency. In the past, the penalty did not rest sufficiently heavily on the playing offender.

For this reason it was decided that in the minor leagues where the fines have been settled in the majority of instances by the players, that the rule be allowed to stand for the good of the baseball game. The annual proposition of trades and purchases experi-

ARE TIED FOR FIRST PLACE

Bryants and Lester Parks in Lead for Hockey Pennant.

Northern Juniors Will Probably Also be in Place.

How They Stand.

Club.	Won.	Lost.	Pct.
Bryants	3	1	.750
Lester Parks	3	1	.750
Northern Juniors	2	1	.667
Adams	2	2	.500
Fairmounts	0	4	.000

The Bryants defeated the Fairmounts at hockey last night by a score of 1 to 0. A number of the players on both the teams were out of the game, but notwithstanding this fact the game was fast and much enjoyed by a fair-sized crowd.

Johnson, the captain of the Bryant team, played a star game, as did Ashley of the Fairmounts. The only score was made early in the game and hard as they played at times, neither side could repeat the trick.

The Bryants and Lester Parks are now tied for first place with the Northern Juniors but one game behind them. The Northern Juniors will meet the Adams team Friday evening and the hope has it that they will tie up with the two leaders, making a three-cornered fight for the pennant.

The line up: Fairmounts, Blaise,w.Ashley, Poissant,f. w.Clark, Fortune,c.Meisahl, Reaume,p.Crosby, Woods,g.Bethune, Blanchard.

HARTIGAN CONCURS IN BRANDING ACT ILLEGAL.

Columbus, Ohio, Feb. 18.—After a thorough examination, the insurance commissioners of Michigan, Minnesota, Connecticut, Maryland, Virginia, and Ohio have ruled that the action of the directors of the Union Central Life Insurance company of Cincinnati, of which the late Governor John M. Patton was president, in issuing \$400,000 new stock and taking the money for a ten-round fight Tuesday at catch weights.

Ball Player Ill.

Ashland, Mass., Feb. 18.—The condition of Harry P. Bemis, the Cleveland American league club catcher, who is critically ill with pneumonia, showed no change yesterday. The doctors were not without hope that he would pull through.

MAY BUILD A CEMENT VILLAGE

New Mining Camp On Serpent Lake of Cement Houses.

George H. Crosby is in Chicago attending the annual meeting of the Thomas A. Edison will be one of the principal speakers before the congress. Mr. Crosby is attending the convention with the purpose of securing ideas for the new town he is contemplating building at the west end of Serpent lake on the Cuyuna range some time during the present year.

Mr. Edison has invented a mold for building concrete houses. A description of this invention was given in The Herald during the presence of Mr. Edison in Duluth last summer. A mold is erected and the walls of the house poured into it.

Mr. Crosby may adopt the plan for the village he is going to build.

MILLER TALKS ON DEMOCRACY

Says Civil War Was Battle Against Cavalier Despotism.

Clarence B. Miller, congressman-elect from the Eighth congressional district, delivered a lecture upon democracy at the Lester Park Methodist church last evening. The speaker traced history of government from its beginning, through the decadent eras of later Greece and Rome, up to the present time. He characterized the Teutonic form of government as the most simple and lasting form of government.

Mr. Miller stated that the real test of the Civil war was whether the Anglo Saxon idea of pure democracy should endure. It was a war between pure democracy and cavalier despotism, in the opinion of the speaker. The speaker stated that the Pilgrim Fathers brought the old Teutonic idea of government to this country and implanted it into the history of the United States.

Congressman Miller will leave today for Washington upon official business.

A Common Cold.

We claim that if catching cold could be avoided some of the most dangerous and fatal diseases of the human race would be avoided. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases of this class, are the result of a cold. The culture bed formed by the cold favors the development of the germs of these diseases. That is why this remedy has proved so successful in preventing pneumonia. It not only cures your cold quickly but minimizes the risk of contracting these dangerous diseases. For sale by all druggists.

The variety of shapes and colors in Knapp-Felt derbies and soft hats affords a satisfactory opportunity for individual selection.

Knapp-Felt De Luxe hats are Six Dollars; Knapp-Felts are Four Dollars everywhere.

Columbia \$3 Hats are made in the same factory.

The new 1909 Hats are now on sale.

THE COLUMBIA

Sole Sellers of Knapp-Felt Hats and of Hatan Shoes.

WINTERS WINS SKATING RACES

Duluth Boy Has Easy Time Beating Cleveland Speed Skaters.

"Caddy" Winters is tearing things up down in Cleveland. He has made the skating palace sit up two or three times since he landed there last fall, and he has every prospect of doing it many times again.

His latest hit was made as a fast skater. They pulled off an ice race in Cleveland last week and Winters entered. Everything was his. The other skaters stood not one chance and he won out easily in every event he entered.

The hockey season in Cleveland is over and the Crescents have won the pennant. The success of the team was largely due to the spectacular playing of Winters, for time and again upon the ice he took the puck down the entire length of the rink and pulled his team out of many a tight hole.

An all-star team has now been organized from among the hockey players of the Eastern city and they will soon start on a trip through Canada and the Eastern states. Winters was picked on this team and will play with them during the tour.

Winters was the only American to make the all-star aggregation, all the other boys being Canadians. He will arrive in Duluth in the first of the month and will, it is expected, play baseball with the Pittsburg papers.

Pittsburg is hard after. Winters for next season and it is said that he is seriously considering an offer made by the Pittsburg manager.

Season Opens April 12.

Chicago, Feb. 18.—The baseball season of the American league will open on April 12, according to the official schedule made public today. On that day New York will play at Washington and Boston will be at Philadelphia.

AUSTRALIAN GETTING CHESTY

Wants to Fight Walter Whitehead and May be Accommodated.

George Gunther, the colored pug, who says he is from Australia, is getting chesty.

He is reported as having posted \$200 to bind himself for a match with Walter Whitehead.

Whitehead is a pretty busy boy about this time. He has been busy all winter and has every prospect of being busy until late in the spring. Mr. Whitehead has shown no disposition so far to run away from any one, and it is not likely that the man from the Antipodes will make his pulse quiver much.

If Gunther has done all he says he has, he is a few worthy of the Duluth man, and there is no doubt that he will be accommodated.

He has already put up \$200; he says he wants to put up \$200 more. This kind of talk makes Whitehead nervous.

The money in a lump like that, looks awfully good to Walter. He thinks it is more money than he has ever been allowed to carry about with him.

NEW BOAT WILL BE IN THE RACES

Nelson's Fast Craft, the Pirate, Will Take Part Saturday.

W. Nelson, with his ice-boat the Pirate, will be in the race to be sailed Saturday afternoon, under the auspices of the Duluth Yacht club. Not long ago, on the bay, Mr. Nelson made seventy-two miles an hour, and if the wind is strong enough Saturday, he expects to beat his former record.

J. A. Kent will sail his King, Joe Roth will enter his Hare, D. H. Williams will sail his Dart, Peterson brothers the Blue Bell, L. Nelson the Snowbird, and J. Odell the Jack Frost. Besides these boats, all those which have been sailing in the past have been on hand, and if the weather is favorable, good sport is expected.

The yachtsmen have been particularly unfortunate this year in regard to the weather, and if the conditions do not soon become favorable, there may be many events left unfinished.

BUZZ WAGON RACE IN EARLY SPRING

Cars Will Run From Coast to Coast for \$2,000 Cup.

New York, Feb. 18.—The American continent will be the scene of a magnificent automobile contest during the spring and early summer.

Through the efforts of Robert Guggenheim, who has been largely responsible for the Elkwood Park meet of last summer, the Seattle Automobile club and the officials of the Alaska Yukon Pacific exposition are busy arranging the details for a race between the Atlantic and Pacific oceans.

Already letters have been sent out to all automobile manufacturers, giving them an opportunity to lay out the route. For this work two cars will be necessary, one starting from New York, covering the territory between New York and Chicago, and the other leaving Chicago and proceeding west. These cars will start on March 15, while the date of the race proper will be set for either May 6 or June 1, according to the condition of the roads as reported by local automobile clubs and hotels.

Neither the public nor the manufacturer is expected to be interested in the possible loss of an important bolt or nut. Motorists and the races will be intensely interested in knowing whether a car can travel the 4,000 miles separating New York and Seattle under all conditions of weather and roads, while the sporting instinct will

Rheumatics!

Prove It For Yourselves

Hill's Rheumatic Pills cure all forms of Uric Acid Poisoning—Rheumatism, Sciatica, Lumbago, Neuritis, Gout, Kidney and Liver Complaint, Stomach Disorder, Blood Poisoning and Constipation.

We don't ask you to take our word for this. We want to prove it to you—prove it at our own expense.

If you will write to us today we will at once send you a liberal trial box of Hill's Rheumatic Pills, absolutely free.

We do this to prove to you that these Pills will cure you.

Many people suffering from mild cases of Uric Acid poisoning are cured by this trial box alone, but if your case is of long standing or has been aggravated through other diseases you could hardly expect so quick a cure.

In any event, this trial box of Pills is bound to prove so beneficial that we know you will want to continue the treatment until a cure is effected.

You will feel better after the first dose. The excruciating pain you have been suffering will become dull and dead, and as the remedy drives the acid out of the system will vanish altogether.

Hill's Rheumatic Pills are purely vegetable with the exception of a very small amount of common baking soda. They tone up the stomach, cleanse the bowels, restore the liver and kidneys to a state of vigorous health and the arteries with fresh, red blood.

This wonderful remedy has been in the market seventy-three years, and it is made today just as it was when first discovered in 1835. The formula was so perfect that modern medical science was unable to improve it.

Eighteen thousand people have written us that Hill's Rheumatic Pills cured them. We know they will cure you and we want to prove it to you at our own expense.

If you suffer from Rheumatism or any other form of Uric acid trouble, write to us today. This free trial box of Pills may cure you. Certainly it will relieve the pain you now suffer and make you feel like a new person.

Write to: **Heiden & Cogg Co., Dept. 108, Minneapolis, Minn.**

Gentlemen—Please mail me your free trial box of Hill's Rheumatic Pills and oblige.

IS LIKE A GOOD TEMPER, "IT SHEDS A
BRIGHTNESS EVERYWHERE."REV. J. A. KRANTZ
IS PRESIDINGDuluthian Again Chosen
President of Swedish
Lutheran Conference.

Minneapolis, Minn., Feb. 18.—(Special to The Herald.)—Barring a short devotional service beginning at 3:30 a. m. today, the day will be devoted mainly to business at the fifty-first annual conference of the Swedish Lutheran church of Minnesota, which began at the Bethlehem Swedish Lutheran church Tuesday evening.

This evening there will be an address by President P. A. Mattson of Gustavus Adolphus college.

There are about 300 delegates present. The conference covers the church work in Minnesota, North and South Dakota and portions of Canada and Wisconsin.

The annual election of officers resulted in the re-election of the entire board, as follows: Rev. J. A. Krantz of Duluth, president; Rev. L. P. Bergstrom of Winthrop, president; Rev. S. A. Lindholm of Lafayette, secretary; Rev. G. Rast, D. D. of Dresser, treasurer.

Dr. Krantz read his report of the work of the past year.

The following committee was named to consider President Krantz's report and suggest to the conference such action as deemed wise: Rev. J. P. Kjellberg of St. Cloud, president; Rev. C. J. Chilton, Rev. N. P. Puleen, A. Swenberg, Rev. J. O. Lundberg, Rev. J. H. Larson, L. E. Peterson, Rev. T.

NEWS OF THE NORTHWEST

SITE CAN
BE LEASEDWelcome Ruling Is Re-
ceived From Federal
Forestry Department.It Permits Erecting of
Summer Cottages Near
Cass Lake.

Cass Lake, Minn., Feb. 18.—(Special to The Herald.)—G. E. Marshall, the local forestry superintendent, has just received notice from headquarters at Washington, that any person may be able to lease a site on any part of the forest reserve for the minimum charge of \$5 per year.

This news comes as an agreeable surprise to many who have long anticipated erecting a summer cottage on this reserve. Scarcely had the news become known when Mr. Marshall received application for sites. The land aggregates over 550,000 acres, and amid some of the most beautiful scenery in this section. Several city residents have hoped that the forestry department would permit the leasing of sites on this reserve, when they would erect summer homes on the lake and amid some of the most beautiful scenery in this section. It is believed that as soon as this becomes known to them, they will make haste and obtain some of the most beautiful scenery in this section. Several city residents have hoped that the forestry department would permit the leasing of sites on this reserve, when they would erect summer homes on the lake and amid some of the most beautiful scenery in this section. It is believed that as soon as this becomes known to them, they will make haste and obtain some of the most beautiful scenery in this section.

MAY EXPLAIN MYSTERY.

Skeleton Found in Walker, Pre-
sumed to Be Andrew Peterson.

Walker, Minn., Feb. 18.—(Special to The Herald.)—The mystery surrounding the disappearance of Andrew Peterson, a laborer, here about two years ago, is supposed to have been cleared up by the discovery made a few days ago by some men cleaning a cess pool in the rear of the Lake Shore hotel, when they came across a human skeleton, presumably that of the missing man. The skeleton was found in a cess pool in the rear of the Lake Shore hotel, when they came across a human skeleton, presumably that of the missing man. The skeleton was found in a cess pool in the rear of the Lake Shore hotel, when they came across a human skeleton, presumably that of the missing man.

FARMER TAKES LIFE.

Hastings, Minn., Feb. 18.—Nels G. Nelson, a well known farmer of Randolph, committed suicide at his home near that town Wednesday, by cutting an artery in his left arm with a razor, and bleeding to death. His health is ascribed as the reason of his act. He was 53 years old, and is survived by his wife and six children.

WASHBURN CHIEF ACTIVE.

Going After Gambling Element in
Northern Wisconsin Town.

Washburn, Wis., Feb. 18.—(Special to The Herald.)—If Washburn is not the fault of Chief of Police Oliver Wescott, as that official has given the knights of the green cloth a shock they will not recover from in some time.

JEWELERS ARE MEETING.

Annual Gathering of Minnesota As-
sociation at St. Paul.

St. Paul, Minn., Feb. 18.—(Special to The Herald.)—Members of the Minnesota Retail Jewelers' association and the Minnesota Optical association are in annual convention at the Ryan hotel.

N. D. BARBERS ORGANIZE.

Valley City, N. D., Feb. 18.—(Special to The Herald.)—The North Dakota State Barbers' association has been organized at a meeting held here this week. A special meeting will be held at Grand Forks in July, and the next regular meeting in Minot, in February, 1910.

NEGLECTED CHILDREN
TAKEN TO STATE HOME.

Oceola, Wis., Feb. 18.—Five children belonging to Mr. and Mrs. William Robinson of Wolf Creek, were taken to the State home for dependent children by S. C. Pomeroy, chairman of the town of Oceola.

ARGENTINA CROPS LIGHT.

Pergusa, Falls, Minn., Feb. 18.—Henry W. Walsh, who went to South America as a representative of the International Harvester company, has returned, bringing back somewhat more than he originally intended to on account of poor crops in the Argentine republic.

NEW CASS LAKE EDIFICE

CONGREGATIONAL CHURCH, CASS LAKE.

Cass Lake, Minn., Feb. 18.—(Special to The Herald.)—The members of the Congregational church of this city, as well as citizens generally, are proud of the new Congregational church recently dedicated. It is declared to be one of the finest and most beautiful sacred edifices in this section, considering the cost.

The building was erected at a cost of about \$5,000, all of which has been raised except a few hundred dollars, which the enterprising pastor and local congregation expect soon to have. The building is of pressed brick, and this picture, recently taken, shows it to fair advantage.

SHOW COMPANY ARRESTED
FOR SUNDAY PERFORMANCE.

Lake Linden, Mich., Feb. 18.—(Special to The Herald.)—A warrant was sworn out Tuesday in Justice Prince's court for the arrest of Ernest Lattimore, manager of the Lattimore & Leigh stock company, and eight of the members of the company, charging them with violating the state laws, with respect to playing in a place of amusement on Sunday evenings.

500 DEPOT BURNED.

Agent's Family, Living Upstairs,
Also Lost Their Effects.

Drake, N. D., Feb. 18.—One of the fiercest fires that ever occurred in Drake took place here recently, when the depot was entirely destroyed.

GREAT NORTHERN PAYS
BIG SUM IN WAGES.

St. Cloud, Minn., Feb. 18.—(Special to The Herald.)—The Great Northern Railway company Tuesday paid out an amount in excess of \$30,000 to its employees who live in this city. Walter F. Smith, the city engineer, said the roll includes the car shop men, store department help, switchmen, snow sheds, train men and section hands.

BANKER'S WIFE SHOTS
SELF, PERHAPS FATALITY.

Grand Forks, N. D., Feb. 18.—Mrs. B. A. Harlow, wife of the assistant cashier of the First National bank of Park River, shot herself with a revolver yesterday, and then endeavored to take her life. She has been lying for some time, and is now in a critical condition.

MINNESOTA BRIEFS

St. Cloud.—Dr. H. M. Bracken of the state board of health believes that the schools in this city should be closed for a short time, and the next meeting of the board will be held here this week. A special meeting will be held at Grand Forks in July, and the next regular meeting in Minot, in February, 1910.

WISCONSIN BRIEFS

Eau Claire.—Five saloonmen were arraigned on charges of keeping open their places Sunday. One pleaded guilty and was fined \$100, and the other four were held for trial.

state supreme court will take up two of the most important assignments of the year, the Fabus inheritance case and the appeal of Abbie E. Beals of Shawano—Big Jim was dismissed here Tuesday on the charge of murdering Pete Waywaskum and immediately afterwards was arrested for his assault on Sheriff E. J. Beal.

Marquette.—Louis J. Mangold, aged 56, who has resided here for the past twenty years, died here Tuesday. He was a native of Milwaukee and was employed in Milwaukee. He also has a brother, George, at Racine.

Madison.—The license to do business in the state of the Cosmopolitan Life insurance company of Freeport, Ill., will be revoked by Insurance Commissioner Beede. No reason has yet been announced for the commissioner's action.

Milwaukee.—John McGee, whose skull was fractured by the falling wall that killed five of his fellow firemen, is steadily improving at the Emergency hospital. Doctors say he is now practically out of danger.

Marquette.—Reports from all logging points adjacent to Marquette say that the cold weather and snow of the present month means that the logging season is a successful and an unprosperous season for lumbermen in Northern Wisconsin.

DAKOTA BRIEFS

Minot, N. D.—Arthur Peterson of Donnybrook was adjudged insane before the ward county insanity board here Tuesday, and will be taken to the state asylum at Jamestown.

PENINSULA BRIEFS

Calumet.—A large number of local residents are anticipating the coming of the new school building, which is to be built on the corner of the old school site.

ORDER OF HEARING ON PETITION
FOR ADMINISTRATION

In the matter of the estate of Frank Arko, deceased.

THE PETITION OF Johanna Arko, having been filed in this court, respecting the estate of the said Frank Arko, then being a resident of the County of St. Louis, State of Minnesota, on the 26th day of January, 1929, leaving estate in the County of St. Louis, State of Minnesota, and that said petitioner is the widow of said deceased, and praying that Letters of Administration of the estate of said deceased be granted to John Povsha of Hibbing, Minn.

THE PETITION OF JOHANN ARKO

In the matter of the estate of Frank Arko, deceased.

THE PETITION OF Johanna Arko, having been filed in this court, respecting the estate of the said Frank Arko, then being a resident of the County of St. Louis, State of Minnesota, on the 26th day of January, 1929, leaving estate in the County of St. Louis, State of Minnesota, and that said petitioner is the widow of said deceased, and praying that Letters of Administration of the estate of said deceased be granted to John Povsha of Hibbing, Minn.

PROPOSALS—SALE OF U. S. S.

Inca.—Sealed proposals will be received at the Navy Department until noon of the 17th day of March, 1930, at which time and place they will be opened, for the purchase of the U. S. S. Inca, appraised value, \$5,300. The vessel is a steam tug, and is to be sold to the person or persons or the corporation or corporations offering the highest price therefor. Proposals must be submitted in a sealed envelope addressed to the Secretary of the Navy, Washington, D. C., and must be accompanied by a certified check for not less than 10 per cent of the amount of the offer. On application to the Navy Department forms of bids and bonds, together with the terms and conditions of sale, and a printed statement giving general information concerning the vessel, will be furnished after the date hereof by applying to the Commandant of the Navy Yard, Boston, Mass. It must be removed from the limits of the navy yard within thirty days of the date of sale, and in such case the Department reserves the right to withdraw the vessel from sale and to reject any or all bids. TRUMAN H. NEWBERRY, Secretary of the Navy.

ST. LOUIS COUNTY'S PLEA FOR EQUAL TAXATION IS HEARD WITH ATTENTION

Chester A. Congdon's Argument is Regarded as a Masterpiece.

Effective Address Was Also Delivered by H. H. Phelps.

Strong Plea on Behalf of Taxpayers of St. Louis County.

(From a Staff Correspondent.)
St. Paul, Minn., Feb. 19.—(Special to The Herald.)—St. Louis county's plea on the tonnage tax discussion before the house committee on taxes and tax laws yesterday afternoon was one of the most interesting episodes of the session thus far. Practically all of the members of the committee were present, and in addition many other members, interested in learning the facts about the bill, sat in and listened to the arguments against it. The audience listened attentively and frequently urged Representative C. A. Congdon to proceed when he apologized for continuing so much time, and it was evident that the bill, pointed and well-founded arguments that were made went home.

H. H. PHELPS, Who Made Forceful Argument Before Legislative Committee on Behalf of St. Louis County Taxpayers.

BILL WILL BE KILLED

House Judiciary Committee Against Initiative and Referendum.

Inquiry Wanted Into Cost of State Oil Inspection Department.

(From a Staff Correspondent.)
St. Paul, Minn., Feb. 19.—(Special to The Herald.)—The house judiciary committee voted this morning, 13 to 6, to recommend for indefinite postponement the bill of J. N. Johnson of Canby, providing for the initiative and referendum in this state. The report did not reach the house this morning, but when it does, it will be adopted, and the bill will be killed, though its friends may make a fight for it.

The house passed, under suspension of rules, the bill appropriating \$12,000 to pay extraordinary expenses in fighting the disastrous forest fires that swept over Minnesota last fall. There are more than a thousand claimants, and the claims average only a little over \$11 each.

Representative Rosenwald offered a resolution, which went over on notice.

CASH SENT HIM BY STEPHENSON

Banker Puelicher Continues Testimony at Wisconsin Hearing.

Madison, Wis., Feb. 19.—J. H. Puelicher, a Milwaukee banker, continued his testimony today before the legislative committee investigating the senatorial primary.

Mr. Puelicher read a statement of the amounts sent to him by Senator Stephenson, J. A. Van Cleave and R. Sackett, between June 23 and Nov. 20, for paying campaign bills, the sums aggregating \$101,400.

Governor Davidson has signed the bill passed by the legislature providing for the payment of the expenses of the senatorial primary investigation.

The measure became a law upon publication at 4 o'clock this afternoon.

Attorney Charles Lamb, acting for Senator J. E. Lohr of Appleton went before the committee and presented a petition for permission to bring suit in the state's name to prevent the state treasurer and secretary of state from paying state money for the senatorial investigation committee's expenses.

Attorney General Gilbert refused and today the matter went to the supreme court in the form of a petition for right to bring suit.

Asked why Stephenson sent checks to him through J. A. Van Cleave, Mr. Puelicher said that Mr. Van Cleave, a close friend of Stephenson, who lived in Marinette, that "most of the calls were made by telephone." The witness admitted that the method used in handling the money was unusual.

Mr. Sackett said he kept account of where all money went. Puelicher promised to send the cashier's checks to the committee by Tuesday.

Asked if there was a detailed account of expenses, Puelicher said: "Any one familiar with Mr. Stephenson knows he dislikes details." This opinion did not relate to Stephenson's private affairs, with which he was not familiar. To his knowledge no one had presented a complete statement of where all money went, and the latter had demanded none.

SHERCLIFFE LODGED IN COLORADO PENITENTIARY.

Canyon City, Colo., Feb. 19.—Frank Shercliffe, recently acquitted in Minneapolis of the charge of robbing a Northern Pacific train in Montana, arrived here in the custody of Colorado officers yesterday and was placed in the pen to begin his sentence of twenty-five years for murder in Leadville.

Shercliffe, escaped while being brought here from Leadville several months ago. He was so heavily manacled that he had to be literally carried from the train.

REDUCE DUTY ON PRINT PAPER, SAYS COMMITTEE, REPORTING TO CONGRESS

Also Favors Placing of Ground Wood on Free List.

Would Have Effort Made to Find "Paper Plant."

Favors Search for Vegetation to be Used Commercially.

Washington, Feb. 19.—A reduction in the duty on news print paper from \$6 to \$2 a ton; the placing of ground wood on the free list, and the establishment of a duty of one-twelfth cent per pound on mechanically ground wood pulp, are the recommendations of the select-committee on pulp and paper investigation which made its report to the house today. The report states that it presents the unanimous report of the entire committee.

"There are three processes generally used in this country for the production of pulp or fiber from wood," says the report. "These are the ground wood process, sulphite process, and the soda process. The cheaper grades of paper are usually produced by mechanically mixed ground wood pulp with other kinds of pulp in different degrees of percentage. The ordinary news print paper is generally produced by the use of about 60 per cent of the ground wood and about 20 per cent sulphite fiber. Whether other kinds of wood besides a spruce can be used for the production of cheap paper, is a matter of concern regarding which there is some difference of opinion."

The committee's report states that it would seem that the production of news print paper or the other very cheap grades of paper are today dependent upon the production of cheap ground wood produced from spruce trees and that conditions are likely to prevail in the future. The committee's report states that it would seem that the production of news print paper or the other very cheap grades of paper are today dependent upon the production of cheap ground wood produced from spruce trees and that conditions are likely to prevail in the future.

Col Adams to Retire.

CONVICTED, IS WITNESS

Grafter Ramsey Testifies Against Alderman in Bribery Case.

John F. Klein Charged With Having Accepted \$1,500.

Pittsburg, Ia., Feb. 19.—When the trial of Council John F. Klein, on charges growing out of the recent graft exposures, was resumed today in criminal court, it was believed counsel for the accused politician would call as witnesses practically every member of the city council.

But one question, it is said, will be asked by the defense: Did they receive any of the vast amount of money that is alleged to have been floating around in the form of bribes?

Following the conviction of W. W. Ramsey, former president of the German National bank, on charges of bribing Councilman Klein with \$1,500 for the passage of an ordinance making the German National bank a city depository, the case of Klein was immediately taken up.

Ramsey was the first witness against Klein, and was followed by A. A. Wilcox, former cashier of the bank, who is also under charges. The courtroom was filled with bankers, lawyers, business men and politicians.

Col Adams to Retire.

WOULD BUY WAR PRISON

House Committee Favors Senate Bill Affecting Andersonville.

Senate Passes Naval Measure After War of Words.

Washington, Feb. 19.—The house committee on military affairs today agreed to recommend that the house pass the senate bill for the purchase of the site of the Andersonville prison from the National Woman's Relief corps. The intention is to create a national park.

The house committee on naval affairs today reported favorably the bill passed by the senate appropriating \$135,000 for finishing the crypt of the chapel at Annapolis naval academy as the permanent resting place of the body of John Paul Jones.

Gen. Horace Porter, former ambassador to France, who was largely instrumental in arranging for the removal of the body of the hero of the Bon Homme Richard from France, expended \$25,000 out of his private purse in arranging for the removal. He has suggested that this amount be appropriated.

MONEY OF ACCUSED
SWINDLER GARNISHEED.

Stillwater, Minn., Feb. 19.—The sum of \$930, which John Conley had in his possession when arrested here for attempting to pass an alleged forged check, has been garnished by Howard E. Wheeler, of St. Paul, an attorney representing the Mechanics' National bank of Bath, Me., to satisfy a claim which the bank holds against Conley for money alleged to have been advanced on worthless paper. It develops that the prisoner is also wanted in Boston and other cities.

WORKMAN BURIED ALIVE.

Menominee, Mich., Feb. 19.—(Special to The Herald.)—John Zerlin of Ingalls, employed in the construction of the Traction company's new power plant, was buried alive Wednesday.

Excavation, when it suddenly caved in, his body was recovered four hours later.

New South Dakota Acts.
Pierre, S. D., Feb. 19.—The senate has passed the house bill to establish a state tuberculosis hospital at Custer. The house anti-trading bill was also passed by the senate.

CITY GOODNumber of Deaths for
January Shows Big
Decrease.Epidemic of Typhoid
Fever at Town of
Mitchell.

Health Commissioner Patton feels greatly encouraged over health reports that have been coming into his office. Statistics just compiled, covering the month of January, show that there were twenty less deaths during the month than there were during the same period a year ago, and in the last three days twenty-six diphtheria cases have been released from quarantine.

The health department has adopted a new system of getting out monthly health reports, giving facts much more in detail than under the old system. The total number of deaths in January, 1908, the total was thirty-three. Five deaths resulted from tuberculosis, one from scarlet fever, five from cancer and none from typhoid fever.

The number of diphtheria and scarlet fever cases in the city at the present time is below the normal, and conditions are steadily improving. There are no smallpox cases in quarantine.

While health conditions are satisfactory in Duluth, a number of cases are being brought to the local hospitals from the range territory. There has been a epidemic of typhoid fever at Mitchell, a village near Hibbing, and twelve cases have been brought from there to St. Mary's hospital alone. Numerous cases have not been removed at all, and a few were taken to St. Luke's hospital. The epidemic was caused, it is claimed, by contaminated water in a railroad tank. All the sufferers were railroad men.

MANEY IS BACK
FROM THE EASTNew Treasurer of Giroux
to Have Offices in
Duluth.

Edward J. Maney has returned from the East, where he has been for the past several weeks attending the meeting of the Giroux Copper Mining company, of which he was elected a director, and transacting business for that corporation.

The directors, after the annual meeting, elected Mr. Maney treasurer of the company, which is to have its headquarters in this city. A suite of offices has been rented by the company in the Lyceum building, and Mr. Maney will have his offices there.

Mr. Maney, as announced some time ago, has resigned his position as secretary and chief clerk to W. J. Oleott, president of the Oliver Iron Mining company. Mr. Maney has been in the employ of the United States Steel corporation since 1906. He has many friends among the workers in the Wolvin building, who are sorry to see him go, but who wish him success in his new position. His successor has not been appointed.

The affairs of the Giroux company will be directed from this city by Thomas E. Cole, who recently acquired a controlling interest in the concern.

DULUTHIAN'S FATHER DEAD.

Andrew Schumann, Respected Citizen of Ashland, Wis., Is Called.

Ashland, Wis., Feb. 19.—(Special to The Herald.)—Andrew Schumann died Tuesday night as the result of a stroke of paralysis, having been sick only nine days.

He leaves a wife and three sons and one daughter, Anna, Carl and Fred of Ashland, and H. T. Schumann of Duluth.

Mr. Schumann was a native of Germany, having been born in 1828, coming to Milwaukee at the age of 16 years, and moving to Ashland with his family in 1855, having resided ever since at 1518 Fifth street east.

Guaranteed Liquor Cure

Drunkennes is a progressive disease, the moderate drinker is not satisfied with two or three drinks a day, the craving for more and more becomes irresistible as the disease advances; the result is Chronic Alcoholism.

The treatment used successfully by thousands of men in their own homes is Orrine. It is sold under a positive guarantee to effect a cure or your money will be refunded.

Orrine No. 1 is the secret remedy; Orrine No. 2 is for those willing to take the treatment. Either form costs \$1. Write The Orrine Co., Washington, D. C., for booklet, mailed in plain sealed envelope. Sold by leading druggists, and in this city by W. A. Abbott, 291 West Superior street, 101 West Fourth street and 932 East Second street.

family in 1885, having resided ever since at 1518 Fifth street east. He was a millwright for the Ashland Lumber company for some years, but for several years he has not been able to do hard work. Many Ashland people remember Mr. and Mrs. Schumann's wedding in the Old Fellows' hall, two years ago, which was largely attended, at which time Mr. and Mrs. Schumann were presented with a handsome clock by the Odd Fellows. The celebration was planned by the children. Had Mr. Schumann lived until Washington's birthday, he would have been married fifty-two years. Mr. Schumann was highly respected and had many friends in Ashland and elsewhere.

Ask Your Friend.

The people who have attended the Fire Sale of the Zenith Music company are doing the advertising. What's the answer?

THE HARBOR
APPROPRIATIONMoney Will be Used for
Entry and Main-
tenance.

Washington, Feb. 19.—(Special to The Herald.)—Chairman Burton yesterday afternoon reported the river and harbor bill. The following items for the Duluth district are in the reported bill: Duluth and Superior harbor, \$320,000; an additional sum of \$15,000 to enable the Superior entry ward to continue the season of 1909; for Port Wing harbor, \$5,000; Ashland harbor, \$3,000; and Ontonagon harbor, \$20,000.

The \$320,000 that has been appropriated for the Duluth-Superior harbor will be used, according to the local engineers, in continuing the work at Superior entry during the season of 1909, and for the maintenance of the general work about the harbor. This amount does not include dredging after the completion of the present contracts, which will be finished about July 1. The additional \$15,000 will be used to enable the several plants about the harbor, belonging to the government, to continue work during the year of 1909.

The appropriation made for the harbor at Port Wing will be used for dredging. The \$5,000 for Ashland harbor will be used for the maintenance of that harbor, and the \$20,000 for the Ontonagon harbor will be used for the same purpose.

REGULAR FLAT-DWELLER.

North Dakota Wild When He Hears

Any Kind of Music.

Minot, N. D., Feb. 19.—(Special to The Herald.)—Music hath no charms for Oscar Peters, who was recently brought from Donnybrook and lodged in the Ward county jail, awaiting an extradition hearing.

Peters' delusion is a peculiar one, and he cannot bear to listen to music of any kind, and the prisoners lodged in the jail awaiting trial have, therefore, been compelled to dispense with pastime along this line.

The moment Peters hears music of any kind, whatever the whistler takes the time nor pains to see whether it is technically correct, for at the first glimpse of music of any kind Peters immediately makes a dive under a bed or a table, or anything that might be handy, and stays there until the strains of the music cease.

GRAFTON MAN PRESIDENT.

W. M. Chandler Heads North Dakota

Undertakers' Association.

Grand Forks, N. D., Feb. 19.—The annual convention of the North Dakota funeral directors has come to a close. The meeting was the most successful in point of attendance and interest of any ever held by the association. The annual business meeting of the North Dakota Funeral Directors' association was held and officers were chosen as follows:

President, W. M. Chandler, Grafton; first vice president, G. R. Bonine, Balfour; second, G. M. Thomas, Williston; secretary, S. A. Smith, Grand Forks; treasurer, J. D. Borman, Abercrombie. Grand Forks was unanimously chosen as the next meeting place.

APPENDICITIS IMPARTIAL.

Catches Surgeon as He Operates on Patient for Same Disease.

MINN., Falls, S. D., Feb. 19.—Dr. E. Haberman, a well known Kingsbury county physician, yesterday was taken with a violent attack of appendicitis just as he and a Minneapolis physician were preparing to operate upon a patient who had the same ailment.

Dr. Haberman had been attending Thomas Kruse, a Kingsbury county farmer. An operation was deemed necessary at his house, as he was not in a condition to be taken to a hospital.

Dr. Haberman got Dr. A. T. Mann, a surgeon from Minneapolis, to assist him in the operation.

Without the slightest warning Dr. Haberman was attacked by the ailment and his condition soon became serious. Accordingly, Kruse was operated upon in the forenoon, and in the afternoon Dr. Mann, assisted by Dr. H. A. Dyar, performed a similar operation on Dr. Haberman.

If the operation on Dr. Haberman had been postponed twenty-four hours it would have been too late, and he would have succumbed, the surgeons say.

HAS NO TIME
FOR RECESSNorth Dakota House Busy
Disposing of Numer-
ous Bills.Railroad Commission Is
Given More Power as
to Tariffs.

Blamarek, N. D., Feb. 19.—(Special to The Herald.)—The house passed a long string of bills on Thursday afternoon and evening, among the more important being one giving the railroad commissioners certain powers in the inspection of tariff schedules and providing penalties for failure of railroads to comply with the orders of the board.

The Fishlake fish hatchery bill, the child labor bill, and bills prohibiting certain classes of medical advertisements were passed. Two appropriations bills were also passed, one for a public health laboratory, placing the annual appropriation for the same at \$6,000, with \$2,000 additional for sewerage.

SENATOR MAYNARD CRANE,

Author of Bill Passed by North Da-
kota Legislature, Prohibiting Inter-
marriage of Whites and Blacks.

age investigation, and the other an appropriation of \$500 for the state bureau of vital statistics.

At the afternoon session the house passed a resolution to adjourn from Friday until Tuesday, but at the evening session the resolution was reconsidered and killed, the house having too much work in store to take a recess at this time.

The senate has so amended Senator Strom's bill, which provides a penalty for the drinking of liquor on trains in North Dakota, that it prohibits the drinking of "hard liquor," and, in its amended form, there is a good chance of its passage.

A bill introduced by Senator Welsh of Bismarck is aimed to protect the brick industry in the state, and it prohibits the sale of brick, except to the state of North Dakota. Another bill introduced by Mr. Welsh requires that metal fire escapes be constructed, to lead from every school room located above the first floor.

The White referendum convention, or primary convention bill, as finally agreed upon by the elections committee, provides that nominations for the primary, for state offices only, shall be made by the convention, legislative and county candidates getting on the ballots by petition. It also reduces the percentage of votes necessary to secure nomination from 20 per cent to 25 per cent. In the election of United States senators, the bill provides that in the state convention, all but two candidates shall be eliminated, the high and second high men going on the primary election ballot. This does away with the necessity of holding a second primary senatorial election as is provided under the present law.

The legislature pledge, by which candidates for the legislature pledge themselves to vote for the party candidate for United States senator, is made optional with the legislative candidate.

The committee appointed by the house, consisting of S. N. Putnam of Edith, E. J. Plopy of Bismarck, and James Collins of Grand Forks, for the purpose of making a thorough examination of all offices of the state that handle state moneys, or are in charge of state property, will ask for an extension of time in which to complete the investigation. The resolution passed by the house calls for the report here the close of the present session, which is only two weeks off, and the members of the committee make the stand that they will be unable to make as complete and thorough investigation as they desire within that period of time.

MAN PROBABLY FATALITY

WOUNDED IS MYSTIFIED.

Chicago, Feb. 19.—Charles J. Patzelt, who probably was fatally wounded by an unknown man while near his home last night, added to the mystery of the affair today. On regaining consciousness he was questioned as to the identity of his assailant, and declared he had never seen the man before and knew no cause for the attack. The man had accompanied Patzelt from a street car and walked with him to the scene of the shooting. No attempt at robbery was made.

FIRE CHIEF RESIGNS.

East Grand Forks, Minn., Feb. 19.—(Special to The Herald.)—Birk, for the past year chief of the East Grand Forks fire department, has tendered his resignation to the city council.

Mr. Birk said that a more lucrative position had been offered him elsewhere, and if the council would release him from his contract, he would resign as soon as possible. The resignation will take effect March 1, and in the meantime the council intend to let the situation as regards a new chief rest, and allow the present firemen to look after affairs.

Kills Germs

Nothing in medicine is known which accomplishes such vast good in so short a time with weak, broken-down, worn-out, diseased stomachs and sluggish, torpid, lazy livers, as Dr. Pierce's Golden Medical Discovery—a standard remedy for germ-laden, impure blood. When you feel dull and sickish, the bile is not flowing right, and the whole system suffers. The organs lack power to convert food into energy. Bacterial germs thrive at the expense of the blood corpuscles. To escape worrisome stomach trouble and liver complaint, go to the aid of the blood corpuscles and kill off the germs that would otherwise invade your system.

Every day's delay means getting further away from health. Don't blunder. Use the intensely effective, non-alcoholic—non-secret—Golden Medical Discovery—the standard stomach, liver and blood medicine for more than 40 years. Get the genuine bearing Dr. Pierce's fac-simile signature as shown in cut.

Gravest diseases spring from bowel neglect. When the bowels quit working, the liver, sympathetically, goes on strike; the stomach gets out of order and the blood impure. The first aid and the best is Dr. Pierce's Pleasant Pellets. They move and strengthen the bowels and make them regular—curing constipation with its long train of resultant disorders.

WASHINGTON ONCE GAVE UP

To three doctors; was kept in bed for five weeks. Blood poison from a spider bite caused large deep sores to cover his leg. The doctors failed, then cured him. Writes John Washington of Bozqueville, Tex. For eczema, boils, burns and piles its supreme. 25c at all druggists.

LINCOLN CABIN BOGUS?

Birthplace Burned Down Prior to 1825, Says Kansas Man.

Salina, Kan., Feb. 19.—Ben Pearl, manager of the Western Union Telegraph company in Salina, says the Lincoln log cabin is bogus.

"The cabin in which Lincoln was born was burned long ago," said Pearl, "because I lived in Hodgenville, Ky., for thirty years and know all about the Lincoln family and the Lincoln farm, which is only four miles from town."

"I was born there in 1854, and my father was born there. Between the years 1825 and 1865 there was no house of any kind on the Lincoln farm."

My father told me that as far back as he could remember, and that was about 1825, there was no cabin there.

"The cabin in which Lincoln was born was burned down prior to 1825. I have seen the old foundation where it stood many times, but during all of the time I lived in Hodgenville, I never saw a cabin on the farm at all."

"The present cabin was built about 1860, but I never saw it. I understand that this cabin was built by people who came there after the Lincoln family had left. It was made out of green timber, which warped so badly in a few years that the people got to calling it Lincoln's cabin. As the people changed, nobody knew the difference, but it never had anything to do with the Lincoln family."

"I do not think that the Lincoln family ever had any real title to the farm which now bears their name. Lincoln's father simply squatted on the farm and lived there for a few years."

"GRAFT" IS EXPOSED

Some Range people Thought Sheriff Was Collecting Twice.

County Official Has Been Investigated on One Occasion.

Sheriff Bates' bills for board of prisoners, which have come before the councils of cities and villages on the range recently, have occasioned some little comment, which doesn't take just the right direction. Bills submitted in the name of the sheriff are naturally thought to be submitted on his own behalf, whereas the bills are really for St. Louis county, and the money goes into the county coffers and not to the sheriff personally. The situation isn't generally understood. The village council of Biwabik held up a bill for expenses a few weeks ago and the Eveleth city council, thinking the bill submitted too high, put it in the hands of a committee for investigation. The rule, under which the board of prisoners is collected from the villages and cities isn't understood, and some people have gained the impression that the sheriff is collecting board of prisoners from the county and again from the city or village, from which the prisoners come.

"The sheriff has a contract with the county to furnish board for county prisoners at a stipulated rate and the county pays that rate," said County Auditor Odlin Halden in explanation. "There really isn't any need for explanations, but some people may draw the wrong impression from these bills, as several have been noted in the newspapers lately. The bills are for the board of prisoners sent to the county jail on sentences for violation of city and village ordinances. Prisoners convicted under the state laws are, of course, county prisoners and are paid for by the county. Prisoners sent to the county jail under city or village ordinances are paid for by the county and charged back against the village or city from which they come."

"The sheriff, just as any other officer, collects his fees and turns the amount in to the county treasurer. The money he collects from cities and villages for board of prisoners goes to the county treasury in the same way. It is a charging back by the county of amounts paid to the sheriff for board of city and village prisoners. The sheriff is merely the medium of collection."

SOLDIER BILKA DENTH Plot.

It seemed to J. A. Stone, a Civil war veteran, a desperate lung trouble and the grave to cause his death, but he writes, "that developed a cough that stuck to me, in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery and my weight completely. I now weigh 175 pounds." For severe colds, obstinate coughs, hoarse voices, and to prevent pneumonia, it's unrivaled, 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

FIREHOUSE AND OWN CLOTHES, THEN HANGS TO KATER

Seward, Neb., Feb. 19.—Mrs. Edward Melin dramatically killed her husband by setting fire to her house in several different places, after which she went to the garage and hanged herself to a rafter. The firemen quickly put out the flames, and after a search they found the body of the party. She is believed to have been insane.

DRIVING THEM FROM LONDON

Rent Rates So High People Cannot Live in City.

London, Feb. 19.—The crushing burden of rates and taxes in this city has become well-nigh unbearable and residents have taken the only effective means of protest. The great middle belt of London where the strain on the pocketbook has become most severe, is gradually being deserted for outlying districts, where charges are within reason. The various municipal authorities are up against a real crisis in their efforts to make their choice between reducing the rates and keeping the people within their jurisdiction or still further increasing the rates to make those who remain pay the deficit caused by the wanderers.

One authority recently stated that there were upwards of 50,000 empty houses in the affected districts. Hackney is losing no less than \$20,000 a year in rates through the flight of former ratepayers and the amount is steadily increasing. Lewisham is losing something like \$100,000 a year, and practically every borough council in London is threatened with an enormous deficit.

This condition of affairs is rendered all the worse by the fact that the various councils all the while are having greater demands made upon their purses by the several semi-socialistic schemes forced upon them. The feeding of school children and the upkeep of palatial poorhouses where the wards are trimmed with birds-eye maple and illuminated by systems of electric lighting pronounced too expensive for Buckingham Palace are two of the main agencies that work toward these deficits.

A meeting of the representatives of twenty London boroughs has just been held in the Hackney town hall to discuss this question of falling revenues and to hit upon some scheme of concerted action for checking it. Taking the score of boroughs as a whole the loss from empty dwellings represents a loss equal to a 4½ penny rate in the pound. It is absolutely impossible for the several authorities to put such an added rate on the already excessive burden borne by the ratepayers. The only alternative, that of reducing the existing rates, is just as attractive to

DULUTH, MINN.

A Big Selection to Choose From

ants for the empty houses is being seriously considered and will probably be adopted in the end.

It was pointed out at this same meeting the majority of the removals under the existing system of rates in London. For instance, they are compelled to pay a heavy rate for the support of the board schools, although few are willing to pay the considerable fees for their attendance at private establishments. An English father or mother would not think of allowing his or her daughter and son to attend a school where they were likely to be brought in daily contact with the sons and daughters of their butcher and baker.

GRANT FARM A GAME PRESERVE

General's Log Cabin to be Turned Into Public Museum.

St. Louis, Mo., Feb. 19.—Augustus A. Busch, who recently purchased the old home of Gen. Ulysses S. Grant, in the Gravois Road, St. Louis county, known throughout the country as the Grant farm, has converted it into a model game preserve. The old home of the general, the famous log cabin, after being knocked and carried about the country for exhibition, has been returned to its former site, and occupies a position on the farm overlooking the Gravois road. It will be thrown open to the public as a museum.

It is Busch's intention to collect as many Grant relics as possible and restore them to the cabin. The little structure is intact and just as Gen. Grant left it, except that a few logs have been cut out of an inside partition.

The old spring house, where the general kept his butter, eggs, milk and it is rumored his liquor, which was said to be the best to be found in the state, has been preserved in its entirety. A fence of musket barrels that encircled the farm, and which was the evidence of a veteran who served under Grant is carefully kept.

To the right of the cabin and a short distance away, stands the former home of Mrs. Grant, a two-story stone house, typical of that period. The large barn and other buildings put up afterward under the personal supervision of Gen. Grant, are in their original state.

TATTOOED BY LIGHTNING.

Peenlar Experience of a Wireless Operator at Frisco.

San Francisco, Cal., Feb. 19.—Caught in the circuit of an electric current that struck the Massie wireless telegraph station on the beach near the Cliff house, during the thunder storm that prevailed Monday morning, William J. Smith, Pacific coast manager of the company, bears upon his right arm remarkable evidence of the strange (resembling a branch of a fir tree).

Traced distinctly, with lines as fine as the branch of a mountain, the brand of the element is exhibited by Smith as a souvenir of an escape from death, which he regards as nothing short of a miracle.

Despite the bright red etching upon his arm, as brilliant as though done in carmine India ink, he felt not even the slightest sensation of a burn. The score of hours and stomach, promotes digestion, purifies the blood.

FEEL LINGUIST, WEAK, RUN-DOWN? Headache? Stomach "off"?—Just a plain case of lazy liver. Burdock Blood Bitters tones liver and stomach, promotes digestion, purifies the blood.

AIRSHIPS AND WAR VESSELS

Will Sail Up the Hudson During Hudson-Fulton Memorial.

New York, Feb. 19.—Preparations are going on apace for the Hudson-Fulton memorial celebration next September. One of the features will be the parade up the river with the little Hudson and Fulton boats and representatives of the great war fleets of today, while the first steamship used by Fulton on the Hudson, will also form part of the reception. The machinery in this boat will be exact reproduction of the machinery used by Fulton. On the same day and in company with the Half Moon the replica of the Clermont, the first steamship used by Fulton on the Hudson, will also form part of the reception. The machinery in this boat will be exact reproduction of the machinery used by Fulton. SALOON CLOSING LAW GETS JOLT

Illinois Supreme Court Refuses Mandamus Writ Requested.

Chicago, Feb. 19.—The crusade to close Chicago saloons on Sundays received a severe setback today when the supreme court in Springfield handed down a decision holding that it has not the power to compel Mayor Buse to close the saloons on the first day of the week. The case was instituted two days ago by Rev. William A. Bartlett and others who sought a writ of mandamus to force the mayor to enforce the Sunday closing law, and the appellate court ruled against them, and its decision is upheld.

BEGGING LETTERS DRIVE CASTRO OUT OF BERLIN.

Berlin, Feb. 19.—Cipriano Castro, former president of Venezuela, left here today for Dresden, where he proposes to make a prolonged stay. He came from the private sanatorium, where he went for an operation, and he is now fully restored to health.

Castro left Berlin on account of the receipt of quantities of begging letters, due to the fanciful newspaper stories of his lavish expenditures while in this city. One writer demanded \$125,000, of which the first installment of \$25,000 was to be sent immediately.

ACTION IS POSTPONED

Water Board Considering Bids on New Electric Pump.

Intake Pipe at Lakewood to Be Inspected By Diver.

The board of water and light commissioners has under advisement the bids submitted for furnishing an electric pump, to be installed in the new pump house for the intake system. At the meeting of the board yesterday the bids were considered, but no action was taken. The contract will probably be let next week.

Four bids were received, two on a centrifugal pump and two on a double acting triplex pump. The General Electric company offers to furnish a centrifugal pump, to be built by the I. P. Morris company, which built the pump at Lakewood. The bid, together with all of the others received, is for the furnishing of the pump and equipment complete, covering also the cost of installation.

The Power Equipment company offers to furnish a centrifugal pump for \$6,448. The bid is on what is known as a Morris pump, though not the same as the I. P. Morris pump, which the General Electric company offers to furnish. The efficiency of the former is nearly 55 per cent over all, while the efficiency of the latter is about 52 per cent over all.

The General Electric company offers to furnish a double-acting triplex pump with a guaranteed efficiency of nearly 73 per cent over all for \$6,400, while the Power Equipment company will furnish a pump of similar design, with an efficiency of 74 per cent over all for \$7,339.

The architect is working on the plans for the new pump house and they will be submitted to the board at a future meeting. The electric pump will be installed to replace the two gasoline pumps now at the intake station, the two gasoline pumps to be retained at the station for emergencies.

Capt. H. H. Thompson, a diver, made a proposal to the board to inspect the intake pipe at the Lakewood station for \$100, and the proposal was accepted. The sum named was considerably lower than the ordinary charge on account of the ice now being formed in the lake, and the members of the board decided it was a good time for having the pipe inspected.

The intake pipe is 1,500 feet long and at the mouth it is sixty-five feet below the surface of the water. Capt. Thompson will inspect it from the shore to the mouth and if his report shows any slight cracks in the pipe, they will be repaired immediately.

The pipe was inspected several years ago by Mr. Duncan of the board, and Manager L. N. Case. The temperature of the water near the pipe at each twenty-five feet of its length from the shore to the mouth, was taken. The temperature of the water at the mouth of the inlet was found to be the same as that of the water in the well, giving the conclusion that the pipe was intact and no water was getting into it along its length. The temperature of the water in the well and at the mouth of the intake is taken at regular intervals and found to correspond, but Capt. Thompson's inspection will be more thorough.

Foley's Orino Laxative cures constipation and liver trouble makes the bowels healthy and regular. Orino is superior to pills and tablets as it does not grip or nauseate. Why take anything else? Sold by all druggists.

ROBBERY FOILED BY A BLACK CAT

Toledo Station Thief Trips Over Tabby, Loses Loot.

Toledo, Ohio, Feb. 19.—A big black cat prevented a robbery at the Toledo interurban station early today. Two negroes, heavily armed entered the station and while one held the employee at bay, the other grabbed the cash register and started for the door in the middle of the room he felt over the office cat, spilling the contents of the register on the floor. The negroes fled in confusion and the black cat scrambled to its feet and both made their escape.

\$15 Blue or Black Suits at \$7.50.

HERALD'S WEST DULUTH DEPARTMENT

J. J. Moran, 405 Central Ave. BRANCH OFFICES: A. Jensen, 330 North 55th Ave. West.

NO ARRESTS MADE.

New Duluth Burglary Thought to be the Work of Amateurs.

No arrests have been made as yet for the burglary at Andrew Wilson's saloon at New Duluth on Wednesday night, or early yesterday morning. Lieut. Wilcox of the West Duluth police force spent the greater part of yesterday working on the case in New Duluth. He is of the belief that it was a home talent job, and not the work of professional crackmen from outside. Every aspect of the burglary indicates this. It was a crude piece of work and apparently done by amateurs. The attempt to break open the iron safe with a sledge hammer, and the method of entrance employed by the burglars, leads to that conclusion. The door of entrance employed by the burglars bears out the belief.

Though suspicions have been attached to a number of persons, there is not enough evidence so far to warrant any arrests being made.

CHILD PLAYS WITH MATCHES.

Small Fire Starts in Closet at John Mattson's Home.

A child, playing with matches in a clothes closet on the second floor of the home of John A. Mattson, 610 North Fifty-seventh avenue west, yesterday caused a fire which called out No. 8 fire company.

The fire was a small one, being entirely confined to the closet, and little damage was done, except to the clothes that were hung in it.

Will Plan Banquet.

The meeting of the West Duluth Commercial club, this evening, will be an important one, for it is expected that some action will be taken in regard to the proposed road out of West Duluth, opening up the farming districts. Plans will also be laid for the club's big annual banquet, which probably will be held some time in March.

Doyle in Trouble.

Mike Doyle met his match last evening, when he tried to clean out a saloon at 222 Sorensen street, at about 10

Aberdeen, S. D., after spending a few days in West Duluth.

The funeral services of Mrs. Julia T. Headley of 6 North Fifty-fifth avenue west, were held this morning from St. James' Catholic church. The remains will be taken to Ashland this afternoon for interment.

Everything drinkable. Telephone

Sterling Wine company.

Yesterday the diphtheria quarantine

city of the Zenith Furnace company.

Emma Gerlach, the 5-day-old daughter

of Mr. and Mrs. Reinhold Gerlach, 27 Bayview, northern division, died last evening. The funeral took place this afternoon from the residence.

W. E. Kern is a Bellefonte, Pa. visit-

ing his brother.

Swedish Lutheran church will be entertained at this evening at the home of Miss Ella Johnson, sixty-fourth avenue west and Elmhurst street.

For rent—Four new rooms.

South Fifty-eighth avenue west. Money on hand to loan—No delay. Best rates. Scott-Kredler Co., 311 Central avenue.

Watch repairing. Hurst, W. Duluth.

CHINA NOW HAS A NAVY BRANCH

Imperial Edict Creates New Department of Government.

Peking, Feb. 19.—An imperial edict issued today brings into existence a naval department for China. Prince Su is to be the chief, and his associates are Duke Tsai Tso, a cousin of the emperor; Tien Lang, superintendent of customs, and Admiral Sah. Prince Ching is adviser to the department.

UNION PACIFIC GIVES LOVETT SECOND OFFICE.

New York, Feb. 19.—Quarterly dividend of 2 1/2 per cent on the common stock and 2 per cent on the preferred were declared today by the Union Pacific. The dividends are unchanged from the last previous quarterly dividend. A quarterly dividend of 1 1/2 per cent on the common stock was today

declared by the Southern Pacific Rail-

road company. This dividend was unchanged from the last previous quarterly dividend.

R. S. Lovett of this city was today

elected vice president of the Union Pacific to succeed the late William D. Cornish.

COUNT BONI APPEALS IN CONTEST FOR SONS.

Paris, Feb. 19.—Count Boni de Castellane has appealed from the decision of the French court handed down Dec. 30, that his three sons remain in the custody of their mother. Princess de Sagan. It is said the count's purpose in trying to reopen this issue is to compel the de Sagan to come to a private settlement.

HOTEL PATRONS SCARED BY FLAMES NEXT DOOR.

Fort Wayne, Ind., Feb. 19.—Guests of the Wayne hotel were thrown into a panic early today, when the building adjoining the hotel caught fire. Thinking the hotel was on fire, the guests rushed into the street, many only partly dressed. The Wayne shoe company, which occupied the building, will suffer a loss of about \$75,000.

ANNOUNCE RECOGNITION OF BULGARIAN INDEPENDENCE

Sofia, Bulgaria, Feb. 19.—It is reported in well informed quarters that Russia, France and Great Britain have

announced their recognition of the in-

dependence of Bulgaria, announced at Tirnova Oct. 15, 1908, and the rank of king since then assumed by Prince Ferdinand, ruler of the country. The difficulties in the way of Ferdinand's attending the funeral of Grand Duke Vladimir in St. Petersburg will thus be removed. Ferdinand is in Vienna and wished to attend the burial of his wife, with whom he held a close relationship.

CHILEANS ARE TO HELP COLOMBIA IMPROVE ARMY.

Valparaiso, Feb. 19.—The republic of Colombia, desirous of reorganizing its army, has engaged the services of two Chilean army officers to this end. The men left here today for Bogota.

\$25 Up-to-Date Suits at \$12.50.

At C. W. Erickson's half-price sale of suits and overcoats.

GARFIELD SUGGESTED FOR MICHIGAN VARSITY.

Ann Arbor, Mich., Feb. 19.—Reports added the name of James R. Garfield, secretary of the interior to the list of possible successors of Dr. James B. Angell, who has resigned the presidency of the University of Michigan. Among others mentioned is Elmer B. Brown, United States commissioner of education. Emphasis continues to attach the name of Prof. J. W. Jenks of Cornell university, whose home was formerly at St. Clair, Mich.

MANIAC FOR ONE WEEK CHARGES NOT STRONG ENOUGH

Floodwood Boy Sane After Sudden Attack of Insanity.

No Cause Can be Discovered for Temporary Loss of Reason.

A week ago a raving maniac, and today a quiet sane boy, Matt Lehtikangas of Floodwood was released from the county jail and left for home in company with his brother, who had come to Duluth to secure his release. The case has strange features, and is something of a puzzle to the physicians who examined the boy.

Lehtikangas lives on a farm at Floodwood with his brother and father. A week ago last Sunday, without any preliminary symptoms or warnings, he became violently insane. Thinking somebody was going to kill him, he stood on the defensive, and his relatives feared to approach him. When they did, he struggled and with a coil of clothes line. They then telephoned to the sheriff and asked that a deputy be sent to get him.

When the deputy arrived at Floodwood he found the boy swathed in rope. Hands and feet were securely bound, and turn after turn of the rope had been taken about his body for good measure. In spite of it all, he continued his incoherent ranting, and when he was released today, he was apparently as rational as he ever was. Lehtikangas is 21 years old and a rather bright young fellow. He is unable to account for his condition. He says it came on with a headache, and he had no recollection of anything that occurred afterwards. He does not remember being tied up or coming to Duluth. He had no illness before the attack, which came on suddenly, and now he doesn't suffer any ill effects from it.

CAN'T STAND PROSPERITY

North Shore Settler Falls From Grace When He Draws Pension.

John W. Thomson, an old man who lives near Larsen, on the north shore, appeared in police court this morning on a charge of being drunk, and was sentenced to serve ten days in jail.

Thomson is an old offender, and has appeared in court on a similar charge many times. He draws a pension of \$12 a month, and every time he comes to Duluth to collect it he goes on a spree. After he gets out of jail he goes home and works hard until the time comes for his next visit to Duluth, when he falls off the water wagon again.

THE CITY HOSPITAL.

Bids Will be Called for Shortly for New Building.

Legal difficulties in connection with the proposed city hospital are now pretty well straightened out, and bids for building the structure will be advertised for within the next week or two. The land necessary for a site

No change was needed to make HUNT'S PERFECT Extracts and Baking Powder meet all requirements of the pure food law. They have always been pure and reliable.

All Grocers

GET A CAN AND A BOTTLE TODAY.

was purchased last fall, but there was something of a legal tangle in connection with the city's right to build, which had to be taken care of before construction work could be started.

Suit for Slander is Dismissed in District Court.

The allegations of the complaint in the slander action brought by Mrs. Sofia Anderson against Halvor Olson were not strong enough to constitute a cause of action, and Judge Ensign this morning sustained the objection of the defendant to the taking of testimony and dismissed the case on motion of the plaintiff.

Attorney Andrew Nelson made a strong argument in making his objection to the introduction of testimony. He contended that the language attributed to the defendant in the complaint might be wrongly construed by a jury, and that in law it was not slander, but a case of action for libel, and for that reason, it should not be upheld. The court held with him.

The complaint also claimed that the defendant had used language, which could not be repeated with decency. Judge Ensign, in making his decision, said that the slandering of a married woman, or any woman, is a serious offense and should be punished, but in bringing an action on it no sense of decency should be shown. The case was dismissed on the ground that the allegations of the whole of the complaint were not strong enough to constitute a cause of action.

WALKED INTO PATH OF BLAST

Joe Balego Sues Oliver Mining Company for Damages.

Claiming that the Oliver Mining company failed to give warning of an impending blast and he walked in front of a drift just at the moment it exploded, sustaining severe injuries, Joe Balego is suing the company for \$12,000 damages. The case was called before Judge Divil in district court this morning.

The accident occurred April 20, 1904, at the Fayal mine at Eveleth, where Balego was employed as a miner. He claims that the men, who set off the blast in the drift did not guard against anyone approaching and gave no warning of the danger. Balego walked in front of the drift and the blast exploded, knocking him down.

He claims he was badly injured about the head and face and his sight has been seriously impaired. The shock, he says, also injured his nerves, and he will carry the effects of the injury for the remainder of his life.

GAME NOT WORTH THE CANDLE

One Day in Jail for Every Three Cents Stolen.

For every 3.4 cents that Tom McLean stole he must spend a day in the county jail. Tom isn't exactly pleased with the prospect and as he looks through the bars he figures that perhaps after all honesty is the only policy that brings freedom and happiness.

McLean "appropriated to his own benefit" good and lawful money from the United States of the value of 85 cents, according to the municipal court of Eveleth. Therefore, Tom must spend the next twenty-five days looking through the barred windows of the county jail and partaking of the fare, which the county distributes to its involuntary guests. John Implemans was the victim of McLean's crime, and he is now a free man.

Assembly Hall.

The members of the Women's Relief corps were entertained yesterday afternoon by Mrs. R. H. Hines at her home. Cards were played at seven tables and the prizes were won by Mrs. Harrison, Mrs. O. S. Hines and Mrs. J. D. Campbell.

Saturday Club.

The regular meeting of the Saturday club will be held tomorrow afternoon in the clubhouse of the club. News from the countries will be discussed by Mrs. C. C. Ames during the half hour devoted to current events. The leader for the afternoon will be Miss

WOMAN.

One of the most welcome features of the new building of the Young Women's Christian association to the workers will be the greater opportunity which it will afford for work along the religious lines of Bible study and meetings. The Sunday afternoon devotional meetings are among the most enjoyable and helpful of the meetings at the association. The service is held Sunday afternoon at 4 o'clock. A speaker is invited to give an informal talk to the young women gathered there, and a special musical program is also arranged. The hour's service is followed by a formal visiting, or the members may read or write letters and at 6 o'clock a simple Sunday evening tea is served. The rooms are closed soon after the hour, for the regular Sunday evening church services. The devotional hour and the tea are planned particularly for the young women of the city who are away from home and would otherwise find Sunday a rather dreary and lonely time.

The speaker at next Sunday's service will be Rev. M. O. Stockman of the Grace Methodist church. There will be a special music.

The bulletin board at the rooms today bears a notice requesting those who desire rooms at the new building to register at the desk. The names will be received during the next few days.

AT HAMPTON ROADS.

Duluthians Present at Return of the Fleet.

A brilliant gathering of Americans, from all over the continent will be at Hampton Roads to welcome Uncle Sam's representatives from their triumphant trip around the world with the fleet. Duluth will be represented at the gala event, the return of the fleet, which will be held at the city of Washington, D. C., on Monday, Feb. 22.

The speaker at next Sunday's service will be Rev. M. O. Stockman of the Grace Methodist church. There will be a special music.

The bulletin board at the rooms today bears a notice requesting those who desire rooms at the new building to register at the desk. The names will be received during the next few days.

CHURCH SOCIAL.

Ladies' Union to Be Hosts at Delightful Affair.

One of the delightful social affairs of the Pilgrim Congregational church will be held Friday evening of next week at the parlors of the church. The affair is planned especially in honor of the new church members and an informal evening is being planned.

The subject of the evening will be "The Ladies' Union of the church, but every church organization will be largely represented in the attendance.

W. C. T. U. Meeting.

Members Discuss Life of Frances Willard.

One of the most interesting meetings of the year of the Women's Christian Temperance union was held yesterday afternoon at the home of Mrs. G. W. Smith, of 622 Fifth-avenue west. The subject was "The Life of Frances Willard." Mrs. M. H. Merritt's recitation of a poem by Emily, which was much enjoyed. The subject was introduced by Mrs. Bevier. Mrs. Smith followed with an address on the life of Mrs. Keyes read a carefully prepared paper on the temperance union for good which the greater reform exercised upon all the world. Mrs. Swan gave in an enjoyable manner her personal recollections of Mrs. Willard, dean of the College of Women at Evanston, where Mrs. Swan was a student.

WOMEN'S SUFFRAGE.

Young Men's Club to Bring Speakers Here.

The women of Duluth have not looked in great numbers to the meetings for the purpose of the organization of a universal suffrage association in Duluth, and in previous years the attendance at such gatherings was so small that the attempt to have a local society was temporarily given up. The latest organization to give an interest in the cause in this city is the Young Men's Suffrage club, which has invited Mrs. Raymond D. Phelps, Ph. D., of the state university, to give a lecture on the subject of woman's suffrage.

Assembly Hall.

The members of the Women's Relief corps were entertained yesterday afternoon by Mrs. R. H. Hines at her home. Cards were played at seven tables and the prizes were won by Mrs. Harrison, Mrs. O. S. Hines and Mrs. J. D. Campbell.

Saturday Club.

The regular meeting of the Saturday club will be held tomorrow afternoon in the clubhouse of the club. News from the countries will be discussed by Mrs. C. C. Ames during the half hour devoted to current events. The leader for the afternoon will be Miss

What Retail Markets Offer.

Sweet potatoes, 10 cents a pound. And really, although sweet potatoes are not as good as new potatoes, and seasoned are not bad, there is nothing better than an Irish potato, baked just at the moment it is fairly bursting out of its tightened skin, and all mellow, and dry, and delicious, and the strawberries are still in the market.

WOMAN.

McCollum and the outline for the study of French literature during the last half of the fifteenth century will be as follows:

An Age of Transition.
Philippe d'Orléans—1417-1511.
a. Favorite of Charles the Bold.
b. Counselor of Louis XI.
c. Miss Edith Abbott.
d. Life.
e. Works.
f. Grand Testaments Ballads.
Mrs. O. A. Oredson.

Guests at Dinner.

Twelve young women were entertained at a dinner and delightful informal reception last evening at the home of Miss Pearson of 3 South Fifty-eighth avenue west.

Sermon Lecture.

The second of the series of sermon-lectures which Rev. J. W. Powell is presenting at the Union Methodist church Friday evenings will be delivered this evening at 8 o'clock. The subject of the lecture will be a discussion of Browning's poem, "Bishop Blougram's Apology," which is being presented by request. Any one interested is invited to attend the lecture, there being no admission price, but collection is taken as at the regular Sunday service.

Spirit Lake Outing.

Mr. and Mrs. T. F. Upland will entertain at an outing at the Spirit Lake branch of the Boat Club, Washington's birthday.

Personal Mention.

Mr. and Mrs. Albert Lemon of Enderlin, N. D., are the guests of Mr. and Mrs. John A. McElroy of 29 Mesaba avenue.

Mrs. R. Stitt and daughter left this afternoon for Weyerhaeuser, Wis., where they will visit for two weeks.

Mr. and Mrs. Frederick Lee Gilbert are in Augusta, Ga., for a few weeks.

Miss Rose Chabot and Miss Temple of Paul are the guests of Mrs. E. J. Miss Laura Kluge of 16 West Second street.

John Colbrath, who has been seriously ill at his home, 131 East Third street, is recovering.

PLAIN AND SCANT

Should Be the Fare for Reducing Fat.

It seems needless to say that all drug stores for the relief of superabundant weight will be accomplished by the use of a harmless drug that will accomplish this purpose. The fact is, however, that the body is very generally taken in by the advertisement of "waterlogged" from the large quantity of water which is taken with the salts, says the March Delineator.

The following familiar table of weights and measures will be lowered with advantage fully five to ten pounds in every instance in the use of the following:

BORN FOR BURDENS.

Bear Them Well to Achieve Happiness.

It is not possible to be entirely happy. We are born to bear burdens and to strive to overcome them. The members of the club are happy in the pleasure we can, say, do not have trouble we should not have happiness. If life were all happiness, it would be a very dull and uninteresting life.

TRAVELING SET.

Useful Linen Bags Make Acceptable Gifts.

One of the most appreciated gifts for a busy woman was a traveling set of blue linen, consisting of a nightgown, a shoe bag, and a corset bag. These were made of blue linen bound with a well-attended and delightful one. La Brosse will play, as usual, and the party promises to be one of the most enjoyable of the series of the season.

SATURDAY BARGAINS

For one day only. You find better values here and at much lower prices than others ask you, beside this you have the largest, finest, most carefully selected stock to choose from—all first-class goods—no seconds. Remember these points, they're worth considering.

8-Inch Cut Glass Bowl for \$2.75

A very handsome pattern, deep sparkling cut, of clear, perfect glass. Our special pattern, regularly selling at \$3.95. As a special value Saturday.

Handsome Cut Glass Dishes

We have selected two very handsome patterns from our big stock of fine cut glass. Useful for olives, candy, etc. In two sizes—

5-Inch Dish—88c

6-Inch Dish—98c

Round Cut Glass Dishes for olives, salted almonds, etc.

Crystal Coffee Mill 88c

Complete as shown, air-tight glass coffee can, graduated measuring cup—a perfect coffee grinder.

Clothes Rack 98c

These racks are strong and well made, fold into a small compact space and are especially handy in the winter for drying clothes.

Complete Set of Irons With Handle 88c

A well finished, heavily nickled iron set you usually pay \$1.75, for—

A HOT IRON A COLD HANDLE 88c

Food Choppers

The best, strongest, clean-cutting food chopper you can find. Strongly made—easily cleaned—

69c—79c

Silk Candle Shades 15c

KIDNAPED

Prevented From Delivering an Address to Labor Conference.

Taken on Auto Trip and Kept Until Meeting Ended.

London, Feb. 18.—Victor Grayson, Socialist M. P., was prevented by a curious comedy from delivering a speech at the labor conference at Portsmouth, which had been expected with much interest, in view of the denunciation by labor leaders of his "scenes" in parliament.

It was a comedy planned by Fred T. Jane, the well-known naval writer, and Lieut. Wilson, a retired officer of the Indian army. A powerful racing car was driven up to Portsmouth town hall just before the delegates to the conference adjourned for lunch. Mr. Grayson was induced to enter the car by town, and he was driven off and kept away from the conference till it was too late for him to make his speech. Mr. Jane asserts that he organized the whole affair as a joke.

"I heard," he says, "that Mr. Grayson was to make a speech at the labor conference, and I arranged to get him away in my motor car in the afternoon. We set off at a good pace, and he said: 'What enjoyable machines these are! A little later, when we reached the outskirts of Portsmouth, he remarked: 'How exhilarating!' He kept impressing me, however, with the fact that he had to get back at 3, at the latest, 2:30, to make what he called his great speech."

"When we got outside the town I suggested we might run on a mile or two and get lunch at a place called Petersfield. I did not mention that Petersfield was eighteen miles away. Pretending that he must be back in the early afternoon, he agreed."

"At a fast pace we went on to Petersfield, and Mr. Grayson clung to the car tightly. At Petersfield we pulled up at a hotel, and I ordered lunch and privately 'clipped' the waiter to be as slow as he could in serving him. Mr. Grayson was very impatient. I swore at the waiter for his slowness. It made no difference, for we had to wait a long time. Then I apologized for eating so slowly, because of my digestion. Afterward I plied him through some rice pudding, and Lieut. Wilson insisted on a second helping. All the time Mr. Grayson was very anxious to get back. 'We finished at last, and then Lieut. Wilson remembered that there was a telephone message he had not sent. That delayed us again. It must have

Claims Women Can Rely on New Treatment

Relieving Constipation and Purifying the System.

The wonderful new treatment for constipation is claiming the attention of the public and physicians alike. It is asserted that there has always been difficulty experienced in formulating a physic for women, owing to their sensitive organism, but that the new treatment called cascara pills can absolutely be relied upon to produce no drastic cramping, griping or pain; and only pleasant action is known to follow their use. One physician asserts that many of the distressing ailments of the fair sex are due to the effects of neglected constipation. Every woman who has pimples or a sallow complexion, headache, indigestion,

been past 3 when we set out from Portsmouth. 'No, you know,' said Mr. Grayson, 'that I begin to think this is an arrangement of Mr. Hardie and Miss Macdonald to get me out of the way.'"

"We laughed till we could hardly stand. Well, we got into the car and went off again. I assured him it was possible to be back at 3:30, and he said he thought that might be all right. We went on till we came to Waterlooville, a few miles out of Portsmouth, where there are branching roads. He pointed out the road to Hambledon, and remarked: 'It's beautiful scenery that way, and it will only take two minutes more.' So we went in that direction and on to Hambledon, quite an hour's run out of our way."

"The car halted. 'Eventual' when we came to the lonely spot in the district, there the car came to a stop. I pointed out that something had happened to the car, and we all got down."

"There were some early spring primroses about here," said Lieut. Wilson. Mr. Grayson did not want any primroses, but somehow we got him to go across the field and caused more delay. Strangely enough, that I could not start the car. I turned the handle fruitlessly, and Lieut. Wilson had a go, too. We pulled and panted and lay back exhausted. Mr. Grayson did not know we were there, and he went on to the turning of the handle had no effect."

"In Portsmouth I had to pull for a moment behind a van. Instantly Mr. Grayson jumped off the motor and entered a tramway car. That was the last we saw of him."

Mr. Grayson indignantly denies that he was kidnapped.

MERCY FOR WOMAN

Sought for by Judge, Who Thinks Her Mentally Deranged.

New York, Feb. 18.—Eileen Peck, 75 years of age, known to the police as a "confidence queen," whose name appears in a book written by Inspector Byrnes on criminals, was before Judge Crain in the court of general sessions for sentence following her conviction on grand larceny in the first degree, second offense.

The aged woman's face showed that she had been crying most of the night, following her conviction. Her lawyer, R. J. Haire, asked that a new trial be granted, but this was denied, and upon the motion of Assistant District Attorney Appleton, sentence was suspended for one week, to give the police a full record in court.

"If the defendant were a younger woman I should have no hesitancy in imposing the sentence the law commands, which is at least twenty years," said Judge Crain. "But this defendant is 75 years of age, and commission of crime at that age seems to me to indicate some mental derangement. If, after looking up the law I find I can suspend sentence, I will do so, but only if this defendant states voluntarily to enter an institution for three years."

Peck was tried for obtaining

tion, nervousness and periodical delay and distress will doubtless welcome this new cascara pill compound of castor oil, cascara, wild lemon, black cherry, sulphur, etc., and sugar coated, too, so that there is no nausea to overcome. Many women, and men, too, in this locality are convinced that there never was anything so good and pleasant to relieve constipation and rid the system of poisons due to it. Every drug store can supply Black-burn's cascara pills in ten and twenty-five cent packages. Any one can get a free package by addressing the Blackburn Products Co., Dayton, Ohio. It gives a pleasant action of the bowels for both adults and children, very different from any other medicine.

\$2,000 from Ralph C. Olcott of No. 119 Clinton street, Brooklyn, on an alleged bogus title to 223,000 acres of land in Kentucky. Thirty years ago, it is said, she got \$15,000 from B. T. Babbitt, a soap manufacturer, under false pretenses.

Value of Advertising.

Winter Coat Prices Sink to Lowest Mark!

IN ORDER to move about sixty Women's and Misses' Winter Coats, we have cut prices considerably below what they were during our Great February Sale. You get them now at about one-third of the original prices. We'll say nothing about loss to us. But we do say, that any lady needing a coat and who passes up this offer, loses the best opportunity of the season. Enough said!

All Our Coats in these Three Lots:

LOT NO. 1—About fifteen fine Black Broadcloth Coats, also a few Fur Collar Coats, and one or two of Caracul, trimmed with braids and silk embroidery, full satin lined, were \$22.50, \$25.00 and \$28.50—your choice—each. **\$10.98**

LOT NO. 2—About thirty heavy Black Kersey Coats, neatly braided trimmed, the qualities that have been selling during the winter at or near \$18.00—for a final clearance—your choice at. **\$6.98**

LOT NO. 3—About fifteen Coats in good quality Black Kersyes, and some in Novelty Mixtures, have been selling at or near \$12.50 each—for a final clearance—take them at—only. **\$4.98**

The Above Are All in This Season's Latest Styles.

Children's Coats
A special lot of Coats, mostly samples, and therefore extra values, have sold upwards to \$6.00; to effect a quick clearance—take them at. **98c**

Fine Fur Scarfs
Both Ladies' and Children's, a variety of styles, priced regularly up to \$15.00—your choice now—just marked prices. **1/2**

COURT UPHOLDS WILL OF SNELL

Immortality No Bar to Ability to Draw Document.

Springfield, Ill., Feb. 18.—Independent telephone companies consider they have secured a victory in a decision of the supreme court today invalidating the sale of majority stock of the Kellogg Switchboard & Supply company to the American Telephone & Telegraph company. The court holds that the American company bought the stock to get a monopoly. The decision was handed down in the case of E. W.

Home Made Blood Purifier

The best blood purifying prescription known is as follows: To one-half pint of good whiskey add one ounce syrup sarsaparilla and one ounce Tonic compound, which can be procured from any druggist. Take in teaspoonful doses before each meal and before retiring.

Dunbar against the American company. Another case of general interest is the setting aside of the verdict of the Lewitt county court in the famous Richard Snell will case, involving over \$1,000,000. Not only does the court shatter the decision of the lower court, but leaves no peg upon which the contestants may hang another case. It is held by the court that because a man has relations with a woman which may be deemed improper, it does not affect his ability to make a will, and that the point at issue is a moral one and not material in this case.

CALLS WORLD TO CONFERENCE

Roosevelt Announces Plan for Resource Congress at Hague.

Washington, Feb. 18.—President Roosevelt announced today that a call would issue at once for a world's conference on the conservation of natural resources, to be held at The Hague next September. Forty-five nations represented at The Hague will be invited to participate.

RAILROADS RUN TRAINS TO DULUTH

Milwaukee Will Probably Use Its Rights on Northern Pacific.

Believed That It Will Have Duluth Connections This Year.

It is reported in railroad circles that before the expiration of another year the Chicago, Milwaukee & St. Paul railroad will be running its own trains into Duluth. That road has the right to run its own trains into Duluth over the Northern Pacific, and through the extension of its system to the Pacific coast points, and the growth of the business that will come by reason of this extension, it is pointed out that before the end of the next twelve months the road will see fit to go after Duluth business upon a much larger scale than it has in the past. This rumor is given credence by a Milwaukee official, who is in Duluth today.

With the Milwaukee as a Pacific coast competitor of both the Great Northern and the Northern Pacific railroads, and with both of these roads having lines into the heart of the rapidly developing country around the Head of the Lakes, it is only natural that the Milwaukee should secure means to strengthen its position in the Great Lakes region.

WILL IMPROVE COAST SERVICE

Northern Pacific Will Add Equipment and Reduce Running Time.

In a circular issued today by the Northern Pacific railroad, special mention is made of the improved train service that will be instituted for the Seattle exposition. The circular, which is from the head offices at St. Paul, states that the road is equipping itself to handle one of the heaviest passenger movements in the history of the West, and to this end has made many improvements in the service. All of the Northern Pacific through trains between St. Paul and the Pacific coast points will be solid vestibuled, electric-lighted and steam-heated. Brand new cars have been ordered of the most modern make, for this increased service to the coast points. The officials of the Northern Pacific plan to make the "North Coast Limited," trains No. 1 and 2, surpass any other standard sleeping, drawing room and buffet train service ever seen in the West. By the new "North Coast Limited," the third train will leave St. Paul in the evening, and Seattle in the morning, and will maintain a through standard sleeping car service between Kansas City and Pacific coast points, the route going via Billings.

The new service will shorten the running time by three hours and forty minutes.

MAY INCREASE STOCK ISSUE
Report That Soo Will Issue \$7,000,000 of New Stock.

Minneapolis dispatches state that it is believed that the Soo railroad will issue additional stock to the value of \$7,000,000. This report is credited with coming from the Canadian Pacific offices in Montreal. It is now stated in Minneapolis, where the head office of the Soo is, that official confirmation of the control of the Wisconsin Central by the Soo, has been obtained. It is believed in Minneapolis that the two roads will combine their office forces, enlarging the Minneapolis office of the Soo. Edward Pennington, vice president and general manager of the Soo, who it is said, will be the next president of the road, states that the business

of the road is good and that there is no reason to believe that any migration to the Northwest this year.

CONTROL PERE MARQUETTE.
St. Paul Men Say Canadian Pacific Will Purchase Michigan Railroad.

A number of Twin City railway men, who were in Duluth last evening, are authority for the statement that the Canadian Pacific system will take over the Pere Marquette railroad. The taking over of this property would give the Canadian Pacific an indirect line between Chicago and Detroit, and would also give it control of the Michigan territory. This move, railroad men say, is for the purpose of enabling the Canadian Pacific to better compete with its great Canadian rival, the Grand Trunk Pacific.

Another story that is told by the St. Paul railroad men is that H. G. Burt has been placed at the head of the Chicago Great Western railroad, with the idea of getting that road into shape. The Grand Trunk is most anxious to secure a Chicago-St. Paul connection, and it is said that the English stockholders are not opposed to selling their holdings, if they can get a good price for them. Mr. Burt is known among railroad men as a thorough organizer.

TOO LATE TO CLASSIFY

LOOKS GOOD TO HIM.

Western Railroad Man Favorably Impressed by Duluth's Appearance.

Enjoying his first visit at the Head of the Lakes, J. S. Kemp of Butte, Mont., chief clerk in the office of W. H. Merriman, division freight and passenger agent of the Northern Pacific, with headquarters at Butte, declared today that he was most favorably impressed with Duluth.

"Although I have only looked around a little and my time is limited, as I expect to leave at 5:15 p. m. today, for a visit at the head of the lake near Niagara Falls, I am free to confess the bustle and activity evidenced here shows that Duluth is certainly one of the banner shipping and business points of the Northwest," said Mr. Kemp.

"I regret I cannot make a visit in summer when the boats are running, and see something of the great shipping interests."

Mr. Kemp said that Butte is enjoying its share of prosperity despite contrary reports, and that so far as the railroads are able to judge, business of all kinds is good. The Amalgamated copper properties are nearly all working full blast, while the other development work going on, is up to the standard. About 15,000 tons of ore are being lifted out of the earth in Butte every twenty-four hours and the output of copper from the Washoe smelter at Anaconda, the Boston & Montana smelter at Great Falls, the Pittsburg and other smelters in Butte, runs many thousands of tons a month.

COPPER STOCKS INDIFFERENT

Both Listed and Curb Stocks Have an Easier Undertone.

Copper stocks gave promise of advancing at one stage of the session today, but most of the time the tone was indifferent, and so was the close. A reduction in metal prices furthered the easier feeling.

North Butte opened at \$72, declined to \$71.75, rallied to \$73 and went off to \$72.25. Amalgamated opened at \$73.12 1/2, advanced to \$73.87 1/2 and declined to \$73.50.

Greene-Cannara opened at \$10.25 and advanced to \$10.50. Butte Coalition opened at \$22.50, advanced to \$22.87 1/2 and declined to \$22.75. Calumet & Arizona opened at \$101, advanced to \$102 and declined to \$100. Giroux sold at \$7.50. Superior & Boston opened at \$15.50, went to \$15.75, declined to \$15 and rallied to \$15.50. Anaconda opened at \$44.50, advanced to \$44.62 1/2 and declined to \$44.25.

Superior & Pittsburg sold at \$15.25. Cattle sold at \$12.25 at the opening and was bid up to \$13.75 bid and \$15.50 asked.

Western Railroad Man Favorably Impressed by Duluth's Appearance.

Enjoying his first visit at the Head of the Lakes, J. S. Kemp of Butte, Mont., chief clerk in the office of W. H. Merriman, division freight and passenger agent of the Northern Pacific, with headquarters at Butte, declared today that he was most favorably impressed with Duluth.

"Although I have only looked around a little and my time is limited, as I expect to leave at 5:15 p. m. today, for a visit at the head of the lake near Niagara Falls, I am free to confess the bustle and activity evidenced here shows that Duluth is certainly one of the banner shipping and business points of the Northwest," said Mr. Kemp.

"I regret I cannot make a visit in summer when the boats are running, and see something of the great shipping interests."

Mr. Kemp said that Butte is enjoying its share of prosperity despite contrary reports, and that so far as the railroads are able to judge, business of all kinds is good. The Amalgamated copper properties are nearly all working full blast, while the other development work going on, is up to the standard. About 15,000 tons of ore are being lifted out of the earth in Butte every twenty-four hours and the output of copper from the Washoe smelter at Anaconda, the Boston & Montana smelter at Great Falls, the Pittsburg and other smelters in Butte, runs many thousands of tons a month.

COPPER STOCKS INDIFFERENT

Both Listed and Curb Stocks Have an Easier Undertone.

Copper stocks gave promise of advancing at one stage of the session today, but most of the time the tone was indifferent, and so was the close. A reduction in metal prices furthered the easier feeling.

North Butte opened at \$72, declined to \$71.75, rallied to \$73 and went off to \$72.25. Amalgamated opened at \$73.12 1/2, advanced to \$73.87 1/2 and declined to \$73.50.

Greene-Cannara opened at \$10.25 and advanced to \$10.50. Butte Coalition opened at \$22.50, advanced to \$22.87 1/2 and declined to \$22.75. Calumet & Arizona opened at \$101, advanced to \$102 and declined to \$100. Giroux sold at \$7.50. Superior & Boston opened at \$15.50, went to \$15.75, declined to \$15 and rallied to \$15.50. Anaconda opened at \$44.50, advanced to \$44.62 1/2 and declined to \$44.25.

Superior & Pittsburg sold at \$15.25. Cattle sold at \$12.25 at the opening and was bid up to \$13.75 bid and \$15.50 asked.

EVELETH PAVING
PLAN IN FAVOR

Opinions Differ as to
Methods, But Scheme
Will Probably Go.

Eveleth, Minn., Feb. 19.—(Special to The Herald.)—A large number of the business men met last night and discussed the paving proposition. Many favored having the paving done this year, while others thought because of the present high taxation, that paving should be postponed until next year, when the taxes will be smaller.

Supt. Laster of the Mesaba Telephone company said that with the paving done, many more people would come here than they would if the paving were not in.

Ex-Mayor Jesmore expressed himself in favor of immediate paving.

Solomon Sax thought the paving should be postponed, as the present taxes were too high, and there was danger that the galvanized pipes would break in the next few years, and the period of usefulness is uncertain after nine years of use.

The council has levied for \$15,000 to pay for paving, but it is ascertained that about \$35,000 will be needed. The difference is expected to come from the immediate payments for paving that will be made by some property owners.

A committee, composed of Messrs. Charles Jesmore, E. J. Millette and S. Sax, was appointed to draft a petition to the property owners who will have to pay for the paving, to find out how many want to have the paving done this year.

Messrs. Jesmore and Boyle were appointed a committee to go to St. Paul and work for the paving, to find out how many residents of mining locations to vote to be taken in by the nearby village or city, despite the wishes of the property owners.

KILLS HIS FRIEND
INSTEAD OF DEER

Yalmer Salo Accidentally
Shoots Yalmer Wittala
Fatally Near Zim.

Eveleth, Minn., Feb. 19.—(Special to The Herald.)—Yalmer Wittala, aged about 23, a Finn, was accidentally shot and killed by Yalmer Salo, a fellow countryman of about the same age, about six miles from Zim yesterday afternoon. Salo is here in custody, but seems to have plenty of evidence of the fact that he was the result of an accident and will probably only be detained until the result of the inquest to be conducted tonight by Deputy Coroner Gibson is known.

From what can be learned of the affair through an interpreter, Wittala and Salo had been working for a farmer and had quit. They secured their money yesterday and while passing along the highway bound to another place in search of work they saw a deer. Salo was the first to shoot at the animal. In his excitement or in a moment of unexplained rage, his companion shot within the range of the shot and Salo, who had been hastening to a nearby farmer's and the farmer returned with him to where Wittala lay dying in the snow. The dying man is said to have told the farmer it was an accident.

Nati Masluna, who runs a store at Zim, brought Salo and Wittala to the police. Deputy Coroner Gibson went after the body this morning. It is hardly possible he will be prosecuted.

NASHUAUK CITIZEN BURIED.

Charles Salo, Old Resident, Victim
of Consumption This Week.

Nashuaux, Minn., Feb. 19.—(Special to The Herald.)—Charles Salo, an early resident of this place died Monday afternoon of a long illness of consumption. The funeral was held at the Finnish church, and the deceased was buried at the Nashuaux cemetery.

Alfred Nelson spent Sunday with friends at Hibbing.

Prof. Henry A. Giruth spent a few days at Duluth the latter part of the week.

Phillip Segal has sold out his store in the Sax building to Crockett Brown. Many improvements will be made, one of which will be a bowling alley that will be installed in the near future.

Chris Nelson left Monday evening for a few days' visit with Hibbing friends.

Some one entered the store of H. Kanter, Monday night, and broke open a slot machine, from which a few dollars in cash and pool chips were taken.

Louis Demals departed Monday for points on the range.

William Infelt was a passenger to Hibbing Monday evening.

E. J. Cran is spending a few days at Duluth and Hibbing.

TO LOCATE IN HIBBING.

Former City Attorney of East Grand
Forks to Change Residence.

East Grand Forks, Minn., Feb. 19.—(Special to The Herald.)—T. Collins, who has tendered his resignation as city attorney, says he will locate in Hibbing, Minn., where he will open a law office of his own.

The announcement came as a complete surprise to the many friends of Mr. Collins, who he was enjoying a lucrative practice here.

However, he regards the field at Hibbing, a town of several thousand, as much wider and more lucrative. Mr. Collins announced that he would try and leave here Sunday to arrange for his office and location there and would formally open up at Hibbing March 1. However, since he has much unfinished business here, he will not.

The Time to Change

is when you feel interested
enough in your health to
leave off coffee for a few days
and learn just how much
better, sturdier, and clearer
one feels by drinking

POSTUM

"There's a Reason."

move his household to the range town until April 1.

At the council meeting Wednesday night, the retail Mr. Collins as counsel for the city in the Peet case, which is yet to be fought out before the supreme court. In four actions regarding paving, Mr. Collins has won three, and he recently stated that he would, in his opinion, win this action before the supreme court. His many friends here regret to see him leave, but feel that his new move will mean a better field and better results for him. He will be missed in church and social circles as well as official.

DR. BUDD REFUSES
TO BE CANDIDATE

Declines Nomination for
Mayor of Two Harbors
Adding to Mixup.

Two Harbors, Minn., Feb. 19.—(Special to The Herald.)—The political outlook for the coming city election is becoming interesting, and seems it will turn out with a Socialist ticket, against a Citizens ticket.

Dr. J. D. Budd, who was nominated for mayor by the Citizens' meeting, has positively refused to run. At a meeting of the law and order committee Tuesday evening, Dr. M. Knauff was named as candidate for mayor, and it was decided that the Citizens' committee will endorse the selection. This leaves L. D. Rose, the Socialist candidate, and Dr. Knauff, the Citizens' candidate, in the field. What will be done at the election is uncertain. Outside of the Socialist candidates the only others yet announced are Thomas Martin, for election as city treasurer, and J. E. Phillips for justice of the peace.

TO SOLICIT MEMBERS
IN REPUBLICAN CLUB.

Two Harbors, Minn., Feb. 19.—(Special to The Herald.)—The membership committee has been named by the Lake County Republican club. Charles Corder, H. O. Thomas, Owens, W. E. Tracey, A. N. Hunter, F. Swanson and Andrew Hagen, are the members of the committee. They will go to the old D. & L. B. general office for the club meetings.

WANT CIVIC LEAGUE.

Hibbing Holds Preliminary Meeting
to Discuss Proposition.

Hibbing, Minn., Feb. 19.—(Special to The Herald.)—That there is a growing sentiment here favoring the organization of a civic league was evidenced by the interest shown by the persons attending the preliminary meeting held last night before last to discuss the proposition.

Stricter observance of the 11 o'clock closing, suppression of gambling, and the blind pigs are some of the things the organization proposes to accomplish. Another meeting will be held in Finnish hall next week when a more definite plan of action will be discussed.

Committees were appointed to confer with the business men of the city and to express their views to the citizens. The formation of the league, these committees will be held next week.

About fifteen persons were present at the preliminary meeting of whom nearly half were from the Finnish Temperance society. The meeting was held in a room at the Commercial club and L. Kero of the Finnish Temperance society spoke.

EVELETH MILITIA WORKING.

Boys in Blue Are Preparing for
Their Inspection.

Eveleth, Minn., Feb. 19.—(Special to The Herald.)—At the militia drill last night announcement was made of the annual inspection to take place April 1 by Lieut. Col. Gerlach, retired, U. S. A. He will come here from Hibbing and will then go to Duluth to inspect the companies.

The local company is drilling hard to make a good showing at inspection. Indoor rifle practice is being held whenever a man can be spared from his work for shooting purposes. At last Sunday's shoot many good scores were made. The highest was 21 out of 25 possible 100, the lowest 67.

A friendly rivalry between the militia and high school basketball teams was played last night, and the militia was beaten by a score of 25 to 12. The high school team plays Grand Rapids high at Vail hall tonight.

MAY LIVE IN RAPIDS.

Reported Judge Stanton Will Re-
side at Itasca County Seat.

Grand Rapids, Minn., Feb. 19.—(Special to The Herald.)—A report is current that Judge C. W. Stanton of Bemidji, who recently resigned judge of this district, has been trying to find a suitable residence here, with a view of making this place his home.

The judge is now residing in an icehouse built on the lots at the rear of the old Michigan house. The Michigan house, which he has recently purchased, is a meat market by J. A. Johnson & Co., who are planning to build a new meat market on the lot.

A new front will be put into the building on both Lakeland avenue and Fourth street sides, and a refrigerator will be built. J. S. Loberg has the contract for the building of the icehouse.

The people of the Spitznagel neighborhood will soon have a church. A site has been secured near the Spitznagel and lumber yard premises. It is expected that the work of construction will commence soon.

YOUNG SKI JUMPER HURT.

Berut Hanson Breaks His Collar
Bone Jumping Near Bovey.

Bovey, Minn., Feb. 19.—(Special to The Herald.)—Berut Hanson, a local jumper, is nursing a broken collar bone as the result of too strenuous work on the slide near here. While doing a particularly difficult stunt he struck upon his shoulder and broke his collar bone. Berut is 12 years old, but is a jump of eighty-five feet, but recent tournament. He intended to leave with the local ski jumpers last night for Ishpeming, Mich. to engage in the tournament there Saturday.

GILBERT MASS MEETING
TO DISCUSS CANDIDATES.

Eveleth, Minn., Feb. 19.—(Special to The Herald.)—At a meeting of the Gilbert Mass. club last night, it was decided to ask the village council to call a meeting of all village voters for next week, at a general caucus, when everyone will have a chance to air his opinions and talk over the various candidates, they may favor for election.

Stuntman Broken Leg.

Eveleth, Minn., Feb. 19.—(Special to The Herald.)—Sten Mollie, has his leg

broken yesterday afternoon near Iron Junction while working among some logs, which fell on him. He brought to the Morse hospital here last night.

To Furnish Antitoxin.

Aurora, Minn., Feb. 19.—(Special to The Herald.)—At the annual meeting of the town board on March 9, a motion will be put and probably carried, that in the future the town will furnish antitoxin for cases of diphtheria.

Coleraine Bakery Falls.

Coleraine, Minn., Feb. 19.—(Special to The Herald.)—The Coleraine Restaurant & Bakery company has gone into the hands of a receiver. The liabilities of the firm are said to amount to about \$2,000 and assets about \$200.

Inspector Copper Mine.

Hibbing, Minn., Feb. 19.—(Special to The Herald.)—W. J. Power, J. P. Murphy and J. L. Stewart left yesterday morning for the Copper mine, where the purpose of their trip is to investigate the Carman copper mine. Two engineers, Messrs. Casey and Bell, accompanied with Mr. Power of this place in the ownership of the mining properties.

Call Creamery Meeting.

Two Harbors, Minn., Feb. 19.—(Special to The Herald.)—The Lake County Creamery association will hold a meeting tomorrow at 2:30. It will be held at that time so the farmers can attend.

BOVEY WOMAN
HAS DISAPPEARED

Started for Duluth—
Nothing Seen of Her
Since.

The local police have been asked to assist in the search for Mrs. Mary Signoletti and two children, 3 and 2 years old, who started from Bovey for Duluth Feb. 9. Capt. Fiskett has received a letter from the woman's husband, a Bovey merchant, saying that the mother came to Duluth to obtain proper medical treatment for her younger child. Since that time, the letter says, they have not been heard from. The local hospitals know nothing of the woman.

The letter to Capt. Fiskett is written in Italian. Nothing is said about the possibility of desertion, and the husband evidently thinks and says that the mother is in the city and children. The letter does not even say whether Mrs. Signoletti can speak English. It merely describes her as being a small woman.

NERVE FAILED
AFTER MURDER

Man Says He Could
Not Also Kill
Himself.

Columbus, Ohio, Feb. 19.—Haunted by the apparition of his sweetheart, whom he had wretchedly slain in cold blood twelve years ago, Charles Clayton, a Franklin county prisoner serving four years in the pen for horse stealing, has written a confession and forwarded it to the authorities in Benton, Mo.

Clayton claims the girl, Miss Alma Williams, of Benton, first suggested the idea of killing her. Clayton, who was a well-to-do farmer, was married to her in 1896. They found an old unused mine and Clayton beat out her brains, threw the body in the well and escaped.

Clayton says his nerve failed him when he was to commit suicide.

PLOT TO KILL CZAR

(Continued from page 1.)

between Axel and the reactionary organization (Axel is the man who has been condemned to death by the organization because of his alleged treachery), the prosecuting department of the government found indications that the night of Feb. 11, 1907, the day of the revolution, the grand duke and his family were in the city.

How far the grand duke was cognizant of this scheme is not set forth, but the official investigation today, that a search of the documents in Vladimir's palace was about to be undertaken when the grand duke suddenly died. This put an end to the project.

Revolution Auto Seized.

Police of Riga today seized a mysterious automobile that frequently of late has been seen in the streets of that city. An examination showed it to contain a complete equipment for printing revolutionary literature. Six men connected with the plant were taken into custody.

The preliminary investigation into the case of M. Lupokine, a former director of police, who was arrested in this city last January on the technical charge that he was a member of the revolutionary organization, came to a close today.

The investigation revealed the investigation into the plot against the life of Count Witte, discovered the cost was \$157,573, and that the preliminary investigation of the fighting legion of the black hundred.

BILL WILL BE KILLED

(Continued from page 1.)

of debate from Representative Carley, inspection department, to see why it has cost so much since it was put on a basis of a fee basis.

The resolution asserts that the fees received were \$179,872.44, the cost was \$157,573, and that the department ought not to have cost more than a third of the amount.

The house committee on roads and bridges put on a day, last morning, of the annual appropriation for the state aid in road building from \$200,000 to \$250,000.

The committee on printing and publishing, including such expensive publications as the congressional record, the public works, and the year book of the department of agriculture, were eliminated from the surplus printing which had formerly been piled in warehouses to be finally condemned and sold as waste.

Saving of \$100,000.

The report makes it clear that this printing was entirely an undistributed surplus, these surplus copies being equivalent to \$55,135. The saving of these three classes of publication was about \$100,000. The publications

Representatives Zech and L. H. Johnson introduced a bill providing that the state shall not farm out or lease to anybody hereafter, with the proviso that the bill shall not apply to the sale of land, which expires in 1914. It would, however, prohibit a renewal of that contract.

The senate passed the Spooner bill, recently adopted by the house, providing for an annual tax of \$25,000 for ten years to complete the new state prison and to provide for the prison manufacture of farm machinery. The bill provides that after the expiration of the \$25,000, the surplus shall be turned back into the state treasury.

The house passed the Robertson bill, which provides that any person who has been convicted of a crime and who has been sentenced to a term of years and who has been released on parole, shall be considered a convict and shall be subject to the same laws as a convict.

Senator Witherspoon offered a drastic amendment to the medical license law, providing that any person who has been convicted of a crime and who has been sentenced to a term of years and who has been released on parole, shall be considered a convict and shall be subject to the same laws as a convict.

The house passed the bill providing for the construction of a new state prison, which was introduced by Representative Johnson.

SALT WORKS BOILER EXPLODES, KILLING TWO.

Pemercy, Ohio, Feb. 19.—The explosion of a salt works boiler at Hartford, W. Va., today killed William Smith, engineer, and William Barrett, fireman. The seriously injured are Adam Welns, Tobie McKnight and Charles Hall.

DEAR ME! THAT MR. TAFT IS INVITED OUT, AGAIN.

Cincinnati, Ohio, Feb. 19.—President-elect Taft today received many callers. He will make a brief address before the local chamber of commerce this afternoon and tonight will be a dinner guest of the Knickerbocker club.

PAPOOSE SEWED UP FOR THE WINTER, GETS RATTLE TO HELP FORGET ITS INSECT TROUBLES

The smarting effects of the bite of the insidious bedbug, yea, a hundred times, rather than a bath in the cold of winter.

That is the message of the Aborigine effete civilization. That is the convention handed down from the topos. Spare the water and save the child, in rigorous winter, is an instinct with the Indian mother.

This belief was graphically illustrated in the Lyceum drug store this morning. An Indian squaw walked in to the store with a 6-months-old papoose upon her back. The face of the child was naturally bright, but its brightness was clouded effectually with the two or three layers of grease and dirt. Every once in a while the infant let loose a well developed yelp. Indians are stoics by nature, even the infants, and when an Indian baby lets loose a big, dismal noise, there is something behind it.

This papoose was tortured by bedbug bites. Tired of the dismal cries of her papoose, the Indian mother had invented anything to cure the ills that sometimes beset the copper-colored brother and sister.

A salve was recommended. Its merits were explained and its application shown to the Indian mother. The Indian mother seemed perfectly satisfied. The salve was wrapped up,

repeatedly on easy shots.

The men are playing a game this afternoon and will play another tonight, finishing the series of six games begun in Duluth some days ago.

DIES AT THE 800.

Mrs. F. H. McDonald Was Well Known in Duluth.

Simon Clark, this morning received a telegram from F. H. McDonald, formerly a Duluth contractor, containing the information that Mrs. McDonald died at Sault Ste. Marie, where they have been living, yesterday morning.

The McDonalds left Duluth to take up the residence at the Soo about two years ago. Mr. McDonald is acting as superintendent of some important work there. Mrs. McDonald had no relatives in Duluth at the time of her death. She was 80 years of age. Her relatives all reside at Quebec.

MORE SUFFRAGETTES ARE GIVEN SENTENCES.

London, Feb. 18.—The trial came off today of sixteen suffragettes arrested yesterday during the disorders that followed efforts to reach Premier Asquith to present a petition for a resolution in favor of the Women's Freedom League. In favor of the continuation of the militant struggle for suffrage. Ten were sentenced to imprisonment varying from one month to six months. Two were given the alternative of six months for their good behavior for six months. Two gave the alternative.

HAWAIIAN MEASURES ARE AIMED AT JAPS.

Honolulu, Feb. 19.—Two bills directed against the Japanese introduced in the territorial legislature.

GORDON R. CAMPBELL, Secretary.

MICHIGAN BILL SEEKS TO CURB WATER FRANCHISES.

Lansing, Mich., Feb. 19.—Representative Goodrich today introduced in the legislature a bill to establish grades in the salaries of state department clerks at \$500, \$600, \$1,000 and \$1,100 per year and limiting the average salary to \$1,000. The bill is looked on in some quarters as an administrative compromise in recognition of the civil service movement.

Chairman Curtis of the special house and senate waterway investigation committee is preparing a bill requiring county boards of supervisors to obtain the approval of the state railway commission for all water power franchises. The bill directs that the commission withhold such a provision unless the compensation and service are adequate.

D. E. H., Feb. 19, 1909.

Mothers,

here's a
chance
for your
big boy!

On Saturday, we'll have in both our Duluth and Superior stores, a special sale of Single Suits for boys, 15 to 20 years old, at

\$5 a Suit

These are all good values—up to \$12.50 and \$15.00 in regular price. But come Saturday, for there are not so very many of these.

Columbia
Duluth and Superior.

HE WOULD BOSS CONSTITUTIONS

Nelson Wants Congress to Direct the New States.

Washington, Feb. 18.—The requirement that congress, instead of the president, shall approve the constitution adopted by a new state was urged by Senator Nelson today when the New Mexico and Arizona statehood bills were taken up by the senate committee on territories. As a basis for this suggestion, Nelson cited the fact that the Oklahoma constitution which resulted in a general discussion of that subject. Another meeting of the committee will be held on Tuesday next.

STEEL EMPLOYEES' PAY MAY BE CUT

To Correspond to Reduction in Price of Tubes.

New York, Feb. 19.—The price of steel tubes today cut from \$10 to \$12 per ton, lower than the closing price of yesterday.

It reported the wages of employees will be reduced to correspond to the reductions in the price of steel.

DEATH COMES IN DOCTOR'S OFFICE

Calling on Brainerd Physician, A. E. Rider Is Fatally Stricken.

Brainerd, Minn., Feb. 19.—(Special to The Herald.)—A. E. Rider of Midland dropped dead in the office of a local physician today.

He had been complaining of feeling ill and called to consult the physician when he was stricken with apoplexy and died almost instantly.

Mr. Rider was about 60 years of age, and leaves a widow and a daughter, the latter Mrs. John Mann, the wife of a prominent grocer of this city.

ADDITIONAL SPORTS

BONSPIEL IS NEARLY OVER

All Principal Events Are Down to the Jewelry Stage.

Winnipeg, Man., Feb. 19.—(Special to The Herald.)—By tonight the bonspiel will be over. All competitors are now down to the jewelry stages with the exception of the Blue Ribbon, which will be competed for among Winnipeg rinks. Hastings of Minneapolis assured of jewelry in the Royal Canadian, and today plays Whalen. If winning he will play against McDonald of Minnesota for the final. Dunbar and Deifel get fourth in the bracket, being beaten yesterday in that competition by the Thunder Bay rinks. Alex Douglas of the Thistles now leads in points with 41, but Dunbar has yet to play.

HATLEY WINS IN MINNEAPOLIS

Duluth Man Takes Fourth Straight From Frank Billiter.

Minneapolis, Minn., Feb. 19.—(Special to The Herald.)—William F. Hatley of Duluth last night won his fourth straight match with Frank Billiter of Minneapolis by a score of 30 to 22.

Hatley played in beautiful form and made runs of 23, 43 and 38. Billiter seemed to be off color and fell down

WILL ATTEND ALUMNI MEETING

Duluthians Leave for Annual University Gathering at Minneapolis.

A number of Duluth people left today for Minneapolis, where they will attend the sixth annual meeting of the General Alumni association of the University of Minnesota. Many Duluthians and they take an active interest in university affairs.

The plans had to be changed somewhat on account of the fact that President Cyrus Northrup and Dean F. S. Jones were suddenly called East, Tuesday. In their absence, Leonard E. Jones, formerly of the Gopher institution and they take an active interest in university affairs.

Notice to Contractors

Sealed proposals will be received by the Board of Education of the City of Duluth, up to noon of March 5th, 1909, for the construction of the new C. C. Salter School Building, to be erected upon Lots 1, 2, 3 and 4, Block 20, Edison Division of Duluth, including the heating and ventilating, plumbing and gas-fitting, and electric wiring, all to be done according to plans and specifications, which may be obtained on Feb. 22, 1909, at the office of German & Lignell, Architects.

A certified check for 5 per cent of the amount of bid must accompany each proposal, said amount to be forfeited by the successful bidder in case he fails to enter into contract and furnish a bond as required by law, within five days after award.

The building is to be entirely completed by or before noon of August 31st, 1909. In case the contractor fails to have the building completed on that date, he is to pay the Board the sum of fifty dollars (\$50) for each day thereafter until the building is completed. In case the building is completed before the date specified, the contractor is to be paid a premium of fifty dollars (\$50) for each day from the time the building is completed to the date specified.

The right is reserved to reject any or all bids.
Mark envelope "Bid-Salter School" and address same to the undersigned.
CHAS. A. BRONSON,
Clerk, Board of Education,

YOUNG COUPLE HAVE DECAMPED

Meadowlands Believes Dan Waddington Elopel With Cousin.

Meadowlands, Minn., Feb. 19.—(Special to The Herald.)—A genuine sensation has been on tap here the last few days, over the sudden disappearance of Dan Waddington, aged 21, and Mabel Waddington, his cousin, who is said to be under 16. The couple are said to have desired to marry, and the belief is general they eloped, as they dropped out of sight Tuesday, being seen the last time Thursday, traveling together on the train bound for Duluth. The girl's mother is heart-broken over the affair.

officials are not surprised at the fact that a bill has been introduced in the Cuban house of representatives prohibiting foreigners holding property on the island, but they say its enactment into law would be the most unfortunate thing that could happen for the future prosperity of the country. They say the proposition should reach the point of enactment, is sure to meet with strong diplomatic objections from all countries where citizens have interests in Cuba.

CUBAN BILL AGAINST FOREIGNERS DEPLORED.

Washington, Feb. 19.—Government officials are not surprised at the fact that a bill has been introduced in the Cuban house of representatives prohibiting foreigners holding property on the island, but they say its enactment into law would be the most unfortunate thing that could happen for the future prosperity of the country. They say the proposition should reach the point of enactment, is sure to meet with strong diplomatic objections from all countries where citizens have interests in Cuba.

George Washington

Is honored by all Young Americans, more on account of his Truthfulness, as given in the Cherry Tree incident, than because he happened to be the Father of His Country.

Like him, we believe in making up our advertisements strictly truthful, so that our readers can depend on what we say. This was one of the reasons why we put in the "Hickory" line of Paints and Varnishes, as we wanted to go before the public and be able to say Truthfully, that we had the best line made today.

Our manufacturer is not only the largest and strongest, but excepting only the oil used, makes everything that goes into his goods, from the white lead to the colors. He can therefore guarantee the quality of his product, as a smaller manufacturer could not, who had to depend on others for part of his supplies.

Let us send you a color card and give you a price on your spring wants.

MANY SHIPS TO GREET THE FLEET. Port Authorities Prepare For Great Number of Craft.

Old Point Comfort, Va., Feb. 19.—The last of the navy vessels designed to meet the incoming battleship fleet, the armored cruisers North Carolina and Montana, picked their anchors out of Hampton Roads today and sailed to the eastward. The two gray cruisers, which are nearly a third as long again as the largest of battleships, will join the fleet tomorrow and steam in again with the combined squadrons of Admirals Sperry and Arlidge to the south-eastern drill grounds, fifty miles off the cape.

The port authorities are making ready to care for the largest number of yachts and pleasure and excursion craft next Monday that has visited Hampton Roads since the world's naval rendezvous during the Jamestown exposition.

UMBRELLAS RECOVERED. And repaired. It pays to do them now. Gingold, Mfg., 125 E. Superior St.

PENALTY GOES ON NEXT MONTH. Personal Property Taxes Must Be Paid Before March 1.

But one more week remains, in which personal property taxes may be paid before the 10 per cent penalty goes on, and the county treasurer's office is preparing for a rush next week.

Up to date, the collections have been about normal. The rush during the past two or three weeks has been continuous, but next week being the last before the penalty attaches, the tardy ones will come in swarms to keep the office of the treasurer busy.

The penalty of 10 per cent attaches March 1 and one month is given the taxpayers to pay up with that penalty. April 1 the sheriff takes the delinquent list and his forces do the collecting by legal process.

WANTS CHILDREN BARRED FROM THE BULL FIGHTS. Torreon, Mex., Feb. 19.—Andres Osuna, director of public education, has asked the state government of Coahuila to enact an order prohibiting school teachers and children from attending bull fights. Senor Osuna contends that witnessing such brutal exhibitions as bull fighting tends to harden the minds of the students and make them unfit for citizenship.

INJURED BY AUTO. Father of Boy Sues Owner of Car and Chauffeur. Claiming that his 11-year old son, Morris, has been permanently injured by being struck by an automobile owned by John F. Kilglin, Roy Lats of 115 1/2 East Second street has brought suit in district court against Mr. Kilglin and his driver, Harry Gilbert, for \$2,500. The accident occurred on Second street between Lake and Third avenues east last October and Mr. Lats claims there was negligence on the part of the driver of the car.

AVOID MEDICAL ASPECT OF THE OPIUM QUESTION. Shanghai, Feb. 19.—At today's session of the international opium conference, the delegates declined to consider the medical aspects of the opium question or means of curing the opium habit. It was decided, however, that each delegate should recommend to his government the appointment of medical men to look into this phase of the question.

FANTASTIC DEBATE OVER SENDING COMMITTEE TO VISIT SCHOOL AT MORRIS

Some House Members
Fear Its Acceptance
Will Prove Costly.

Bill to Regulate the Con-
duct of the County
Officers.

Spooner Prison Bill Goes
to Governor for His
Signature.

(From a Staff Correspondent.)
St. Paul, Minn., Feb. 20.—(Special to
The Herald.)—The house, deserted by
the senate, had a drowsy but busy ses-
sion this morning, during which the
only spark of animation was caused
by a rather fantastic debate over a
resolution by Representative Spooner,
providing for a committee of three to
visit the Indian school at Morris,
which the government is being asked
(Continued on page 2, third column.)

FIRE TRAPS TEN IN A BASEMENT

Three Persons Overcome
Before the Firemen
Break in.

New York, Feb. 20.—Ten persons
were trapped in the basement of a
burning tenement on Henry street to-
day and three of them were over-
come by smoke before the firemen
could break their way into the build-
ing. Thirty other families in the build-
ing were driven to the street by the
flames. Those in the basement dwell-
ings beat against the iron barred win-
dows in their efforts to escape.

WITNESS IS THREATENED

Mysterious Individual
From Missouri Figures
in Carmack Case.

Great Crowd Out Ex-
pecting to Hear Col.
Cooper.

Nashville, Tenn., Feb. 20.—When
the trial of Col. Duncan B. Cooper,
Rob J. Cooper and John D. Sharp for
the killing of former Senator E. W.
Carmack, was resumed today, after a
day's adjournment, there was present
one of the largest crowds ever seen
around a Nashville courthouse. One
reason was that it was rumored that
Col. Cooper would be the first witness
for the defense. Another story had
it that a mysterious witness from Mis-
souri, who saw the shooting and who
had been threatened with death if he
testified, would appear for the state.
Although the attorneys on both
sides had promised to be ready to pro-
ceed promptly this morning, there was
a delay of nearly an hour. Counsel
for the state appeared first. Then
came Judge Anderson, who asked
further indorsement of the court for
half an hour.

KING ALFONSO KEEPS PROMISE TO QUEEN, DOES NOT GO UP IN AIRSHIP

Pau, France, Feb. 20.—King Alfonso
of Spain was present at the flying field
near Pau today, and witnessed the
flights of the Wright brothers, the
American aeronauts. It had been
generally believed his majesty would
venture aloft on one of the trips, but
he did not, and it became known be-
fore he left Madrid, that he had prom-
ised Queen Victoria that he would not
go into the air, under any circum-
stances. His majesty manifested great
interest in the aeroplane as a machine
of war and declared that he could not
make a flight.
Hart O. Berg, European business
manager of the Wright brothers, made
arrangements for the king to witness
the flights. After thinking of his
promise not to fly, he laughingly re-
called the cabinet crisis produced sev-
eral years ago, when Premier Maura
resigned because the king had not
heeded his warning to run his auto-
mobile slower through the streets of
Madrid. Continuing, he said he was
a soldier above everything else and
that he had no time to waste in dis-
cussing the question of aeroplanes with
the army council at Madrid, and con-
firm the opinion previously formed

PITTSBURG'S NEW REFORM MAYOR

WILLIAM ADDISON MAGEE,
Elected This Week by the Reform
Element Over the Regular Party
Candidates.

TO REMOVE THE STUMPS

Public Lands Committee
Favors Bill for Aiding
the Settlers.

Another Hearing Given
on the Workingmen's
Compensation Plan.

(From a Staff Correspondent.)
St. Paul, Minn., Feb. 20.—(Special to
The Herald.)—State aid to settlers up-
on cut-over timber lands, without cost
to the state, but with great advantage
to the settlers, is provided in the bill
which the house committee on public
lands yesterday afternoon voted to
recommend for passage, providing for
purchases of dynamite by the state to
be used in removing stumps from land
which the settlers are striving to re-
deem from the wilderness and to make
fertile and productive.
The bill, which will be introduced as
a committee bill as a substitute for
original bill by Representative J. J.
Ossoli, provides an appropria-
tion of \$100,000 to constitute a
revolving fund to be used in buying
dynamite for settlers. While the origi-
nal investment will be large, the cost
to the state will be nothing, as settlers
feeling the dynamite must pay cash
for it. With the exception of a brief
period at the time of the first pur-
chase until the sales are made, the
money will not even be out of the state
treasury. On the other hand, the bene-
fits to settlers, and therefore to the
state, will be enormous, as it is be-
lieved that by laying in such quanti-
ties the cost will be reduced to much
(Continued on page 5, second column.)

RAIN WASHES OUT GOLD NUGGETS; VALUE IS HIGH AS \$125.

San Francisco, Cal., Feb. 20.—
A special dispatch from Placer-
county, where gold was first discovered
in the state, conveys the news
that heavy rainfall has washed
out many pockets and exposed
nuggets running in value as high
as \$125. They have been found
not to be led into making an ascent.
Mr. Berg explained the indescribable
delight of gliding over the cushioning
air, but the king smiled, and said:
"Yes, I know, but I have given my
word."
His majesty was much interested in
the recital of the success of the
Wrights; how they became interested
in aviation, their long struggles and
their final success, and the complete
mastery of their machine. He then
discussed the eventual use of the aero-
plane in war. He questioned the suit-
ability of the aeroplane in general
offensive operations on land, but said
he thought it invaluable for land
scouting and sea coast defense, where
it could be used offensively with suc-
cess.
The king manifested also much in-
terest in the new gun silencer, invented
by Hiram Maxim, and arranged to
have a sample silencer sent to Madrid,
where he will consider equipping the
Spanish army rifle with the instru-
ment.

MURDER SUSPECT CAUGHT AFTER CHASE THAT LED THROUGH NORTH WOODS

Ed Picard, believed to be the short-
er of the two men who foully mur-
dered John Connelley, the young rail-
road brakeman at Proctor, Oct. 30 last,
is in the county jail and a force of of-
ficers in the employ of the county and
the Oliver Iron Mining company are
busily engaged collecting the evi-
dence, which is expected to connect
him with the crime.
Picard was arrested at a lumber
camp near Ely early this month by
two of the Oliver Mining company's
detectives and since Nov. 9 he has
been in the county jail. The officers
have worked quickly and energetical-
ly and now it is believed they have
enough evidence to definitely fix up-
on Picard's participation in the crime.
The county attorney's office and the
officers will not talk freely on the sub-
ject of the suspect, but it is known
that he has been under surveillance
almost continuously since the murder,
and gave the officers a hard chase.
From lumber camp to lumber camp,
they followed him through the North
woods, always on his heels, but he kept
just beyond reach until officers Link-
later and Martin dropped into the camp
near Ely, where he was working, and
took him into custody.
Evidence Kept Secret.
The nature of most of the evidence
against Picard is secret, and is care-
fully guarded by the authorities. It

is known that he was seen in the vi-
cinity of Proctor about the time of
the crime, and although he denies ever
having been at Proctor, it is said a
railroad conductor has been found who
identifies him as a man whom he threw
off a train near Proctor last October.
Picard also denied having ever worked
in a lumber camp, except at Ely, it is
said, whereas he is known to have
worked in several camps in the north-
ern part of the county.
On identification by the men who
were in the Proctor pool hall when
Connelley was murdered depends the
strength of the case against the man.
Whether that identification has been
secured is not known. Since Picard has
been in the county jail the officers
have been working continuously, and
it is said they have followed his every
movement since early last fall.
Picard is about 24 years of age and
of a rough type. He answers the gen-
eral description of the shorter of the
two men who killed Connelley, but is
a little heavier. Picard has been drink-
ing steadily since last fall, it is said,
and false lies is believed to give him
the heavier appearance. He stolidly
professes to know nothing about the
murder and has unwaveringly main-
tained a surly demeanor since he has
been in jail.
The Crime.
The murder of Connelley was the
cold-blooded work of men, who held
human life lightly. Connelley, with

five other men, were in a pool room at
Proctor about 10 o'clock on the night
of the murder, when two masked men
entered. The occupants were com-
manded to throw up their hands and
they did. Connelley began to edge
toward the door and two bullets from
the revolvers, which the robbers held,
killed him instantly, two men fleeing
and disappearing into the night.
The whole county was aroused, but
the men made a clean getaway, at least
for the time. Sheriff Bates offered
\$500 reward for their capture. Gov-
ernor Johnson increased it to \$500 and
the Oliver Iron Mining company
swelled the total to \$1,750 by an offer
of \$1,000.
The excitement following the mur-
der quieted down, but the officers have
been working steadily. The Oliver Iron
Mining company is keeping a number of
men on the case. Several suspects have
been arrested, but subsequently re-
leased. The evidence against Picard is
stronger than against any of the men
thus far arrested, and he is believed
by the officers to be one of the mur-
derers.
Connelley was 23 years old, a brake-
man, in the employ of the Duluth,
Missabe & Northern railway, and a
quiet, orderly young man. His mur-
der aroused the community, the officers
and his employers, and every effort will
be made to bring the men responsible
for his death to justice.

CZAR AFOOT AT FUNERAL

He Follows the Coffin
of Grand Duke
Vladimir.

Russian Ruler Walks
About Unguarded; No
Demonstration Made.

St. Petersburg, Feb. 20.—The re-
mains of Grand Duke Vladimir, who
died in this city Wednesday, were to-
day conveyed from the grand duke's
palace on the banks of the Neva,
across the river, to the fortress of St.
Peter and St. Paul. The emperor and
the grand dukes, on foot, followed the
gun carriage on which was the casket
of the deceased. The route of the
funeral procession was from the resi-
dence of Vladimir, which adjoins the
winter palace, over the Bridge of the
Trinity to the fortress.
The way was lined with the entire
distance by troops, and at the street in-
tersections spectators were massed in
large numbers. The guns of the fort-
ress were fired in salute as the gun

JAPS PLAN BIG EXHIBIT

Their Commissioner to
Yukon Fair Reaches
Seattle.

Anti-Oriental Feeling on
Pacific Is Not Con-
sidered.

Seattle, Wash., Feb. 20.—T. Taka-
wa, commissioner for Japan for the
Alaska-Yukon-Pacific exposition, has
arrived here from Tokyo. He states
that plans for the biggest exhibit
ever made by Japan abroad will be
commenced here immediately.
Mr. Takaewa declares that reported
(Continued on page 7, fourth column.)

HOTEL FIRE KILLS TWO

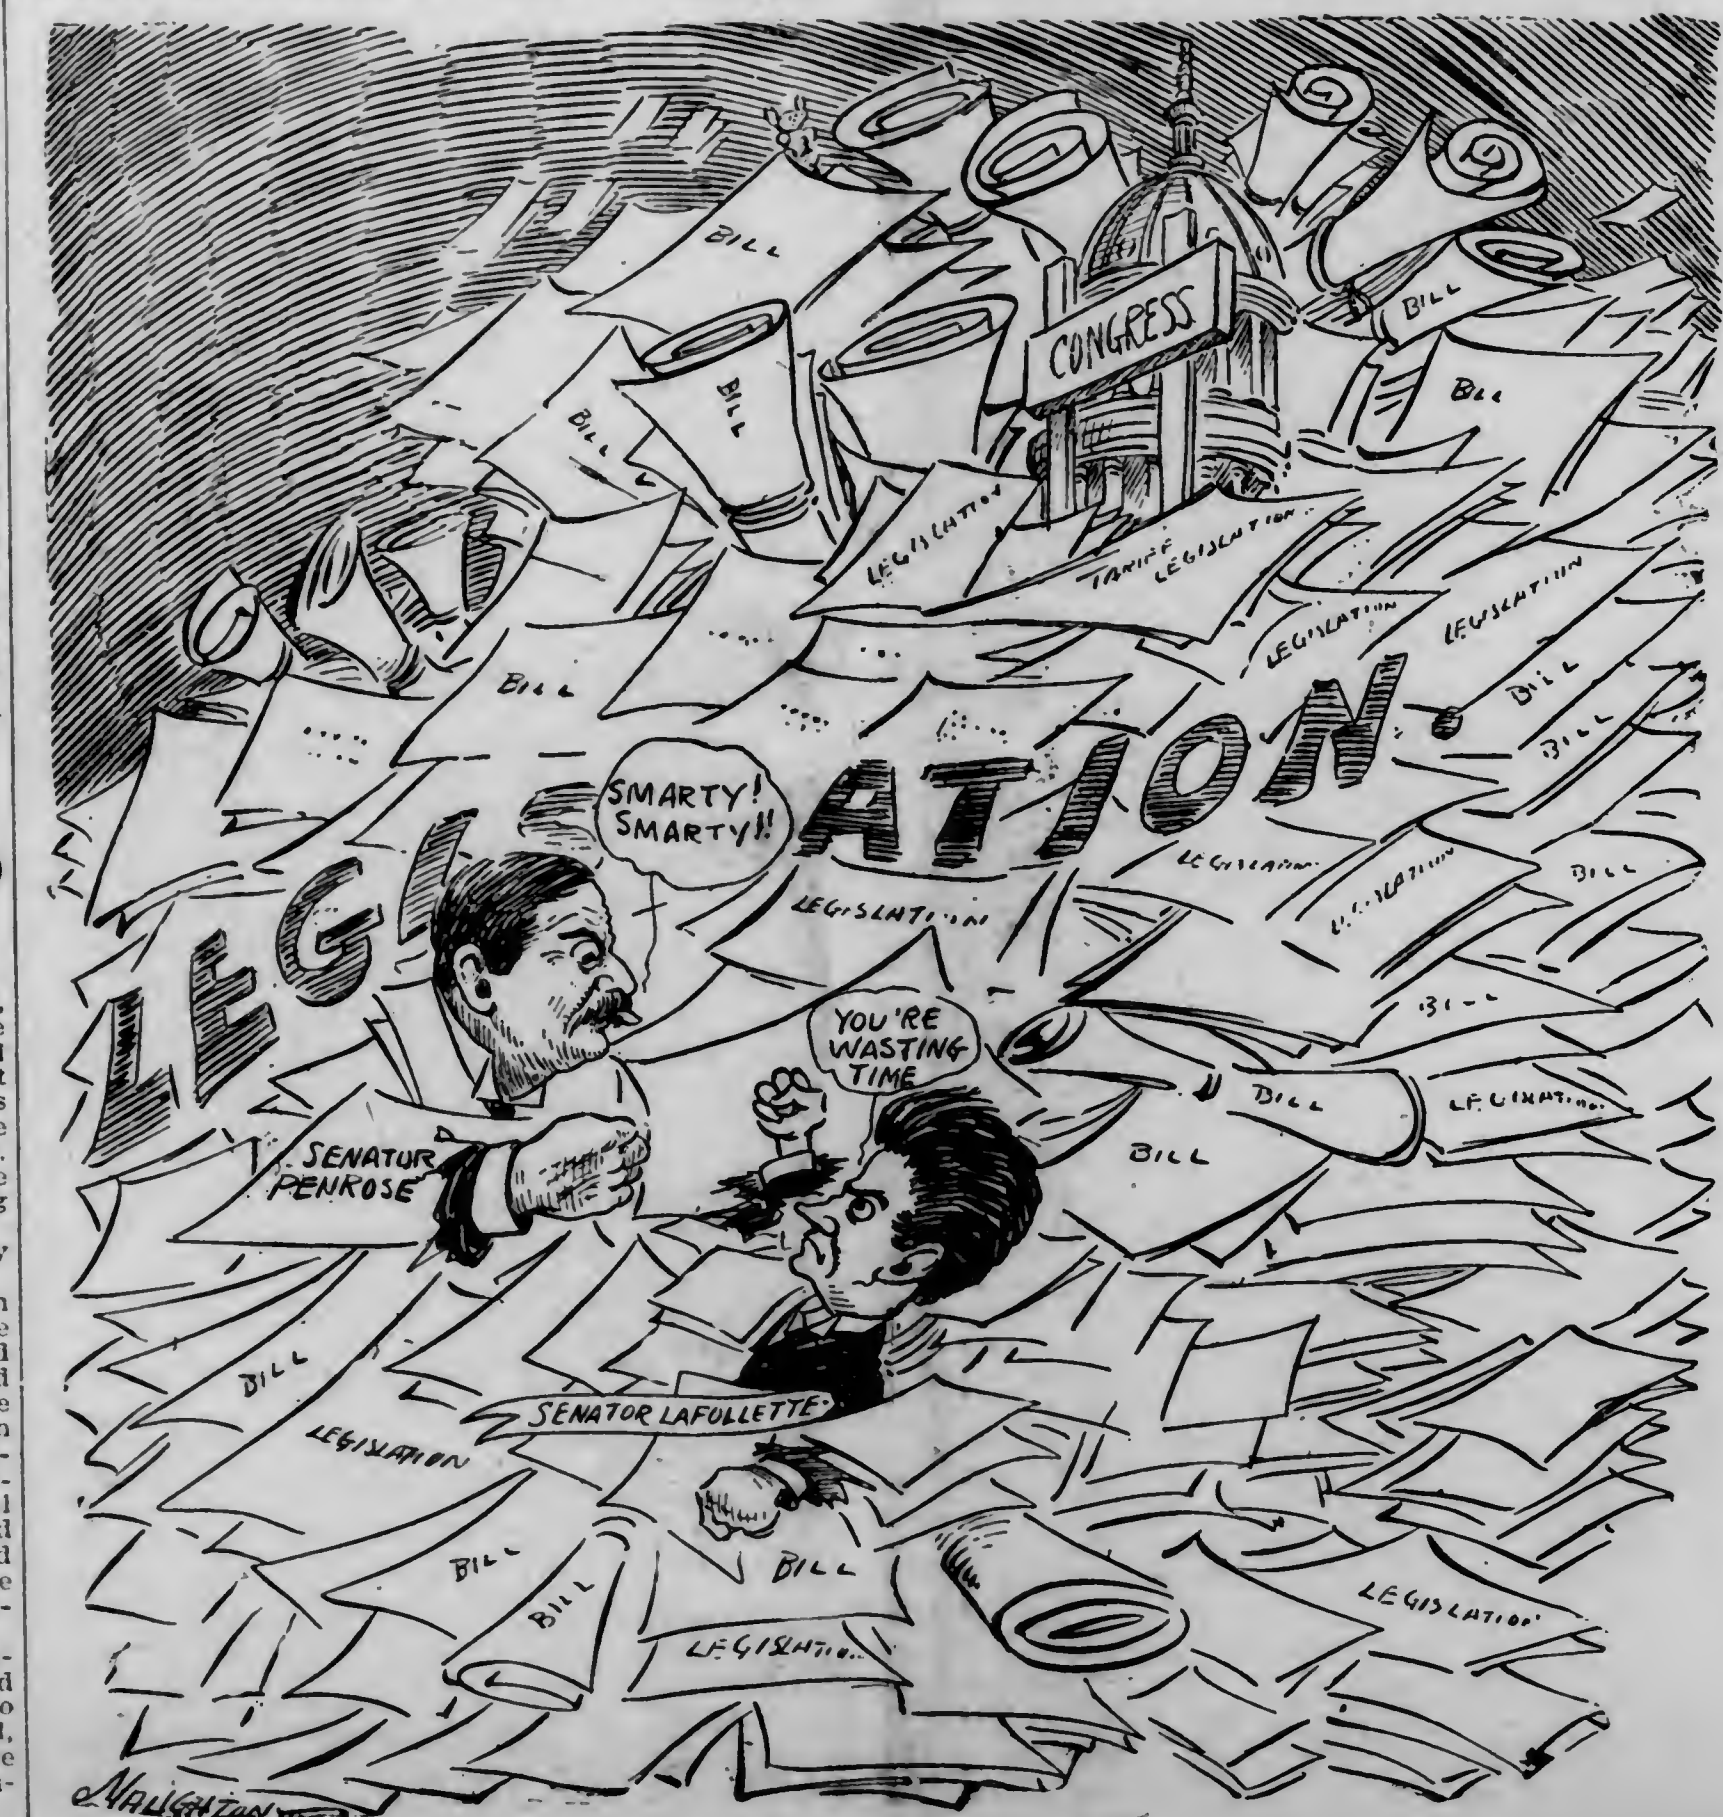

Entire Structure Is Des-
troyed in Quarter of
an Hour.

Flames Start From Un-
known Source in the
Barroom.

Detroit, Mich., Feb. 20.—A Detroit
News special from Tower, Cheboygan
county Mich., says:
Duffey La France and Peter Eno
were burned to death early today in
a fire which destroyed Hotel Finan,
here, a two-story frame building. La
France, who was the hotel bartender,
was 30 years old. Eno was 45 years,
and lived at Cheboygan.
The bodies of the men were found in
the ruins of the barroom, where they
were spending the night, after return-
ing to the hotel at 8 o'clock.
It was apparent that the fire was
started in the barroom, and that it
was started in a quarter of an hour,
but all the other occupants escaped.
Canadian Steamer Impaired.
Kobe, Feb. 20.—The Canadian Pa-
cific steamer Empress of China from
Victoria, B. C., arrived here today
after having been ashore on an
island of the inland sea. She is
making water in one of her ballast
tanks and must be docked for exami-
nation.

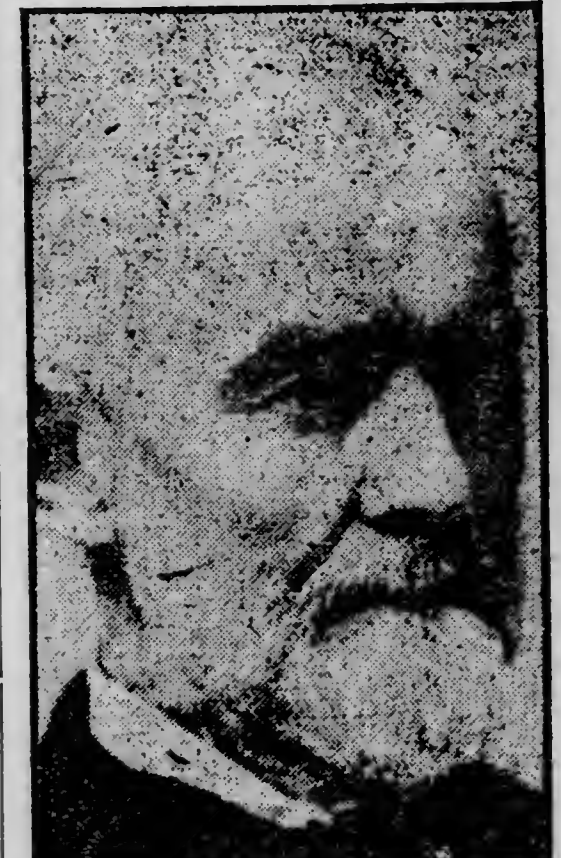

KEEPING UP THE DIGNITY OF THE SENATE

Penrose and La Follette have bitter colloquy in senate over postoffice appropriation bill.—News Item.

DEFECTIVE CARTRIDGE SAVED LIFE OF GIRL'S ASSAILANT AT HERMAN

VETERANS HONOR CIVIL WAR HERO

GEN. EDWARD S. BRAGG
Of Fond du Lac, Wis. Who Is 82
Years Old Today. His Home Is the
Scene of a Great Gathering of War
Veterans. Gen. Bragg Commanded
the Famous Iron Brigade.

Father of Victim Pursued
the Young Man With
a Shotgun.

Fired Point Blank, But
the Cartridge Failed
to Explode.

Assault on the Herman-
town Road Nearly Ends
in Tragedy.

A defective cartridge is all that saved
the life of Alphonse Lorn and the Her-
mantown road last night. If the story

alleged criminal assault upon the per-

young man in question, is true.
It is claimed that Lorn assaulted
the woman, who is 23 years of age, and
that when she told her father about it,
he grabbed up a single-barrel shotgun,
jumped into a rig and started in pur-
suit of the man after slumping a car-

weapon.

when only a few feet from him, took
(Continued on page 7, fourth column.)

POSTAL BANK BILL PUSHED

Now Seems Likely It
Will Pass Senate
Soon.

Chance for Going Through
House This Session
Unfavorable.

Washington, Feb. 20.—The postal
savings bank bill, after having been
opposed for many weeks, although it
has been the unfinished business of the
senate, may yet be passed at the pre-
sent session. The unexpected progress
which was made with appropriation
bills, will give Senator Carter an op-
portunity to again press the postal sav-
ings bank measure, and it is said that
with a number of amendments it can
be put in shape where it would be ac-
ceptable to the senate.
In the short time that remains of the
present session, it is not though pos-
sible to get the bill toward the house,
but it is argued that passage by the
senate would be an important step
toward redeeming the promise made by
the Republican national party to enact
the legislation.
No Pig Iron Figures.
Replying to a senate resolution ask-
ing for a report showing the total
(Continued on page 5, sixth column.)

CARROLL WRIGHT IS NEAR DEATH

Strength of Clark Col-
lege President is
Ebbing Away.

Worcester, Mass., Feb. 20.—The death
of President Carroll D. Wright of
Clark college was expected hourly by
those in attendance at his bedside early
today.

Although Mr. Wright suffered no
material change during the night his
strength was rapidly ebbing away
and he was losing consciousness.

CREW SAVED FROM SHIP

Steamboat Starin Ashore
and Tugs Are Beaten
Back.

Bridgeport, Conn., Feb. 20.—The steam-
boat John H. Starin of the Starin
Transportation line, which ran ashore
off the outer breakwater last night, is
in a precarious position today, with
the waves breaking high over her, and
she is in a heavy list. There were no
passengers on the Starin and all of the
crew were rescued in safety by the tug
Sarah McWilliams, although Capt. Van
Cott and the chief engineer at first re-
fused to leave the vessel, and stayed
on board after other members of the
crew had been taken off. The John H.
Starin went ashore after the gale
which swept Long island sound, while
she was on her way from New Haven
to New York. In seeking a haven here
she missed the narrow entrance be-
tween the two breakwaters by an
eighth of a mile and struck the
ground. There is no life-saving station
here, and going to the Starin's assist-
ance the tug Sarah McWilliams was
many times beaten back by the gale
and sea. They found the steamer with
her hold half full of water and waves
breaking high over her. The steer-
wardess, Alice Bouton, was suffering
from shock and exposure and was re-
moved to the Bridgeport hospital.
The Starin was one of the oldest
boats running on the sound. She was
202 feet long, with a gross tonnage of
564 tons, carrying a crew of twenty-two
men, with three officers and a steward-
ess.

KENTUCKY PARDON IS SOUGHT FOR TAYLOR, WHO FLED INTO INDIANA

Louisville, Ky., Feb. 20.—Kentucky's
most vexatious political and penal
problem has emerged again with a
petition presented to Governor Wilson
by Caleb Powers for the pardoning of
Former Governor W. S. Taylor,
Former Secretary of State Charles
Finley and John L. Powers. The paper
was signed by 15,000 citizens of Ken-
tucky, regardless of party, and the
governor replied that he would con-
sider the matter in its turn.
Powers, who is a former secretary
of state of Kentucky, was, with James
Howard, freed by Governor Wilson's
pardon some months ago. The three
men for whom Powers seeks the par-
don were charged as accessories, all
having fled to Indiana, where extra-
dition has been refused.
Taylor, who has resided in Indiana, almost
lives in the shade of the state capitol. He
is making a good living there, but the
Taylors keep to themselves socially.
Not long after reaching the Indiana
city, the Misses Taylor attended a
dance and were waylaid on the way
home. They barely escaped rough
usage, and it has always been charged
that their father's political foes in the
state were at the bottom of the affair.

WASHINGTON'S BIRTHDAY FEB. 22

Feel Better, Look Better, Eat and Sleep Better

Hood's Sarsaparilla will renew your vigor and vim, clear your complexion and improve your color, increase your appetite and aid your digestion, and make your sleep refreshing.

It multiplies and develops the red blood corpuscles, gives health and strength to the white corpuscles, and is the greatest curative, tonic and preventive medicine the world has ever known.

It is scientifically established that pure blood is indispensable to the proper performance of any function of the body.

Without it, neither the stomach, liver, kidneys nor bowels, nor any other bodily organ can work well. Hood's Sarsaparilla makes pure blood, and it is in doing this that it accomplishes so much.

It eradicates scrofula and all other humors, cures eczema or salt rheum, catarrh, rheumatism, and dyspepsia, relieves that tired feeling, and builds up the whole system. It gives the best possible protection against all infectious and contagious diseases, by making the

white blood corpuscles healthy and strong so that they can destroy disease germs which attack the red blood corpuscles and bodily tissues.

"My appetite was gone and I was in an unstrung nervous condition, unable to sleep. I became thin, pale and looked ten years older. I was languid and tired all the time. Hood's Sarsaparilla restored me to perfect health. It aided the worn-out nerves of my digestive organs to do their duty. I slept peacefully the entire night, and now I feel new life and vitality course through my veins. Within six weeks I was once more my former self and have for the past year enjoyed the best of health."

JULIA C. TISON, Atlantic City, N. J.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial value of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. It is urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today. Get it in the usual liquid form or in chocolate tablets known as Sarsatabs. 100 Doses One Dollar.

RETAILERS ARE OPTIMISTIC

M. Stack Returns From a Buying Trip in East.

M. Stack of the Stack & Co. department store has returned from a two weeks' visit to the wholesale markets in the East, where he has been making large purchases for the spring and summer trade of his store. Mr. Stack also paid a visit to his old home at Indianapolis.

"Business is very good," with the wholesale houses," said Mr. Stack, "and there seemed to be a feeling of confidence in better business conditions among the retailers the coming year than in the past. The demand for goods is heavy from all parts of the country. Deliveries are very slow in domestic lines and quite slow in some of the imported lines."

Mr. Stack called on old friends at several of the big retail establishments in Chicago and found an optimistic spirit over the trade outlook. In Indianapolis he was told that business is much up there now than it was a few months ago.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow packages. Sold by all druggists.

SUPREME COURT TAKES COGNIZANCE

Will Hear Application to Bring Suit Against Probe.

Madison, Wis., Feb. 20.—The supreme court took cognizance of the application of Senator Lehr to restrain the state treasurer from paying the expenses incurred by the senatorial investigation committee when it today announced from the bench that the complaint could be filed and the matter would be heard at the foot of the present assignment on the calendar, probably next Tuesday.

The court ordered that the attorney general, state treasurer and secretary of state be notified, so that both sides may be presented to the court at that time.

The application was for leave to bring suit. This has not yet been granted, but the announcement of the court today is an indication that there is something in the case, or no opportunity for argument would be allowed.

BOY TRAIN ROBBER IS CONVICTED IN MONTANA.

Great Falls, Mont., Feb. 20.—After being out thirty hours, the jury in the trial of Albert Hatch, charged with participation in the robbery of passengers on a Great Northern train, returned a verdict of guilty. The only point for the jury to decide was the

WEST END CLUB SCOPE BROADENED

West End Democratic Club Becomes the City Club.

C. E. Dice Is Named President of the Organization.

The West End Democratic club has been growing so in scope and territory that it was decided last evening to change the name of the organization to the City Democratic club.

The newly-named club will be all that its name implies and members will be enrolled from all parts of the city, although it is probable that most of the meetings will be held in the West end.

C. E. Dice was elected president of the club, to serve during the ensuing twelve months, and the other officers elected are: Vice president, E. A. Tesson; secretary, J. A. Tucker; treasurer, William C. Gage.

The session last evening was in the nature of a social gathering. Many prominent democrats were present and delivered short talks. Among the speakers were M. H. McMahon, S. Nixon, A. L. Travers, W. B. Getchell, E. A. Tesson, A. E. MacDonald, Charles H. Hart, Fred Voss, Fred Ryan, T. McKee, Clarence Dennis, J. A. McDonnell and Dr. M. E. Cullen.

There was some discussion over the appointment of E. H. Holden as state boiler inspector to succeed John D. Lowe, the present incumbent. Lowe's friends declared he should have been reappointed.

It was understood that Mr. Holden will appoint Mr. Brown as his chief deputy. During Lowe's occupancy of the office, Holden was chief deputy.

SKI CLUB NAMED.

Organization of West End Slide Enthusiasts Is Perfected.

West end ski enthusiasts held a meeting in George M. Jensen's office last evening, perfecting their organization and deciding to have the permanent name of their organization the Zenith Ski club.

The committee appointed to draft a constitution and by-laws made its report and its recommendations were concurred in and adopted. The following officers were elected: President, George M. Jensen; vice president, Oscar Helami; corresponding secretary, Harold Hanson; financial secretary, Harold Hanson; treasurer, Martin Rude; captain, Peter H. Swanstrom; executive committee, Arnold Olson, O. W. Olson, Harris T. Lattin and H. Rude.

A number of new members were enrolled at last night's session so that the new club will start off with a total membership of thirty-five.

The members will start at once the work of securing a ski slide. They will all go out tomorrow to look at available sites and another meeting of the club will be held some time next week.

West End Shortcuts.

Roller skating is to be discontinued at the Lincoln Park auditorium in the near future and the Adams School alumni are planning a skating party there on the last night.

Sven Bergman was in the West end from Grand Lake 48 hours yesterday.

Miss Marie Anderson has returned to Bayfield, Wis., after a visit with her mother in the West end.

Charles Furman has returned from a two week tour of the country, looking after some logging operations.

The Ladies' Foreign Missionary society of the First Swedish Baptist church will meet tomorrow afternoon at 4 o'clock in the West end.

Charles Pritchard of Grand Rapids, Minn., is visiting friends in the West end.

The Young People's society of Bethany Swedish Lutheran church will have a social gathering in the church tomorrow evening. There will be an address on Washington and literary numbers.

Everything is drinkable. Telephone Sterling Wine company.

SMILE! SMILE!

Smile and we will smile with you, at the Grand Ball to be given by the Duluth Retail Association in the Lincoln Park Auditorium. Tickets 25 cents each.

STEEL CUT IS FELT ON CURB

Lower Quotations the Rule; General Market in Sympathy.

New York, Feb. 20.—The announcement of a decision to cut steel prices, made late yesterday by Chairman Gary of the United States Steel corporation's board of directors, was felt on the stock market today. Offerings of twelve shares of United States Steel corporation common stock at from 47 1/2 to 48 1/2.

The stock was heavily dealt in yesterday's close, was the feature of opening. United States Steel preferred declined a full point. The general market was lower in sympathy, with here and there a fractional gain.

During the second hour another drop was made among the steel stocks, common, forcing the price down to 46 1/2. The stock was heavily dealt in, and much of it was apparently offered at forced sale. United States Steel preferred and the sinking fund 5 per cent bonds were also affected as was the entire list.

Assurances that the price of steel

Always Tired

To Get Strength

When your nervous and physical systems are tired out—worn out—they need something more than food, to revive them.

They need medicines—concentrated products of nature, that act as nature planned they should do, in helping along the functions of life, when ordinary methods fail.

When it's a woman—Cardui.

Cardui is not for men. There are plenty of good medicines or tonics for men—but only one, we have perfect confidence in, for women—Cardui.

We know what Cardui will do, for tired, worn-out, sick, miserable women.

We know what it has done, for thousands of women in distress, and what it has done for others, it will surely do for you.

Mrs. Margaret L. Pheral, of Newburg, Ind., writes: "I had sick headache, continuous hurting in my right side, was always tired and every month had such bearing-down pains, I could hardly stand. At last I took Cardui, and it worked wonders. Now I feel better than in two years, and owe it all to Cardui."

Try Cardui. It will help you.

Take CARDUI

STUBBS TO SIGN THE "DRY" BILL

Kansas Druggists Given Time to Dispose of Liquor.

Topeka, Kan., Feb. 20.—"I will sign the absolute prohibition bill within one minute after it reaches me," said Governor W. R. Stubbs today.

The bill is now being enrolled and will be submitted to the governor late this afternoon.

It originally provided that it should go into effect upon its publication in the official state paper, but it was amended in the house to be a law after its publication in the statute book.

As the statute cannot be published before the latter part of May, the druggists will have until that time to comply with the law and dispose of their stocks of liquor.

THE WEEK AT THE NORMAL

Anniversary of Washington's Birthday Observed by the Students.

The anniversary of George Washington's birthday was observed at the chapel exercises yesterday by a special program. After the devotional exercises and patriotic choruses by the normal school students, a George Washington day program was given by the pupils of the third and fourth grades.

The children were dressed in colonial costume, the little girls with powdered wigs and old-fashioned dresses, and the little boys with court costumes and soldiers' uniforms. They sang several patriotic songs and recitations were given by Kathryn Macgregor and Howard Appleby. A captain with his five soldiers went through a drill, and four little girls appeared in a revolutionary tea party scene.

Several of the girls and four boys in colonial costume were especially prepared and pleasing. The following children took part in it: Josephine Cotton, Mary Baldwin, Elizabeth Lyman and Grace Gleason; Masters Robert Finkenstaedt, Edwin Skinner, Lowell Turle and Ben-ton Stearns.

BROTHERHOOD HOLDS BANQUET

Rev. Crandall of Minneapolis Speaker at Baptist Spread.

The Brotherhood of the First Baptist church held a banquet at the church last evening. Covers were laid for 115. W. B. Patton acted as toastmaster, and the principal speakers of the evening were Rev. Dr. L. A. Crandall of the Trinity Baptist church of Minneapolis, and E. M. Morgan, assistant city attorney.

Dr. Crandall's remarks were confined largely to work of the Baptist church, and covered, in a brief manner, its history from the beginning. He expressed pleasure over the fact that men of the church are taking more interest in its work now than formerly, instead of allowing the women to do practically all of it.

Dr. Crandall said that here in Duluth, he had had to do nine-tenths of the church work, but that men were now waking up and taking their share of the burden. This is largely the result of brotherhoods that have been and are being organized.

ORANGE WEEK

All Dealers Now Supplied with

Luscious "Sunkist" Oranges

for ORANGE WEEK, beginning

Monday, February 22—Special Prices Everywhere

Every reader of this paper will want to keep "Orange Week" in mind. The finest fruit ever grown in the famous California Orange Groves—delicious "Sunkist" Oranges—will be supplied by your dealer.

"Sunkist" Oranges are grown in the 5,000 orchards of the California Fruit Growers' Exchange. They are selected, first quality, full flavored, tree-ripened, hand-picked.

For juiciness and delicious flavor they are unsurpassed. Every orange is perfect. See them—give them a place on your dining table, and know for yourself how much better "Sunkist" Oranges are than any others.

Tell your dealer "Sunkist" Oranges are the ones you want. He will have a full supply during "Orange Week."

"Orange Week" is your opportunity to buy the finest, juiciest, most luscious oranges that grow, and at the lowest prices, too.

These California Navel Oranges are cultivated, picked and packed with the greatest care. Look for the name "Sunkist" on the box. This is your insurance of quality and flavor. No other oranges so choice as these.

"Sunkist" Oranges are unsurpassed as a tonic. They should be eaten morning, noon and night. Physicians recommend oranges for their food value—for the nourishment they give to the nerve and brain cells.

Oranges are the oldest of all the "breakfast foods." Other breakfast foods have come and gone while "Sunkist" Oranges have increased in favor because of their health giving qualities.

Eat the "Sunkist" brand and you will understand why.

Your dealer—every dealer—is prepared for "Orange Week" and will have a full supply of "Sunkist" Oranges—the perfect fruit of the most carefully cultivated orange groves in the world.

Remember "Orange Week" Begins Next Monday

LABOR NOTES

NO TROUBLE THIS YEAR

Tug and Dredge Employees Have Signed Wage Scale.

Other News of the Week in Labor Circles.

There will be no labor troubles between the tug and dredge owners and their employees on the Great Lakes during the coming year, for all the agreements for the season of 1909 were signed at a conference between the employers and the union, which has been in session at Detroit, Mich., since Feb. 3.

This was reported by James Faunt, who returned to Duluth yesterday from Detroit, where he attended the conference as delegate from the Great Lakes Tug Owners Protective association and the International Brotherhood of Steam Shovel and Dredge Workers of America, which includes steam shovel men, dredge firemen, oilers, deck hands, seamen and watchmen, and the Licensed Tugmen's Protective association, all of which are affiliated with the I. L. M. & T. A. It varies but slightly from the agreement of last year. The wage is the same, and as follows: Twelve hours shall constitute a day's work; when men work over twelve hours, they shall be paid 55 cents per hour for overtime; captains for all ports, except Erie, shall be paid \$110 per month of thirty days; wages of captains at Erie to be \$115.50 per month of thirty days; wages for engineers at all ports to be \$110 per month of thirty days.

Capt. Martin Cole of Duluth, grand president of the I. L. M. & T. A., also attended the conference. He leaves today for Washington.

The Associated Charities of St. Paul is interesting itself very deeply in the question of child labor in Minnesota. The association will hold a meeting tomorrow afternoon at 2 o'clock, when it is understood this matter will be discussed.

Representatives from the Minnesota state free employment bureau will attend the meeting, to tell what they know of the conditions in the state. James Walsh, head of the Duluth branch of the state free bureau, received a notice to attend the meeting. He left for St. Paul last evening.

TO REMOVE THE STUMPS

(Continued from page 1.)

less than half what settlers now have to pay. They present the retail cost from 15 to 25 cents per pound. As stated yesterday, the Jean Duluth farm at Duluth gets a price of 12½ cents a pound by buying in large quantities, and it is figured that, in view of the quantities that will be consumed if this bill becomes a law, the state will be able to buy it for 8 cents a pound, or less.

The bill will probably have to go to the appropriations committee before it can be acted upon by the house. There may be some opposition to the expenditure, though little developed in the committee on public lands, but as many of the settlers concerned are developing state lands, and as the adoption of such a policy will foster further development of state lands, the state's interest in the matter is great enough to bring the chances of the bill's passage encouraging.

The tri-county delegation yesterday afternoon recommended for passage five bills pertaining to St. Louis county, which have the endorsement of the St. Louis county delegation, and to any of them, and they will, in the regular order of business, become laws at an early date. The bills approved by the delegations from the three large cities were as follows:

Providing for a commission composed of the county auditor and the county treasurer to handle the new St. Louis county court house.

Creating the office of county public defender, and the expenditures of cities, villages, townships and school districts, as well as concerns of the county, to receive contributions for charitable purposes.

Fixing the limit of clerk hire allowance in the office of the register of deeds, and the salary of the county treasurer to \$12,000 annually.

Providing for transferring old records to the new county auditor's office, and the work to be done by the register of deeds, without additional expense to the county.

The bill giving the Eleventh judicial district an additional judge and providing general terms of court for the iron range, had the approval yesterday of the sub-committee of the house judiciary committee, to which it was referred, and there is little doubt that it will be recommended for passage by the full committee.

The house labor committee had another public hearing yesterday afternoon on the workmen's compensation plan, and a large number of interested people filled the house chamber. Most of the speakers favored the plan of submitting the matter to a commission for investigation before the next session of the legislature, but the idea of the commission will prepare a comprehensive and adequate measure upon the results of its investigation.

The members of the committee who favor immediate action had support at this hearing for a change. Thomas Van Lear, business agent for the railroad commission plan, with temporary relief, and that he thought the commission can report. He said that it would be hard for the committee to get up anything that would be harder upon the workmen than the present system, and that he thought the employers ought to be willing to take the chances that such a measure would give them a little the worst of it, because the worker has been getting that end of it for many centuries. He said before the hearing was begun petitions from a number of labor unions, including the Proctor lodge of the

Brotherhood of Railway Trainmen,

were not to be considered, and he admitted that they should be taken into consideration, though he said that the employers ought to be willing to take the risk of getting the worst of it for two years, when the workmen had carried the big end of the log so long.

State Labor Commissioner W. E. McDowell said that the commission plan was not to be considered, and he had no objection to legislation now, and if the legislature wanted to do anything, he assured that everything in his office would be at the disposal of the members. He said that the plan has been allowed to creep into the discussion, as nobody connected with this plan, but the question is bigger and broader than partisanship. Personally, he believed there was danger in a hasty attempt at remedial legislation, and he believed the commission plan to be best.

The committee will take up the matter for consideration in executive session later.

There was talk yesterday that the house committee on mines and mining might take a trip out to the iron range, but the plan has been abandoned for the present at least. The object was to have the state mine inspectors and the county auditors, and the county auditors are asking that a building be constructed for their headquarters, and to investigate the need of this was one of the reasons for the bill.

Another object was to see whether the mines belonging to the state are being operated with as careful a view to the interests of the owners as are the mines privately owned. While the committee has been assured that they are being mined carefully, and that the state mine inspectors are doing their best, it is thought it might be a good idea to go up and look the field over.

The house committee on general legislation voted yesterday afternoon to send out without recommendation the Denzer bill licensing "naturopaths," which includes chiropractors and a number of other healers by so-called natural methods.

The bill providing a state board of examiners for horsemen was recommended to pass, and so was the Wright bill making it a felony to take an automobile out of its garage without the consent of the owner.

The Adams committee to investigate the school book business in this state had before it yesterday afternoon C. E. Ellis, the agent of the American Book company, who was said to have attempted to influence the selection of a superintendent of schools at Winona, and to have given \$1 to the school superintendent. He denied the charges, but said that he was a voter in that county, and that he had given \$1 to the school superintendent. The school officers corroborated this statement, and said that the district got the \$1, and no official.

Arthur Hawkes of Toronto, publicity agent for the Canadian Northern railway, who is recently in Duluth to interest sportsmen in his plan for an international big game preserve along the Minnesota and Ontario dividing line, appeared before the fish and game committee yesterday afternoon, and was heard with approval. As a result of his talk a joint sub-committee, consisting of Senators Cooke, Farrington and Wells

and Representatives Mackenzie and Rowe, was appointed to consider the matter and report next Tuesday.

The house fish and game committee approved the Thayer bill, providing that county boards may declare streams in which brook trout fry have been planted to be brook trout streams, and that the fish shall be taken in it except during the open season for trout.

The house committee on express, telegraph and electric lines has recommended for passage Representative Ryan's bill to exclude motors, temperate drinkers, habitual drunkards and persons under guardianship.

By Senator Wright—Providing for the supervision and regulation of inland waterways, and the amendment to the statute relating to the same.

The marriage of first cousins is prohibited by a bill offered in the house yesterday by Representative Clague.

Ten house members, headed by Representative Clague, introduced a bill giving \$10 for school libraries to every school district in the state.

Fire insurance companies are allowed to suspend one-fourth of the amount of the policy upon dwellings during vacancy by a bill offered yesterday by Representative Sullivan.

A tax levy for park purposes of 1½ mills annually in the city of Duluth is provided for in a bill introduced yesterday by Representative Sullivan.

The sanitary regulation of bakeries, including attention to the health of bakers, is provided for in a house bill by Representative Sullivan.

By the provisions of the bill, the removal of furniture to the city is prohibited in cities of over 10,000 population, and the bill is introduced by Representative Nye of Minneapolis.

When the house receives the report of the judiciary committee Tuesday, the J. N. Johnson initiative and referendum bill, there will be a minority report in favor of the measure upon which there will be a fight.

The report of the tax committee on the Stuart bill exempting credits from taxation will also come in Tuesday, and that will mean another fight.

Molday is Washington's birthday, and there will be no session of either house Monday in Washington's birthday, and the senate adjourned yesterday afternoon until Tuesday, and the house adjourned this afternoon to the same day.

STILLMAN H. BINGHAM.

POSTAL BANK BILL PUSHED

(Continued from page 1.)

amount of iron ore and pig iron produced and manufactured in the United States in any twelve successive months ending not earlier than June 30, 1908, to whom the resolution was addressed.

By the provisions of the bill, the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house, and the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house.

By the provisions of the bill, the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house, and the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house.

By the provisions of the bill, the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house, and the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house.

emergencies. The secretary of war is authorized to make rules and regulations for navigation of the south and southwest passes of the Mississippi river. The bill repeals the act that authorizes the Mount Carmel Development company to draw water from the Wabash river in Wabash county, Ill., and authorizes the secretary of war to grant leases for the uses of water created by the government dam at Mount Carmel.

The secretary of war is directed to take proceedings immediately for the reclamation of the property and lands of the various water companies along the channel of the St. Mary's river by condemnation or otherwise, payment to be made out of any money authorized or appropriated for the improvement of the St. Mary's river at the falls. All permits and licenses granted to the Chautauque Water Power company, the Edison South Light & Power company, the Edison South Light & Power company, or the St. Mary's Power company by the United States will be cancelled on Jan. 1, 1911.

The annual discussion regarding the fortification of the Philippine Islands has taken place. In defense of the million dollar appropriation provided for the fortification of the islands, Mr. Smith said it was proposed to cut down El Fraile Island and provide \$2,000,000.

While maintaining that the Philippines were an incubus on the government, Mr. Snyder of Texas said the islands needed protection. He thought the honorarium thing for the United States to do was to leave the Philippines to govern themselves.

Except the amendment for fortifying San Roque harbor, the total amount appropriated was \$2,170,111.

Advocate Detective Bureau

Strong advocate of the detective bureau of the department of justice, was made by Attorney General Bonaparte, when he appeared before the house committee on appropriations to explain the estimate for the support of the bureau.

By the provisions of the bill, the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house, and the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house.

By the provisions of the bill, the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house, and the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house.

By the provisions of the bill, the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house, and the secretary of the senate shall be the secretary of the senate, and the secretary of the house shall be the secretary of the house.

Foul Breath

Made Pure and Sweet By the Use of Stuart's Charcoal Lozenges.

Trial Package Sent Free.
Do not go among your friends with a breath so odorous as to make your presence distasteful. Foul breath is capable of easy removal if you will take a little time to overcome it. Generally foul breath comes from one of two causes, impure gases or foul digestive fluids.

A noted French physician swallowed strychnine enough to kill three men and with a teaspoonful of charcoal removed the bad effects of this terrible poison.

A little charcoal in a bedroom or cellar will make foul air pure. Pure willow charcoal mixed with honey are the component parts of Stuart's Charcoal Lozenges and pure breath is the result of their use after meals. Simply dissolve two or three after meals and at bed time and foul breath flies at once. No matter how you cause these gases, whether by bad food, alcohol or abuse of the stomach, Stuart's Charcoal Lozenges will stop gas making and sweeten the breath.

They are perfectly harmless and the eating of a box would cause you no inconvenience whatever.

Charcoal is hard to prepare for the stomach because it must be strong and pure and most people will not take it unless made palatable. Stuart's Charcoal Lozenges are made of pure honey and the combination is compressed under tremendous power into a lozenge of great pleasantness and efficiency.

Don't let your bad breath make people cross the street to avoid you; go to the nearest drug store and buy a box of Stuart's Charcoal Lozenges to-day and eat what you will. Two or three after the meal will sweeten your breath at once. If you want proof of this fact send us your name and address and we will send you a trial package by mail free. Address: F. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.

BETTER THAN SPANKING

Spanking does not cure children of bad habits. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

NO SOCIALIST

The Socialists claim that every man is entitled to the full product of his own labor. But Nature does not insist on this. A man may enjoy the product of his own labor, and then Nature is willing to throw in her own time and effort free. Seems thought anybody ought to be smart enough to know the value of such a willing servant. She says at least \$100 net profit on every acre of land. The land costs only \$40 an acre.

ON THE IRON RANGES

MANY NOW JOIN COMMERCIAL CLUB

Eveleth Organization Is Proving More Popular Than Ever.

Eveleth, Minn., Feb. 20.—(Special to The Herald.)—George A. Perian, secretary of the Commercial club, is waiting on the business men getting renewals for memberships.

He is meeting with unusual success, although the membership fee has been raised from \$2 to \$5 yearly. At the next meeting it will be known how many members are in the club. Last year there were about 110, and about the same number will be in this year. At the next meeting plans will be laid for the annual banquet. Many important things will be discussed by the club this year, and there seems to be an increased awakening of interest in the club.

The committee composed of S. Sax, Charles Jensen and F. Boyle, delegates to the annual meeting, will be interested in the bill, as it will allow residents of the club to vote in the election.

Chloe virgin willow is burnt into desirable charcoal; this is mixed with pure honey and the combination is compressed under tremendous power into a lozenge of great pleasantness and efficiency.

GRAND RAPIDS WINNERS.

Defeat Eveleth in Very Lively Game of Basket Ball.
Eveleth, Minn., Feb. 20.—(Special to The Herald.)—In one of the best games of basket ball ever played here the Grand Rapids high school team, defeated the local high school team by a score of 24 to 21 last night. The game was hard fought all the way through. It cinched the Grand Rapids claim to championship. First one side and then the other had the lead. The first half ended in favor of Grand Rapids, but at the beginning of the second half the local team started in and soon had the lead. Eveleth overcame in the last few minutes of play by the visitors by some nice shooting.

A return game will be played at Grand Rapids. The line-up of the teams was as follows: Grand Rapids—Luswig, c; King, f; W. Johnson, f; Jensen, f; Perian, f; Eveleth—Anders, c; Cerveny, f; W. Johnson, f; Jensen, f; Perian, f; Eveleth—Anders, c; Cerveny, f; W. Johnson, f; Jensen, f; Perian, f.

WANT POSTOFFICE MOVED.
Petition to That Effect Was Circulated in Twig.

Twig, Minn., Feb. 20.—(Special to The Herald.)—Andrew G. Guller came up from Duluth to attend a special meeting of the Grand Lake town board, held in the town hall, Feb. 17.

Mrs. Amat of Superior is visiting with her husband this week. The Amat family has a special train and crew of men loading ties on the main line of the Duluth & Northern Pacific at Superior.

Two petitions have been circulated and signed here lately, one for removal of the postoffice to the store of S. N. Peterson, and the other to establish a rural free delivery route between Saginaw and Cass county, Wis.

Ed Erickson was called to Duluth as a witness on the Anderson-Eenson case.

COLERAINE EVENTS.

Happenings in Bustling Town on Western Mesaba Range.

Coleraine, Minn., Feb. 20.—(Special to The Herald.)—The Coleraine Commercial club held a meeting Wednesday evening. Important committee work was assigned to the different members. It was decided to hold a meeting in three weeks for the election of officers and also to consider some changes in the organization.

The Coleraine Reading club met with Mrs. K. Jensen Tuesday afternoon. The members are studying "Isen's" and "The Story of the World." The club is very active in its work.

Mr. and Mrs. Cooper entertained a company at cards Thursday evening.

On Wednesday evening Mr. and Mrs. D. Lawrence entertained a company of friends at their residence on Hartley avenue.

Mr. and Mrs. Cronk gave a dinner party to a few of Mr. Cronk's gentlemen friends on Thursday evening.

Father J. M. Clery of Minneapolis gave his lecture on "American Citizenship" to a large audience Tuesday evening at the high school auditorium.

The high school is preparing to put on a play entitled "The Story of the World" in March. Work was commenced on this entertainment in November. Daily rehearsals will be given until the presentation of the play.

Alva Wright, a senior in the high school, is very ill with mumps. He has a prominent wart in the high school entertainment which will be given soon and his absence is keenly felt by his teachers and classmates.

Hilmar Matheson, who recently had his leg broken in a fall from the ski slope, is rapidly improving.

John C. Greenway made a business trip to Duluth this week.

C. E. Seely, editor of the Optic, was a visitor at Duluth the first of this week.

The citizens of Coleraine are greatly interested in the survey of the Great Northern, which is running its tracks over the Mesaba road near the site of the proposed new passenger station. A splendid union station would be the proper thing for Coleraine.

A. G. Guller, traveling representative of some of the largest publishers of story papers, made a business call here Wednesday.

The new Apollo theater is doing a good business under the new management.

H. A. Johnson, treasurer of the board of education, is confined to his home with an attack of pleurisy.

There will be no school Monday, Washington's birthday. The children of the Coleraine school will celebrate the day with a sleighride in the afternoon.

WORK WILL RESUME ON HIIVA FARM PROPERTY.
Ely, Minn., Feb. 20.—(Special to The Herald.)—Cap George H. Frank-

CAR DRAGS HIM DOWN TO DEATH

Steve Tomsovic Drowned in Lake at Gilbert Mine.

Gilbert, Minn., Feb. 20.—(Special to The Herald.)—Steve Tomsovic, aged 18, employed at the Gilbert mine here, was drowned in the lake adjoining the mine yesterday afternoon.

He was pushing a car across an elbow track on the mine when the car broke loose and plunged into the lake dragging the man along. The force of the impact broke the ice and the man and car sank to the bottom. The body was recovered later in the day.

Deputy Coroner Gleason came from Ely to take the body to the morgue at Holy Family church, Eveleth Monday morning.

REV. FATHER BUIH RETURNS.

Vicar General of Duluth Diocese Is Royally Welcomed Home.

Ely, Minn., Feb. 20.—(Special to The Herald.)—Rev. Father Joseph Buih, vicar general of the diocese of Duluth, returned from an extended visit in Europe this week, arriving in Ely Thursday evening.

The various Slavonian societies turned out informally, and the high school band, gave Father Buih a warm welcome back to this city.

VICTIM OF PNEUMONIA.

Gus Anderson of Tower Died Wednesday and Was Buried Friday.

Tower, Minn., Feb. 20.—(Special to The Herald.)—Gus Anderson, who has been coming to work here for the past month with pneumonia, died Wednesday evening. He had an uncle in Minneapolis.

The deceased belonged to the Scandinavian society and was buried at the Presbyterian church.

PLAN INDOOR SPORTS.

Members of Oliver Club to Have Some Fun for Near Future.

Hibbing, Minn., Feb. 20.—(Special to The Herald.)—A tournament of indoor sports is planned by the members of the Oliver club to last through the spring. The tournament will be held at the Oliver club house.

The club house will be formally opened by the Oliver company and their friends next Wednesday evening. The public is invited to attend.

WOLVES NEAR VIRGINIA.

Virginia, Minn., Feb. 20.—(Special to The Herald.)—Three wolves were killed near town this week by August Williams, who brought the skins to town and received the bounty.

EVELETH HOCKEY TEAM PLAYS VIRGINIA SUNDAY.

Eveleth, Minn., Feb. 20.—(Special to The Herald.)—The local hockey team will play Virginia on Sunday morning afternoon. The Eveleth team will line up as follows: Tony Van Wier, center; A. G. Skramstad, wing; Ed Larson, left wing; Gus Skramstad, right wing; Tom Harri, center; C. Knies, point; Louis Andrews, guard.

SUCCESSFUL EVELETH DANCE.

Eveleth, Minn., Feb. 20.—(Special to The Herald.)—The Eveleth Dancing club gave a very successful dance at the local hall last night.

PUBLIC SPEAKER.

Advices Postum Instead of Coffee.
Some people think they must have a cup of coffee or tea before attempting any special work, some want it afterwards.

The same harmful effects of the coffee poison—caffeine—are sooner or later made manifest in the case of every man, woman and child.

"As a public speaker," writes a Penna. man, "I had been in the habit of drinking a cup of coffee after my evening's work."

"My nights were nearly always restless, or when I did sleep I would awake with a heavy, dull feeling and every movement became an effort."

(Reaction of the coffee poison.) "My nervous system eventually became so unstrung that I was obliged to place myself under the care of a physician."

"The doctor advised me to give up coffee and drink Postum, which I did. Postum not only assures me a good night's sleep, but nourishes the system."

"I have used it for a year and have taken great pleasure in inducing several families in our neighborhood to use Postum instead of coffee."

"A young man who had been used to coffee three times a day, found his nervous system called for something stronger. He began to use spirituous liquors and was on the down grade."

"He finally decided to stop coffee and alcoholic beverages and drink Postum. Not being made right at first, he did not like it, but when I showed him how to use it—it took 15 minutes, he liked it."

"This young man is now prosperous, healthy and of good habits. He believes Postum saved him from becoming a drunkard."

Name given by Postum Co., Battle Creek, Mich. The book "How to Use Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

CLUB GAVE ONE OF THEIR REGULAR DANCES

LAST NIGHT AT WAHLON LAKE HALL, AND ROUNDED TOWNS WERE PRESENT.

Refreshments were served during the evening. The dance was given by the club and was very successful.

SALO EXONERATED FOR KILLING OF WHITALLA.

Eveleth, Minn., Feb. 20.—(Special to The Herald.)—The jury held today by Deputy Coroner Gleason to ascertain the facts as to the death of Yalmer Whitalla, the Finn, who was killed by another Finn named Yalmer Salo, near Zim Thursday afternoon, did not develop anything in addition to the story printed in Friday's Herald.

The evidence went to show that Salo attempted to shoot a deer as the two were walking along the road and that in his excitement he accidentally shot his companion. The dying statement of Whitalla, who was killed, exonerated his companion helped him a lot. After the jury's verdict was announced Salo was released and will not be prosecuted unless the county attorney believes the betterment of the law requires it.

ELY LAKE RACING ATTRACTS INTEREST.

Eveleth, Minn., Feb. 20.—(Special to The Herald.)—The races to be held on Monday afternoon at Ely lake, on the Ely lake course, are attracting much attention. Entries from range towns and the crowds will certainly be large.

Prizes have been built up for the races and the races will be best three out of five heats. Of the local horses engaged, Salo is the favorite. Frank Webb, ex-Mayor Jensen and others have one or more horses.

ANOTHER INDIGNATION MEETING.

Eveleth, Minn., Feb. 20.—(Special to The Herald.)—The indignation meeting to be held tomorrow afternoon to protest against the election of the diocese of Duluth to the office of the diocese of Duluth, will be held at the diocese of Duluth.

VIRGINIA WILL GET \$40,000

Public Building Sums Reported by Appropriations Committee.

Washington, Feb. 20.—(Special to The Herald.)—The house committee on appropriations yesterday made its report on the sundry civil appropriation bill. The committee recommended that the following sums be appropriated: \$20,000; Crookston, \$20,000; Fairbault, \$20,000; New Ulm, \$20,000; Red Wing, \$20,000; Rochester, \$20,000; Virginia, \$20,000; Willmar, \$20,000.

DEFECTIVE CARTRIDGE SAVED LIFE OF GIRL'S ALLEGED ASSAILANT.

(Continued from page 1.)
aim and pulled the trigger, but the hammer only snapped and a loud bang. The girl, who was not responsive, turned and ran into the brush. The girl's father, who was with her, and told the police of what had occurred. Lorin's arrest followed shortly.

A sudden assault.
According to the report, Lorin had been visiting friends in Duluth, and returned home about 10 o'clock in the morning. He was alone at the time.

KATO, JAPANESE AMBASSADOR TO ENGLAND,

was here today for the purpose of discussing the anti-Japanese legislation by the California legislature. The anti-Japanese sentiment in America, today says.

Americans continue to regard Japan with suspicion and this ill-feeling continues. The Japanese government and people to prove the sincerity and cordiality of their feelings toward the United States throughout Europe. It is understood that the Japanese government will continue to regard Japan as seeking war. Two wars are being fought. We want peace in the future. War with Japan could threaten the independence of Japan. It is unnecessary for America to fight.

The editorial concludes by quoting the text of the resolution passed by the California legislature, expressing the belief that the passage of the bill would lead to serious consequences. The paper contends that this message shows that even the Federal government regarded war as probable, but it was utterly mistaken.

CHURCH PARTY VERY SUCCESSFUL

Ladies of Proctor Catholic Church Entertained Friday Evening.

Proctor, Minn., Feb. 20.—(Special to The Herald.)—The ladies of the Catholic church gave their card party at the hall last evening. Many attended, twenty-four couples and a large number of prizes were won by Mrs. P. C. Mitchell, the foot prize by Miss M. C. Mitchell. The ladies of the church were very successful.

Thomas St. Cyr was taken to St. Mary's hospital yesterday afternoon. He had been suffering from typhoid fever.

The basketball game, which was to have been played tonight at the Y. M. C. A. between the local team and the Company 1 team of Duluth, has been cancelled.

Harold Larson, laborer, was picked up near Elwood last Saturday morning. He had been suffering from typhoid fever. He was taken to the hospital.

The body of a man was found in the ice at the bottom of a pit five feet deep in the quarry of the O'Laughlin Stone company at Ives.

Was he murdered or did he perish in the terrible blizzard of last Sunday is to be the subject of a rigid inquiry begun by the authorities.

Among Mr. Elholm's clients at Ives were a number of Italians, whom he visited frequently.

Elholm left here Saturday morning, going to Ives. Alarmed by his absence relatives on Monday began a search for him. Inquiry showed that after leaving the saloon of W. N. Strausser he had gone to the station of the interurban electric line. The storm was then at its height and the line was tied up. This is the last time Elholm was seen alive.

Lying Face Downward.
When the body was discovered it was lying face downward. Only a portion of the back was visible above the six inches of ice. Lying near the body was a card reading:

GEORGE ELHOLM,
Mitchell & Lewis Wagon Co.,
Racine.

Coroner Hoyle was notified and when he arrived the body was cut from the ice with axes and brought to Racine. Mr. Elholm was 37 years of age and a graduate of the University of Wisconsin. Several years ago he was engaged in the practice of law in this city.

Mr. and Mrs. James Martin are the proud parents of a baby daughter, who arrived last night. The baby was born at the hospital.

Frank Kearney of Superior, visited friends in the village a few days this week.

D. D. Korns returned to Proctor last Friday. He has been working for the Iowa Central, near Peoria, Ill.

Miss Agnes Keating was very pleasantly surprised last Saturday evening by a number of her school friends. Music and games furnished the amusement of the evening. Before going home a delicious luncheon was served.

George McEwen is laid up this week with the grip.

Mr. and Mrs. Henry Glickerman and wife returned Sunday afternoon after spending a week with relatives at White Bear and the Twin Cities.

The dance given by the lady foresters last Monday evening proved to be a great success. Many attended and all had a very enjoyable time.

George Jolymore has returned from Virginia and intends working here again.

Joe Gratto was taken down to the hospital Wednesday morning, and is seriously ill with typhoid fever.

William Chisholm met with an accident last week and smashed one of his fingers.

Mr. and Mrs. William Houde spent the latter part of last week in Hibbing. Mr. Houde's sister is seriously ill.

CAUCUS FAILS.
Democrats Unable to Agree on Question of a Chairman.

At a caucus of Democratic aldermen held Thursday evening, an unsuccessful attempt was made to decide upon who shall be president of the city council, which will assemble

GETS REPRIEVE IN DEATH SUIT

Murderer Shumway Temporarily Saved on Eve of Execution.

Lincoln, Neb., Feb. 20.—With only an hour to go, under the terms of the death warrant read to him, R. Mead Shumway was reprieved by the supreme court, and a stay of sentence granted, until March 5.

Shumway was condemned to die for the murder of Mrs. Sarah Martin, a crime committed Sept. 3, 1907. The reprieve was granted under the showing made in affidavits that one of the jurors, who sat in the case, committed suicide because of remorse over his acquiescence in the death penalty and a further affidavit that Shumway was struck on the head when a boy and that his mind was affected in consequence. F. G. Hamer, who worked for Shumway's reprieve, will seek a commutation of sentence to life imprisonment.

Shumway had prepared to die. He had put on his death suit, a dark gray, instead of the usual black. He had eaten his last dinner, had heard his death warrant read to him, while he held the electric light so that Clerk Heileman could see plainly, and had listened to the words of a minister.

Everything was set for his death, a crowd of 150, the largest crowd ever gathered within walls of a prison, to witness an execution, waited in the cold brown cern warehouse, and the hangman was busy with the rope and scaffold waiting for his victim. Then the warden ran across the court, crying out the reprieve, and Shumway for 30 days was saved.

WORK AT THE TUOLUMNE AT THE LAKE COPPER MINES FUTURE OF THE FAY-CANANEA

**Discussed at Annual Meeting of Company and Officers Elected---Work to be Resumed Shortly
---Rumors About the El Tigre.**

He started with a large force of men employed.

W. H. Brophy, who is heavily interested in the El Tine mine, stated last evening that he has recently received a letter from President Soney of the United States, who is now in New York. An effort is being made to get the mine into the hands of the United States government, and it is very probable that the deal will be consummated.

It is stated that the El Tine company was negotiating a sale to the Philippine government, but that President Soney put an end to this report as the people who are in charge of the mine are Americans, and there is no way connected with the Phelps-Dodge company.

According to Mr. Brophy the work at the mine is progressing very satisfactorily, and the company is in a better condition today than at any time in its history and the mine will yield handsome returns.

RUN HOISTS BY ELECTRICITY

Plan to be Carried Into Effect by Old Dominion Company Next Spring---Electric Pumps May Also be Installed.

Globe, Ariz., Feb. 20.—A central electric plant to furnish power to run the hoists at several of their shafts, and probably to also operate the pumps, has been authorized by the Board of Directors of the Dominion Copper Mining & Smelting Company, and the work is expected to be well advanced by the coming spring. It is not a new proposition, but was in the air for some time, and was deferred two years ago and was deferred when the depression in the copper market was so severe.

President Charles S. Smith, on his present tour, was accompanied by Mr. Legendre, electrical engineer for the company, and they were endeavoring to determine what is needed, design the plant and supervise its construction. The plant and superstructure were partially worked out two years ago and Mr. Legendre's work on the project was continued in completing the details of the installation and the electrical equipment. The central electrical plant will be located in the smelter power house, and will be enlarged upon to the purpose and affords ample space. The plans have been enlarged upon since they were first considered two years ago.

owing to the fact that the Old Dominion as a mining enterprise has been practically abandoned, it has been practically decided to install a plant with a central engine for operating the pumps in C shaft, being for the purpose of operating the hoists in the C Shaft, B, C and D, and on the Old Dominion mine. The pumps in the C Shaft, B, C and D, will all be equipped with electrically operated hoists. The electric installation later at the Big Johnny O'Leary shaft.

Although the complete steam equipment for the great pump delivered, yet the Old Dominion will very likely decide to use steam for the pumps, as it is more efficient than steam for heavy pumping, and the cost of electricity is very high. In favor of electricity, pumps the turbine pattern will be selected. The representative of the Shaft B, C and D, representative, stated, that electricity is the best power for the pumps, and that a large volume of water is to be raised and that the pumps will be the big machinery shafts are equipped with electric pumps.

GOLDFIELD CONSOLIDATED

**President Nixon Predicts Production of \$550,000
Monthly This Year, and Quarterly Dividends of
30 Cents a Share Are Promised.**

[illegible]

the width of the vein has been estimated at \$3.42 a ton. The ledges on the property consist of mineralized zones in porphyry varying up to several hundred feet in width. They form a branching system practically continuous from the west side of the vein to the east, while the raise from the east drift to the 120-foot level, is up twenty feet in five feet of ore averaging a ton, twelve inches of the foot assaying \$110.

LOST LEDGE OF VALUE FOUND

Casual Swaying of the Pick Turns Up Vast Fortune
Near Phoenix, Arizona --- Ore Running
Thirty Per Cent in Copper.

Phoenix, Ariz., Feb. 20.—A few casual blows with a pick made by a visitor to the claim led to what appears to be one of the most important strikes ever made in Maricopa county. Had it not been for the curious prospecting of Charles Slankard, of Eyman, the well known claim, owned by William Anderson and William Turner of this city would now be the owners of a new copper mine. The strike was made, instead of one of the richest undeveloped properties in Arizona.

The strike was made several months ago, little or nothing had been heard of it. William Anderson had taken from the mine, and all the ore, which is there in the form of a small vein, could be sold by the limited amount of development work done carries high values in the red metal.

The claim is about thirty miles north of Phoenix, two miles from the well known claim property of Charles Slankard on the south. Turner and Anderson are doing the development work. They began by sinking a shaft over a hundred feet deep in the place that looked best

to them. They lost the ledge at the bottom of the shaft ran four or five feet, and then, at a depth of one south, one north, one east, one west. They failed to locate the ledge, but were continuing a shaft more or less hopelessly.

One day Slankard dropped the shaft, and some tools were left. He was leaving he saw some tools on the ledge, and he went up to him and merely out of curiosity cleared off a small space, uncovered a ledge. All the rock carried copper.

Later he told Anderson and Turner that he believed he had found a lost ledge. Finally they decided to run a drift from their shaft to the ledge. They went down and they cut the ledge discovered by Slankard. At the point where they struck the ledge it was seven feet wide and some of the rock they took out ran 30 per cent in copper. There was no low spot.

Their latest move is to sink a shaft near the point where Slankard made his discovery. A few days ago it was down about thirteen feet and were in one place an estimated about 10 per cent copper.

There are considerable quantities of copper in the properties at this point, but they are disappointed. Some experts who have inspected the field

OUR YOUNG FOLKS' PAGE

TRUTH

LET boys and girls throughout this land, In station low or high, Declare, that like George Washington, They cannot tell a lie.

Let Truth and Honor be their guides, And never for one day

Allow Temptation to stalk forth And stand within their way.

Most beautiful is the life of truth, And when the end does come There's no regret o'er years mispent, And a joyful soul goes home.

A LITTLE BOY'S ESSAY ON GEORGE WASHINGTON

GEORGE WASHINGTON had a very large and immense family. He was the Father of Our Country, an it Kip him very busy to look after all. He was a very honest boy on owned up to his Pa when he cut down the Cherry tree with his little ax. But his Pa probably did not like him, for nothing is said about a Lacking in the History what pertains to George. I guess his Pa was so tickled when George said Pa I just can't tell a lie, I cut the Cherry tree down, an you can dog me if you want to. So his Pa probably decided to spare the rod and spoil the child. But George wasn't spilt. He grew up to fight Indians and the British an to be a Hero. An all the British and the In-

dians feared him Greatly. George wasn't afraid of anything in the world, an he would soon a fought lions or elephants as to fight British an Indians. An his being so Brave was what made him so Trustful, for his onlie Kowards what tell lies. If George had a told lies he never would a bin a Great Leader. A lyer is always found out sooner or later, an then he sees his Finish, for lies in general wont stand for no lyers. They want Honest Men an wimen an Boys an Girls. If all people, including Klds, was as honest as George Washington the world would be far better off and there would be so much trouble an account of Lies, an folks would be Happier.

THE ADVENTURES OF A PAPER DOLL.

BY CHARLES LINCOLN PHIFER.

TO BEGIN with, Gentle Gladys was a paper doll. She had no parents to speak of, but was printed and cut out by machinery. Brothers she had none, but there was a large number of sisters, all of whom were her twins and looked just like her. The edition ran into something like ten thousand, which makes the family of Gentle Gladys one of the largest in all history.

Gentle Gladys was made with underclothing on her. This, as many young people can realize, was a decided advantage for her. It made it impossible for her to take a bath. Besides, her hair was always done up just so, and every little girl who has had her hair in a snarl and had to have the kinks combed out, can appreciate the advantage of being made like Gentle Gladys was. Moreover, the young lady—she was either a baby or a young lady, according to how she was dressed—was so made that with two movements of her clothes were changed. One movement was taking the one color off and the other was putting the other color on. Gladys possessed six gowns and six elegant hats, all of them very becoming. While ordinarily immaculate, resembling in the same position in which she had been made, it is a fact that sometimes she moved her hands when she changed gowns—or, rather, when someone changed gowns for her. In one dress she held a bouquet. In a third she was holding up her train; and the trimmest anklet showed under the ruffled petticoat.

Gladys was a person of great refinement and fine disposition. She was exceptionally good-natured, never being known to complain or speak harshly. She remained where she was placed and always greeted visitors with a pleasant smile. Gentle Gladys lived in a little paper

box, along with her gowns and her hats. Her picture was painted on the lid of the box, and she never gadded about. It is presumed she slept most of the time, for she had to remain in the box while her mamma was at school; yet no one ever saw her with her eyes closed. She was too well bred to sleep in the presence of company.

There, it has come out. Gladys got a mamma sometime after she was made. She was tied, while shut up in her box, to a Christmas tree and given to a little girl around the corner from the church. This girl, Irene by name, was delighted with Gladys, and loved her very much, just as a little mamma ought to do. She called in a neighbor girl, and the two

Why, Gladys smiled even after she had laid out in the rain all night and taken that frightful cold. She knew that her mamma didn't mean to forget her, and though she had suffered untold agonies when the lightning and thunder played around her, and her mamma was in a good bed, forgetful of her child; though she felt the ink running out of her, leaving her pale and wrinkled and badly disfigured, yet Gladys smiled bravely when Irene rescued her in the morning and tried to let her mamma understand that she didn't blame her. Irene dried Gladys out as best she could and kept her in bed for several days. It was during this time that Gladys first understood how deeply she was loved, and when a new dress was

"I have brought you something nice, Sally."

dressed Gladys in one after the other of the gowns for an hour at a stretch. Gladys bore it all with patience, and never said a cross word to her mamma.

When Irene went to school Gladys would lie shut up in her box, that did look like a coffin, and never say a word. And when Saturday came, then Gladys would be brought out and become the center of attraction, while the little girls would cut out new dresses for her. A very queer person was Gladys. She didn't eat a bite, and yet she remained plump and, apparently, in good health. She didn't talk, either. This is the reason why there is no conversation in this story, though conversation properly belongs in every story. Irene talked to Gladys, and Gladys felt what Gladys evidently meant to say, but the paper doll never really said a word. Yet that she was happy there can be no manner of doubt. If she wasn't, why should she always smile so pleasantly?

put on her she looked about as well as ever and was so happy.

Soon after this Irene and her mamma went to a neighboring village for a visit, and nothing would do but that gentle Gladys should be taken along. Gladys was safely lying in her box, along with her many gowns, and Irene carried her in her hands. Once in the train, the paper doll in the box was laid on the seat, and when the train stopped Irene, forgetting all about the doll, left her lying there, and never missed her until the train had pulled out and it was too late to get the child. Then Irene cried, of course, and her mamma scolded her for being so forgetful. It was the last time she ever saw gentle Gladys. She never even heard of her afterward, and will be interested

in the remainder of this story, as showing what became of her baby doll.

If Irene felt bad, how do you suppose gentle Gladys felt, lying there among strangers, unable to cry out, unable to move and being carried away from those she loved? Words cannot tell her agony. Yet through it all she bravely smiled. Poor, gentle, Gladys.

How long she remained in the seat no one can ever tell. It seemed to her that she must have gone half around the world, for Gladys didn't know much about geography and couldn't be expected to realize how big the world is. Finally the porter came along and picked up the box in which Gladys lay, and when he had opened it he smiled and murmured to himself that he knew what to do with it. Gladys was badly frightened, and she had never met the porter, and she didn't know but he meant to butcher her. However, her fears in this respect were groundless. The porter took her captive and held her prisoner under some papers, until he reached the end of his run. Then he took gentle Gladys, still confined in the box, and left the train, carrying her a long distance through the town until he reached a small house in the outskirts of the city. When he prepared to enter the house Gladys was that frightened she would have cried out had she been able. But on entering the porter went up to a tiny little sick girl lying on the bed and said: "I have brought you something nice, Sally."

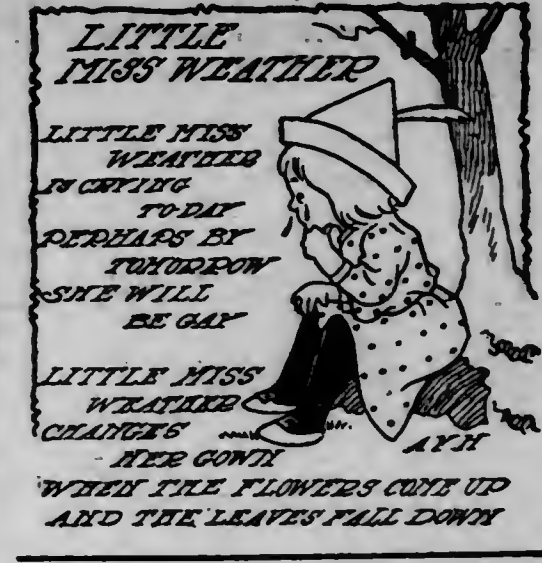

He laid the box on the bed by her side and watched her as she with trembling hands opened it. It was good to see the little one's face light up with joy, and to hear her exclamations of delight as she looked on Gladys and her elegant dresses. Gladys was rejoiced that she had come to this place, and she loved the little girl. Sally played with the paper doll until she was tired out, and then she fell asleep, clasping gentle Gladys to her bosom. No one will ever know the good that gentle Gladys did.

Through long, feverish nights and dark, dreary days, Gladys lay at the side of the sick child, always cheerfully smiling and never leaving her presence for a moment. Sally did not forget. Her starved soul seemed to expand under the influence of the paper doll and, though she grew weaker and weaker in body, there had been awakened in her something that had never been there before. She forgot her sickness; she didn't mind the fever; love had come to her and she was happy. It saddened gentle Gladys to see the little one falling, as she knew her to be. Night after night she wept by the side of the child, and every time that Sally would look gentle Gladys smiled. It was all she could do. And it helped wonderfully.

If gentle Gladys was unable to arrest the waste of the disease and save the life of the little one, it is not to be wondered at. Many, many men and women

have sat at the bedside of loved ones, longing for the power to stay the hand of death, and were utterly helpless; and Gentle Gladys was so small. The night that Sally died she looked at the paper image, which had been dressed in its most gorgeous gown for the occasion, and, lifting a wasted hand, laid it over the doll that lay on her breast. So gently left the spirit of the child that Gentle Gladys could not tell when the bosom ceased to lift with the breath of life.

Since the little one had passed to the world of shadows with Gentle Gladys lying on her heart, it was deemed appropriate that the paper doll should be buried with her. Gentle Gladys did not care. It is hard to go under the ground, under the rain and snow, while still living and loving life; but Gentle Gladys

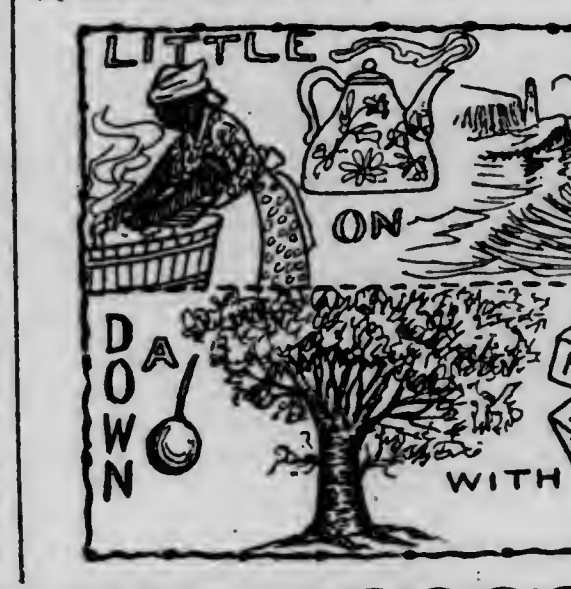

proved herself equal to this stupendous sacrifice, and lay in the little white coffin, gowned in the garments of life, with the same sweet smile upon her lips that had in the old days charmed the heart of Irene; and there she lies on Sally's pulseless breast, probably smiling still.

Our Puzzle Corner

LETTER ENIGMA.
My first is in bright, but not in sun;
My second is in ride, but not in run;
My third is in grey, but not in blue;
My fourth is in old, but not in new;
My fifth is the same as my fourth, you see;
My sixth is in danger, but not in flee;
My whole, of two words,
Are intended by me
To tell boys and girls
Just what they should be.

BEHEADINGS.
(1) Behold a triumphant and on India's
dresses and have a sudden attack. (2)
Triply behead a religious ceremony and
leave a sinful thing. (3) Behold the
name of a month and leave an ornamental
gateway.

CURTAININGS.
(1) Triply curtail a day of the week and
leave a celestial body. (2) Triply curtail
a section of a book and leave a name ap-
plied to a boy. (3) Triply curtail the
name of a parent and leave that which
we must not eat too freely of.

HIDDEN POET PUZZLE.
By taking the initial letter of a one-syl-
lable word from each of the following sen-
tences and writing them in the order in
which they come, the name of a famous
English poet will be spelt:
(Use)
Never forget the horse when you load
the dray.
To be rich does not mean to be power-
ful.
We often find our yoke very heavy to
bear.
Many people delve for gold, but few
find it.
Only the glutton lives to eat.
Learn to strike the nail on the head.

RIDDLE.
I'm slain to save me—with much care and
pain,
Scattered, dispersed, and gathered up
again;
Withered, though young, most sweet,
though unperfumed,
And carefully laid up to be consumed.

ANSWERS TO LAST WEEK'S PUZZLES.

Letter Enigma—Sewing.

When Jimmy the "Fibber", Reformed.

BY WILLIAM WALLACE, JR.

JIMMY BROWN was once a very naughty boy. His naughtiness took on the form of "fibbing," or, to speak more to the point, Jimmy told falsehoods at times. But I am glad to say that he did not often wander from the path of truth, though he was the victim of temptation occasionally, which was very, very wrong, indeed. And this fault of Jimmy's caused his parents much anxiety and apprehension for they knew that unless he could be made to realize the great error of telling falsehoods he would become a failure in life. The parents also knew that a "fibbing" boy might grow into a very dishonest man, and that all the world stood aloof from one who could

of his son, and would go to the barn and the piggery to see whether or not the animal was eating their supper. And so it always turned out that Jimmy was caught in the act of fibbing, and often his poor father felt forced to punish him, either sending him to bed without his supper or denying him some little innocent pleasure he had been anticipating. But punishment or coaxing seemed of no avail in Jimmy's case. And the parents were all but distracted over their only child's sin.

One evening Jimmy's mother called him to her, saying: "Son, do you remember the story about our great George Washington and how he once thoughtlessly cut down a cherry tree to try the blade of his little

cheek. "I never meant to lie, to really lie," he whispered to himself. "But I guess fibbing grows to be like after one gets older, and then one might be caught by lying. I never thought of that. Of course, nobody would trust a man that told falsehoods, and nobody would give a dishonest boy employment."

Then Jimmy arose and went out to do his chores, and he performed them with a new interest. And somehow, now that he had begun to realize what it meant to tell falsehoods, he found a great pleasure in doing the work assigned him, and doing it honestly and well.

A little later his mother called him to supper and Jimmy called back to her: "I'm not quite through with my chores, mamma, but will come to supper as soon as I have finished them." Then his heart felt so light, and a new sense of pride and responsibility came to him. After all, it was a glorious thing to be truthful, to be trusted and believed.

At the supper table Jimmy said to his father and mother: "I've made up my mind, Papa and Mamma, to never, never deceive you, or anyone, in anything

again, and from this day I intend to be like George Washington—to be able to say, I cannot tell a lie!"

"A fine resolution, son," declared the father, a slight quaver in his voice, "and I know you will keep it. And your mother and I shall never forget this day and shall help you in your good resolution."

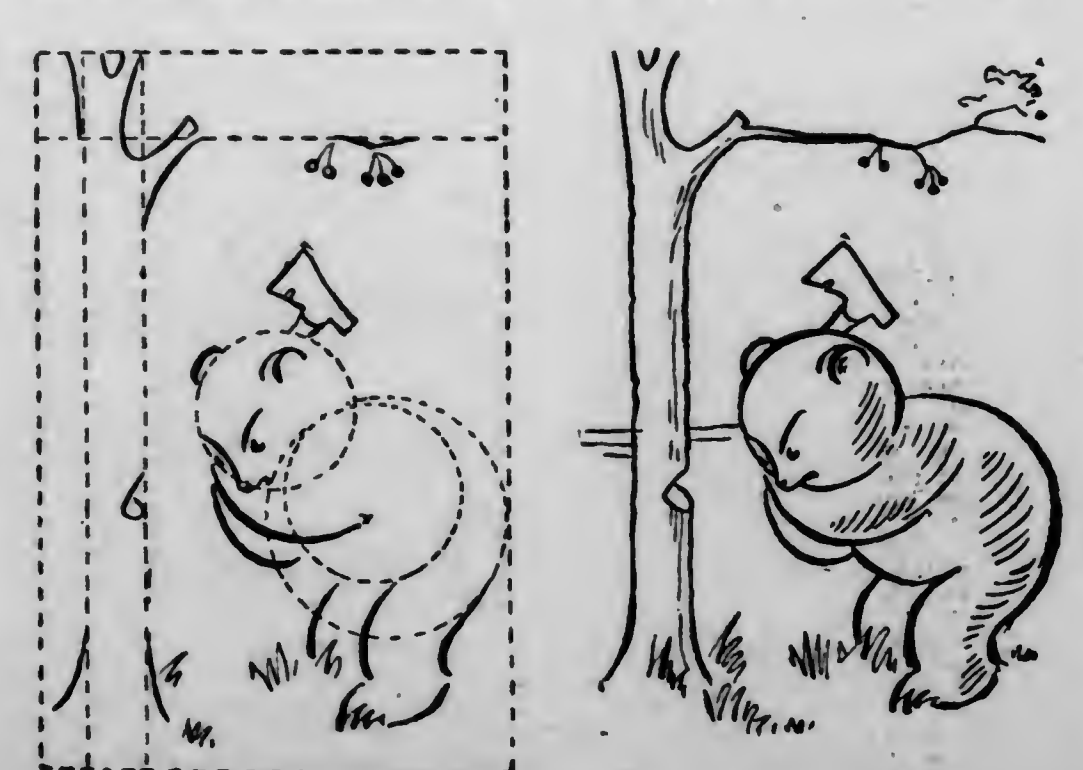

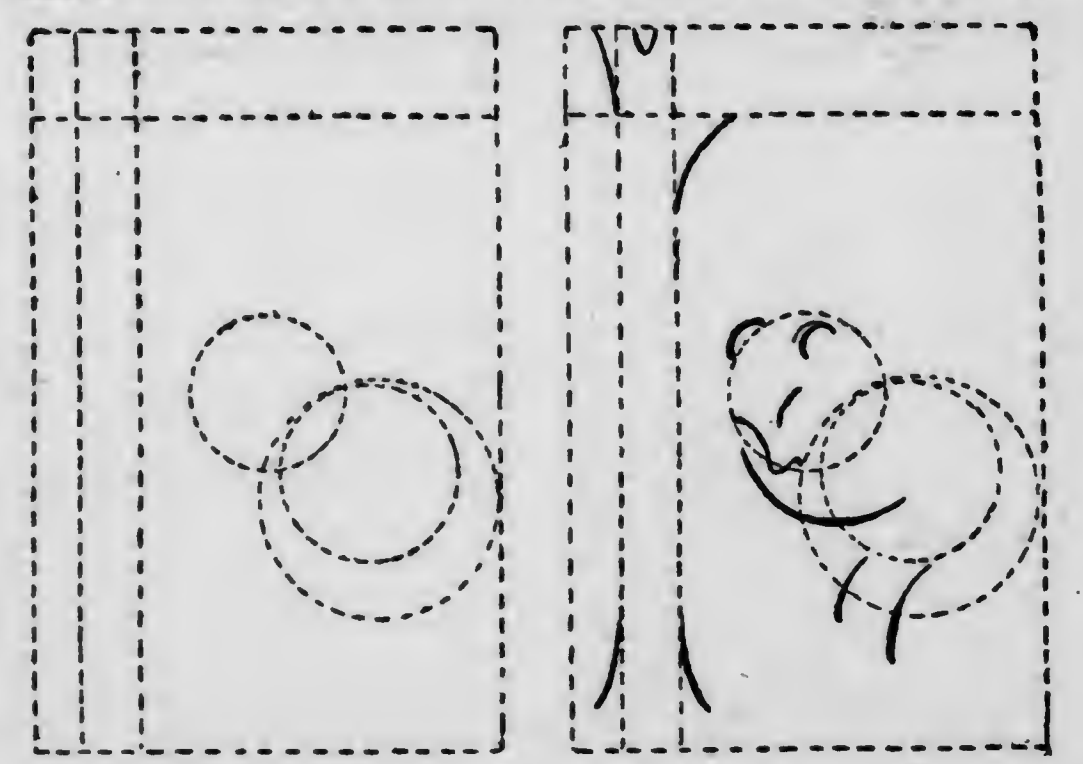

"And to think that our dear Jimmy should have made up so happily on this day of all days," smiled the mother, "for this is the anniversary of the great George Washington's birth."

"Maybe it was the day that helped me to see the error of my ways," confessed Jimmy. "Anyway, the story of the cherry tree and the hatchet made such an impression on my mind. Mamma, let me set me to thinking, and thinking made me ashamed of my past 'fibbing.' So, the truth for me in future, no matter what the consequences."

"The consequences of truth-telling are always good," declared the father. "No harm can come from honesty. Only dishonesty and deceit bring disastrous results, and then comes ruin. Be honest, my boy, and all people will trust and respect you, and your life will be the richer and the more successful, and there will never be cause for you to feel regret. I am glad that today you have found it impossible to tell a lie."

Helpful Hints For Our Young Artists.

LESSON NO. 38—THE TEDDY BEAR CHOPS DOWN A CHERRY TREE.

How Grandfather Taught the Teacher.

BY C. L. PHIFER.

THE Old Man cut off a chew of tobacco and deposited it in his mouth. Then he settled down in his easy chair and began his story. He spoke slowly, chewing between breaths, so as to get the full enjoyment of it.

"You see, I never had no education to speak of. I went to subscription school for six months when I was eight years old, and that was all there was of it. I might have went longer, but I didn't like the way teacher learned me things."

The Old Man smiled and continued: "I learned pretty fast, too. Before I quit school I was reading in McGuffey's second reader, which ain't so bad in six months, and I was figuring in fractions. It was in the reading class that I got my set-back. We was reading that piece that begins, 'I would I was a redeemer.' I read that verse. The next line began, 'If I was a redeemer.' After I had read my verse the teacher ast me what a redeemer was."

The Old Man stopped to chew. "Now, I had never seen no redeemer and I didn't know what it was. But I looked at the next verse, which said, 'If I was a redeemer, I would I was a redeemer.' I just s'posed that the writer was talking about a rabbit all the time. It was the best reasoning I could do, and it wasn't so bad for an eight-year-old colt, if I do say it myself. But the answer made the teacher mad."

"What do you mean by talking like that?" the teacher asked as he grabbed me by my hickory shirt collar and twisted it until I was nearly choking. "I'll teach you that a redeemer is a great big animal with horns, and not a rabbit. Do you understand? And he shook me powerful hard. That made me mad. I never went to school no more. It wasn't no way to treat a boy who was doing the best he knewed how, and I thought he hadn't no call to set so, when my pap was paying him for learning me what I didn't know. I told my brother, five years older than me, that when I grew up I was going to lick the teacher for the way he educated me."

The Old Man ruminated in silence. The word has in these later days assumed an intellectual meaning, but ruminate means to chew, and in the old days it had a literal significance.

"When I was fifteen," the Old Man resumed, "I was quite a chunk of a boy and decided I was big enough to wallop the teacher. One day the bull neighbor-hood turned out to work the roads. Teacher was there, and I was there, and my brother Joe was there, and a bull passed besides. I told Joe I was going to lick the teacher that day, and I kept my eyes open for a good chance to pick a fuss with him. But, try as hard as I could, I couldn't make out no way to start a fight. We at our dinner, and still I hadn't done nothing. But along in the afternoon they was building corduroy road out of sapplings and we had to make a culvert. There was two big logs to carry to act as the sides and another to lay on top of them, as a kiver, before we put the dirt on; and as we was talking at them the folks got to talking about how people had managed to lift great hefts before they had had drinks and things. They talked about the pyramids of Egypt and the Tower of

Babel and the Hanging Gardens, because they liked to hear teacher tell about these things. Finally some fellow ast how much the bell of Moscow weighed, and I knowed my chanet had come."

The Old Man paused once more to chew. Possibly he had anticipated our pose as well. All good story tellers know the value of a pause before the climax comes, and these plain old pioneers are, many of them, genuinely good story tellers. The Old Man continued: "I told Joe that now was the time I was going to lick the teacher and for

cause I was little and didn't know no better. And pap paid you to learn me, too. That wasn't no way to treat a feller that was doing the best he knowed how. Now you can't tell what the bell of Moscow weighs, and I, ignorant as I am, know, because it is in the back of the old elementary speller. I am going to lick you, teacher, till you learn."

The Old Man looked round on his hearers and smiled.

"Well, the fellers cheered and told me to light in. But teacher said: 'Jim, I 'low you are right. But give me a chance."

"I grabbed him by his collar and twisted his shirt just as he had mine."

him to see fair play. I edged up close, and waited to see what the teacher would say. He thought a moment and said: "I declare if I ain't forgot."

"Then I throwed myself at him. I grabbed him by the collar and twisted his shirt just as he had mine, till he was mighty nigh choking. I was a likely feller, and teacher was a kind er puny, you see. But some of the folks made to take me off, for they thought a heap of the teacher. Joe tried to keep them away, but they finally pried me part way loose, and teacher ast, 'Jim, tell me what this means, and if I need it I will let you lick me. Honest I will.'"

The Old Man chewed deliberately. "Then I opened up. Oh, but I was billing. The words naturally seemed to pour from my mouth. 'Teacher,' says I, 'when I was a pore, ignorant little feller, you ast me what a redeemer was, and I told you it was a rabbit. It was the best I knowed, but you grabbed me by the collar and beat me over the shoulders, be-

Tell me what the bell of Moscow weighs and then if I ever forget you may lick me, and welcome. If you meet me on the road or at meeting or anywhere, ask me what the bell weighs, and if I forget, then it's your turn."

"Well, I let him off. Says I, 'The bell of Moscow weighs 225 tons, and I hope you have learned your lesson.'"

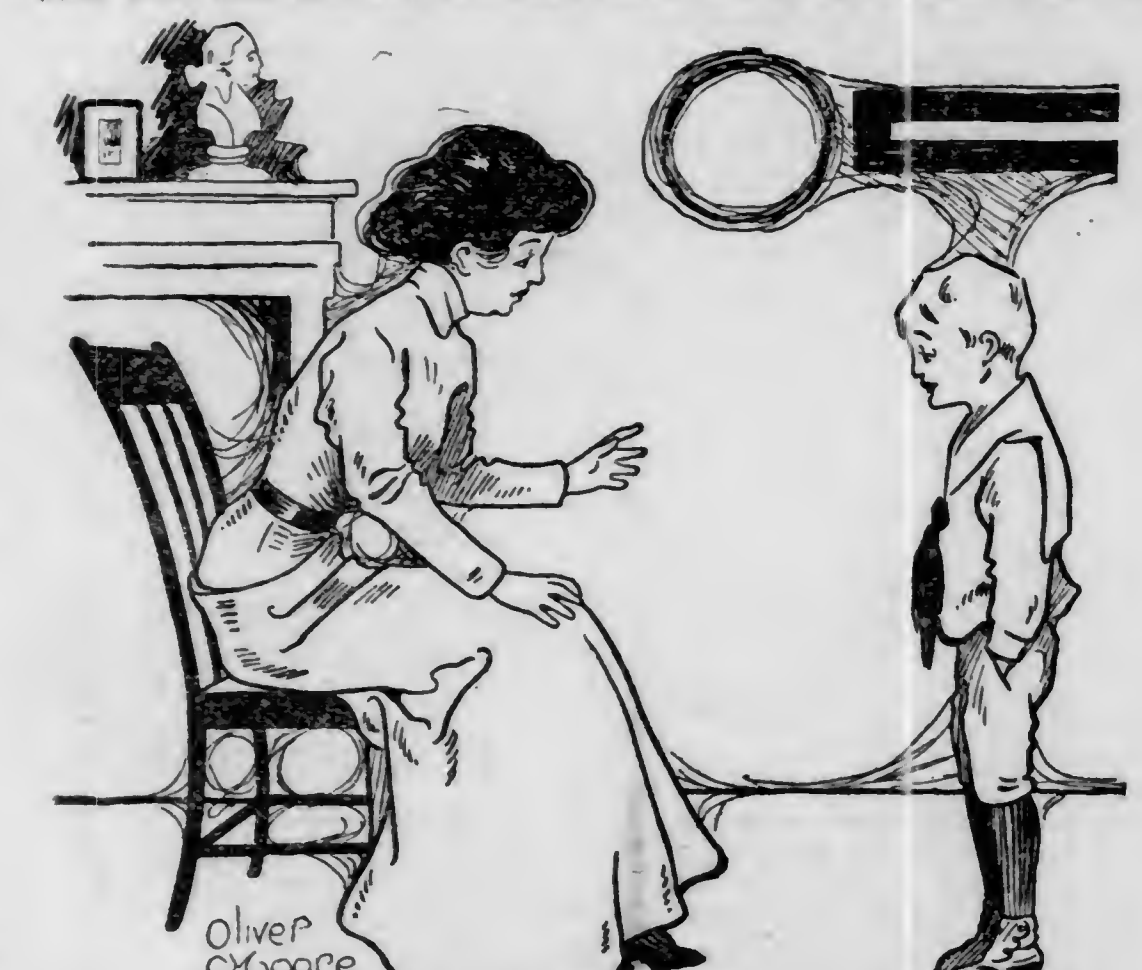

And he had. I used to meet that feller after that, and as far as he could see he would yell, 'Joe, the bell of Moscow weighs 225 tons.'"

"He was mighty good to me after that, too. He ast to lend me books and show me how to do sums, and he helped me a heap. Teacher had learned his lesson all right."

And the Old Man chewed vigorously.

OUT OF HIS DEPTH.

Teacher—What is the depth of the Atlantic in mid-ocean?
Patsy Bolivar—Give it up, teacher; it's too deep for me.

"Son, do you remember the story about our great George Washington?"

not be believed or trusted. Many, many hours did the poor heart-broken mother talk to her son, the wayward Jimmy, about his wrongdoing, and earnestly and lovingly and pleadingly did she beg him to be truthful in all things; also the father used his influence with the little Jimmy, but all to no avail. It seemed, for after a week of strict truth-telling Jimmy would suddenly lapse into his lamentable way of "fibbing" again. Of course, his falsehoods were not so serious now as they would become as he grew older. At the time I am writing about Jimmy would falsify concerning trivial things, hoping to avoid a bit of work by so doing. It was his duty to feed the horse and pigs each evening and to cut the kindling wood for the house's fire. He would run down to the barn and busy himself playing with his dog Rover, often forgetting the pigs and horse till he heard his mother calling him to supper. And when she asked him if he had performed his chores, Jimmy, wishing to eat his supper without delay, and then fearing the dark after supper (for he had children fear the dark), would tell a story, saying that he had fed the horse and pigs. But his father, having caught Jimmy telling a falsehood once, was always on the watch

hatched? And do you recall how that honest boy confessed his wrongdoing to his father, who was very stern and severe? But George Washington was not a boy to fear punishment when he knew he deserved it, and to his stern father said: "I cut down the cherry tree, father, and I cannot tell you a lie about it. Punish me if you think I deserve it, but let me first tell you that I did not realize that I was doing any harm." Well, of course the father did not punish his son for having cut down the cherry tree, for his heart swelled with pride over his son's honesty. And from that day to the end of the elder Washington's life only the sweetest intimacy existed between that grave, stern sire and the noble son who could not tell a lie. And George Washington became great because he could not tell a lie; he could not deceive in any manner, and all who knew him admired and respected him."

Then Jimmy's mother arose and left the room, leaving Jimmy in a meditative state of mind. For a long time he sat there, thinking, and as he thought there came to his mind the life history of many great men and among them all not one could be pointed at with scorn as having been dishonest. A blush covered Jimmy's

achieved any great eminence (indeed, there is not a Washington in "Who's Who"), the average of distinction and respectability of the list is very high. The present Lawrence Washington, who has devoted a good deal of time and effort toward helping Mr. Lee obtain data concerning the family to aid him in prosecuting the claims before Congress, estimates that there probably are about 1,200 living descendants of Washington's six brothers and sisters, the greater part of them being descended from Betty Lewis, the sister. The present headquarters of the family is at Mount Vernon, near Charleston, West Virginia, which was the home of Col. Sam Washington, George Washington's brother. There are half a hundred descendants of Sam and of John Augustine, the neighborhood. Since the holdings of the family at Mount Vernon have been absorbed by the nation, nearly all of the members of the family who are located in Virginia have drifted into the neighborhood of Harwood and Charleston.

The members of the family who are descended from the Old Dominion are pursuing various occupations in all parts of the Union. Almost every large city and state and nearly every possible kind of employment are represented. Several are in the government service, many are lawyers, a majority farmers, there is a miner or two, some in the very commercial pursuits of real estate and stockbroking. If there is a Washington descendant in your town he probably is marked by the use of one of the family Christian names for Lawrences, John Augustines and Bushrods abound in the list. There has been a reticence and modesty on the part of the family toward naming their offspring after their most illustrious member. So far as is known in the family there is only one living George among the descendants. He is George S. Washington, a merchandise broker of Philadelphia. The oldest living member of the

family is "Uncle" Richard Washington of Charleston, W. Va. He is nearly 90 and unbroken in health. It is a tradition in the family that he is only one of the Washingtons who ever has reached an advanced age, most of them not having filled out the quota of years, sixty-seven, which was that of the nation's first president. There is every prospect, however, of Uncle Richard living at the head of the clan for many years to come. He is a perfect chronicle of the history of the family. Although slightly bowed with the weight of his years, he preserves the stature and, in a measure, the personal appearance of the Father of His Country, whose great nephew he is. He is the only one of the living members of the family who is not of great height. The one other descendant who is said to resemble the general is William D. H. Washington, a well-known hydraulic engineer, who lives at the Calumet club in New York city. Those of the family who have not come by it naturally make no effort to imitate the appearance—or the mannerisms, either—of the general. That is since the death of an old gentleman of the Bushrod family, descended from Betty Lewis, who was a doorman at the pension office in Washington. He somewhat resembled the general, was inordinately proud of that fact, and on gait occasions was wont to perform the duties of his office in a colonial costume and wig.

The Lewis family, through their collateral, furnish to many direct descendants names far removed from that of Washington. Conrad Lewis, the brilliant young commonwealth attorney of Clarke county, Va., and James Lewis, a broker in New York city and connected with the Stevens family of Castle Point, Hoboken, N. J., are as closely related to the Father of His Country as is Uncle Richard himself. There are not as many male descendants of the Washington tribe as there would have been had there been no Civil War, and so far as is known, the only exception, were in the service of the Confederacy. All of them fought bravely, although none achieved high rank, the name appears frequently on the records of the list of killed and wounded of distinguished gallantry. Uncle Richard was wounded at the first battle of Bull Run, and the father of the present Lawrence Washington, who is in the library of Congress, was killed by Robert E. Lee's staff, and killed near Philip in the fall of 1862.

These two Bushrods were Civil War heroes. Bushrod C. Washington, now the secretary of a building and loan association in Washington, D. C., served through the war and worked his way up to an officer's position in the army. He is a young man, was graduated from the Naval Academy, and reached the highest grades in the service. While there is not likely soon to be another Gen. Washington in the family, it perhaps will not be more than a decade or so before a descendant of the Admiral Washington, for the first time, will be in the service. Commander Washington was graduated from the Naval Academy in 1903 and assigned to service with the United States coast survey, and later on the Southern Virginia and a third member of the family, Dr. Augustine Washington, is located in Shanghai, in China.

A Distinguished Naval Officer. Commander Washington's service has been varied and distinguished. He received an efficiency in the navy department, is marked away above par. He is a young man, was graduated from the Naval Academy, and reached the highest grades in the service. While there is not likely soon to be another Gen. Washington in the family, it perhaps will not be more than a decade or so before a descendant of the Admiral Washington, for the first time, will be in the service. Commander Washington was graduated from the Naval Academy in 1903 and assigned to service with the United States coast survey, and later on the Southern Virginia and a third member of the family, Dr. Augustine Washington, is located in Shanghai, in China.

While prominent in the technical and staff branches of his profession, he has not been by any means a desk soldier. During the Spanish war he served aboard the battleship Indiana, and was in command of the third division of her gun batteries at the battle of Santiago, which resulted in the sinking of Cervera's fleet. His bravery and the accuracy of his shooting was commended officially by Capt. Taylor, in command of the battleship, which, it will be recalled, played a prominent part in the fight. There were many shots directed by this collateral descendant of George Washington in the shattered hulls of the Spanish fleet. Commander Washington, in command of the dispatch boat Dolphin, is doing a tour of duty in the West Indies and is one of the youngest officers of the navy to have so important an assignment. He will be promoted shortly to the full rank of commander, having passed through every grade from naval cadet to that rank.

Like practically all of the living descendants of the great George, Commander Washington is unassuming to the point of effacement. According to one who has known him for several years in the geological survey, he seldom can be brought to talk about himself, and at no time has he let the fact that he can trace back collateral to the first president of the United States obtrude itself. At one time in his career, Commander Washington, then a midshipman, saw service in Europe, and about the only time he ever mentions his great descendant to his friends even is when he laughingly tells how his

name affected some of the people whom he met while abroad. Some persons insisted upon regarding him as rather of a curiosity and would ask singular questions about his great relative and himself. In England many folk whom he met insisted upon addressing him as "Lord" Washington, much to his mingled amusement and disgust, as he is a genuine American born and bred. Commander Washington, like many of the other living descendants, has an exceedingly pleasing personality and is courteous in a dignified, Southern, Washingtonian way which is very delightful. The "personages" whom from time to time he has taken on board the Dolphin as guests of the government, all have come away with the expression of their great admiration for the commander. When he was younger—he is by no means out of the "young" class today—and before his face had filled out so much and he had no mustache, Commander Washington, according to his old friends, bore quite a striking resemblance to the first president, who might have had accepted the commission in the British navy which was offered him when a young man.

Another Washington in the navy at the present time is a brother of Commander Thomas, Lieut. Pope Washington. He is one of the officers that is engaged in the task of bringing the battleship Georgia across the Atlantic on the last leg of its world-encircling voyage.

THE CHAMPION FISH STORY. Brooklyn Eagle: There is a man in the borough of Brooklyn who has enjoyed the reputation in his circle of telling the largest fish story. The story was that, having penetrated some years ago an unknown section of the Adirondacks with a surveying party, he had reached a lake wherein a fish hook had never been dropped by white man. The lake teemed with fish, which were so ignorant of the will of fishermen that they thronged about his boat and by permitting themselves to be taken out of the water by hand, obviated the necessity of the use of hook, line or net. But this hand fisherman must now hide his diminished head. From Bos-

ton comes the information that the steamer Ligeia recently, while in the vicinity of the Diamond Shoal Lightship, was boarded by a living wave. When it swept over the side it left behind tons of shining, shimmering, squirming fish. The sailors were forced to attack the mass with axes. Some cod, hake and pollock, food fish, were laid aside, but the rest were thrown overboard so as to enable the sailors to walk the deck. Relief was not obtained until after hours of labor, shoveling fish. A porpoise, seven feet long, was among the catch, and was only got rid of by opening a port so that he could roll overboard. A new standard of fish stories has hereby been set. The fishermen must revise their tales, and with the memory of tons of fish catching themselves, return their old ones and invent new ones or interest will be lost.

MAN'S DAILY FIGHT. New York Herald: Modern life, says a recent medical writer, is quite as effective as war in killing off men. The increased death rate among business men in our cities has generally been variously attributed to unhygienic feeding, exposure to weather, nervous strain and so on. These are probably no more potent today than they have always been. The death rate among men has always been higher than with the other sex, but in the present day city life seems to be replacing war as a destroyer, doubtless because of its unwholesome environment.

an excellent thing for the stomach.

They could not harm the most delicate digestive organs. On the contrary, they will strengthen the stomach and bowels, put the liver and kidneys in perfect working trim, all the arteries with new, red blood and tone up the entire system. They are an ideal tonic and body builder.

News of the Neighboring Towns

Thursday morning to attend the state meeting of the Y. M. C. A. at the Hotel Proctor and family of this city left Wednesday morning for Morn, Cuba, where they will make their future home.

IRON RIVER

Iron River, Wis., Feb. 20.—(Special to The Herald.)—Herman Hollister died at his home in this city last Tuesday of paralysis. Mr. Hollister has resided in this city for the past eight years and has been engaged in the hotel business until about a year ago.

Carl Eversen, a sawyer, employed at the Hines Lumber company's camp at Cusson, was struck and instantly killed by a falling tree. The body was brought to this city for burial. The deceased was unmarried and had a brother living near Merrill, Wis.

The big sawmill of the Iron River Lumber company resumed operation last night. Many changes have been made about the plant since the transfer, 300 feet in length, has been constructed, which runs at right angles from the short one formerly in use. The carrier from the mill to the refuse burner has been taken out entirely. Two "hoes" will be used in the refuse burner, after which it will be carried into the fire boxes and will be used for the purpose of generating steam in the boilers.

The card party given by the ladies of the Catholic church, at the opera house, Monday evening, was well attended.

Mark Hesse intends to put in a box lumber machine at his mill in this city in the near future. Several hundred cords of box lumber bolts gotten out by the farmers this winter are being piled in the yard at the Hesse mill.

A carload of nules arrived in this week and are being successfully used in place of horses about the mill yard of the Iron River Lumber company's mill.

B. F. O'Hara has purchased a tailor shop in Tama, Iowa, and will locate there permanently.

MARKET UP IN CHICAGO

Duluth and Minneapolis
Do Not Follow the
Lead, However.

May Flax Hits New
High Mark for the
Crop.

Duluth Board of Trade, Feb. 20.—Chicago bulls, led by James A. Frazar, the highest bull of them all, were active in the wheat market again today, the Chicago May option going to \$1.16 1/4, 1/4c over today's high price for Minneapolis May, during the short session.

Duluth and Minneapolis refused, as they have to a considerable extent during the present rise, to follow Chicago and the closing prices here and in the Flour City showed fractional losses from yesterday. Chicago May declined from the high point, but closed firm and so did the other American markets, with the exception of Liverpool.

Cables were strong, Liverpool closing 1/4d to 3/4d higher. The May option closed 1/4c lower in Duluth, 1/4c higher in Minneapolis, 1/4c higher in New York, which closes an hour earlier than Duluth. In St. Louis and Kansas City, a shade higher in Winnipeg, and a shade higher in Duluth, 1/4c lower in Chicago, a shade higher in Minneapolis.

New York, 1/4c lower in St. Louis, 1/4c lower in Kansas City, 1/4c higher in Minneapolis, 1/4c higher in Duluth, 1/4c lower in Chicago.

May corn closed 1/4c lower in Chicago and unchanged to 1/4c lower in Liverpool. May oats closed 1/4c lower in Chicago.

Groundnut cables from Liverpool: "Wheat—The firmness displayed in the American markets yesterday set the effect of expected liberal arrivals and lower La Plata offerings. Shorts became active in the morning, but the market was firm and from 1/4c to 1/2c higher than yesterday.

"Corn was steady at the start and 1/4c lower, the nearby month was affected by the Duluth option, but the market was firm and from 1/4c to 1/2c higher than yesterday.

"Car receipts at Duluth were 62 against 43 last year, and at Minneapolis 245 against 104 last year. Duluth received 12 against 38 last year. Minneapolis received 10 against 57 last year. Shipments 25,000 bu.

Primary receipts of corn were 752,000 bu. Shipments 47,000 bu. Wheat (trading) cables active in Duluth. May wheat opened 1/4c higher, at \$1.12 1/4, advanced to \$1.12 1/2, declined to \$1.11 1/4, rallied to \$1.11 1/2 and closed at \$1.11 1/2, a loss of 1/4c from yesterday.

Daily wheat was inactive and closed 1/4c lower than yesterday, at \$1.12 1/4. Durum wheat closed 1/4c lower and cash spring wheat was selling on a basis of 1/4c over May for No. 1, north, etc.

May flax opened 1/4c higher at \$1.07, went to \$1.07 1/2, then to \$1.08 1/2, and closed higher at \$1.09 1/2. October flax opened 1/4c up at \$1.08 1/2, advanced to \$1.09 1/2, and closed at \$1.10, a gain of 1/4c over yesterday.

Oats closed 1/4c lower and barley was up 1/4c. Rye was unchanged. Followed by the closing prices: Wheat—No. 1 hard on track, \$1.13 1/4; No. 2 northern, \$1.10 1/4; No. 1 northern, \$1.12 1/4; No. 2 northern, \$1.09 1/4; No. 1 hard on track, \$1.13 1/4; No. 2 northern, \$1.10 1/4; No. 1 northern, \$1.12 1/4; No. 2 northern, \$1.09 1/4.

Cash sales Saturday: No. 1 northern wheat, 3,000 bu. at \$1.12 1/4; No. 2 northern, 2,000 bu. at \$1.10 1/4; No. 1 hard on track, 1,000 bu. at \$1.13 1/4; No. 2 northern, 1,000 bu. at \$1.09 1/4; No. 1 northern, 1,000 bu. at \$1.12 1/4; No. 2 northern, 1,000 bu. at \$1.09 1/4.

Liberal Sales by Miscellaneous Holders Cause a Quick Slump. Chicago, Feb. 20.—Wheat for May delivery sold here today at \$1.04 1/4 per bu., a gain of 1/4c over the high record mark for the season established yesterday. The advanced level, however, was maintained only for a few minutes, liberal sales by miscellaneous holders causing a quick slump to \$1.04 1/4. The market opened firm in sympathy with an advance at Liverpool, with initial quotations unchanged to 1/4c higher compared with the previous day.

First quotations on the May delivery ranged between \$1.04 1/4 and \$1.05 1/4. The market opened firm in sympathy with an advance at Liverpool, with initial quotations unchanged to 1/4c higher compared with the previous day.

The market continued nervous the remainder of the day. The close was easy, although May was still 1/4c to 3/4c above yesterday's final figure. The market continued nervous the remainder of the day. The close was easy, although May was still 1/4c to 3/4c above yesterday's final figure.

Corn prices dropped to a point above 1c below the highest mark registered yesterday, and a result of sales today by local holders and elevator interests. The selling was caused chiefly by improved weather conditions for the movement and by reports of greatly increased offerings in the country.

Prices at the start were a shade to 1/4c lower, May opening at 55 1/2c. On the slump May declined to 55c. The market failed to rally from the early depression, and closed weak, with May at 54 1/2c and May 1st at 54 1/4c. A QUESTION?

If you are a renter, and your landlord should make a proposition to DEED YOU THE HOME after ten years' occupancy, at a fair rental, would you not close the contract at once?

Yet we offer you a HOME OF YOUR OWN in ten years, on monthly payments—JUST WHAT YOU PAY FOR RENT—and it will be a new HOME, built especially for YOU. A small cash payment will do it. See us.

PULFORD, HOW & CO.
309 Exchange Bldg.

DIRT CHEAP

Are you looking for a good safe investment? If so, let me show you some of my lands in the Carlton County Valley, along the Great Northern and Soo lines; none better for general farming, dairying and stock raising.

Twenty years ago these very same kind of lands around the Twin Cities were selling at from \$2.00 to \$10.00 an acre; today they are selling from \$25.00 to \$125.00 an acre. The same applies to lands in this vicinity, but instead of waiting 20 years for the rising in value, I expect to see it within the next 5 years, as good lands around the head of the Lakes are getting scarce, and will command a heavy price in the very near future. I have 10,000 acres for you to select from.

AL. KUEHNOW
715 TORREY BLDG.

MONEY TO LOAN
ANY AMOUNT—NO DELAY.

\$250 buys 40 acres fine farming land near Trenton, Wis.

\$500 buys 80 acres of good farming land in Douglas county, Wisconsin.

\$200 buys 2 acres of good land near Woodland.

Now is the time to buy acres and double your money.

\$2500 buys a new double house, five rooms each, city water, \$500 cash, balance \$25 per month. Yet live in one side and rent the other half for \$15.00 per month. Come and see us about this. Best bargain ever offered in Duluth.

J. D. HOWARD & CO.
REAL ESTATE—LOANS—INSURANCE.
316 West Superior Street.

DULUTH REAL ESTATE MARKET STILL SLUGGISH

Plenty of Inquiry and Prices Remain Firm, But Few Deals Are Actually Closed—Building Operations Are Also Being Held Back.

With some little awakening in a small way, but with a check on the larger ventures, the real estate market drifted along during the past week. The boom that was expected immediately after Taft's election didn't come. During the latter part of 1908, the beginning of the New Year was thought to be the turning point, but the stream continued in the same direction—and a sluggish stream it is. Now the real estate men and the property boomers are looking forward to the approach of spring for the delayed rays of light that are to beam brightly on the real estate market.

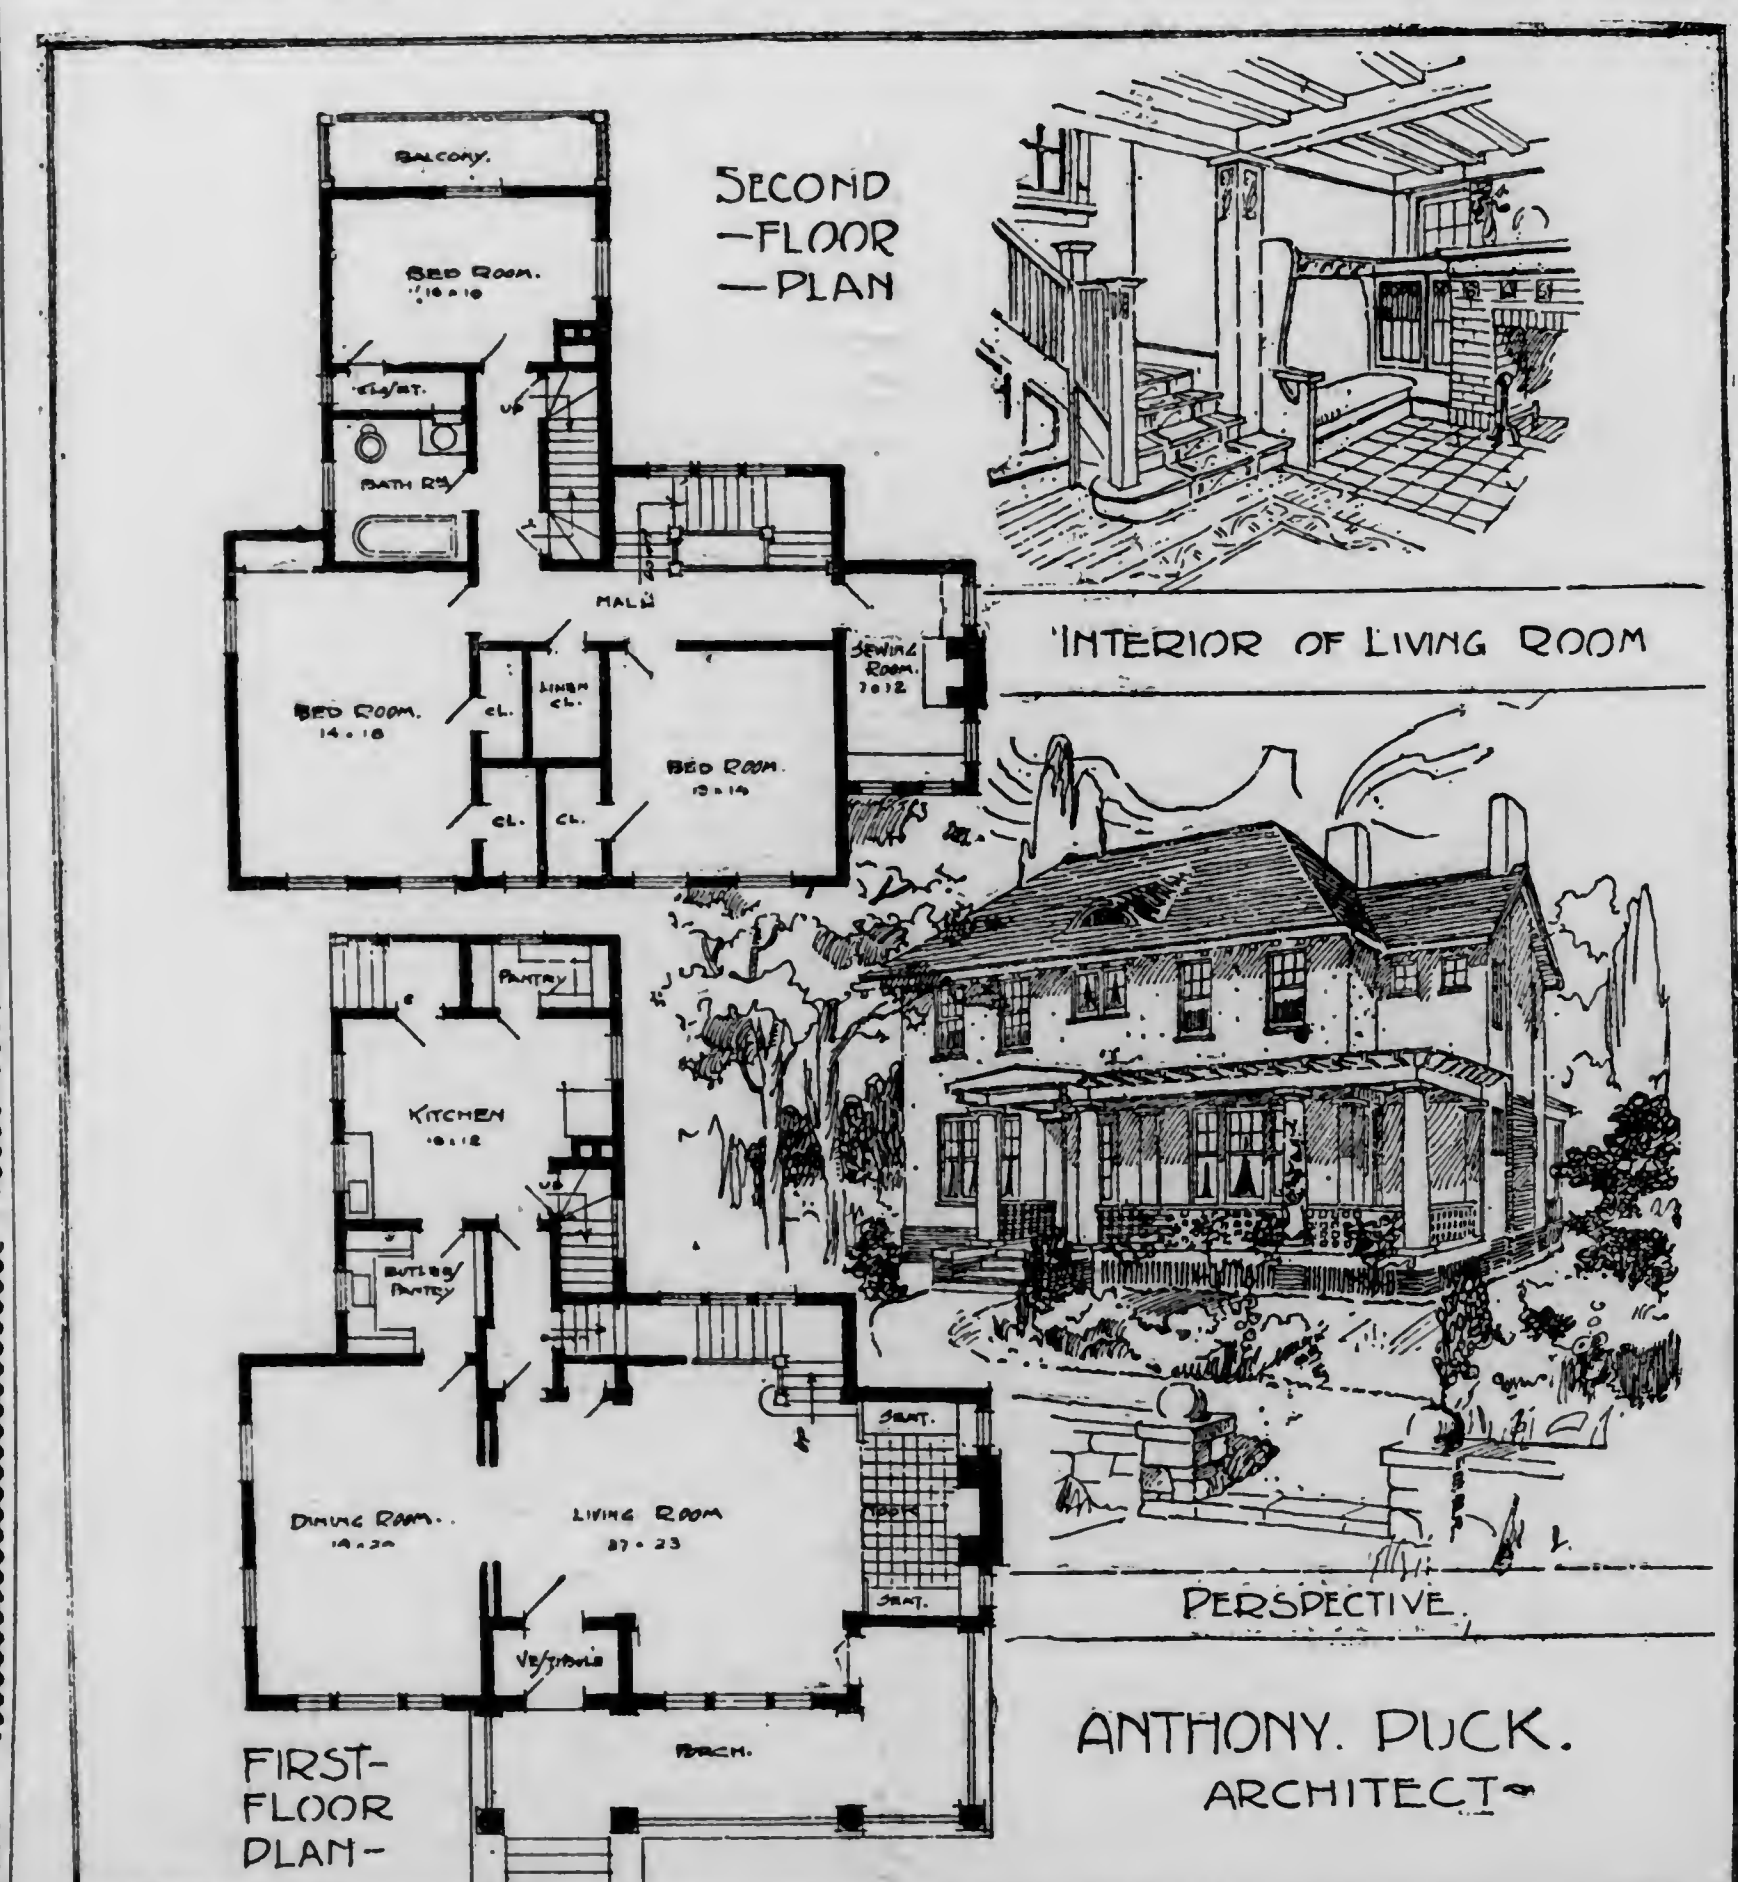

There is a clog in the cogs somewhere. The optimism is just as strong as it ever was. Confidence is unshaken; values are high enough to suit any owner of property, and inquiry is strong, both in Duluth and from outside cities. Somehow or other, there is something lacking to complete the movement. Prospective buyers are holding back for a little while longer. They have been holding back for a little while longer for the last six months.

If the buyer isn't holding back, the seller is knocking down in the head. Owners of property are holding on for still higher prices, or for future developments, and the real estate men, who depend upon straight commission sales, do not see any great era of prosperity for them, even in the near future.

Outside owners and prospective owners have confidence in Duluth—more so than Duluth people perhaps. There is constant inquiry from the East, and capitalists, who make real estate value in growing cities the subject of extensive operations, are showing a willingness to get into Duluth property and resist all efforts to shake them loose from their holdings.

The knocking in the head of a deal this week shows what outside people think of Duluth as a real estate. A First street property, worth about \$40,000 was listed with a local agency and Duluth parties were dickering for it. Negotiations had progressed almost to the closing point, when the Twin City people, who owned the property, suddenly withdrew it from the Duluth market. They had received an offer from other Twin City people \$5,000 higher than the Duluth offer and they

BIG HOMELIKE DWELLING WHICH WOULD COST \$6,000 IN DULUTH

The above illustration shows a design for a home of unusual and interesting interior arrangement and an attractive exterior. The plans call for few rooms, but rooms of generous proportions. The entrance is directly into a large pleasant living room, the main feature of the house. Its irregular outline, the treatment of the stairway, the deep tiled angle nook, the heavy beamed ceiling, all lead to the attractiveness of this room. The dining room is separated on the left by sliding doors. The kitchen arrangement with butler's and kitchen pantry is complete and convenient. A rear stairway to the second story ascends from the kitchen and the basement stairway is accessible from the passage between the kitchen and the living room. This passage also serves as a direct means of access from the rear of the house to the front entrance. The arrangement of this plan suggests in every way welcome and hospitality.

In the second story are planned three large and comfortable bedrooms with a generous allotment of closets, a sewing room, and a large bath room. The plan is compact and the space well utilized. From the rear hall stairs lead to the attic where one or two rooms could be arranged.

The exterior is simple in detail, but would be one of pleasing appearance. The walls above the basement are treated with stucco. The basement walls above the ground are of red brick. The roof of cedar shingles would be stained and the balance of exterior wood finish, including the eaves, rafters, and porch, would be stained in oil.

A home as above described with a good grade of finish, maple floors, heating and plumbing, would cost to build in Duluth or vicinity, \$6,000.

ANTHONY PUCK, Architect.
Duluth, Minn.

10 ACRE TRACTS

On good road, within the city, worth \$1,000, now selling for—

\$300 to \$500

each. Terms very easy—in fact, the buyer can fix them. Prices will be advanced soon.

RICHARDSON, DAY & CO.
Exchange Building.

Besides the First street property sold to James Sullivan, Stryker, Manley & Buck closed deals for the transfer from A. P. Sewall to Joseph Burke of two lots on the corner of Nineteenth avenue east and Eighth street, for \$650, and for a sale by Mary W. Beattie to D. De Paolo of a lot on the lower side of Third street, between Eleventh and Twelfth avenues west, for \$500.

Alta B. Terry has sold to H. H. Phelps a lot on the north side of Superior street, between Fifteenth and Sixteenth avenues west, just west of Fifteenth avenue west, for \$1,300.

Benjamin Currow has sold to Harry P. Miller a lot on the north side of Sixth street, between Eleventh and Nineteenth avenues east, for \$1,200.

Louis J. Nordhin has sold to Swan Carlson an undivided one-half interest in two lots on the east side of Piedmont avenue, between Twentieth and Twenty-first avenues west, for \$1,300.

Albert Neal has disposed of two lots on the north side of South street, between Eleventh and Nineteenth avenues east. He sold a forty-foot frontage to Paul Bye for \$1,400 and the remainder of the two lots to William M. Durkin for \$1,300.

The permit for a new elevator, for the Consolidated Elevator company was issued by the building inspector's office this week, rushing the total amount of the permits issued up to a big figure. The elevator is estimated in the permit to cost \$31,000.

Permits for buildings to cost more than \$1,000, issued by the building inspector during the week were:

J. L. Mollitor & Co. repairs to fire damaged building on the south side of Portland square for \$2,500.

Janet Hannibal sold to J. C. Wiggins

Big Bargain---Little Money

If you look at it, you will be suited. As good as new. A two-story, stone foundation dwelling, on a lot 50x140 feet, in the very best residence district.

Cement floor, new hot water heating plant, laundry tubs, coal bin and electric lights in basement, with ceiling of furnace room plastered.

Vestibule, living hall, with fire place and large closet for wraps, having outside window, reception room, living room with fire place, dining room, butler's pantry, and kitchen on first floor, all having hardwood floors and all finished in hardwood, except the kitchen. Three porches, one glass enclosed. Front and rear stairways.

Four rooms with closets, linen closets in hall, and bathroom on second floor. All floors hardwood and the finish of the woodwork the very best grade of white enamel.

Servant's room with toilet on third floor.

Storm windows and screens and new shades throughout. The plumbing is new and of the very best. The finish of the outside and the interior of the house is of the very best, both as to workmanship and quality, and this house would be a suitable home for anyone who could afford a much larger and more expensive one. Possession could be given immediately. If you are interested, please call at the office, but do not telephone. Price **\$7800**
